Preface

This volume contains the general laws of a permanent nature enacted by the General Assembly through the 2009 Regular Session that are within Chapters 122D through 135, and brings to date the annotations included therein.

A majority of the Session Laws are made effective upon becoming law, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 “from and after 60 days after the adjournment of the session” in which passed.

A ready reference index is included at the back of this volume. This index is intended to give the user a quick reference to larger bodies of statutes within this volume only. For detailed research on any subject, both within this volume and the General Statutes as a whole, see the General Index to the General Statutes.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, selected opinions which construe a specific statute are cited in the annotations to that statute. For a copy of an opinion or of its headnotes, write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

This recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any suggestions they may have for improving the General Statutes to the Department, or to LexisNexis, Charlottesville, Virginia.

Roy Cooper
Attorney General

§ 122D-1. Short title.

This chapter shall be known and may be cited as the "North Carolina Agricultural Finance Act." (1983, c. 789, s. 1; 1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1074, s. 32(b).)

Editor's Note. — Session Laws 1985 (Reg. Sess., 1986), c. 1011, repealed Chapter 122B and enacted Chapter 122D. Session Laws 1985 (Reg. Sess., 1986), c. 1011, s. 4 made this Chapter effective July 15, 1986. Where appropriate, the historical citations to sections of repealed Chapter 122B have been added to corresponding sections in Chapter 122D. These historical citations have been retained and supplemented in light of the reenactment of this chapter.

Session Laws 1989, c. 500, s. 109(e) repealed this Chapter effective July 1, 1990. However, Session Laws 1989 (Reg. Sess., 1990), c. 1074, ss. 32(a) and 32(b), effective July 1, 1990, repealed s. 109 of chapter 500, and reenacted this Chapter, with the exception of G.S. 122D-6(12), 122D-6(15), 122D-10, 122D-12, 122D-14, 122D-15, and 122D-17, which were reenacted as they existed on June 29, 1990, by Session Laws 1989 (Reg. Sess., 1990), c. 1000, s. 1, effective July 20, 1990.

§ 122D-2. Legislative findings and purposes.

(a) The General Assembly hereby finds and declares that there exists in the State of North Carolina a serious shortage of capital and credit available for investment in agriculture, for domestic and export purposes, at interest rates within the financial means of persons engaged in agricultural production and agricultural exports. This shortage of available capital and credit is severe throughout the State, has persisted for a number of years, and constitutes a grave threat to the agricultural industry and to the health, welfare, safety and prosperity of all residents of the State.

(b) The General Assembly hereby finds and declares further that private enterprise and existing federal and state governmental programs have not adequately alleviated the severe shortage of capital and credit available at affordable interest rates for investment in agriculture.

(c) The General Assembly hereby finds and declares that it is a matter of grave public necessity that the North Carolina Agricultural Finance Authority be created and empowered to alleviate the severe shortage of capital and credit available at affordable interest rates for investment in agriculture and for the export of agricultural products, commodities and services by providing such capital and credit at interest rates within the financial means of persons and businesses engaged in agriculture and agricultural exports. (1983, c. 789, s. 1;

1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1074, s. 32(b).)

Obligations issued under the provisions of this Chapter shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the revenues or assets of the Authority. Each obligation issued under this Chapter shall contain on the face thereof a statement to the effect that the Authority shall not be obligated to pay the same nor the interest thereon except from the revenues or assets pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligation.

(c) Bonds shall be authorized, issued and sold by a resolution or resolutions of the Authority adopted as provided in this Chapter. Such bonds may be of such series, bear such date or dates, mature at such time or times, bear interest at such rate or rates including variable, adjustable or zero interest rates, be payable at such time or times, be in such denominations, be sold at such price or prices, at public or private negotiated sale, be in such form, carry such registration and exchangeability privileges, be payable at such place or places, be subject to such terms of redemption, and be entitled to such priorities on the income, revenue and receipts of, or available to, the Authority as may be provided by the Authority in the resolution or resolutions providing for the issuance and sale of the bonds of the Authority.

The coupons attached to coupon bonds of the Authority shall bear the facsimile signature of such member or officer of the Authority as shall be determined by resolution or resolutions of the Authority. The Authority may also provide for the authentication of the bonds, notes or coupons by a trustee or fiscal agent.

(e) Any bonds of the Authority may be validly issued, sold and delivered, notwithstanding that one or more of the members or officers of the Authority signing such bonds, or whose facsimile signature or signatures may be on the bonds or on coupons, shall have ceased to be such member or officer of the Authority at the time such bonds shall actually have been delivered.

(f) Bonds of the Authority may be sold for such price in such manner and from time to time as may be determined by the Authority to be most beneficial, and the Authority may pay all expenses, premiums, fees or commissions which it may deem necessary or advantageous in connection with the issuance and sale thereof, subject to the provisions of this Chapter.

(g) The bonds or notes may be issued in coupon or in registered form, or both, as the Agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes.

(h) Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

(i) Bonds or notes may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in this Chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of such bonds or notes or the trust agreement securing the same. (1983, c. 789, s. 1; 1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1000, s. 1.)

§ 122D-11. Statutory pledge.

Any pledge made by the Authority shall be valid and binding from time to time when the pledge is made. The money, assets or revenues of the Authority so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded or filed in order to establish and perfect a lien or security interest in the property so pledged by the Authority. Nothing herein shall be construed to prohibit the Authority from selling any assets subject to any such pledge except to the extent that any such sale may be restricted by the trust agreement or resolution providing for the issuance of such obligations. (1983, c. 789, s. 1; 1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1074, s. 32(b).)

Subject to the rights of the holders of the bonds of the Authority, the Authority may issue from time to time its bonds for the purpose of refunding any bonds of the Authority then outstanding, together with the payment of any redemption premiums thereon and interest accrued or to accrue to the date of redemption of such outstanding bonds. All such refunding bonds of the Authority shall be issued, sold or exchanged, and delivered, shall be secured, and shall be subject to the provisions of this Chapter in the same manner and to the same extent as any other bonds issued by the Authority pursuant to this Chapter, unless otherwise determined by resolution of the Authority. Refunding bonds issued by the Authority as herein provided may be sold or exchanged for outstanding bonds of the Authority and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds.

Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1983, c. 789, s. 1; 1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1000, s. 1.)

§ 122D-13. Purchase of bonds by Authority.

Subject to the rights of holders of bonds, the Authority shall have the power out of any funds available therefor, to purchase bonds of the Authority, which shall thereupon be cancelled, at a price not exceeding:

(1) If the bonds are then subject to optional redemption, the optional redemption price then applicable plus accrued interest to the next interest payment date thereon; or

(2) If the bonds are not then subject to optional redemption, the optional redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to optional redemption plus accrued interest to such date. (1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1074, s. 32(b).)

§ 122D-14. Exemption from taxes.

The exercise of the powers granted by this Chapter will be in all respects for the benefit of the people of the State, for their well-being and prosperity and for the improvement of their social and economic conditions, and the Authority shall not be required to pay any tax or assessment on any property owned by the Authority under the provisions of this Chapter or upon the income therefrom.

Any obligations issued by the Authority under the provisions of this Chapter shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes, income taxes on the gain from the transfer of the obligations, and franchise taxes. The interest on the obligations is not subject to taxation as income. (1985 (Reg. Sess., 1986), c. 1011, s. 1; 1989, c. 500, s. 109(e); 1989 (Reg. Sess., 1990), c. 1000, s. 1; 1995, c. 46, s. 11.)

The Authority is authorized to include this pledge and agreement of the State in any agreement with the holders of bonds of the Authority. (1983, c. 789, s. 1; 1985 (Reg. Interest earned from these moneys and interest received from loans made from these moneys may be used for any purpose set out in this Chapter and for the costs of administering this Chapter. The resolution authorizing any obligations or the trust agreement securing any obligations may provide that any of these moneys may be temporarily invested pending the disbursement of the moneys and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited, shall act as trustee of the moneys and shall hold and apply the moneys for the purposes under this Chapter, subject to any rules adopted pursuant to this Chapter and any provisions in the provision or trust agreement.

Article 1A.

State Depository Library System.

§ 125-11.5. Purpose.

The purpose of this Article is to establish a depository system for the distribution of State publications to designated libraries throughout the State in order to facilitate public access to publications issued by State agencies. (1987, c. 771, s. 2.)

§ 125-11.6. Definitions.

As used in this Article:

(1) "Depository library" means a library designated to receive and maintain State publications and make them available to the public.

(2) "Document" means any printed document including any report, directory, statistical compendium, bibliography, map, regulation, newsletter, pamphlet, brochure, periodical, bulletin, compilation, or register, regardless of whether the printed document is in paper, film, tape, disk, or any other format.

(3) "State agency" means every State department, institution, board, and commission.

(4) "State publication" means any document prepared by a State agency or private organization, consultant, or research firm, under contract with or under the supervision of a State agency: Provided, however, the term "State publication" does not include administrative documents used only within the issuing agency, documents produced for instructional purposes that are not intended for sale or publication, appellate division reports and advance sheets distributed by the Administrative Office of the Courts, the S.B.I. Investigative "Bulletin", documents that will be reproduced in the Senate or House of Representatives Journals, or documents that are confidential pursuant to Article 17 of Chapter 120 of the General Statutes. (1987, c. 771, s. 2.)

§ 125-11.7. State Library designated the official depository for all State publications.

The State Library shall be the official, complete, and permanent depository for all State publications, and shall receive five copies of all State publications in addition to the copies required for the depository system: Provided, however, the State Library shall receive only five copies of any State publication offered for sale by a State agency at a price at least high enough to recover production costs: Provided, further, the State Library, notwithstanding the definition of "State publication" contained in this Article, shall have authority to exclude from required deposit in the State Library any items or materials which it finds are not appropriate for deposit. (1987, c. 771, s. 2.)

§ 125-11.8. State Publications Clearinghouse created.

(a) A State Publications Clearinghouse is created within the Department of Cultural Resources, the Division of State Library.

(b) The Clearinghouse shall:

(1) Advise State agencies annually of the number of copies of State publications needed for distribution.

(2) Advise State agencies annually that they are required to submit only five copies of any State publication offered for sale at a price at least high enough to recover production costs.

(3) Receive from State agencies promptly after publication the number of copies of State publications specified, and distribute these to the depository libraries.

(4) Prepare on microfiche one or more copies of each State publication that is printed on paper for reference and interlibrary loan purposes.

(5) Publish a checklist of State publications and distribute the checklist without charge to all requesting North Carolina libraries.

(6) Forward two copies of all State publications that are printed on paper to the Library of Congress. (1987, c. 771, s. 2.)

(2) Develop and maintain standards for depository libraries. The standards shall include the ability to receive, process, organize, retain, and make available State publications and the ability to provide reference assistance and interlibrary loan service for depository publications.

(3) Shall designate depository libraries, taking into account regional distribution and number of persons served, such that State publications will be conveniently accessible to residents in all areas of the State. The State Library may designate at least one library in each congressional district.

(4) May designate as selective depository libraries those institutions that wish to receive less than the full deposit. Selective depository libraries shall meet the same standards for reference and interlibrary loan service as full depository libraries.

(5) May enter into depository contracts with public libraries and community, technical, special, college and university libraries that meet the standards for depository eligibility adopted by the Clearinghouse.

(6) Shall determine how many copies of State publications each State agency must submit for the State depository system. (7) Shall adopt rules to administer the depository program. These rules may include the State Library's priorities and resulting schedules for

collecting, maintaining, and making available State publications in various formats. (1987, c. 771, s. 2; 1991, c. 636, s. 14.)

Article 2.

Interstate Library Compact.

§ 125-12. Compact enacted into law; form.

The Interstate Library Compact is hereby enacted into law and entered into by this State with all states legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT.

Article I. Policy and Purpose.

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this Compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions.

As used in this Compact: (a) “Public library agency” means any unit or agency of local or state government operating or having power to operate a library.

(b) “Private library agency” means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) “Library agreement” means a contract establishing an interstate library district pursuant to this Compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts.

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this Compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

(1) Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.

(2) Accept for any of its purposes under this Compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

(3) Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

(4) Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.

(5) Sue and be sued in any court of competent jurisdiction.

(6) Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

(7) Construct, maintain and operate a library, including any appropriate branches thereof.

(8) Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

ARTICLE IV. INTERSTATE LIBRARY DISTRICTS, GOVERNING BOARD.

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

ARTICLE V. STATE LIBRARY AGENCY COOPERATION.

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this Compact for interstate library agreements.

Article VI. Library Agreements.

(a) In order to provide for any joint or cooperative undertaking pursuant to this Compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this Compact shall, as among the parties to the agreement:

(1) Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.
(2) Provide for the allocation of costs and other financial responsibilities.
(3) Specify the respective rights, duties, obligations and liabilities of the parties.
(4) Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the Compact Administrator of each state involved, and approved in accordance with Article VII of this Compact.

Article VII. Approval of Library Agreements.

(a) Every library agreement made pursuant to this Compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this Compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to subsection (a) of this Article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

ARTICLE VIII. OTHER LAWS APPLICABLE.

Nothing in this Compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

ARTICLE IX. APPROPRIATIONS AND AID.

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

ARTICLE X. COMPACT ADMINISTRATOR.

Each state shall designate a Compact Administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The Administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this Compact. If the laws of a party state so provide, such state may designate one or more deputy Compact administrators in addition to its Compact Administrator.

ARTICLE XI. ENTRY INTO FORCE AND WITHDRAWAL.

(a) This Compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This Compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this Compact from any obligation of that agreement prior to the end of its duration as provided therein.

ARTICLE XII. CONSTRUCTION AND SEVERABILITY.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state party thereto, the Compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. (1967, c. 190, s. 1.)

§ 125-13. Political subdivisions to comply with laws governing capital outlay and pledging of credit.

No county, municipality, or other political subdivision of this State shall be party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c)(7) of the Compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such counties, municipalities, or other political subdivisions relating to or governing capital outlays and the pledging of credit. (1967, c. 190, s. 2.)

§ 125-14. "State library agency" defined.

As used in the Compact, "state library agency," with reference to this State, means the Department of Cultural Resources. (1967, c. 190, s. 3; 1973, c. 476, s. 84.)

An interstate library district lying partly within this State may claim and be entitled to receive State aid in support of any of its functions to the same extent and in the same manner as such functions are eligible for support when carried on by entities wholly within this State. For the purposes of computing and apportioning State aid to an interstate library district, this State will consider that portion of the area which lies within this State as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this State, such a district also may apply for and be entitled to receive any federal aid for which it may be eligible. (1967, c. 190, s. 4.)

§ 125-16. Compact Administrator and deputies.

§ 125-17. Withdrawal from Compact.

In the event of withdrawal from the Compact the Governor shall send and receive any notices required by Article XI(b) of the Compact. (1967, c. 190, s. 6.)

It is also the intent of this Chapter that this system of personnel administration shall apply to local employees paid entirely or in part from federal funds, except to the extent that local governing boards are authorized by this Chapter to establish local rules, local pay plans, and local personnel systems. It is also the intent of this Chapter to make provisions for a decentralized system of personnel administration, where appropriate, and without additional cost to the State, with the State Personnel Commission as the policy and rule-making body. The Office of State Personnel shall make recommendations for policies and rules to the Commission based on research and study in the field of personnel management, develop and administer statewide standards and criteria for good personnel management, provide training and technical assistance to all agencies, departments, and institutions, provide oversight, which includes conducting audits to monitor compliance with established State Personnel Commission policies and rules, administer a system for implementing necessary corrective actions when the rule, standards, or criteria are not met, and serve as the central repository for State Personnel System data. Session Laws, 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

Session Laws 2006-66, s. 28.6 is a severability clause.

Session Laws 2007-323, s. 28.18B, provides: "Notwithstanding any other provision of law, the State Personnel Commission, the Office of State Personnel, State agencies as to their defined critical occupational groups limited to nursing, engineering, library, fiscal, and pharmacy positions, and The University of North Carolina as to its employees subject to the State Personnel Act shall begin or continue the development and implementation of career banding, effective July 1, 2007.

Session Laws 2007-323, s. 32.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2007-2009 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2007-2009 fiscal biennium."

Session Laws 2007-323, s. 32.5 is a severability clause.

Session Laws 2007-413, ss. 1(a) and (b), provide: "(a) The President of The University of North Carolina (UNC) shall appoint a Task Force to examine the application of the State Personnel Act to the University of North Carolina with a goal of making recommendations that will:

"(1) Improve the ability of the University to attract, reward, and retain high quality employees;

"(2) Enable the University to better meet the needs of its employees; and

"(3) Improve the efficiency of UNC personnel operations.

"The Task Force membership shall include chancellors, representatives of the UNC Staff Assembly who are subject to the State Personnel Act, human resources professionals, other UNC employees exempt from the State Personnel Act, and a representative of the Office of State Personnel.

By March 24, 2008, the UNC Board of Governors shall forward the recommendations that it approves, as presented or as modified, to the Joint Legislative Education Oversight Committee of the General Assembly for consideration of any legislative proposals during the 2008 Regular Session."

Session Laws 2009-26, which expires January 1, 2010, in ss. 1-8 provides: "1.(a) Findings. — The General Assembly finds that:

"(1) North Carolina's citizens and businesses are suffering from the effects of a significant national financial crisis.

"(2) The financial crisis has resulted in large reductions in revenues projected to be available to fund the State's budget for the 2008-2009 fiscal year.

"(3) The Department of Revenue has calculated the revenues that will be available to the State for the remainder of the 2008-2009 fiscal year from the taxes paid by citizens and businesses through April 15, 2009, and the Department of Revenue and the Office of State Budget and Management have determined that expenditures for the 2008-2009 fiscal year will exceed revenues unless additional actions are taken.

"(4) Under the State Constitution, it is the duty of the Governor to ensure that the State's budget for the 2008-2009 fiscal year is balanced in a manner that carefully balances the rights of citizens and businesses to government services and the interests of State employees who provide those services.

"(5) The Governor has issued Executive Order No. 11 reducing pay and compensating employees with flexible leave.

"(6) The implementation of temporary nondisciplinary reductions in pay and flexible leave was and is necessary to balance the State's budget for the 2008-2009 fiscal year.

"(7) Many legislators and judges have voluntarily waived a portion of their pay in advance of the passage of legislation implementing Executive Order No. 11.

"(b) Definitions. — The following definitions apply in this act:

"(1) Compensation. — Base rate of compensation, not including pay for shift premiums, overtime, longevity, or other types of extraordinary pay.

"(2) Flexible leave. — A temporary period of leave from employment with pay taken before December 31, 2009.

"(3) Public employee. — Any person employed (i) by a State agency, department, or institution, (ii) by The University of North Carolina, (iii) by the North Carolina Community College System, or (iv) by a local school administrative unit. The term includes public officers.

"(4) Nondisciplinary reduction in pay. — A temporary reduction in compensation paid to a public employee that is (i) related to an executive order issued by the Governor during the 2008-2009 fiscal year and (ii) not made in connection with a demotion or any other disciplinary action.

"(5) Public agency. — Any State agency, department, or institution; The University of North Carolina; the North Carolina Community College System; and local school administrative units.

"2. Compensation and Benefits. — A public employee subject to a nondisciplinary reduction in pay shall not suffer any diminution of retirement average final compensation, which shall continue to be calculated based on the undiminished compensation. The public agency shall pay both the employee and employer contributions to the Retirement Systems Division or to the appropriate Optional Retirement Plan carrier on behalf of the public employee as to the amount that compensation was reduced.

"3. The nondisciplinary reduction in pay and flexible leave do not apply to those justices, judges, and officers whose salaries are protected from reduction by Article III, Section 9 and Article IV, Section 21 of the North Carolina Constitution. Constitutionally exempt persons are encouraged to participate in the pay reduction described in this act by donating to the State at least the amount of their compensation that would be reduced if the persons were not exempt.

"4.(a) The State Board of Education, the State Board of Community Colleges, the Board of Governors of The University of North Carolina, local school administrative units, and all State agencies within the executive branch of State government shall cooperate with the Office of State Budget and Management in the implementation of the nondisciplinary reductions in pay.

"4.(b) The Office of State Personnel shall, as soon as practicable, develop guidelines to be used by State agencies, departments, and institutions within the executive branch in designating the times subject employees will be subject to flexible leave. The State Board of Education shall adopt rules to be applied by local boards of education in designating the times public school employees will be subject to flexible leave. The State Board of Community Colleges shall adopt rules to be applied by boards of trustees of community colleges in designating the times community college employees will be subject to flexible leave. The Board of Governors of The University of North Carolina shall adopt rules to be applied in designating the times university employees will be subject to flexible leave. The rules adopted shall avoid interruptions in services to citizens and businesses.

"5.(a) Employees of the legislative branch and the judicial branch are subject to reductions in pay to the same extent as if the employees were covered by the executive order. Members and officers of the General Assembly are subject to reductions in pay to the same extent as if the members and officers were covered by the executive order. Officers of the Judicial Branch whose salaries are not protected from reduction by Article IV, Section 21 of the North Carolina Constitution are subject to reductions in pay to the same extent as if the officers were covered by the executive order.

"5.(b) The Legislative Services Commission shall implement a flexible leave program for members and employees of the General Assembly. The flexible leave program must be substantially equivalent to the program established by the State Personnel Commission.

"5.(c) Judicial Branch. — Upon a written determination by the Chief Justice that flexible leave of judicial employees is necessary to implement the executive order, the Chief Justice shall implement a flexible leave program for employees of the Judicial Department. The flexible leave program must be substantially equivalent to the program established by the State Personnel Commission.

"6. Rule Making. — As soon as practicable, and no more than 10 calendar days from the effective date of this act, the Office of State Budget and Management, the State Personnel Commission, the State Board of Community Colleges, the State Board of Education, and The University of North Carolina shall adopt emergency rules for the implementation of the executive order and this act in accordance with G.S. 150B-21.1A, except that notwithstanding G.S. 150B-21.1A(d), those emergency rules may remain in effect until the expiration of this section. This section does not require any rule making if not otherwise required by law.

"7. A nondisciplinary reduction in pay as provided in the executive order as implemented by this act does not constitute a demotion under Part 3 of Article 22 of Chapter 115C of the General Statutes or under any other personnel law or policy.

"8. Notwithstanding G.S. 115C-302.1(h), 115C-316(b), 115C-285(b), 115C-273, or any other provision of law, employees of local boards of education who are not paid out of State funds shall receive the same reduction in pay applicable to State-paid employees in the event of a reduction in compensation of State-paid employees that is enacted by the General Assembly or ordered by the Governor pursuant to the Governor's constitutional duty to balance the State budget."

CASE NOTES

Constitutional Implications. — For case discussing the propriety under U.S. Const., Amends. I and XIV, of adverse personnel actions affecting State employees in exempt positions following the change from the Hunt administration to the Martin administration, see Stott v. Martin, 725 F. Supp. 1365 (E.D.N.C. 1989), rev'd on other grounds, 916 F.2d 134 (4th Cir. 1990).

This Chapter establishes and provides for the administration of the state personnel system. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

The legislative intent to forbid all hiring except under this Chapter is clear. Bean v. Taylor, 408 F. Supp. 614 (M.D.N.C. 1976), aff'd, 534 F.2d 328 (4th Cir. 1976).

Chapter 126 clearly gives State Personnel Commission power to establish rules and policies governing personnel matters. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

There was just cause to demote the highway patrol employee as the employee drank three beers within a short period; proceeded to drive after drinking; exceeded the speed limit; and two alco-sensor tests registered 0.09 and 0.08 alcohol concentration readings. Davis v. N.C. Dep't of Crime Control & Pub. Safety, 151 N.C. App. 513, 565 S.E.2d 716, 2002 N.C. App. LEXIS 777 (2002).

The superior court properly determined that it had subject matter jurisdiction where plaintiff sought injunctive relief ordering his reinstatement to the "same or similar position," a matter on which G.S. 126-34.1 does not specifically authorize appeal; the State Personnel Act does not place jurisdiction over this matter with the State Personnel Commission. Hodge v. North Carolina DOT, 137 N.C. App. 247, 528 S.E.2d 22, 2000 N.C. App. LEXIS 334 (2000).

Enforcement of Contracts Made in Violation of Rules. — The purpose of this Chapter and thus public policy would be frustrated by enforcement of contracts made in violation of the valid rules established pursuant to G.S. 126-4(3). Bean v. Taylor, 408 F. Supp. 614 (M.D.N.C. 1976), aff'd, 534 F.2d 328 (4th Cir. 1976).

Discharge of Exempt Employees by Successor Governor. — Although the North Carolina State Personnel Act provides that no permanent employee subject thereto shall be discharged, suspended or reduced in pay or position except for just cause, the act exempts certain employees by its terms and allows the Governor to designate as exempt from the provisions of the act certain other policy-making or decision-making employees. Where plaintiffs having a position designated as policy-making or confidential by the previous Governor brought suit alleging that each was discharged from an exempt government position for the sole reason of political affiliation, there was a presumption that successor Governor's actions were proper if done for political patronage reasons that require, as a qualification for the performance of a job, a political affiliation. Stott v. Haworth, 916 F.2d 134 (4th Cir. 1990).

Propriety of Reducing Number of Exempt Positions. — An exempt position, so designated by the Governor, creates a presumption at law that discharge or demotion was proper, and this section, by its terms, authorizes the Governor to reduce the number of exempt positions in order that the structure of the State government comply with the terms of the section and that the appropriate government employees enjoy the protection of the civil service position, a position that clearly falls without the political patronage system. Stott v. Haworth, 916 F.2d 134 (4th Cir. 1990).

Property Interest in Employment. — An employee who is subject to the State Personnel Act and who holds a "trainee" appointment as defined by the North Carolina Administrative Code does not have a property interest in her continued employment which is protected by the due process clause of U.S. Const., Amend. XIV. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Attorney Fee Awards. — G.S. 6-19.1 authorizes a superior court to award fees to the employee of a county Department of Social Services who has prevailed under the State Personnel Act, G.S. 126-1 et seq.; therefore, a trial court was authorized to award fees for representation of a plaintiff during the administrative proceedings contesting her termination while on medical leave, which was adjudged without cause and wrongful. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

OPINIONS OF ATTORNEY GENERAL

Employment and termination of local health director are subject to the provisions of this chapter, and termination or discharge of a health director must comply with all statutory provisions and regulations duly adopted by the State Personnel Commission pursuant to this chapter. See opinion of Attorney General to Mr. Michael S. Kennedy, Esquire, Attorney for Cleveland County Board of Health, and Mr. Robert W. Yelton, Esquire, Attorney for Cleveland County, 55 N.C.A.G. 113 (1986).

Those occupational licensing boards subject to the Personnel Act, this Chapter, and the Budget Act, G.S. 143-1 et seq., are also subject to G.S. 135-1.1, just as are the occupational licensing boards not subject to the Personnel and Budget Acts. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, 60 N.C.A.G. 54 (1990).

An occupational licensing board, even one such as the Cosmetic Arts Board and several others subject to the Personnel and Budget Acts, is not entitled to have any of its employees who were employed on or after July 1, 1983, covered by and participating in the Retirement System. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, 60 N.C.A.G. 54 (1990).

§ 126-1.1. Career State employee defined.

For the purposes of this Chapter, unless the context clearly indicates otherwise, "career State employee" means a State employee or an employee of a local entity who is covered by this Chapter pursuant to G.S. 126-5(a)(2) who:

(1) Is in a permanent position appointment; and

(2) Has been continuously employed by the State of North Carolina or a local entity as provided in G.S. 126-5(a)(2) in a position subject to the State Personnel Act for the immediate 24 preceding months. (1995, c. 141, s. 1; 2007-372, s. 1.)

Transfers from Judicial Department to Department of Juvenile Justice - Credit for Service. — Session Laws 1999-237, s. 21.14, provides that, for the purposes of this chapter, employees in positions transferred from the Judicial Department to the Office of Juvenile Justice (now the Department of Juvenile Justice and Delinquency Prevention) during the 1998-99 fiscal year or as provided for in that act, who have been continuously employed by the State prior to the date of transfer, are to receive credit for those months of service, and that, upon 24 months of continuous employment in a permanent position with the State, an employee under this section is to become a career State employee.

Session Laws 1999-237, s. 1.1 provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 1999'."

Session Laws 1999-237, s. 30.2 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1999-2001 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1999-2001 biennium."

Session Laws 1999-237, s. 30.4, contains a severability clause.

Editor's Note. — Session Laws 2002-159, s. 87, provides: "Any employee subject to a reduction in force action pursuant to Executive Order Number 22 whose position was ultimately funded in S.L. 2002-126 shall maintain the employee's career State employee status as provided in G.S. 126-1.1. Employees may also purchase vacation leave up to the amount that they had accrued, not to exceed 240 hours, prior to the date of their separation. Employees who had accrued in excess of 240 hours of annual leave shall have that balance reinstated. These employees shall also receive the "Special Annual Leave Bonus" as specified in Section 28.3A of S.L. 2002-126."

CASE NOTES

State employee seeking review of her termination was not a state employee, as defined in G.S. 126-1.1, because she was not in a permanent position appointment or had not held a position subject to the State Personnel Act, G.S. 126-1 et seq., for the immediate 24 preceding months. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

(a) There is hereby established the Office of State Personnel (hereinafter referred to as "the Office") which shall be placed for organizational purposes within the Department of Administration. Notwithstanding the provisions of North Carolina State government reorganization as of January 1, 1975, and specifically notwithstanding the provisions of Chapter 864 of the 1971 North Carolina Session Laws [Chapter 143A], the Office of State Personnel shall exercise all of its statutory powers in this Chapter independent of control by the Secretary of Administration and shall be under the administration and supervision of a State Personnel Director (hereinafter referred to as "the Director") appointed by the Governor and subject to the supervision of the Commission for purposes of this Chapter. The salary of the Director shall be fixed by the General Assembly in the Current Operations Appropriations Act. The Director shall serve at the pleasure of the Governor.

(6) Providing approval authority of personnel actions involving classification and compensation where such approval authority has not been transferred by the Commission to agencies, departments, and institutions or where such authority has been rescinded for noncompliance;

(7) Maintaining a computer database of all relevant and necessary information on employees and positions within agencies, departments, and institutions in the State's personnel system;

(8) Developing criteria and standards to measure the level of compliance or noncompliance with established Commission policies, rules, procedures, criteria, and standards in agencies, departments, and institutions to which authority has been delegated for classification, salary administration and other decentralized programs, and determining through routine monitoring and periodic review process, that agencies, departments, and institutions are in compliance or noncompliance with established Commission policies, rules, procedures, criteria, and standards; and

(9) Implementing corrective actions in cases of noncompliance. (1965, c. 640, s. 2; 1975, c. 667, s. 5; 1983, c. 717, s. 40; 1983 (Reg. Sess., 1984), c. 1034, s. 164; 1997-349, s. 2.)

When New Year's Day falls on either Saturday or Sunday, the constituent institutions of The University of North Carolina that adopt alternative dates to recognize the legal public holidays set forth in subdivision (5) of this section and established by the Commission may designate, in accordance with the rules of the Commission and the requirements of this subdivision, December 31 of the previous calendar year as the New Year's holiday.

(6) The appointment, promotion, transfer, demotion and suspension of employees.

(10) Programs of employee assistance, productivity incentives, equal opportunity, safety and health as required by Part 1 of Article 63 of Chapter 143 of the General Statutes, and such other programs and procedures as may be necessary to promote efficiency of administration and provide for a fair and modern system of personnel administration. This subdivision may not be construed to authorize the establishment of an incentive pay program.

(11) In cases where the Commission finds discrimination, harassment, or orders reinstatement or back pay whether (i) heard by the Commission or (ii) appealed for limited review after settlement or (iii) resolved at the agency level, the assessment of reasonable attorneys' fees and witnesses' fees against the State agency involved.

(16) The implementation of G.S. 126-7.

(17) An alternative dispute resolution procedure.

(18) Delegation of authority for approval of personnel actions through decentralization agreements with the heads of State agencies, departments, and institutions.

  a. Decentralization agreements with Executive Branch agencies shall require a person, designated in the agency, to be accountable to the State Personnel Director for the compliance of all personnel actions taken pursuant to the delegated authority of the agency. Such agreements shall specify the required rules and standards for agency personnel administration.

  b. The State Personnel Director shall have the authority to take appropriate corrective actions including adjusting employee salaries and changing employee classifications that are not in compliance with policy or standards and to suspend decentralization agreements for agency noncompliance with the required personnel administration standards.

The policies and rules of the Commission shall not limit the power of any elected or appointed department head, in the department head's discretion and upon the department head's determination that it is in the best interest of the Department, to transfer, demote, or separate a State employee who is not a career State employee as defined by this Chapter. "(6) The number of current nonpermanent employees who are actually seeking full-time permanent employment with full benefits, including retirement and health insurance, versus those who either do not need or are not seeking employment with benefits.

"The Office of State Personnel shall use the results of the analysis to develop recommendations for definitions to distinguish various categories of nonpermanent employment and policies regarding the selection, appointment, and duration of various categories of nonpermanent employment. In developing its recommendations, the Office of State Personnel shall seek input from any interested parties outside of State government. The recommendations shall also include a prohibition against the establishment of any new temporary employment services by individual State agencies, other than those in existence on the effective date of this act. The Office of State Personnel shall submit its findings to the General Assembly, including any recommendations for proposed legislation, on or before December 31, 2008.

"(b) These sign-on bonuses may not exceed:

"(1) $8,000 per full-time registered nurse or

"(2) $4,000 per part-time registered nurse hired to work at least 20 hours but less than 30 hours per week.

"One-half of the sign-on bonus shall be paid in the employee's first paycheck with the second installment to be paid after the completion of 36 months of consecutive State service as a registered nurse in the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. Employees whose performance ratings, at any time, are not rated at or above level three on the five-level rating scale, or who have documented disciplinary actions for misconduct or performance, shall be ineligible for the second installment of the sign-on bonus.

"(c) Employees who terminate, either voluntarily or involuntarily, before the completion of 36 months of consecutive service shall repay a prorated amount of the sign-on bonus as determined by the Secretary of the Department of Health and Human Services."

Session Laws 2009-63, ss. 1 through 3, provide: "Section 1. The Office of State Personnel, Department of Public Instruction, North Carolina Community Colleges, and the University of North Carolina shall conduct a study on development of an employee benefits statement that reflects the current value of employee benefits provided to active State employees, public school employees, and community college employees. For the purposes of this act, the term 'benefits statement' means a document showing an employee's total compensation, including all cash income, and the value of all employee benefits.

"Section 2. The personalized benefits statement developed for individual State employees, public school employees, and community college employees must include a determination of at least the value of:

"(1) Employee and dependent coverage under the State Health Plan for Teachers and State Employees.

"(2) Employee and survivors coverage under the Teachers' and State Employees' Retirement System.

"Section 3. The Office of State Personnel, Department of Public Instruction, North Carolina Community Colleges, and the University of North Carolina shall submit an interim report to the General Assembly and to the Fiscal Research Division on or before December 31, 2009, and a detailed written report on the development of the employee benefits statement, including a recommended implementation schedule and an estimate of the costs of any information technologies or modifications necessary to generate the statements on or before June 30, 2010."

CASE NOTES

Powers. — The legislature has delegated, to the extent of the commission's statutory powers, its own legislative powers over the State's personnel system. Therefore, rules and policies made pursuant to the commission's statutory authority have the effect of law. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

Legislative Intent. — The particularized exclusion of certain Department of Correction employees from the provisions of this Chapter plainly indicates the General Assembly's intent that the act's provisions for appeals of employment grievances apply to those not so excluded. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

The General Assembly only intended to give the Commission the jurisdiction to resolve, through the appeal and contested case hearing process, those issues which are specifically defined as contested case issues in Chapter 126. Dunn v. North Carolina Dep't of Human Resources, 124 N.C. App. 158, 476 S.E.2d 383 (1996).

Department of Correction Employee Held Not Barred from Appeal Procedures of Chapter 150B. — A permanent employee in a non-policymaking, non-academic position in the Department of Correction was not barred from the appeal procedures of the Administrative Procedure Act, Chapter 150B, by that Act's general exclusion of his department from its provisions. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Most Qualified Applicant. — This section did not confer petitioner with specific grounds for appeal on the issue of whether the most qualified applicant was chosen. Dunn v. North Carolina Dep't of Human Resources, 124 N.C. App. 158, 476 S.E.2d 383 (1996).

G.S. 126-37(a) allows Commission to order reinstatement of employee and direct other suitable relief, whenever it deems it necessary to correct the failure of a department or agency to follow policies or rules promulgated pursuant to G.S. 126-4. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

To serve purpose of Chapter 126, rules and policies made pursuant to this section must be enforced. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

Enforcement of Contracts Made in Violation of Valid Rules. — The purpose of this Chapter and thus public policy would be frustrated by enforcement of contracts made in violation of the valid rules established pursuant to subdivision (3). Bean v. Taylor, 408 F. Supp. 614 (M.D.N.C. 1976), aff'd, 534 F.2d 328 (4th Cir. 1976).

If the State Personnel Commission or its officers had the power to enter into an enforceable contract with one not qualified under the rules contemplated by this section, this Chapter would be meaningless. Bean v. Taylor, 408 F. Supp. 614 (M.D.N.C. 1976), aff'd, 534 F.2d 328 (4th Cir. 1976).

Alteration of Approved Policies. — Since the Governor must approve policies established by the Commission under this statute, the Commission does not have the power to alter such policies by ad hoc decision in each case; the Commission must follow the policy which has been set and as it was approved by the Governor. Reed v. Byrd, 41 N.C. App. 625, 255 S.E.2d 606 (1979).

Property Interest in Employment. — An employee who is subject to the State Personnel Act and who holds a "trainee" appointment as defined by the North Carolina Administrative Code does not have a property interest in her continued employment which is protected by the due process clause of U.S. Const., Amend. XIV. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Discretion of Personnel Commission to Award Back Pay and Benefits. — Where a permanent State employee is dismissed for performance of duty reasons, without sufficient warnings as required by G.S. 126-35, upon reinstating the employee the decision whether or not to award back pay and benefits is within the sound discretion of the Personnel Commission. Jones v. Department of Human Resources, 300 N.C. 687, 268 S.E.2d 500 (1980).

The State Personnel Commission is granted the authority to promulgate regulations regarding the award of attorneys' fees under subdivision (11). Fearrington v. University of N.C., 126 N.C. App. 774, 487 S.E.2d 169 (1997).

Court Could Not Order Back Pay. — Where the record of petitioner's grievance proceedings did not include any back pay findings by the State Personnel Commission, given the authority of the Commission over back pay, the absence of record findings, and the superior court's lack of fact-finding authority in appeals from employee grievances, the superior court could not enter an order awarding back pay in a specific amount. Harding v. North Carolina Dep't of Cor., 334 N.C. 414, 432 S.E.2d 298 (1993), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 768 (1994).

State Personnel Commission abused its discretion and lacked careful and impartial decisionmaking when it passed over personnel office employee and filled a vacant position with an applicant who did not meet state qualifications for the position and who had filed her application and had been effectively offered the job a month before it was posted. Joyce v. Winston-Salem State Univ., 91 N.C. App. 153, 370 S.E.2d 866, cert. denied, 323 N.C. 476, 373 S.E.2d 862 (1988).

Retention of Employees in Abolished Positions. — Because retention of employees in abolished positions is clearly a personnel matter affecting the separation of employees, under subdivision (7a), the State Personnel Commission has authority to issue a policy thereon and to require the Department of Justice to follow it. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

Plaintiff whose position was abolished and employment terminated did not have to show prejudice once he carried his burden of showing that the Department of Justice failed to follow the State Personnel Commission's policies. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

Burden to Show Department or Agency Followed Personnel Commission's Procedures. — Neither Chapter 126 nor the Administrative Procedure Act indicates that the burden is shifted to the department or agency to show that it followed the Personnel Commission's rules, policies, or procedures. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988).

Dismissals. — Just cause for dismissal has been divided into two basic categories—unsatisfactory job performance and personal conduct (misconduct) detrimental to State service. Amanini v. N.C. Dep't of Human Resources, 114 N.C. App. 668, 443 S.E.2d 114 (1994).

The distinction between the categories of "just cause" as set forth in the State Personnel Manual provides an applicable test for determining whether a dismissal is for a "good or adequate reason having basis in fact" under particular circumstances. Amanini v. N.C. Dep't of Human Resources, 114 N.C. App. 668, 443 S.E.2d 114 (1994).

Attorney Fees. — Upon appeal of the Commission's decision not to award attorney's fees under subsection (11) of this section, G.S. 126-41 constrains the Superior Court to reverse or modify the Commission's order only if it is deemed unreasonable or inadequate. Morgan v. North Carolina DOT, 124 N.C. App. 180, 476 S.E.2d 431 (1996).

Since the Commission had statutory authority to award attorney's fees only in cases involving discrimination, reinstatement or back pay, the Commission properly denied an award of attorney's fees to petitioners. Morgan v. North Carolina DOT, 124 N.C. App. 180, 476 S.E.2d 431 (1996).

North Carolina State Personnel Commission correctly found on remand that it had jurisdiction to assess attorney fees for the administrative portion of a case against a county department of social services pursuant to G.S. 126-4(11) and award such fees pursuant to 25 N.C. Admin. Code 1B.0414. Early v. County of Durham, Dep't of Soc. Servs., — N.C. App. —, 667 S.E.2d 512, 2008 N.C. App. LEXIS 1818 (2008).

OPINIONS OF ATTORNEY GENERAL

The purpose of Chapter 126 and thus public policy would be frustrated by enforcement of contracts made in violation of the valid rules established pursuant to subsection (3) of this section. This frustration of public policy would require nonenforcement of any such contract. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

Employment Offer Without Final Approval Not An Enforceable Contract. — A written or verbal offer of employment by a state agency or university, with a specific salary amount and without the final approval of the State Personnel Director, does not create a legally enforceable contract. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

A written or verbal offer of employment by a state agency or university, with a specific salary amount which violates applicable personnel policies and administrative rules and without the final approval of the State Personnel Director, does not create a legally enforceable contract. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

The position, authority or apparent authority of the person making the offer of employment has no impact on whether the offer constitutes a legally enforceable contract. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

Employment Offer Rescinded for Being in Violation of Personnel Policies and Rules Creates No Agency Liability. — There is no liability of the agency if an offer of employment is made by a state agency or university, with a specific salary amount which violated applicable personnel policies and administrative rules, and later rescinded as being in violation of applicable personnel policies and rules. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

There is no liability of the Office of State Personnel if it refuses to process a hiring decision which violated State Personnel Commission policy. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

The State Personnel Commission has the statutory authority, under this section and G.S. 126-82, to promulgate a rule regarding the application of a veteran's preference in the form of an additional ten points to be awarded where a numerically scored examination is used as part of the selection process. See opinion of Attorney General to Mr. Ronald Penny, State Personnel Director, Office of State Personnel, 1998 N.C.A.G. 10 (2/12/98).

Liability of Person Who Makes Employment Offer. — It is unlikely that any liability would attach to the person who made an employment offer that is in violation of applicable personnel policies and rules, but it might depend on the nature of the person's position and the circumstances surrounding the offer. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 57 N.C.A.G. 66 (1987).

In determining whether attorneys' fees are allowable in a proceeding brought by an employee, a former employee or an applicant for employment, the State Personnel Commission should apply statutory changes in circumstances in which attorneys' fees may be awarded according to the date the cause of action arose. See opinion of Attorney General to Mr. Harold H. Webb, Director, Office of State Personnel, 47 N.C.A.G. 39 (1977).

Specific Statutory Language Required to Exempt Agency. — Once an individual is entitled to priority employment rights within the State Personnel System, only specific statutory language will be sufficient to eliminate any agency from making a vacancy available to the individual. See opinion of Attorney General to Mr. Brent Lane, Executive Director, N.C. Technological Development Authority, 59 N.C.A.G. 31 (1989).

Entitlement to Reemployment. — When it has been determined either judicially or by the State Personnel Commission that a person is entitled to reemployment rights and a position becomes open within State government for which that person is qualified, the person must be offered that position. See opinion of Attorney General to Mr. Brent Lane, Executive Director, N.C. Technological Development Authority, 59 N.C.A.G. 31 (1989).

State employee subject to State Personnel Act may be denied performance pay increase solely on grounds that he is already at maximum rate of salary range for his pay grade. See opinion of Attorney General to Mr. Joseph E. Johnson, Senator, 14th Senatorial District, 60 N.C.A.G. 19 (4/24/90).

Career Banding Project. — The State Personnel Commission has the requisite authority to approve the career banding project begun in 2002 by the Office of State Personnel. See opinion of Attorney General to Thomas H. Wright, State Personnel Director, Office of State Personnel, 2006 N.C. AG LEXIS 3 (11/7/06).

The Chair shall make every effort to provide that each category of Commission membership enumerated in G.S. 126-2(b) shall be represented on the appointed panels.

Session Laws 2005-344, which enacted the North Carolina State Lottery, in s. 14, provides: "Nothing in this act shall be construed to obligate the General Assembly to appropriate funds to implement this act."

Session Laws 2006-66, s. 18.2(e), which added subdivision (c1)(26), was added by Session Laws 2006-221, s. 20, and amended by Session Laws 2006-259, s. 49, which recodified (c1)(26) as (c1)(27). The subdivision was then redesignated as (c1)(28) at the direction of the Revisor of Statutes.

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

CASE NOTES

Constitutional Implications. — For case discussing the propriety under U.S. Const., Amends. I and XIV, of adverse personnel actions affecting State employees in exempt positions following the change from the Hunt administration to the Martin administration, see Stott v. Martin, 725 F. Supp. 1365 (E.D.N.C. 1989), rev'd on other grounds, 916 F.2d 134 (4th Cir. 1990).

Legislative Intent. — The particularized exclusion of certain Department of Correction employees from the provisions of this chapter plainly indicates the General Assembly's intent that the Act's provisions for appeals of employment grievances apply to those not so excluded. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

The rationale for creating exempt positions, positions exempt from the protection afforded by the civil service statute, was to allow the Governor to employ top level State employees on an at-will basis, and to reposition these employees as he felt necessary in order to further the agenda of the administration. Stott v. Haworth, 916 F.2d 134 (4th Cir. 1990).

Discharge of Exempt Employees by Successor Governor. — Although the North Carolina State Personnel Act provides that no permanent employee subject thereto shall be discharged, suspended or reduced in pay or position except for just cause, the act exempts certain employees by its terms and allows the Governor to designate as exempt from the provisions of the act certain other policy-making or decision-making employees. Where plaintiffs having a position designated as policy-making or confidential by the previous Governor brought suit alleging that each was discharged from an exempt government position for the sole reason of political affiliation, there was a presumption that successor Governor's actions were proper if done for political patronage reasons that require, as a qualification for the performance of a job, a political affiliation. Stott v. Haworth, 916 F.2d 134 (4th Cir. 1990).

This section controls which employees are subject to Chapter 126. Conran v. New Bern Police Dep't, 122 N.C. App. 116, 468 S.E.2d 258 (1996).

Under G.S. 126-5(c)(1) and (c1)(8), the provisions of Chapter 126, the State Personnel Act, did not apply to state employees who were not career state employees, as defined in Chapter 126, or who were instructional and research staff, physicians, and dentists of the University of North Carolina, except for Chapter 126, Articles 6 and 7. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

G.S. 126-5 stated in particular terms which state employees were covered by Chapter 126, prohibiting employment discrimination, and G.S. 126-16 addressed the same subject matter in general terms, but G.S. 126-16 did not affirmatively grant a remedy to an employee who was not otherwise covered by Chapter 126; in short, G.S. 126-5 controlled which employees were subject to Chapter 126. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

When a state employee sought review of the termination of her employment, G.S. 126-5 foreclosed her reliance on any of the provisions of the State Personnel Act, Chapter 126, because she was exempt from the Act, was not a career state employee, and her position was classified as "instructional and research staff of the University of North Carolina." Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Scope of Chapter 126's authority was set out in G.S. 126-5, which stated, in subdivision (a)(1), that the provisions of Chapter 126 applied to all state employees not therein exempt. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Director of Highway Beautification Program Policymaking Exempt Position. — Evidence that the Director of the Highway Beautification Program had authority to impose the final decision as to a settled course of action to be followed within the Department of

Transportation was sufficient to designate the position as policymaking exempt under this section. Powell v. North Carolina DOT, 347 N.C. 614, 499 S.E.2d 180 (1998).

Chief of Internal Audit Section of Department of Transportation Not Policymaking Exempt Position. — Even though the Chief of the Internal Audit Section of the Department of Transportation had final decision-making authority within that section, he had no authority to impose a final decision as a settled course of action within the Department or any division thereof and thus the position could not properly be designated as policymaking exempt under this section. North Carolina DOT v. Hodge, 347 N.C. 602, 499 S.E.2d 187 (1998).

Assistant Commissioner of Motor Vehicles Policymaking Exempt Position. — The decision and order of the State Personnel Commission, determining that the position of Assistant Commissioner of Motor Vehicles was "exempt policymaking," was not supported by substantial evidence in the record. Jordan v. DOT, 140 N.C. App. 771, 538 S.E.2d 623, 2000 N.C. App. LEXIS 1272 (2000), cert denied, 353 N.C. 376, 547 S.E.2d 412 (2001).

Not All Local Government Employees Covered. — This Chapter does not establish a public policy that all local government employees have the protection of a grievance procedure. With certain exceptions, this Chapter applies to county employees only as the "boards of county commissioners may from time to time determine." Walter v. Vance County, 90 N.C. App. 636, 369 S.E.2d 631 (1988).

The legislature did not intend for local city or county employees to be included in the class of persons protected by Chapter 126. Conran v. New Bern Police Dep't, 122 N.C. App. 116, 468 S.E.2d 258 (1996).

Former Department of Social Services Employee. — Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

The 1977 amendment clearly evinced an intent to change an employee's rights from mere entitlement to assistance in relocation to entitlement to an offer of a job for which he is qualified once such an opening becomes available. North Carolina Dep't of Cor. v. Hill, 313 N.C. 481, 329 S.E.2d 377 (1985).

Department of Correction Employee Held Not Barred from Appeal Procedures of Chapter 150B. — A permanent employee in a non-policymaking, non-academic position in the Department of Correction was not barred from the appeal procedures of the Administrative Procedure Act, Chapter 150B, by that Act's general exclusion of his department from its provisions. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Meaning of "Department Head," in Subsection (e). — The legislative intent, as to the meaning of the term "department head" in subsection (e), is the official who has executive and managerial authority over the department in which an exempt policymaking position is designated, including cabinet department heads, and while the term clearly refers to elected department heads, it does not refer to the Governor. Carrington v. Brown, 136 N.C. App. 554, 525 S.E.2d 230, 2000 N.C. App. LEXIS 104 (2000).

Authority As "Department Head" Under Subsection (e). — Because the chairman of the Employment Security Commission (ESC) had the authority to staff and make personnel decisions in the ESC, she had the authority as a "department head", pursuant to subsection (e) of this section, to dismiss plaintiff from his exempt policymaking position within the ESC. Carrington v. Brown, 136 N.C. App. 554, 525 S.E.2d 230, 2000 N.C. App. LEXIS 104 (2000).

The term "priority" in the language of subsection (e), providing that "such employee shall have priority to any position that becomes available for which the employee is qualified", gives an affected employee the right to an automatic offer of a position which becomes available. North Carolina Dep't of Cor. v. Hill, 313 N.C. 481, 329 S.E.2d 377 (1985).

In subsection (e), the phrase "such employee shall have priority to any position that becomes available for which the employee is qualified" means that if the employee is qualified for a job in state government which is available, he must be offered this job before it can be filled by anyone else, by promotion or otherwise. North Carolina Dep't of Cor. v. Hill, 313 N.C. 481, 329 S.E.2d 377 (1985).

Property Interest in Employment. — An employee who is subject to the State Personnel Act and who holds a "trainee" appointment as defined by the North Carolina Administrative Code does not have a property interest in her continued employment which is protected by the due process clause of the Fourteenth Amendment. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Review of Recommended Decision. — No statutory authority exists for the State Personnel Commission to review an administrative law judge's recommended decision in a case involving an exempt employee. Johnson v. Natural Resources & Community Dev., 98 N.C. App. 334, 391 S.W.2d 48 (1990).

Application to District Attorneys. — The protections of the Whistleblower Act apply to all state employees and authorize an action by a wrongfully discharged employee against employers who are constitutional officers, including district attorneys. Caudill v. Dellinger, 129 N.C. App. 649, 501 S.E.2d 99 (1998), cert. denied, 349 N.C. 353, 517 S.E.2d 888 (1998), aff'd, 350 N.C. 89, 511 S.E.2d 304 (1999).

Since an investigatorial assistant's public statements criticizing the district attorney's discretionary decisions and the disruption of his office's working relationship with law enforcement agencies were sufficient reasons, standing alone, to terminate the investigatorial assistant's at will employment, the district attorney's decision to terminate him rested within his lawful and discretionary scope of authority; because the investigatorial assistant's termination was not injurious to the public or against the public good, there was no evidence to establish a genuine issue of material fact to support a claim for wrongful discharge against the district attorney. Hines v. Yates, 171 N.C. App. 150, 614 S.E.2d 385, 2005 N.C. App. LEXIS 1267 (2005).

Application to UNC Instructional Staff. — The Agricultural Extension Agent who was discharged could not establish a property right in his job under this act because he was part of the instructional staff of the UNC system and therefore exempt from its protections. McCallum v. North Carolina Coop. Extension Serv., 142 N.C. App. 48, 542 S.E.2d 227, 2001 N.C. App. LEXIS 51 (2001), cert. denied, 353 N.C. 452, 548 S.E.2d 527 (2001).

Assistant director of the North Carolina State University's Office of Disability Services for Students could not seek review of the termination of her employment through the Office of Administrative Hearings because, under G.S. 126-5(c1)(8), instructional and research staff of the University of North Carolina were specifically exempted from all provisions of the State Personnel Act, G.S. 126-1 et seq., except Chapter 126, Articles 6 and 7. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Application of Veterans Preference. — Pursuant to G.S. 126-83, employees of the System designated in subdivision (a)(2) of this section are expressly excluded from the Preference afforded by G.S. 126-80 but, if qualified under G.S. 128-15, are entitled to the veterans preference thereunder applicable to all employees of State departments, agencies and institutions. Wright v. Blue Ridge Area Auth., 134 N.C. App. 668, 518 S.E.2d 772, 1999 N.C. App. LEXIS 899 (1999), cert. denied, 351 N.C. 122, 541 S.E.2d 472 (1999).

Former employee of a health organization was considered a county health department employee under G.S. 126-5, where the employee was paid through the county payroll department as a health department employee, the health department's interim director asserted that her department was responsible for supervising the employee, the employee's termination letter was issued by the county health department and signed by its interim director, and the employee was subject to the county personnel policies and classified as a probationary employee under that policy. Greene v. Swain County P'ship for Health, 342 F. Supp. 2d 442, 2004 U.S. Dist. LEXIS 20193 (W.D.N.C. 2004).

Employment of a trainee who was in a probationary period with the North Carolina Department of Revenue was not exempted by G.S. 126-5 from the appeals process through the North Carolina State Personnel Commission; although the trainee was not a "career" state employee, G.S. 126-36(a) allowed the Commission to review his claims derived from alleged discrimination on the basis of religion. Vanderburg v. N.C. Dep't of Revenue, 168 N.C. App. 598, 608 S.E.2d 831, 2005 N.C. App. LEXIS 451 (2005).

OPINIONS OF ATTORNEY GENERAL

Employment and termination of local health director are subject to the provisions of Chapter 126, the State Personnel Act, and termination or discharge of a health director must comply with all statutory provisions and regulations duly adopted by the State Personnel Commission pursuant to Chapter 126. See opinion of Attorney General to Mr. Michael S. Kennedy, Esquire, Attorney for Cleveland County Board of Health, and Mr. Robert W. Yelton, Esquire, Attorney for Cleveland County, 55 N.C.A.G. 113 (1986).

The Departments of Human Resources [now Department of Health and Human Services] and Department of Correction determine initially whether a particular position is a teaching or related education position within the meaning of subsection (c3). If an employee disputes that decision, he has a right to appeal to the State Personnel Commission and to have the commission resolve the dispute. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 57 N.C.A.G. 13 (1987).

Salaries of Exempt Personnel. — The Secretary of the Department of Human Resources and the Secretary of the Department of Correction have authority to set the salary schedules for persons employed by their departments in teaching and related educational positions exempt from the State Personnel Act by subsection (c3) of this section. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 57 N.C.A.G. 13 (1987).

The salary schedules established by the Department of Human Resources and the Department of Correction for educational personnel exempt from the State Personnel Act must correspond to the salary schedules established by the State Board of Education for public school employees except in cases where the duties of employees do not correspond to the duties of public school employee positions. In such cases the salary schedule should conform as closely as possible to the public school salary schedules. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 57 N.C.A.G. 13 (1987).

Specific Statutory Language Required to Exempt Agency. — Once an individual is entitled to priority employment rights within the State Personnel System, only specific statutory language will be sufficient to eliminate any agency from making a vacancy available to the individual. See opinion of Attorney General to Mr. Brent Lane, Executive Director, N.C. Technological Development Authority, 59 N.C.A.G. 31 (1989).

Entitlement to Reemployment. — When it has been determined either judicially or by the State Personnel Commission that a person is entitled to reemployment rights and a position becomes open within State government for which that person is qualified, the person must be offered that position. See opinion of Attorney General to Mr. Brent Lane, Executive Director, N.C. Technological Development Authority, 59 N.C.A.G. 31 (1989).

Agency Not Exempted from Accepting Individuals Entitled to Priority Reemployment. — The power of the North Carolina Technological Development Authority under G.S. 143B-471.3A(2) to "employ ... staff as it deems necessary" does not exempt the agency from having to accept state employees entitled to priority reemployment rights under the State Personnel System. See opinion of Attorney General to Mr. Brent Lane, Executive Director, N.C. Technological Development Authority, 59 N.C.A.G. 31 (1989).

Acquisition of Nonprofit Corporation by University of North Carolina Health Care System. — Employees of a nonprofit corporation would not become state employees after the acquisition of the corporation by the University of North Carolina Health Care System. See opinion of Attorney General to Representative Daniel T. Blue, Jr., 2000 N.C. AG LEXIS 23 (3/8/2000).

Employees of a nonprofit corporation would not become state employees after the acquisition of the corporation by the University of North Carolina Health Care System. See opinion of Attorney General to Ms. Susan H. Ehringhaus, Senior University Counsel, 2000 N.C. AG LEXIS 32 (2/17/2000).

§ 126-6: Repealed by Session Laws 1991, c. 65, s. 3.

§ 126-6.1: Repealed by Session Laws 1993, c. 397, s. 1.

§ 126-6.2. Reports.

(a) Beginning January 1, 1998, and quarterly thereafter, the head of each State agency, department, or institution employing State employees subject to the State Personnel Act shall report to the Office of State Personnel on the following:

(1) The costs associated with the defense or settlement of administrative grievances and lawsuits filed by current or former State employees and applicants for State employment, including the costs of settlements, attorneys' fees, litigation expenses, damages, or awards incurred by the respective State agencies, departments, and institutions. The report shall include an explanation of the fiscal impact of these costs upon the operations of the State agency, department, or institution.

(2) The modification of position descriptions resulting in changes in position qualifications to allow the use of educational, experience, or other equivalencies in the hiring or promotion of State employees where such equivalencies were not previously used in the position descriptions. The report shall include an explanation of the reasons for the changes in the position descriptions and the bases for the use of the equivalencies.

(b) Beginning May 1, 1998, and annually thereafter, the State Personnel Commission shall report to the Joint Legislative Commission on Governmental Operations on the costs associated with the defense or settlement of lawsuits and on the use of position qualification equivalencies, as compiled in accordance with subsection (a) of this section.

(c) Beginning May 1, 1998, and then annually thereafter, the State Personnel Commission, through the Office of State Personnel, shall report to the Joint Legislative Commission on Governmental Operations on outcomes with respect to State employee hirings, promotions, disciplinary actions, and compensation, based upon demographics. (1997-520, s. 8(a)-(c).)

Editor's Note. — Session Laws 1997-520, ss. 8(a)-(c), were codified as this section at the direction of the Revisor of Statutes.

ARTICLE 2.

Salaries, Promotions, and Leave of State Employees.

§ 126-7. Compensation of State employees.

(a) It is the policy of the State to compensate its employees at a level sufficient to encourage excellence of performance and to maintain the labor market competitiveness necessary to recruit and retain a competent work force. To this end, salary increases to State employees shall be implemented through the Comprehensive Compensation System based upon the individual performance of each State employee. The Comprehensive Compensation System shall combine salary increases and awards into an interrelated system of compensation that furthers the recruitment, retention, career service, and outstanding performance of State employees.

(a1) Repealed by Session Laws 1993, c. 388, s. 1.

(a2) For the purpose of this section, unless the context indicates otherwise:

(1) "Career growth recognition award" means an annual salary increase awarded to a State employee whose final annual performance appraisal indicates job performance that meets or exceeds management's expectations and performance requirements;

(2) "Cost-of-living adjustment" means a general salary increase given to State employees in response to inflation and labor market factors;

(3) "Performance bonus" means a salary increase that is awarded in a lump sum to a State employee whose final annual performance

appraisal indicates job performance that exceeds management's expectations and performance requirements.

(b) To guide the Governor and the General Assembly in making appropriations to fund the Comprehensive Compensation System, the State Personnel Commission shall conduct annual compensation surveys. The Commission shall present the results of the compensation survey to the Appropriations Committees of the House and Senate no later than two weeks after the convening of the legislature in odd years and May 1st of even years.

(b1) The Comprehensive Compensation System shall consist of the following components: (i) the career growth recognition award, (ii) the cost-of-living adjustment, and (iii) the performance bonus. The career growth recognition award shall be the primary method by which an employee progresses through his or her salary range and shall be awarded annually to employees who qualify for the award. An employee may receive, within a 12-month period, the career growth recognition award, the cost-of-living adjustment, and the performance bonus, if the employee's job performance equals or exceeds the level of performance set forth in subdivisions (4), (4a), and (4b) of subsection (c) of this section. No employee shall be eligible to receive during a 12-month period a performance bonus greater than the maximum amount or less than the minimum amount established by the Commission. Nothing in this section shall affect the system of longevity payments established by the Commission.

(c) Career growth recognition awards, cost-of-living adjustments, and performance bonuses shall be based on annual performance appraisals of all employees conducted by each department, agency, and institution. The State Personnel Commission, under the authority of G.S. 126-4(8), shall adopt policy and regulations for performance appraisal. The policy and regulations shall include the following:

(1) The performance appraisal system of each department, agency, or institution shall be designed and administered to ensure that career growth recognition awards, cost-of-living adjustments, and performance bonuses are distributed fairly.

(2) To be eligible to distribute career growth recognition awards, cost-of-living adjustments, and performance bonuses, a department, agency, or institution shall have an operative performance appraisal system which has been approved by the Commission. The performance appraisal system adopted shall use a rating scale of five levels, with level four or better qualifying for performance bonuses, level three or better qualifying for career growth recognition awards, and level two or better qualifying for cost-of-living adjustments. The performance appraisal system adopted shall adhere to modern personnel management techniques and practices in common use in the public and private sectors.

(3) The State Personnel Director shall help departments, agencies, and institutions to establish and administer their performance appraisal systems and shall provide initial and ongoing training in performance appraisal and performance system administration.

(4) An employee whose performance is rated at or above level four of the rating scale shall be eligible to receive, subject to the rules and regulations of the Commission, a performance bonus unless the employee's supervisor justifies in writing to the employee the decision not to award the performance bonus. Other than the Commission, no department, agency, or institution shall set limits so as to preclude an employee whose performance exceeds management's expectations and performance requirements from consideration for a performance bonus.

(4a) An employee whose performance is rated at or above level three of the rating scale shall receive a career growth recognition award unless the employee's supervisor justifies in writing to the employee the decision not to give the career growth recognition award. The career growth recognition award shall represent a two percent (2%) increase within the employee's assigned pay grade. In no event shall any award increase an employee's compensation above the maximum of the range. Other than the Commission, no agency, department, or institution shall set limits so as to preclude an employee whose performance meets or exceeds management's expectations and performance requirements from receiving a career growth recognition award.

(4b) An employee whose performance is rated at or above level two of the rating scale and who has not received a suspension without pay or demotion that has not been resolved shall receive a cost-of-living increase. Other than the Commission, no agency, department, or institution shall set limits or initiate written disciplinary procedures for the purpose of precluding an eligible employee from receiving a cost-of-living adjustment.

(5), (5a) Repealed by Session Laws 1993, c. 388, s. 1.

(6) The State Personnel Director may rescind any career growth recognition award or performance bonus that does not appear to meet the intent of the provisions of the performance appraisal system and require the originating department, agency, or institution to reconsider or justify the increase.

(7) An employee who disputes the fairness of his or her performance appraisal or the amount of a performance bonus awarded or who believes that he or she was unfairly denied a career growth recognition award or performance bonus shall first discuss the problem with his or her supervisor. Appeals of the supervisor's decision shall be made only to the grievance committee or internal performance review board of the department, agency, or institution which shall make a recommendation to the head of the department, agency, or institution for final decision, or when consented to by both the agency and the employee, the supervisor's decision may be appealed by following the alternative dispute resolution process adopted by the State Personnel Commission. The State Personnel Director shall help a department, agency, or institution establish an internal performance review board or, if it includes employee members, to use its existing grievance committee to hear performance pay disputes. Notwithstanding G.S. 150B-2(2) and G.S. 126-22, 126-25, and 126-34, performance pay disputes, including disputes about individual performance appraisals, shall not be considered contested case issues.

(7a) Each department, agency, and institution shall establish a performance management and pay advisory committee as part of the performance appraisal system. The purpose of the committee is to ensure that salary increases and awards are made in an equitable manner. The committee shall be responsible for reviewing:

a. Agency salary increase and award policies to determine whether this section and any guidelines promulgated by the State Personnel Commission have been adhered to;
b. Agency training and education programs to determine whether all employees receive appropriate information; and
c. Performance appraisal ratings within the department, agency, or institution to determine whether an equitable distribution has been made.

The committee must have a minimum of five members. The head of each department, agency, and institution shall appoint the members of the committee with equal representation of nonsupervisory, supervisory, and management employees. The committee shall elect its own chair.

The performance management and pay advisory committee shall meet at least two times each year. The committee shall submit a written report following each meeting to the head of the department, agency, or institution. The report shall include recommendations for changes and corrections in the administration of the performance management system. The recommendations of the committee shall be advisory only. The head of the department, agency, or institution shall respond to the committee within three months. Copies of the report shall be included in the report to the Office of State Personnel that is required of that agency, department, or institution. Summaries of the report shall be included in the annual reports that are mandated by this subsection.

(8) The State Personnel Director shall monitor the performance appraisal system and the distribution of salary increases and awards within each department, agency, and institution. Each department, agency, and institution shall submit to the Director annual reports which shall include data on the demographics of performance ratings, the frequency of evaluations, the distribution of salary increases and awards, and the implementation schedule for salary increases and awards. The Director shall analyze the data to ensure that salary increases and awards are distributed fairly within each department, agency, and institution and across all departments, agencies, and institutions of State government and shall report back to each department, agency, and institution on its appraisal and distribution performance.

(9) The State Personnel Director shall report annually on the Comprehensive Compensation System to the Commission. The report shall evaluate the performance of each department, agency, and institution in the administration of its appraisal system and the distribution of salary increases and awards within each department, agency, and institution and across State government. The report shall include recommendations for improving the performance appraisal system and alleviating inequities. Copies of the report, as adopted by the State Personnel Commission, shall be sent to the Governor, Lieutenant Governor, President Pro Tempore of the Senate, Speaker of the House of Representatives, the standing personnel committees of the House of Representatives and the Senate, and the State Auditor. The State Personnel Director shall recommend to the General Assembly for its approval sanctions to be levied against departments, agencies, and institutions that have deficient performance appraisal systems or that do not link salary increases and awards to employee job performance. These sanctions may include withholding salary increases and awards from the managers and supervisors of individual employing units of departments, agencies, and institutions in which discrepancies exist.

(10) Repealed by Session Laws 1993, c. 388, s. 1.

(d) Repealed by Session Laws 1993, c. 388, s. 1.

(e) The Governor and the General Assembly, subject to availability of funds, shall advance the State's Comprehensive Compensation System by recommending and making annual appropriations to the Comprehensive Compensation System in the following manner:

(1) The career growth recognition award component shall be funded each year at the level required for full implementation as provided by this section.

(2) To the extent that expansion funds are available, the Comprehensive Compensation System shall receive an additional appropriation to fund cost-of-living adjustments. Any remaining available funds shall next be allocated to provide for performance bonuses. The level of the performance bonus allocation shall not exceed two percent (2%) of the total employee payroll. (1965, c. 640, s. 2; 1975, c. 667, s. 2; 1977, c. 802, s. 40.5; c. 866, s. 6; 1977, 2nd Sess., c. 1213; 1989, c. 796; 1989 (Reg. Editor's Note. — Session Laws 2007-453, ss. 1 through 6, provide: "1. The State Board of Education shall establish a pilot program authorizing the implementation of alternative teacher salary plans. The purpose of the pilot program is to enable local school administrative units to develop and implement new and innovative teacher salary plans that will improve student performance by financially rewarding teachers through performance pay plans, recruiting teachers to the school unit, and recruiting teachers to hard-to-fill positions in specific subject areas. The State Board of Education may select up to five local school administrative units to participate in the pilot program.

"2. Local school administrative units applying to participate in the pilot program shall submit to the State Board of Education a business plan adopted by the local board of education. The business plan shall:

"(1) Explain in detail how additional flexibility regarding the use of salary funds will be used to accomplish specific improvements in student academic performance;

"(2) Describe the alternative methods to be used, the changes to existing practices proposed for the pilot, the incentives or alternative salary structure to be deployed, the expectations for teachers and other employees who participate in the pilot, the anticipated results, and the methods by which teachers and other employees will be evaluated;

"(3) Set out the laws, rules, and policies that must be waived to implement the business plan and the expected outcomes of waiving them;

"(4) Explain how the plan will be administered in a nondiscriminatory manner to assure fair and equitable treatment of all employees and employee groups participating in the pilot;

"(5) Include specific implementation, time line, management, performance, and reporting benchmarks;

"(6) Include statements of how teachers and other stakeholders were included in the development of the plan; and

"(7) Include a statement of how all teachers who will be directly participating in the plan conducted a verifiable secret ballot vote, a statement that the results of the vote were presented to the planning team and local board of education prior to the local board's consideration of the final plan, and a statement that the majority of teachers in the schools participating in the plan and the school administration team have agreed on the design of the plan.

"3. The State Board of Education may grant waivers of laws, rules, and policies to pilot units that are necessary to implement the business plans submitted by the pilot units.

"4. The Department of Public Instruction shall notify all school districts of the availability of the pilot projects and the time lines for submission of the business plans. The Department of Public Instruction shall report to the Joint Legislative Education Oversight Committee as to the number of districts that have submitted business plans, the types of waivers being requested, and the status of the selection process.

"5. The Financial Services Section of the Department of Public Instruction shall monitor the implementation of the business plans by the pilot units and shall report its findings regularly to the State Board of Education and the Joint Legislative Education Oversight Committee.

"6. The Department of Public Instruction and the State Board of Education shall report to the Joint Legislative Education Oversight Committee by June 30, 2010, regarding the effectiveness and performance of all pilots implemented under this act. The report shall include any recommendations regarding the continuation, modification, or elimination of the pilot program."

OPINIONS OF ATTORNEY GENERAL

The intent behind the 1998 amendments was that affected employees would receive the 1998 COLA of 1%, based on their June 30, 1998, salary, that the COLA would become effective July 1, 1998, and that employees would receive retroactive pay to that date. See opinion of Attorney General to Mr. Ronald G. Penny State Personnel Director Office of State Personnel, 1998 N.C.A.G. 52 (12/3/98).

State employee subject to State Personnel Act may be denied performance pay increase solely on grounds that he is already at maximum rate of salary range for his pay grade. See opinion of Attorney General to Mr. Joseph E. Johnson, Senator, 14th Senatorial District, 60 N.C.A.G. 19 (1990).

§ 126-7.1. Posting requirement; State employees receive priority consideration; reduction-in-force rights; Work First hiring.

(a) All vacancies for which any State agency, department, or institution openly recruit shall be posted within at least the following:

(1) The personnel office of the agency, department, or institution having the vacancy; and

(2) The particular work unit of the agency, department, or institution having the vacancy

in a location readily accessible to employees. If the decision is made, initially or at any time while the vacancy remains open, to receive applicants from outside the recruiting agency, department, or institution, the vacancy shall be listed with the Office of State Personnel for the purpose of informing current State employees of such vacancy. The State agency, department, or institution may not receive approval from the Office of State Personnel to fill a job vacancy if the agency, department, or institution cannot prove to the satisfaction of the Office of State Personnel that it complied with these posting requirements. The agency, department, or institution which hires any person in violation of these posting requirements shall pay such person when employment is discontinued as a result of such violation for the work performed during the period of time between his initial employment and separation.

(a1) State employees to be affected by a reduction in force shall be notified of the reduction in force as soon as practicable, and in any event, no less than 30 days prior to the effective date of the reduction in force.

(a2) The State Personnel Commission shall adopt rules to provide that priority consideration for State employees separated from State employment as the result of reductions in force is to enable a State employee's return to career service at a salary grade and salary rate equal to that held in the most recent position. The State Personnel Commission shall provide that a State employee who:

(1) Accepts a position at the same salary grade shall be paid at the same salary rate as the employee's previous position.

(2) Accepts a position at a lower salary grade than the employee's previous position shall be paid at the same rate as the previous position unless the salary rate exceeds the maximum of the new salary grade. When the salary rate exceeds the maximum of the salary grade, the employee's new salary rate shall be reduced to the maximum of the new salary grade.

(b) Subsection (a) of this section does not apply to vacancies which must be filled immediately to prevent work stoppage or the protection of the public health, safety, or security.

(c) If a State employee subject to this section:

(1) Applies for another position of State employment that would constitute a promotion and;

(2) Has substantially equal qualifications as an applicant who is not a State employee

then the State employee shall receive priority consideration over the applicant who is not a State employee. This priority consideration shall not apply when the only applicants considered for the vacancy are current State employees.

(c1) If a State employee who has been separated due to reduction in force or who has been given notice of imminent separation due to reduction in force:

(1) Applies for another position of State employment equal to or lower in salary grade than the position held by the employee at the time of notification or separation; and

(2) Is determined qualified for that position

then within all State agencies, the State employee shall receive priority consideration over all other applicants but shall receive equal consideration with other applicants who are current State employees not affected by the reduction in force. This priority shall remain in effect for a period of 12 months from the date the employee receives notification of separation by reduction in force. State employees separated due to reduction in force shall receive higher priority than other applicants with employment or reemployment priorities, except that the reemployment priority created by G.S. 126-5(e)(1) shall be considered as equal. The reduction-in-force priority created by this subsection shall be administered in accordance with rules promulgated by the State Personnel Commission.

(c2) If the applicants for reemployment for a position include current State employees, a State employee with more than 10 years of service shall receive priority consideration over a State employee having less than 10 years of service in the same or related position classification. This reemployment priority shall be given by all State departments, agencies, and institutions with regard to positions subject to this Chapter.

(d) "Qualifications" within the meaning of subsection (c) of this section shall consist of:

(1) Training or education;

(2) Years of experience; and

(3) Other skills, knowledge, and abilities that bear a reasonable functional relationship to the abilities and skills required in the job vacancy applied for.

(e) Each State agency, department, and institution is encouraged to hire into State government employment qualified applicants who are current or former Work First Program participants.

(f) Each State agency, department, institution, university, community college, and local education agency shall verify, in accordance with the Basic Pilot Program administered by the United States Department of Homeland Security pursuant to 8 U.S.C. § 1101, et seq, each individual's legal status or authorization to work in the United States after hiring the individual as an employee to work in the United States. (1987, c. 689, s. 2; 1991, c. 65, s. 4; c. 474, s. 1; 1995, c. 141, s. 9; c. 507, s. 7.20(a); 1997-443, s. 12.7(d); 2006-259, s. 23.1(a).)

Editor's Note. — Session Laws 2006-259, s. 23.1(b), provides: "This section does not apply to persons under contract or subcontract. This section applies to employees hired on or after January 1, 2007, except that it applies to employees of local education agencies hired on or after March 1, 2007."

Session Laws 2009-451, s. 26.14D, provides: "For the 2009-2011 fiscal biennium, the priority consideration afforded to State employees pursuant to G.S. 126-7.1(c1) shall remain in effect for an additional 12-month period."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

Session Laws 2009-451, s. 28.5 is a severability clause.

CASE NOTES

Priority Consideration. — Where nurse was a state employee who applied for a supervisory nursing position of state employment, and there was substantial evidence to support the finding that petitioner's qualifications were "substantially equal" to the non-state employee applicant, the State Personnel Commission did not err in applying the state employee priority consideration provision. Dockery v. North Carolina Dep't of Human Resources, 120 N.C. App. 827, 463 S.E.2d 580 (1995).

Judgment for a former state employee was reversed as the phrase "in the same or related position classification" in G.S. 126-7.1(c2) applied to both state employees with more and less than 10 years of service; as the employee did not have more than 10 years of service in the same or related position classification, she was not entitled to priority consideration for a vacant position. Wilkins v. N.C. State Univ., 178 N.C. App. 377, 631 S.E.2d 221, 2006 N.C. App. LEXIS 1399, cert. denied, 637 S.E.2d 219 (N.C. 2006).

Phrase "in the same or related position classification" in G.S. 126-7.1(c2) applies to both state employees with more and less than 10 years of service. Wilkins v. N.C. State Univ., 178 N.C. App. 377, 631 S.E.2d 221, 2006 N.C. App. LEXIS 1399, cert. denied, 637 S.E.2d 219 (N.C. 2006).

OPINIONS OF ATTORNEY GENERAL

State's Use of Personnel Agency to Fill Positions. — This section does not prohibit the State or one of its agencies from utilizing the services of a personnel agency or search firm to find candidates for a difficult-to-recruit position after other efforts to fill the position have failed; however, the statutorily mandated promotional priority for state employees under this section restricts and limits the ability of state agencies to act in this situation. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 58 N.C.A.G. 91 (1988).

A university may restrict the applicant pool for a vacant position to employees currently employed within the individual department in which the vacancy occurs, as long as it makes it clear that it is not receiving or considering any applications from outside the department and does not, in fact, receive or consider any outside applications. See opinion of Attorney General to Mr. Ronald Penny, State Personnel Director, Office of State Personnel, 1998 N.C.A.G. 21 (5/1/98).

§ 126-7.2. Time limit for appeals of applicants and noncareer State employees.

Any applicant or employee that has not attained career status, appealing any decision or action shall file a petition for contested case hearing with the Office of Administrative Hearings as provided in G.S. 150B-23(a) no later than 30 days after receipt of notice of the decision or action which triggers the right of appeal. (1995, c. 141, s. 10.)

§ 126-8. Minimum leave granted State employees.

The amount of vacation leave granted to each full-time State employee subject to the provisions of this Chapter shall be determined in accordance with a graduated scale established by the State Personnel Commission which shall allow the equivalent rate of not less than two weeks' vacation per calendar year, prorated monthly, cumulative to at least 30 days. On December 31 of each year, any State employee who has vacation leave in excess of the allowed accumulation shall have that leave converted to sick leave. Sick leave allowed as needed to such State employees shall be at a rate not less than 10 days for each calendar year, cumulative from year to year. Notwithstanding any other provisions of this section, no full-time State employee subject to the provisions of Chapter 126, as the same appears in the Cumulative Supplement to Volume 3B of the General Statutes, on May 23, 1973, shall be allowed less than the equivalent of three weeks' vacation per calendar year, cumulative to at least 30 days. (1965, c. 640, s. 2; 1973, c. 697, ss. 1, 2; 1975, c. 667, s. 2; 1993, c. 321, s. 73(f); c. 561, s. 18(a).)

Editor's Note. — Session Laws 2002-126, s. 28.3B, provides: "A State employee is entitled to take up to 52 weeks of leave without pay during a five-year period in order to care for the employee's child, spouse, or parent, where that child, spouse, or parent has a serious health condition. For State employees subject to the State Personnel Act, this leave shall be administered under the Family and Medical Leave procedures of the State Personnel Commission. Benefits under this section for employees not subject to the State Personnel Act shall be administered under the Family and Medical Leave procedures applicable to those employees. Benefits under this section are supplemental to any benefit to which an employee may otherwise be entitled."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capital Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6, is a severability clause.

§ 126-8.1. Paid leave for certain athletic competition.

(a) As used in this section, the term "United States team" includes any group leader, coach, official, trainer, or athlete who is a member of an official United States delegation in Pan American, Olympic or international athletic competition.

(b) Any State employee or public school employee paid by State funds who has been chosen to be a member of a United States team for Pan American, Olympic or international competition shall be granted paid leave, in addition to annual and sick leave that person is otherwise entitled to, for the sole purpose of training for and competing in that competition. The paid leave shall be for the period of the official training camp and competition or 30 days a year, whichever is less.

(c) The Department of Administration may adopt such rules and regulations as are reasonable and necessary to carry out the provisions of this section, with the approval of the Governor. (1979, c. 708; 1983, c. 717, s. 42; 1985, (Reg. Sess., 1986), c. 955, ss. 44, 45; 2006-203, s. 69.)

Editor's Note. — Session Laws 2006-203, s. 126, provides in part: "Prosecutions for offenses committed before the effective date of this act [July 1, 2007] are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-203, s. 69, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, deleted the former last sentence of (c), which read: "Prior to taking any action under this section, the Governor may consult with the Advisory Budget Commission."

§ 126-8.2. Replacement of law-enforcement officer on final sick leave.

When a sworn law-enforcement officer employed by the State is on sick leave, and the head of the department employing the officer has obtained a certification from a physician that the officer will not recover and return to duty, a replacement for the officer may be hired even though the resulting number of employees in the department exceeds the number for which an appropriation was made in the Current Operations Appropriations Act, if sufficient funds are available from appropriations to the department for salaries to pay the salary of both the new employee and the officer on sick leave until the officer's accumulated leave is exhausted or his employment is terminated. (1983 (Reg. Sess., 1984), c. 1034, s. 105.)

§ 126-8.3. Voluntary shared leave.

The State Personnel Commission, in cooperation with the State Board of Community Colleges and the State Board of Education, shall adopt rules and policies to allow any employee at a State agency to share leave voluntarily with an immediate family member who is an employee of a State agency, community college, or public school; and with a coworker's immediate family member who is an employee of a State agency, community college, or public school. For the purposes of this section, the term "immediate family member" means a spouse, parent, child, brother, sister, grandparent, or grandchild. The term includes the step, half, and in-law relationships. The term "coworker" means that the employee donating the leave is employed by the same agency, department, institution, university, local school administrative unit, or community college as the employee whose immediate family member is receiving the leave. (1999-170, s. 1; 2003-9, s. 1; 2003-284, s. 30.14A(a).)

Editor's Note. — Session Laws 2003-9, s. 4, provides: "Prior to the adoption of any rules pursuant to this Act:

"(a) The president of any community college shall allow any employee of that community college to share leave voluntarily with an immediate family member, as defined in Section 3 of this Act, who is an employee of a community college, public school, or State agency; and

"(b) Community colleges, public schools, and State agencies shall permit eligible employees to receive leave pursuant to this Act."

§ 126-8.4. (See note on condition precedent) No sick leave taken for absences by State employees resulting from adverse reactions to vaccination.

(a) Absence from work by an employee shall not count against the employee's sick leave, and the employee's salary shall continue during the absence when the employee receives in employment vaccination against smallpox incident to the Administration of Smallpox Countermeasures by Health Professionals, section 304 of the Homeland Security Act, Pub. L. No. 107-296 (Nov. 25, 2002) (to be codified at 42 U.S.C. § 233(p)) and the absence is due to the employee having an adverse medical reaction resulting from the vaccination. The provisions of this subsection shall apply for a maximum of 480 employment hours. The employing department, agency, institution, or entity may require the employee to obtain certification from a health care provider justifying the need for leave after the first 24 hours of leave taken pursuant to this subsection.

(b) Absence from work by an employee shall not count against the employee's sick leave, and the employee's salary shall continue during the absence when the employee is permanently or temporarily living in the home of a person who receives in employment vaccination against smallpox incident to the Administration of Smallpox Countermeasures by Health Professionals, section 304 of the Homeland Security Act, Pub. L. No. 107-296 (Nov. 25, 2002) (to be codified at 42 U.S.C. § 233(p)) and the absence is due to (i) the employee having an adverse medical reaction resulting from exposure to the vaccinated person, or (ii) the need to care for the vaccinated person who has an adverse medical reaction resulting from the vaccination. The provisions of this subsection shall apply for a maximum of 480 employment hours. The employing department, agency, institution, or entity may require the employee to obtain certification from a health care provider justifying the need for leave after the first 24 hours of leave taken pursuant to this subsection.

(c) Notwithstanding any other provisions of this Chapter, this section applies to all State employees. (2003-169, s. 4.)

Condition Precedent to Recovery of Compensation and Benefits for Adverse Reactions to Vaccination. — Session Laws 2003-169, s. 7, provides: "In the event that federal regulatory or statutory provisions providing compensation and benefits to persons for infection with smallpox, infection with vaccinia, or any adverse medical reaction incident to the Administration of Smallpox Countermeasures by Health Professionals, section 304 of the Homeland Security Act, Pub. L. No. 107-296 (Nov. 25, 2002) (to be codified at 42 U.S.C. § 233(p)) are adopted, a condition precedent to recovery under this act shall be that the person claiming compensation and benefits under this act shall first seek compensation and benefits under the federal provisions, with those provisions constituting primary coverage and the person then being entitled to compensation and benefits under this act not exceeding a total recovery under the federal provisions and this act equal to the amount available under the applicable provisions of this act." The Smallpox Emergency Personnel Protection Act of 2003, Public Law 108-20, 117 Stat. 638, authorized the Secretary of Health and Human Services to establish the Smallpox Vaccine Injury Compensation Program, which covers individuals immunized through Jan. 23, 2005 (smallpox) or vaccinia contacts who show symptoms by Feb. 22, 2005.

Editor's note. — Session Laws 2003-169, s. 9, made this section effective June 12, 2003, and applicable to claims arising from infection or adverse medical reactions related to smallpox vaccinations incident to the Administration of Smallpox Countermeasures by Health Professionals, section 304 of the Homeland Security Act, Pub. L. No. 107-296 (Nov. 25, 2002) (to be codified at 42 U.S.C. § 233(p)) whether the infection or adverse medical reactions occurred before, on, or after June 12, 2003.

Session Laws 2003-169, s. 8, is a severability clause.

§ 126-8.5. Discontinued service retirement allowance and severance wages for certain State employees.

(a) When the Director of the Budget determines that the closing of a State institution or a reduction in force will accomplish economies in the State Budget, he shall pay either a discontinued service retirement allowance or severance wages to any affected State employee, provided reemployment is not available. As used in this section, "economies in the State Budget" means economies resulting from elimination of a job and its responsibilities or from a lack of funds to support the job. In determining whether to pay a discontinued service retirement allowance or severance wages, the Director of the Budget shall consider the recommendation of the department head involved and any recommendation of the State Personnel Director. Severance wages shall not be paid to an employee who chooses a discontinued service retirement. Severance wages shall not be subject to employer or employee retirement contributions. Severance wages shall be paid according to the policies adopted by the State Personnel Commission.

Notwithstanding any other provisions of the State's retirement laws, any employee of the State who is a member of the Teachers' and State Employees' Retirement System or the Law-Enforcement Officers' Retirement System and who has his job involuntarily terminated as a result of economies in the State Budget may be entitled to a discontinued service retirement allowance, subject to the approval of the employing agency and the availability of agency funds. An unreduced discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 55 years of age; or a discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 50 years of age, reduced by one-fourth of one percent (¼ of 1%) for each month that retirement precedes his fifty-fifth birthday. In cases where a discontinued service retirement allowance is approved, the employing agency shall make a lump sum payment to the Administrator of the State Retirement Systems equal to the actuarial present value of the additional liabilities imposed upon the System, to be determined by the System's consulting actuary, as a result of the discontinued service retirement, plus an administrative fee to be determined by the Administrator.

The salary used to determine severance wages under this section is the last annual salary except that if the employee was promoted within the previous 12 months, the last annual salary is that annual salary prior to the promotion. If the annual salary prior to the promotion is used, it shall be adjusted to account for any across-the-board legislative salary increases. Excluded from any calculation are any benefits such as, but not limited to, overtime pay, shift pay, holiday premium, or longevity pay.

(b) Any employee separated from State government and paid severance wages under this section shall not be employed under a contractual arrangement by any State agency, other than the constituent institutions of The University of North Carolina and the constituent institutions of the North Carolina Community College System, until 12 months have elapsed since the separation. This subsection does not affect any reduction in force rights that the employee may have. (1979, c. 838, s. 22; 1983, c. 761, s. 225; c. 923, s. 217(R); 1983 (Reg. Session Laws 2006-203, s. 126, provides: "This act becomes effective July 1, 2007, and applies to the budget for the 2007-2009 biennium and each subsequent biennium thereafter. Prosecutions for offenses committed before the effective date of this act [July 1, 2007] are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Editor's Note. — *The opinion cited below was decided under former G.S. 143-27.2*

State Budget Officer Cannot Select Discontinued Service Retirement Allowance Unless Employing Agency Head Has Approved Payment. — The State Budget Officer cannot approve discontinued service retirement allowance when the agency head of the employing agency does not recommend (and approve) such an allowance, even if state funds are available and a state employee meets the age and length of service requirements set forth in this section. ARTICLE 3.

Local Discretion as to Local Government Employees.

§ 126-9. County or municipal employees may be made subject to rules adopted by local governing body.

(a) When a board of county commissioners adopts rules and regulations governing annual leave, sick leave, hours of work, holidays, and the administration of the pay plan for county employees generally and the county rules and regulations are filed with the State Personnel Director, the county rules will supersede the rules adopted by the State Personnel Commission as to the county employees otherwise subject to the provisions of this Chapter.

(b) No county employees otherwise subject to the provisions of this Chapter may be paid a salary less than the minimum nor more than the maximum of the applicable salary range adopted in accordance with this Chapter without approval of the State Personnel Commission. Provided, however, that subject to the approval of the State Personnel Commission, a board of county commissioners may adjust the salary ranges applicable to employees who are otherwise subject to the provisions of this Chapter, in order to cause the level of pay to conform to local financial ability and fiscal policy. The State Personnel Commission shall adopt policies and regulations to ensure that significant relationships within the schedule of salary ranges are maintained.

(c) When two or more counties are combined into a district for the performance of an activity whose employees are subject to the provisions of this Chapter, the boards of county commissioners of the counties may jointly exercise the authority hereinabove granted in subsections (a) and (b) of this section.

(d) When a municipality is performing an activity by or through employees which are subject to the provisions of this Chapter, the governing body of the municipality may exercise the authority hereinabove granted in subsections (a) and (b) of this section. (1965, c. 640, s. 2; 1975, c. 667, s. 2.)

§ 126-10. Personnel services to local governmental units.

The State Personnel Commission may make the services and facilities of the Office of State Personnel available upon request to the political subdivisions of the State. The State Personnel Commission may establish reasonable charges for the service and facilities so provided, and all funds so derived shall be deposited in the State treasury to the credit of the general fund. (1965, c. 640, s. 2; 1975, c. 667, ss. 2, 12.)

§ 126-11. Local personnel system may be established; approval and monitoring; rules and regulations.

(a) The board of county commissioners of any county may establish and maintain a personnel system for all employees of the county subject to its jurisdiction, which system and any substantial changes to the system, shall be approved by the State Personnel Commission as substantially equivalent to the standards established under this Chapter for employees of local departments of social services, local health departments, and area mental health programs, local emergency management programs. If approved by the State Personnel Commission, the employees covered by the county system shall be exempt from all provisions of this Chapter except Article 6.

(a1) With approval of each of the boards of commissioners of the county or counties which comprise the area mental health authority, the area mental health authority may establish and maintain a personnel system for all employees of the area mental health authority, which system and any substantial changes to the system, shall be equivalent to the standards established under this Chapter for employees of area mental health authorities. If approved by the State Personnel Commission, the employees covered by the area mental health authority system shall be exempt from all provisions of this Chapter except Article 6.

(b) A board of county commissioners may petition the State Personnel Commission to determine whether any portion of its total personnel system meets the requirements in (a) above. Upon such determination, county employees shall be exempt from the provisions of this Chapter relating to the approved portions of the county personnel system.

(b1) The board of an area mental health authority, with the approval of each of the boards of commissioners of the county or counties which comprise the area mental health authority, may petition the State Personnel Commission to determine whether any portion of its total personnel system meets the requirements in subsection (a1) above. Upon such determination, area mental health authority employees shall be exempt from the provisions of this Chapter relating to the approved portions of the area mental health authority personnel system except as provided in G.S. 122C-121.

(c) The Office of State Personnel shall monitor at least annually county or area mental health authority personnel systems approved under this section in order to ensure compliance.

(d) In order to define "substantially equivalent," the State Personnel Commission is authorized to promulgate rules and regulations to implement the federal merit system standards and these regulations at a minimum shall include: recruitment and selection of employees; position classification; pay administration; training; employee relations; equal employment opportunity; and records and reports. (1965, c. 640, s. 2; 1975, c. 667, s. 2; 1983, c. 674, s. 1; 1991, c. 65, s. 5; c. 564, s. 1.)

CASE NOTES

Political Activity of Employees.

§ 126-13. Appropriate political activity of State employees defined.

(a) As an individual, each State employee retains all the rights and obligations of citizenship provided in the Constitution and laws of the State of North Carolina and the Constitution and laws of the United States of America; however, no State employee subject to the Personnel Act or temporary State employee shall:

(1) Take any active part in managing a campaign, or campaign for political office or otherwise engage in political activity while on duty or within any period of time during which he is expected to perform services for which he receives compensation from the State;

(2) Otherwise use the authority of his position, or utilize State funds, supplies or vehicles to secure support for or oppose any candidate, party, or issue in an election involving candidates for office or party nominations, or affect the results thereof.

(b) No head of any State department, agency, or institution or other State employee exercising supervisory authority shall make, issue, or enforce any rule or policy the effect of which is to interfere with the right of any State employee as an individual to engage in political activity while not on duty or at times during which he is not performing services for which he receives compensation from the State. A State employee who is or may be expected to perform his duties on a twenty-four hour per day basis shall not be prevented from engaging in political activity except during regularly scheduled working hours or at other times when he is actually performing the duties of his office. The willful violation of this subdivision shall be a Class 1 misdemeanor. (1967, c. 821, s. 1; 1985, c. 469, s. 1; c. 617, s. 5; 1993, c. 539, s. 930; 1994, Ex. Sess., c. 24, s. 14(c).)

OPINIONS OF ATTORNEY GENERAL

Probation and parole officer may file notice of candidacy and campaign for election to the office of sheriff assuming that no federal funds are involved with respect to the probation and parole officer's employment and, thus, that proscriptions contained in the federal Hatch Act do not apply. See opinion of Attorney General to Sheriff Ralph L. Thomas, Carteret County, 55 N.C.A.G. 35 (1985).

§ 126-14. Promise or threat to obtain political contribution or support.

(a) It is unlawful for a State employee or a person appointed to State office, other than elective office or office on a board, commission, committee, or council whose function is advisory only, whether or not subject to the Personnel Act, to coerce:

(1) a State employee subject to the Personnel Act,

(2) a probationary State employee,

(3) a temporary State employee, or

(4) an applicant for a position subject to the Personnel Act

to support or contribute to a political candidate, political committee as defined in G.S. 163-278.6, or political party or to change the party designation of his voter registration by threatening that change in employment status or discipline or preferential personnel treatment will occur with regard to a person listed in subdivisions (1) through (4).

(b) Any person violating this section shall be guilty of a Class 2 misdemeanor.

(c) A State employee subject to the Personnel Act, probationary State employee, or temporary State employee who without probable cause falsely accuses a State employee or a person appointed to State office of violating this section shall be subject to discipline or change in employment status in accordance with the provisions of G.S. 126-35, 126-37, and 126-38 and may, as otherwise provided by law, be subject to criminal penalties for perjury or civil liability for libel, slander, or malicious prosecution. (1967, c. 821, s. 1; 1985, c. 469, s. 2; 1991, c. 505, s. 1; 1993, c. 539, s. 931; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 126-14.1. Threat to obtain political contribution or support.

(a) It is unlawful for any person to coerce:

(1) a State employee subject to the Personnel Act,
(2) a probationary State employee,
(3) a temporary State employee, or
(4) an applicant for a position subject to the Personnel Act

to support or contribute to a political candidate, political committee as defined in G.S. 163-278.6, or political party or to change the party designation of his voter registration by explicitly threatening that change in employment status or discipline or preferential personnel treatment will occur with regard to any person listed in subdivisions (1) through (3) of this subsection.

(b) Any person violating this section shall be guilty of a Class 2 misdemeanor.

(c) A State employee subject to the Personnel Act, probationary State employee, or temporary State employee, who without probable cause falsely accuses a person of violating this section shall be subject to discipline or change in employment status in accordance with the provisions of G.S. 126-35, 126-37, and 126-38 and may, as otherwise provided by law, be subject to criminal penalties for perjury or civil liability for libel, slander, or malicious prosecution. (1985, c. 469, s. 3; 1991, c. 505, s. 2; 1993, c. 539, s. 932; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 126-14.2. Political hirings limited.

(a) It is the policy of this State that State departments, agencies, and institutions select from the pool of the most qualified persons for State government employment based upon job-related qualifications of applicants for employment using fair and valid selection criteria.

(b) All State departments, agencies, and institutions shall select from the pool of the most qualified persons for State government employment without regard to political affiliation or political influence. For the purposes of this section, the "most qualified persons" shall mean each of the State employees or applicants for initial State employment who:

(1) Have timely applied for a position in State government;
(2) Have the essential qualifications for that position; and
(3) Are determined to be substantially more qualified as compared to other applicants for the position, after applying fair and valid job selection criteria, in accordance with G.S. 126-5(e), G.S. 126-7.1, Articles 6 and 13 of this Chapter, and State personnel policies approved by the State Personnel Commission.

(c) It is a violation of this section giving rise to the remedies set forth in G.S. 126-14.4 if:

(1) The complaining State employee or applicant for initial State employment timely applied for the State government position in question;
(2) The complaining State employee or applicant for initial State employment was not hired into the position;
(3) The complaining State employee or applicant for initial State employment was among the most qualified persons applying for the position as defined in this Chapter;
(4) The successful applicant for the position was not among the most qualified persons applying for the position; and
(5) The hiring decision was based upon political affiliation or political influence.

(d) The provisions of this section shall not apply to positions exempt from this Chapter, except that this section does apply to exempt managerial positions as defined by G.S. 126-5(b)(2). (1997-520, s. 1.)

§ 126-14.3. Open and fair competition.

The State Personnel Commission shall adopt rules or policies to:

(1) Assure recruitment, selection, and hiring procedures that encourage open and fair competition for positions in State government employment and that encourage the hiring of a diverse State government workforce.
(2) Assure the proper and thorough advertisement of job openings in State government employment and lengthen, as appropriate, the period for submitting applications for State government employment.
(3) Require that a closing date shall be posted for each job opening, unless an exception for critical classifications has been approved by the State Personnel Commission.
(4) Require that timely written notice shall be provided to each unsuccessful applicant for State employment who is in the pool of the most qualified applicants for a position, as defined by G.S. 126-14.2(b).
(5) Assure that State departments, agencies, and institutions follow similar selection processes when hiring State employees in accordance with this Chapter.
(6) Assure that State supervisory and management personnel, and personnel professionals, receive adequate training and continuing education to carry out the State's policy of hiring from among the most qualified persons.
(7) Establish a monitoring system to measure the effectiveness of State agency personnel procedures to promote fairness and reduce adverse impact on all demographic groups in the State government workforce.
(8) Otherwise implement the State's policy of nonpolitical hiring practices in accordance with this Chapter. (1997-520, s. 1.)

§ 126-14.4. Remedies.

(a) A State employee or applicant for initial State employment who has reason to believe that he or she was among the pool of the most qualified persons for a position in State government employment and was denied employment or promotion in violation of G.S. 126-14.2 because of political affiliation or political influence may complain directly through the Civil Rights Division of the Office of Administrative Hearings, which shall be responsible for making an initial determination of whether there is probable cause to believe that there has been a violation of G.S. 126-14.2.

The complaining State employee or applicant shall file a complaint with the Civil Rights Division of the Office of Administrative Hearings within 30 days after the complainant receives written notice that the position in question has been filled.

The Civil Rights Division of the Office of Administrative Hearings shall promptly make appropriate formal and informal inquiries in its investigatory, fact-finding role and may consider any matter, document, or statement deemed pertinent to the initial determination, including telephone conversations, in determining if there is probable cause to believe there has been a violation of G.S. 126-14.2. The Civil Rights Division may apply to an administrative law judge in the Office of Administrative Hearings for the issuance of oaths and subpoenas under G.S. 7A-756. The investigation and fact-finding phase of the complaint shall be completed by the Civil Rights Division within 30 days.

(b) The Civil Rights Division of the Office of Administrative Hearings shall notify the person alleged to have been hired in violation of G.S. 126-14.2 of the appeal, and the person may present any information to the Civil Rights Division that is pertinent to the initial determination of probable cause. The person alleged to have been hired in violation of G.S. 126-14.2 shall be notified of the results of the initial determination and shall have a right to intervene in any administrative proceedings pursuant to G.S. 150B-23(d).

(c) Upon an initial determination that there is probable cause to believe there has been a violation of G.S. 126-14.2, the complainant may file within 15 days a petition for a contested case pursuant to G.S. 126-34.1 and Article 3 of Chapter 150B of the General Statutes.

(d) An initial determination by the Civil Rights Division that there is not probable cause to believe there has been a violation of G.S. 126-14.2 shall be conclusive of any rights under that section but shall not be admissible or binding in any separate or subsequent civil action or proceeding.

(e) Within 90 days after the filing of a contested case petition, the administrative law judge shall issue a recommended decision to the State Personnel Commission which shall include findings of fact and conclusions of law and, if the administrative law judge has found a violation of G.S. 126-14.2, an appropriate recommended remedy.

(f) Within 60 days of receipt of the official record by the Office of Administrative Hearings, the State Personnel Commission shall make a final written decision as to whether there has been a violation of G.S. 126-14.2. In any case where a violation is found, the State Personnel Commission shall take suitable action to correct the violation, which may include:

(1) Directing the State agency, department, or institution to declare the position vacant, and to hire from among the most qualified State employees or applicants for initial State employment who had applied for the position, or

(2) Requiring that the vacancy be posted pursuant to this Chapter.

(g) A career State employee with:

(1) Less than 10 years of service who was placed in an exempt managerial position, as defined by G.S. 126-5(b)(2), shall be given priority consideration for a position at the same salary grade equal to that held in the most recent position before being placed in the exempt managerial position if he or she has to vacate because of violation of G.S. 126-14.2.

(2) 10 or more years of service who was placed in an exempt managerial position, as defined by G.S. 126-5(b)(2), shall be placed in a comparable position at the same grade and salary equal to that held in the most recent position before being placed in the exempt managerial position if he or she had to vacate because of violation of G.S. 126-14.2. (1997-520, s. 2; 2006-264, s. 12.)

§ 126-15. Disciplinary action for violation of Article.

Failure to comply with this Article is grounds for disciplinary action which, in case of deliberate or repeated violation, may include dismissal or removal from office. (1967, c. 821, s. 1.)

§ 126-15.1. Probationary State employee defined.

As used in this Article, "probationary State employee" means a State employee who is exempt from the Personnel Act only because he has not been continuously employed by the State for the period required by G.S. 126-1.1. (1985, c. 469, s. 4; 1987, c. 282, s. 19; 2006-264, s. 13.)

Article 6.

Equal Employment and Compensation Opportunity; Assisting in Obtaining State Employment.

§ 126-16. Equal opportunity for employment and compensation by State departments and agencies and local political subdivisions.

All State departments and agencies and all local political subdivisions of North Carolina shall give equal opportunity for employment and compensation, without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition as defined in G.S. 168A-3 to all persons otherwise qualified, except where specific age, sex or physical requirements constitute bona fide occupational qualifications necessary to proper and efficient administration. This section with respect to equal opportunity as to age shall be limited to individuals who are at least 40 years of age. (1971, c. 823; 1975, c. 158; 1977, c. 866, s. 7; 1979, c. 862, s. 3; 1983 (Reg. Sess., 1984), c. 1116, s. 111; 1985, c. 571, s. 2; 1991, c. 65, s. 6.)

CASE NOTES

Construction with Federal Provision. — Where a complainant steadfastly maintains that he has brought only a Title VII (of the Civil Rights Act of 1964) claim and the state referral agency unequivocally addresses only that claim, proceedings under state law have not commenced for purposes of 42 U.S.C.A. § 2000e-5(c). Davis v. North Carolina Dep't of Cors., 48 F.3d 134 (4th Cir. 1995).

Applicability. — State employee seeking review of her termination was entitled to enforce the rights implicated by G.S. 126-16, providing for equal employment opportunity, but G.S. 126-16 did not address the procedural avenues available to particular categories of state employees, did not entitle the employee to choose a review scheme from which she was otherwise excluded, and did not affirmatively grant her a remedy. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Employer's Use of Non-Objective Factors in Hiring. — Beyond the use of experience and training to limit a field of applicants, an employer is relatively free to value experience among the applicants as it sees fit in light of the skills required by the position to be filled. This freedom is of intrinsic value to the hiring process and business judgment of decision makers. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Burden-Shifting Analysis Applies. — North Carolina Supreme Court has adopted the United States Supreme Court's "burden shifting" scheme set out in the McDonnell Douglas Corp. v. Green, 411 U.S. 792, 36 L. Ed. 2d 668 (1973); therefore North Carolina courts look to federal decisions for guidance in establishing evidentiary standards and principles of law to be applied in discrimination cases. In properly applying the burden-shifting scheme the ultimate burden of persuading the trier of fact that the defendant intentionally discriminated against the plaintiff remains at all times with the plaintiff. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Employer's Articulation of Nondiscriminatory Reasons for Hiring Decisions. — Although a female African-American social services employee had 20 years' experience and the white male who was promoted instead of her had only eight years, the employer articulated nondiscriminatory reasons for its hiring decision, including initiative, community outreach, and communications skills. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Employer's Burden to Rebut Presumption of Discrimination. — Employer's burden is satisfied if he simply explains what he has done or produces evidence of legitimate nondiscriminatory reasons; the employer is not required to prove that its action was actually motivated by the proffered reasons for it is sufficient if the evidence raises a genuine issue of fact as to whether the claimant is a victim of intentional discrimination. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Evidence of Pretext for Discrimination. — Some of the factors that courts have considered as relevant evidence of pretext are: (1) Evidence that white employees involved in acts against the employer of comparable seriousness were retained or rehired, (2) Evidence of the employer's treatment of the employee during his term of employment, (3) Evidence of the employer's response to the employee's legitimate civil rights activities, and (4) Evidence of the employer's general policy and practice with respect to minority employees. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Plaintiff's Burden of Proving Discrimination. — Burden to establish a prima facie case of racial discrimination giving rise to a presumption of discrimination is as follows: (1) plaintiff is a member of a minority group; (2) she was qualified for a promotion; (3) she was passed over for the promotion; and (4) the person receiving the promotion was not a member of a protected class. To rebut the presumption of discrimination, the employer must clearly explain by admissible evidence the nondiscriminatory reasons for the employee's rejection or discharge; the plaintiff must then show by a preponderance of the evidence that the proffered explanation by the State is pretextual in nature, and that the employer intentionally discriminated. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Evidence. — During an attempt to show that an employer's proffered explanation of a nondiscriminatory reason for an employee's rejection or discharge is pretextual, the plaintiff can reuse evidence from her prima facie showing to assist in carrying her burden as to pretext though the prima facie presumption has been dispelled. However, the court is not at liberty to review the soundness or reasonableness of an employer's business judgment when it considers whether alleged disparate treatment is a pretext for discrimination: the sole question is what is the motivation behind the employer's decision. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

§ 126-16.1. Equal employment opportunity training.

Each State agency, each State Department, and The University of North Carolina shall:

(1) Enroll each newly appointed supervisor or manager within one year of appointment in the Equal Employment Opportunity Institute operated by the Division of Equal Opportunity Services of the Office of State Personnel. Current managers and supervisors are encouraged to enroll/participate in the Institute.

(2) Be responsible for providing supplies and resource materials for managers and supervisors who are enrolled from that department, agency or university. (1991, c. 416, s. 1.)

Editor's Note. — Session Laws 1991, c. 416, which enacted this section, in ss. 2 through 4 provided:

"Sec. 2. The Office of State Personnel, through its Division of Equal Opportunity Services, shall implement the provisions of this act.

"Sec. 3. Beginning January 1, 1992, the Office of State Personnel shall report semiannually to the Joint Legislative Commission on Governmental Operations concerning the implementation of this act.

"Sec. 4. This act shall not apply to the Judicial Branch or the Legislative Branch."

§ 126-17. Retaliation by State departments and agencies and local political subdivisions.

No State department, agency, or local political subdivision of North Carolina shall retaliate against an employee for protesting alleged violations of G.S. 126-16. (1977, c. 866, s. 8.)

§ 126-18. Compensation for assisting person in obtaining State employment barred; exception.

It shall be unlawful for any person, firm or corporation to collect, accept or receive any compensation, consideration or thing of value for obtaining on behalf of any other person, or aiding or assisting any other person in obtaining employment with the State of North Carolina; provided, however, any person, firm, or corporation that is duly licensed and supervised by the North Carolina Department of Labor as a private employment service acting in the normal course of business, may collect such regular and customary fees for services rendered pursuant to a written contract when such fees are paid by someone other than the State of North Carolina; however, any person, firm, or corporation collecting fees for this service must have been licensed by the North Carolina Department of Labor for a period of not less than one year.

Any person, firm or corporation collecting fees for this service must make a monthly report to the Department of Labor listing the name of the person, firm or corporation collecting fees and the person for whom a job was found, the nature and purpose of the job obtained, and the fee collected by the person, firm or corporation collecting the fee. Violation of this section shall constitute a Class 1 misdemeanor. (1977, c. 397, s. 1; 1993, c. 539, s. 933; 1994, Ex. Sess., c. 24, s. 14(c).)

OPINIONS OF ATTORNEY GENERAL

Referral Incentive Award Program. — A "Referral Incentive Award" program would not violate this section because it did not allow the referring state employee to receive any sort of compensation from any other source related to the referral and the program did not have any provision in it that would require or allow the state to pay any kind of fee that might be charged by a licensed referral source to the jobhunter. See opinion of Attorney General to Mr. Ronald G. Penny, State Personnel Director, 2000 N.C. AG LEXIS 10 (6/30/2000).

State's Use of Personnel Agency to Fill Positions. — This section does not prohibit the State or one of its agencies from utilizing the services of a personnel agency or search firm to find candidates for a difficult-to-recruit position after other efforts to fill the position have failed; however, the statutorily mandated promotional priority for state employees under this section restricts and limits the ability of state agencies to act in this situation. See opinion of Attorney General to Mr. Richard V. Lee, State Personnel Director, 58 N.C.A.G. 91 (1988).

§ 126-19. Equal employment opportunity plans; reports; maintenance of services by State Personnel Director.

(a) Each member of the Council of State under G.S. 143A-11, each of the principal departments enumerated in G.S. 143B-6, The University of North Carolina, the judicial branch, and the legislative branch, shall develop and submit an Equal Employment Opportunity plan which shall include goals and programs that provide positive measures to assure equitable and fair representation of North Carolina's citizens. The plans developed by the judicial branch and by the Legislative Services Office on behalf of the legislative branch shall be submitted to the General Assembly on or before June 1 of each year. All other such plans shall be submitted to the State Personnel Director for review and approval on or before March 1, of each year.

(b) The State Personnel Commission shall submit a report to the General Assembly concerning the status of Equal Employment Opportunity plans and programs for all State departments, agencies, [and] universities, which are required by this Chapter to report to the State Personnel Director, on or before June 1 of each year. If any plan has been disapproved, the report shall contain reasons for disapproval. The status report submitted to the General Assembly by the State Personnel Director and the plans submitted to the General Assembly by the judicial branch and the Legislative Services Office on behalf of the legislative branch shall contain the total number of persons employed in each job category, the race, sex, salary, and other demographics relative to persons hired and promoted during the reporting period, analysis of the data, and an indication as to which goals were achieved.

(c) The State Personnel Director shall at least maintain current services of Equal Employment Opportunity technical assistance, training, oversight, monitoring, evaluation, support programs, and reporting to assure that State government's work force at all occupational levels reflect North Carolina's population. To the extent reasonably possible, these services shall be provided by qualified personnel who have continuous experience in the field of Equal Employment Opportunity and affirmative action and who are sensitive to circumstances and experiences of individuals from diverse backgrounds and cultures, and recognize that efficient and effective government requires the talents, skills, and abilities of all available human resources. (1991 (Reg. Sess., 1992) c. 919, ss. 2-4.)

Editor's Note. — Session Laws 1991 (Reg. Sess., 1992), c. 919, ss. 2-4, effective October 1, 1992, have been codified as this section at the direction of the Revisor of Statutes.

§§ 126-20, 126-21: Reserved for future codification purposes.

Article 7.

The Privacy of State Employee Personnel Records.

§ 126-22. Personnel files not subject to inspection under § 132-6.

(a) Except as provided in G.S. 126-23 and G.S. 126-24, personnel files of State employees shall not be subject to inspection and examination as authorized by G.S. 132-6.

(b) For purposes of this Article the following definitions apply:

(1) "Employee" means any current State employee, former State employee, or applicant for State employment.
(2) "Employer" means any State department, university, division, bureau, commission, council, or other agency subject to Article 7 of this Chapter.
(3) "Personnel file" means any employment-related or personal information gathered by an employer, the Retirement Systems Division of the Department of State Treasurer, or by the Office of State Personnel. Employment-related information contained in a personnel file includes information related to an individual's application, selection, promotion, demotion, transfer, leave, salary, contract for employment, benefits, suspension, performance evaluation, disciplinary actions, and termination. Personal information contained in a personnel file includes an individual's home address, social security number, medical history, personal financial data, marital status, dependents, and beneficiaries.
(4) "Record" means the personnel information that each employer is required to maintain in accordance with G.S. 126-23.

(c) Personnel files of former State employees who have been separated from State employment for 10 or more years may be open to inspection and examination except for papers and documents relating to demotions and to disciplinary actions resulting in the dismissal of the employee and personnel files maintained by the Retirement Systems Division of the Department of State Treasurer.

(d) Notwithstanding any provision of this section to the contrary, the Retirement Systems Division of the Department of State Treasurer may disclose the name and mailing address of former State employees to domiciled, nonprofit organizations representing 10,000 or more retired State government, local government, or public school employees. (1975, c. 257, s. 1; 1977, c. 866, s. 9; 2007-508, s. 4.5; 2008-194, s. 11(a).)

Effect of Amendments. — Session Laws 2008-194, s. 11(a), effective August 8, 2008, added subsection (d).

CASE NOTES

In order for personnel information to be protected by this section, it must meet two requirements: (1) it must have been gathered by an individual's employer (including the Office of State Personnel) or considered in an individual's application for employment; and (2) the information must relate to at least one of the enumerated activities by the employer with respect to the individual employee or applicant for employment. News & Observer Publishing Co. v. Poole, 330 N.C. 465, 412 S.E.2d 7 (1992).

Only personnel information about those employees gathered by the employing state agency is exempt from public inspection under this section. News & Observer Publishing Co. v. Poole, 330 N.C. 465, 412 S.E.2d 7 (1992).

Employee Information Not Gathered by Employer. — Unless information regarding state employees gathered by the State Bureau of Investigation for a Commission formed to investigate improprieties in a university athletic program was first gathered by the employing state agency or the Office of State Personnel, it would not be exempt under this section and would be subject to disclosure under the Public Records Act. News & Observer Publishing Co. v. Poole, 330 N.C. 465, 412 S.E.2d 7 (1992).

Where Commission was not the employer of any state employees questioned or mentioned in the Commission's meeting minutes, the minutes did not meet the definition of "personnel file" information set forth in this section because the information was not "gathered" by the employer state agency. Because the minutes did not fall within the statutory definition of "personnel file," they were not protected by the statute. News & Observer Publishing Co. v. Poole, 330 N.C. 465, 412 S.E.2d 7 (1992).

Breach of Confidentiality Shown. — Disclosure to the media of former state employee's social security number, medical diagnoses, family member names and addresses, and personal financial data for purposes of defending the propriety of a grievance settlement with the employee, was not excepted under G.S. 126-24 from the non-disclosure provisions of G.S. 126-22. Toomer v. Garrett, 155 N.C. App. 462, 574 S.E.2d 76, 2002 N.C. App. LEXIS 1613 (2002), cert. denied, appeal dismissed, 357 N.C. 66, 579 S.E.2d 576 (2003).

Breach of Confidentiality Not Shown. — There was insufficient evidence to show that employee "breached confidentiality" or that he "failed to provide complete responses to questions" causing the "omission of important facts" at officer's disciplinary hearing where the record showed that his comments were directed towards the handling of the pre-disciplinary conference for not being conducted behind closed doors and for being conducted rudely and loudly. These comments were not breaches of confidentiality, but rather criticisms of the manner and method of conducting pre-disciplinary hearings. North Carolina Dep't of Cors. v. Myers, 120 N.C. App. 437, 462 S.E.2d 824 (1995).

OPINIONS OF ATTORNEY GENERAL

Statewide flexible benefits plan could properly provide, through its third-party administrator, for the direct deposit of payments to spending account participants and could legally allow for the release of a participant's bank account information to the third-party administrator without violating any confidentiality or privacy laws; the third-party administrator acted as the agent of the state and of flexible benefits plan in administering the spending accounts of participants of flexible benefits plan. See opinion of Attorney General to Mr. Ronald Penny, State Personnel Director, 1999 N.C. AG LEXIS 24 (11/30/99).

§ 126-23. Certain records to be kept by State agencies open to inspection.

Each department, agency, institution, commission and bureau of the State shall maintain a record of each of its employees, showing the following information with respect to each such employee: name, age, date of original employment or appointment to the State service, the terms of any contract by which the employee is employed whether written or oral, past and current, to the extent that the agency has the written contract or a record of the oral contract in its possession, current position, title, current salary, date and amount of most recent increase or decrease in salary, date of most recent promotion, demotion, transfer, suspension, separation, or other change in position classification, and the office or station to which the employee is currently assigned. For the purposes of this section, the term "salary" includes pay, benefits, incentives, bonuses, and deferred and all other forms of compensation paid by the employing entity. Subject only to rules and regulations for the safekeeping of the records, adopted by the State Personnel Commission, every person having custody of such records shall permit them to be inspected and examined and copies thereof made by any person during regular business hours. Any person who is denied access to any such record for the purpose of inspecting, examining or copying the same shall have a right to compel compliance with the provisions of this section by application to a court of competent jurisdiction for a writ of mandamus or other appropriate relief. (1975, c. 257, s. 1; c. 667, s. 2; 2007-508, s. 4.)

OPINIONS OF ATTORNEY GENERAL

Contracts Between Universities and Coaches. — Contracts under which institutions employ coaches and contracts between the institutions and certain vendors or suppliers which involve or concern those coaches or other documents related to those contracts are public records. See opinion of Attorney General to Charles J. Waldrup, Associate Vice President for Legal Affairs, University of North Carolina, 2003 N.C.A.G. 2 (2/6/03).

Retirement Benefit Information. — In enacting Session Law 2007-508 the General Assembly did not intend to exclude retirement benefit information from the records required to be maintained for public inspection by each department, agency, institution, commission and bureau of the state in accordance with G.S. 126-23. See opinion of Attorney General to The Honorable Tony Rand, North Carolina Senate and The Honorable David W. Hoyle, North Carolina Senate, 2008 N.C. AG LEXIS 1 (11/7/06).

§ 126-24. Confidential information in personnel files; access to such information.

All other information contained in a personnel file is confidential and shall not be open for inspection and examination except to the following persons:

(1) The employee, applicant for employment, former employee, or his properly authorized agent, who may examine his own personnel file in its entirety except for (i) letters of reference solicited prior to employment, or (ii) information concerning a medical disability, mental or physical, that a prudent physician would not divulge to a patient. An employee's medical record may be disclosed to a licensed physician designated in writing by the employee;

(2) The supervisor of the employee;

(3) Members of the General Assembly who may inspect and examine personnel records under the authority of G.S. 120-19;

(4) A party by authority of a proper court order may inspect and examine a particular confidential portion of a State employee's personnel file; and

(5) An official of an agency of the federal government, State government or any political subdivision thereof. Such an official may inspect any personnel records when such inspection is deemed by the department head of the employee whose record is to be inspected or, in the case of an applicant for employment or a former employee, by the department head of the agency in which the record is maintained as necessary and essential to the pursuance of a proper function of said agency; provided, however, that such information shall not be divulged for purposes of assisting in a criminal prosecution, nor for purposes of assisting in a tax investigation.

Notwithstanding any other provision of this Chapter, any department head may, in his discretion, inform any person or corporation of any promotion, demotion, suspension, reinstatement, transfer, separation, dismissal, employment or nonemployment of any applicant, employee or former employee employed by or assigned to his department or whose personnel file is maintained in his department and the reasons therefor and may allow the personnel file of such person or any portion thereof to be inspected and examined by any person or corporation when such department head shall determine that the release of such information or the inspection and examination of such file or portion thereof is essential to maintaining the integrity of such department or to maintaining the level or quality of services provided by such department; provided that prior to releasing such information or making such file or portion thereof available as provided herein, such department head shall prepare a memorandum setting forth the circumstances which the department head deems to require such disclosure and the information to be disclosed. The memorandum shall be retained in the files of said department head and shall be a public record. (1975, c. 257, s. 1; 1977, c. 866, s. 10; 1977, 2nd Sess., c. 1207.)

CASE NOTES

Defending the Propriety of a Grievance Settlement Not a Valid Exception. — Disclosure to the media of former state employee's social security number, medical diagnoses, family member names and addresses, and personal financial data for purposes of defending the propriety of a grievance settlement with the employee, was not excepted under G.S. 126-24 from the non-disclosure provisions of G.S. 126-22. Toomer v. Garrett, 155 N.C. App. 462, 574 S.E.2d 76, 2002 N.C. App. LEXIS 1613 (2002), cert. denied, appeal dismissed, 357 N.C. 66, 579 S.E.2d 576 (2003).

OPINIONS OF ATTORNEY GENERAL

Pursuant to G.S. 147-64.13, the provisions of G.S. 147-64.7(a)(1) supersede the provisions of this section to the extent they conflict. Specifically, the Auditor's power to examine documents in the course of an authorized audit includes the power to examine confidential employee personnel files relevant to that audit without the consent of the employee or his employer. See opinion of Attorney General to The Honorable Ralph Campbell, Jr., State Auditor, 1999 N.C.A.G. 8 (3/5/99).

For a discussion of legal impediments which prohibit employers from disclosing personal information about their employees, see opinion of Attorney General to Bryan E. Beatty, Inspector General, North Carolina Department of Justice, 1998 N.C.A.G. 49 (12/1/98).

§ 126-25. Remedies of employee objecting to material in file.

An employee, former employee or applicant for employment who objects to material in his file may place in his file a statement relating to the material he considers to be inaccurate or misleading. An employee, former employee or applicant for employment who objects to material in his file because he considers it inaccurate or misleading may seek the removal of such material from his file in accordance with the grievance procedure of that department, including appeal to the State Personnel Commission. When a department, division, bureau, commission, or other agency agrees or is ordered by the State Personnel Commission or by the General Court of Justice of this State to remove inaccurate or misleading material from an employee's file, which information was placed in the file by the supervisor or other agent of management, it shall destroy the original and all copies of the material removed and may not retain any inaccurate or misleading information derived from the material removed. (1975, c. 257, s. 1; c. 667, s. 2; 1977, c. 866, s. 11; 1985, c. 638.)

CASE NOTES

§ 126-26. Rules and regulations.

§ 126-27. Penalty for permitting access to confidential file by unauthorized person.

Any public official or employee who shall knowingly and willfully permit any person to have access to or custody or possession of any portion of a personnel file designated as confidential by this Article, unless such person is one specifically authorized by G.S. 126-24 to have access thereto for inspection and examination, shall be guilty of a Class 3 misdemeanor and upon conviction shall only be fined in the discretion of the court but not in excess of five hundred dollars ($500.00). (1975, c. 257, s. 1; 1993, c. 539, s. 934; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 126-28. Penalty for examining, copying, etc., confidential file without authority.

Any person, not specifically authorized by G.S. 126-24 to have access to a personnel file designated as confidential by this Article, who shall knowingly and willfully examine in its official filing place, remove or copy any portion of a confidential personnel file shall be guilty of a Class 3 misdemeanor and upon conviction shall only be fined in the discretion of the court but not in excess of five hundred dollars ($500.00). (1975, c. 257, s. 1; 1993, c. 539, s. 935; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 126-29. Access to material in file for agency hearing.

A party to a quasi-judicial hearing of a State agency subject to Article 7 of this Chapter, or a State agency subject to Article 7 of this Chapter which is conducting a quasi-judicial hearing, may have access to relevant material in personnel files and may introduce copies of such material or information based on such material as evidence in the hearing either upon consent of the employee, former employee, or applicant for employment or upon subpoena properly issued by the agency either upon request of a party or on its own motion. Nothing in this Article shall impose liability on any agent or officer of the State for compliance with this provision, notwithstanding any other provision of this Article. (1977, c. 866, s. 12; 1987, c. 320, s. 5.)

§ 126-30. Fraudulent disclosure and willful nondisclosure on application for State employment; penalties.

(a) Any employee who knowingly and willfully discloses false or misleading information, or conceals dishonorable military service; or conceals prior employment history or other requested information, either of which are significantly related to job responsibilities on an application for State employment may be subjected to disciplinary action up to and including immediate dismissal from employment. Dismissal shall be mandatory where the applicant discloses false or misleading information in order to meet position qualifications. Application forms for State employment shall include a statement informing applicants of the consequences of such fraudulent disclosure or lack of disclosure.

(b) The employing authority within each department, university, board, or commission, shall verify the status of credentials and the accuracy of statements contained in the application of each new employee within 90 days from the date of the employees employment. Failure to verify the application shall not bar action under subsection (a) above.

(c) The State Personnel Commission shall issue rules and procedures to implement this section for all departments, agencies and institutions which are not exempted from the State Personnel Act under G.S 126-5(c1). Each agency, department and institution which is exempted under G.S. 126-5(c1) shall issue regulations to implement this section pursuant to the rulemaking procedures applicable to it. (1987, c. 666, s. 1.)

§§ 126-31 through 126-33: Reserved for future codification purposes.

ARTICLE 8.

Employee Appeals of Grievances and Disciplinary Action.

§ 126-34. Grievance appeal for career State employees.

Unless otherwise provided in this Chapter, any career State employee having a grievance arising out of or due to the employee's employment and who does not allege unlawful harassment or discrimination because of the employee's age, sex, race, color, national origin, religion, creed, handicapping condition as defined by G.S. 168A-3, or political affiliation shall first discuss the problem or grievance with the employee's supervisor and follow the grievance procedure established by the employee's department or agency. Any State employee having a grievance arising out of or due to the employee's employment who alleges unlawful harassment because of the employee's age, sex, race, color, national origin, religion, creed, or handicapping condition as defined by G.S. 168A-3 shall submit a written complaint to the employee's department or agency. The department or agency shall have 60 days within which to take appropriate remedial action. If the employee is not satisfied with the department or agency's response to the complaint, the employee shall have the right to appeal directly to the State Personnel Commission. (1975. c. 667, s. 10; 1987, c. 320, s. 6; 1991, c. 354, s. 4; 1998-135, s. 2.)

CASE NOTES

Construction. — There was no inconsistency between G.S. 126-34 and G.S. 126-5 because the legislature, having specifically excluded various classes of state employees from all of Chapter 126, except Articles 6 and 7, in G.S. 126-5, had no need to repeat the same list of excluded employees in other parts of Chapter 126. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Authority to Hear Action Brought by DOC Employee. — Among all the provisions of this Article, only G.S. 126-37 confers upon the State Personnel Commission or upon the Office of Administrative Hearings the jurisdiction or power to deal with an action brought by a correction employee who was reallocated pursuant to a managerial reallocation. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

To Whom Article Applicable. — A permanent state employee who alleges he has been reduced in position without just cause is entitled to the review and appeal provisions outlined in this Article, whether the motive for his demotion was illegally discriminatory or retaliatory, or apparently or, actually disciplinary. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Petitioners, who alleged that they were arbitrarily selected for a pay freeze and prevented from transferring to reclassified positions, had to follow the grievance procedure of this section, since they did not allege one of the prohibited grounds of discrimination. Poret v. State Personnel Comm'n, 74 N.C. App. 536, 328 S.E.2d 880, cert. denied, 314 N.C. 117, 332 S.E.2d 491, 332 S.E.2d 492 (1985), overruled on other grounds, Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Failure to Follow Established Grievance Procedure. — Department of Human Resource's dismissal of employee's appeal on grounds it was filed one day after the deadline was neither arbitrary or capricious where employee was informed of the time limits for perfecting appeal, offered assistance for complying with appeal procedures since legal representation was not allowed at that time of the proceeding, and employee's apparent justification for filing late was difficulty in retaining an attorney. Lewis v. North Carolina Dep't of Human Resources, 92 N.C. App. 737, 375 S.E.2d 712 (1989).

The State Personnel Act provides for administrative-type grievance procedures for violations of its provisions. The statute further provides that judicial review of unfavorable decisions may be had in superior court. Where a statute provides for an orderly procedure for an appeal to the superior court for review, this procedure is the exclusive means for obtaining judicial review, and a civil action is only proper after all administrative remedies have been exhausted. Johnson v. North Carolina DOT, 107 N.C. App. 63, 418 S.E.2d 700 (1992).

§ 126-34.1. Grounds for contested case under the State Personnel Act defined.

(a) A State employee or former State employee may file in the Office of Administrative Hearings a contested case under Article 3 of Chapter 150B of the General Statutes only as to the following personnel actions or issues:

(1) Dismissal, demotion, or suspension without pay based upon an alleged violation of G.S. 126-35, if the employee is a career State employee.

(2) An alleged unlawful State employment practice constituting discrimination, as proscribed by G.S. 126-36, including:

   a. Denial of promotion, transfer, or training, on account of the employee's age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition as defined by Chapter 168A of the General Statutes.

   b. Demotion, reduction in force, or termination of an employee in retaliation for the employee's opposition to alleged discrimination on account of the employee's age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition as defined by Chapter 168A of the General Statutes.

(3) Retaliation against an employee, as proscribed by G.S 126-17, for protesting an alleged violation of G.S. 126-16.

(4) Denial of the veteran's preference granted in accordance with Article 13 of this Chapter in initial State employment or in connection with a reduction in force, for an eligible veteran as defined by G.S. 126-81.

(5) Denial of promotion for failure to post or failure to give priority consideration for promotion or reemployment, to a career State employee as required by G.S. 126-7.1 and G.S. 126-36.2.

(6) Denial of an employee's request for removal of allegedly inaccurate or misleading information from the employee's personnel file as provided by G.S. 126-25.

(7) Any retaliatory personnel action that violates G.S. 126-85.

(8) Denial of promotion in violation of G.S. 126-14.2, where an initial determination found probable cause to believe there has been a violation of G.S. 126-14.2.

(9) Denial of employment in violation of G.S. 126-14.2, where an initial determination found probable cause to believe that there has been a violation of G.S. 126-14.2.

(10) Harassment in the workplace based upon age, sex, race, color, national origin, religion, creed, or handicapping condition, whether the harassment is based upon the creation of a hostile work environment or upon a quid pro quo.

(11) Violation of any of the following federal statutes as applied to the employee:

a. The Fair Labor Standards Act, 29 U.S.C. § 201, et seq.

b. The Age Discrimination in Employment Act, 29 U.S.C. § 621, et seq.

c. The Family Medical Leave Act, 29 U.S.C. § 2601, et seq.

d. The Americans with Disabilities Act, 42 U.S.C. § 12101, et seq.

(b) An applicant for initial State employment may file in the Office of Administrative Hearings a contested case under Article 3 of Chapter 150B of the General Statutes based upon:

(1) Alleged denial of employment in violation of G.S. 126-16.

(2) Denial of the applicant's request for removal of allegedly inaccurate or misleading information from the personnel file as provided by G.S. 126-25.

(3) Denial of equal opportunity for employment and compensation on account of the employee's age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition as defined by Chapter 168A of the General Statutes. This subsection with respect to equal opportunity as to age shall be limited to persons who are at least 40 years of age. An applicant may not, however, file a contested case where political affiliation was the reason for the person's nonselection for (i) an exempt policymaking position as defined in G.S. 126-5(b)(3), (ii) a chief deputy or chief administrative assistant position under G.S. 126-5(c)(4), or (iii) a confidential assistant or confidential secretary position under G.S. 126-5(c)(2).

(4) Denial of the veteran's preference in initial State employment provided by Article 13 of this Chapter, for an eligible veteran as defined by G.S. 126-81.

(5) Denial of employment in violation of G.S. 126-14.2, where an initial determination found probable cause to believe that there has been a violation of G.S. 126-14.2.

(c) In the case of a dispute as to whether a State employee's position is properly exempted from the State Personnel Act under G.S. 126-5, the employee may file in the Office of Administrative Hearings a contested case under Article 3 of Chapter 150B of the General Statutes.

(d) A State employee or applicant for State employment may file in the Office of Administrative Hearings a contested case under Article 3 of Chapter

150B of the General Statutes based upon a false accusation regarding, or disciplinary action relating to, the employee's alleged violation of G.S. 126-14 or G.S. 126-14.1.

(e) Any issue for which appeal to the State Personnel Commission through the filing of a contested case under Article 3 of Chapter 150B of the General Statutes has not been specifically authorized by this section shall not be grounds for a contested case under Chapter 126. (1995, c. 141, s. 7; 1997-520, s. 4; 1998-135, s. 3; 2001-467, s. 2.)

CASE NOTES

Legislative Intent. — By enacting this section, the General Assembly has indicated its intent to create grounds for appeal to the Commission through a contested case hearing only on issues for which appeal has been specifically authorized in this section. Dunn v. North Carolina Dep't of Human Resources, 124 N.C. App. 158, 476 S.E.2d 383 (1996).

When a state employee sought review of the termination of her employment, G.S. 126-34.1(a)(2)(b) did not give her a right to a hearing before the Office of Administrative Hearings, because her job as "instructional and research staff of the University of North Carolina" was expressly exempt from the ambit of Chapter 126, the State Personnel Act, and the fact that the statute referred to state employees without adding "except those already exempted," did not require a different result. Woodburn v. N.C. State Univ., 156 N.C. App. 549, 577 S.E.2d 154, 2003 N.C. App. LEXIS 305 (2003), cert. denied, 357 N.C. 470, 584 S.E.2d 296 (2003).

Construction. — Language of G.S. 126-34.1 of the State Personnel Act clearly and unambiguously states that the statutory list of appeal grounds in G.S. 126-34.1 is exclusive, and this list does not provide for appeals to the Office of Administrative Hearings (OAH) of reductions in force (RIF) based on a lack of just cause; the North Carolina General Assembly clearly intended to deny the OAH jurisdiction over challenges to RIF on procedural violation grounds and to grant state employees the right to bring only those RIF claims that are specifically set out in G.S. 126-34.1 before OAH. Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401, 2003 N.C. App. LEXIS 2277 (2003), cert. denied, 358 N.C. 380, 598 S.E.2d 380 (2004).

By its own terms of exclusion, G.S. 126-34.1 of the State Personnel Act supersedes and controls over any contrary earlier enactments, and given its clear and unambiguous language, the later enacted G.S. 126-34.1 supplants G.S. 126-35. Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401, 2003 N.C. App. LEXIS 2277 (2003), cert. denied, 358 N.C. 380, 598 S.E.2d 380 (2004).

Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Prima Facie Case of Discrimination Shown. — Because the Office of Administrative Hearings had jurisdiction to hear an African-American employee's contested case of racial discrimination, the employee met his prima facie burden of discrimination, the trial court applied the appropriate standard of review, and the employee presented sufficient evidence of unequal treatment of an African-American employee compared to a Caucasian employee, and established that the Hatch Act was a pretext for discrimination, a finding of discrimination was upheld. Corbett v. N.C. DMV, 190 N.C. App. 113, 660 S.E.2d 233, 2008 N.C. App. LEXIS 897 (2008).

Reduction in Force Based on Lack of Just Cause or Procedural Violations Not Reviewable. — Because under G.S. 126-34.1 of the State Personnel Act, the Office of Administrative Hearings (OAH) did not have jurisdiction to determine whether employees' terminations under reductions in force were based on a lack of just cause or procedural violations, the trial court erred in holding otherwise and the employees' petitions for OAH review were to be dismissed on remand. Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401, 2003 N.C. App. LEXIS 2277 (2003), cert. denied, 358 N.C. 380, 598 S.E.2d 380 (2004).

Under Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401 (2003), a trial court properly upheld the Office of Administrative Hearings administrative law judge's decision to dismiss a career state employee's claim that his reduction in force (RIF) discharge lacked just cause and was the result of procedural violations because the Feinstein case, which ruled that career state employees separated under an RIF could not bring either just cause or procedural appeals based on that separation, controlled the appeal; the court of appeals was not free to revisit the prior panel's analysis, and the distinction between Feinstein and the employee's case, university employees as opposed to North Carolina Department of Public Instruction employees, was immaterial to the analysis. Jailall v. N.C. Dep't of Pub. Instruction, — N.C. App. —, 675 S.E.2d 79, 2009 N.C. App. LEXIS 455 (2009).

The superior court properly determined that it had subject matter jurisdiction where the plaintiff sought injunctive relief ordering his reinstatement to the "same or similar position," a matter on which this section does not specifically authorize appeal; the State Personnel Act does not place jurisdiction over this matter with the State Personnel Commission. Hodge v. North Carolina DOT, 137 N.C. App. 247, 528 S.E.2d 22, 2000 N.C. App. LEXIS 334 (2000).

Superior court properly determined that it lacked subject matter jurisdiction over former state employee's disabilities discrimination claim where there was no evidence presented that the employee had been continuously employed by the State of North Carolina for the immediate 24 preceding months and thus she was not a career State employee. Campbell v. N.C. DOT - DMV, 155 N.C. App. 652, 575 S.E.2d 54, 2003 N.C. App. LEXIS 24 (2003), cert. denied, 357 N.C. 62, 579 S.E.2d 386 (2003).

Demotion and transfer were not politically-motivated in violation of this section where the evidence in the record failed to support a causal connection between his political affiliation and the employer's actions; petitioner admitted that the demotion and transfer were not the product of any disciplinary actions but was the result of the letters he wrote requesting a transfer, and that his testimony regarding people who "played politics" was nothing more than speculation. Curtis v. North Carolina DOT, 140 N.C. App. 475, 537 S.E.2d 498, 2000 N.C. App. LEXIS 1215 (2000).

Constructive Discharge. — When an employee is "deemed to have voluntarily resigned" by the State agency for being unable or unwilling to work in conditions that may constitute discrimination, such resignation can constitute a constructive discharge entitling the employee to file a contested case alleging termination pursuant to G.S. § 126-34.1(a)(2)b. Campbell v. N.C. DOT - DMV, 155 N.C. App. 652, 575 S.E.2d 54, 2003 N.C. App. LEXIS 24 (2003), cert. denied, 357 N.C. 62, 579 S.E.2d 386 (2003).

Settlement of Administrative Action Did Not Bar Suit Under Whistleblower Act. — Agreement settling a former employee's administrative action against an agency did not estop the former employee from seeking damages under the Whistleblower Act, G.S. 126-84 et seq., because the former employee did not allege a Whistleblower Act claim in the administrative action and such remedies were not recoverable in the administrative action; the settlement agreement did not contain any release of a claim under the Whistleblower Act. The former employee's acceptance of the settlement agreement and subsequent voluntary resignation did not negate the fact that the former employee's employment was terminated. Newberne v. N.C. Dep't of Crime Control & Pub. Safety, — N.C. App. —, 666 S.E.2d 195, 2008 N.C. App. LEXIS 1647 (2008).

Choice of Remedies. — State employee may choose to pursue a whistleblower claim pursuant to G.S. 126-85 in either the superior court or the Office of Administrative Hearings, but not both. Swain v. Elfland, 145 N.C. App. 383, 550 S.E.2d 530, 2001 N.C. App. LEXIS 663 (2001), cert. denied, 354 N.C. 228, 554 S.E.2d 832 (2001).

Trial court properly dismissed a judicial action brought by a former police officer under G.S. 126-86, which was commenced prior to the exhaustion of an administrative action before the Office of Administrative Hearings, that the former officer brought pursuant to G.S. 126-34.1(a)(7), alleging retaliation and racial discrimination in violation of G.S. 126-85. Newberne v. Crime Control & Pub. Safety, 168 N.C. App. 87, 606 S.E.2d 742, 2005 N.C. App. LEXIS 176 (2005), rev'd, 359 N.C. 782, 618 S.E.2d 201 (2005).

Doctrine of administrative exhaustion did not prevent a state trooper from filing a whistleblower claim in a superior court because the state trooper had the choice to pursue the whistleblower claim in either a judicial forum, pursuant to G.S. 126-86, or an administrative forum, pursuant to G.S. 126-34.1, but not both. Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

§ 126-34.2. Alternative dispute resolution.

(a) Notwithstanding the provisions of Articles 6 and 7 of this Chapter, or the other provisions of this Article, with the consent of the parties, a matter for which a State employee, a former State employee, or an applicant for State employment has filed a contested case under Article 3 of Chapter 150B of the General Statutes may be handled in accordance with alternative dispute resolution procedures adopted by the State Personnel Commission.

(b) In its discretion, the State Personnel Commission may adopt alternative dispute resolution procedures for the resolution of matters not constituting grounds for a contested case under G.S. 126-34.1.

(c) Nothing in this section shall be construed to limit the right of any person to file in the Office of Administrative Hearings a contested case under Article 3 of Chapter 150B of the General Statutes. (1995, c. 141, s. 8.)

§ 126-35. Just cause; disciplinary actions for State employees.

(a) No career State employee subject to the State Personnel Act shall be discharged, suspended, or demoted for disciplinary reasons, except for just cause. In cases of such disciplinary action, the employee shall, before the action is taken, be furnished with a statement in writing setting forth in numerical order the specific acts or omissions that are the reasons for the disciplinary action and the employee's appeal rights. The employee shall be permitted 15 days from the date the statement is delivered to appeal to the head of the department. However, an employee may be suspended without warning for causes relating to personal conduct detrimental to State service, pending the giving of written reasons, in order to avoid undue disruption of work or to protect the safety of persons or property or for other serious reasons. The employee, if he is not satisfied with the final decision of the head of the department, or if he is unable, within a reasonable period of time, to obtain a final decision by the head of the department, may appeal to the State Personnel Commission. Such appeal shall be filed not later than 30 days after receipt of notice of the department head's decision. The State Personnel Commission may adopt, subject to the approval of the Governor, rules that define just cause.

(b) Notwithstanding any other provision of this Chapter, a reduction in pay or position which is not imposed for disciplinary reasons shall not be considered a disciplinary action within the meaning of this Article. Disciplinary actions, for the purpose of this Article, are those actions taken in accordance with the disciplinary procedures adopted by the State Personnel Commission and specifically based on unsatisfactory job performance, unacceptable personal conduct or a combination of the two.

(c) For the purposes of contested case hearings under Chapter 150B, an involuntary separation (such as a separation due to a reduction in force) shall be treated in the same fashion as if it were a disciplinary action.

(d) In contested cases conducted pursuant to Chapter 150B of the General Statutes, the burden of showing that a career State employee subject to the State Personnel Act was discharged, suspended, or demoted for just cause rests with the department or agency employer. CASE NOTES

Constitutional Implications. — For case discussing the propriety under U.S. Const., Amends. I and XIV, of adverse personnel actions affecting State employees in exempt positions following the change from the Hunt administration to the Martin administration, see Stott v. Martin, 725 F. Supp. 1365 (E.D.N.C. 1989), rev'd on other grounds, 916 F.2d 134 (4th Cir. 1990).

The purpose of this section is to provide the employee with a written statement of the reasons for his discharge so that the employee may effectively appeal his discharge. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

This section was designed to prevent the employer from summarily discharging an employee and then searching for justifiable reasons for the dismissal. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Section Supplanted by Later-Enacted G.S. 126-34.1. — By its own terms of exclusion, G.S. 126-34.1 of the State Personnel Act supersedes and controls over any contrary earlier enactments, and given its clear and unambiguous language, the later enacted G.S. 126-34.1 supplants G.S. 126-35. Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401, 2003 N.C. App. LEXIS 2277 (2003), cert. denied, 358 N.C. 380, 598 S.E.2d 380 (2004).

Under Univ. of N.C. at Chapel Hill v. Feinstein, 161 N.C. App. 700, 590 S.E.2d 401 (2003), a trial court properly upheld the Office of Administrative Hearings administrative law judge's decision to dismiss a career state employee's claim that his reduction in force (RIF) discharge lacked just cause and was the result of procedural violations because the Feinstein case, which ruled that career state employees separated under an RIF could not bring either just cause or procedural appeals based on that separation, controlled the appeal; the court of appeals was not free to revisit the prior panel's analysis, and the distinction between Feinstein and the employee's case, university employees as opposed to North Carolina Department of Public Instruction employees, was immaterial to the analysis. Jailall v. N.C. Dep't of Pub. Instruction, — N.C. App. —, 675 S.E.2d 79, 2009 N.C. App. LEXIS 455 (2009).

This section creates a reasonable expectation of continued employment and a property interest within the meaning of the Due Process Clause of the United States Constitution. Faulkner v. North Carolina Dep't of Cors., 428 F. Supp. 100 (W.D.N.C. 1977).

Where a State employee asserts civil rights violations under 42 U.S.C. § 1983 for his wrongful dismissal, the superior court retains its traditional power to grant preliminary injunctive relief without requiring him to exhaust the administrative remedies provided in Chapter 126 of the General Statutes. Williams v. Greene, 36 N.C. App. 80, 243 S.E.2d 156, appeal dismissed, 295 N.C. 471, 246 S.E.2d 12 (1978).

A State employee who could be discharged only for cause had a property interest of continued employment created by state law and protected by the Due Process Clause of the United States Constitution. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

To Whom Article Applicable. — A permanent state employee who alleges he has been reduced in position without just cause is entitled to the review and appeal provisions outlined in this article, whether the motive for his demotion was illegally discriminatory or retaliatory, or apparently or actually disciplinary. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

The plaintiff, a discharged Agricultural Extension Agent, could not establish a property right in his job through the State Personnel Act because he was part of the instructional staff of the UNC system and therefore exempt from this act. McCallum v. North Carolina Coop. Extension Serv., 142 N.C. App. 48, 542 S.E.2d 227, 2001 N.C. App. LEXIS 51 (2001), cert. denied, 353 N.C. 452, 548 S.E.2d 527 (2001).

Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Invocation of Jurisdiction. — Because this section deems such departmental or agency action "disciplinary," an allegation that an employee has been "demoted in rank without sufficient cause" invokes first the jurisdiction of the State Personnel Commission, then, on appeal, that of the Office of Administrative Hearings, even when there has been no documented misconduct by the employee. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Focus of Review. — Although referred to as "disciplinary," the focus of review under this section is justification of the adverse departmental action, without regard to whether it is taken in response to employee conduct or in response to the vicissitudes of a department's personnel needs. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Authority to Hear Action Brought by DOC Employee. — Among all the provisions of this article, only G.S. 126-37 confers upon the State Personnel Commission or upon the Office of Administrative Hearings the jurisdiction or power to deal with an action brought by a correction employee who was reallocated pursuant to a managerial reallocation. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

This section establishes a condition precedent that must be fulfilled by the employer before disciplinary actions are taken: The employer must provide the employee with a written statement enumerating specific acts or reasons for the disciplinary action and containing a statement of the employee's appeal rights. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Property Interest in Employment. — A terminated career state employee was entitled to the "just cause" protection of this section and was therefore imbued with a constitutionally protected property interest in his employment as the Equal Employment Opportunity Officer of a state agency. Peace v. Employment Sec. Comm'n, 349 N.C. 315, 507 S.E.2d 272 (1998).

"Just Cause". — This section provides that no employee may be reduced in "pay or position, except for just cause"; this section does not define "just cause," but giving the words their ordinary meaning, it would include either the undertaking of a private investigation of a superior or the refusal to answer questions in an investigation within a particular department. Reed v. Byrd, 41 N.C. App. 625, 255 S.E.2d 606 (1979).

Just cause is not defined in this section. Words of statute are to be given their ordinary meaning. Walker v. North Carolina Dep't of Human Resources, 100 N.C. App. 498, 397 S.E.2d 350 (1990), cert. denied, 328 N.C. 98, 402 S.E.2d 430 (1991).

The trial court correctly determined that the record lacked substantial evidence to support the Personnel Commission's conclusion that the Department of Correction had not met its burden of showing just cause for terminating correctional officer; said officer's behavior in leaving his post without authorization and failing to remain alert while on duty did not only constitute "unsatisfactory job performance" but fell squarely within the category of "unacceptable personal conduct" for which a DOC employee may be terminated without any prior warning. North Carolina Dep't of Cor. v. McNeely, 135 N.C. App. 587, 521 S.E.2d 730, 1999 N.C. App. LEXIS 1175 (1999).

There was just cause to demote the highway patrol employee as the employee drank three beers within a short period; proceeded to drive after drinking; exceeded the speed limit; and two alco-sensor tests registered 0.09 and 0.08 alcohol concentration readings. Davis v. N.C. Dep't of Crime Control & Pub. Safety, 151 N.C. App. 513, 565 S.E.2d 716, 2002 N.C. App. LEXIS 777 (2002).

Demotion of a state Department of Correction employee was not based on the just cause of sexual harassment, where unlawful sexual harassment was defined in the Department of Correction policy as including quid pro quo or hostile environment consequences, and the employee's sexual comments did not include quid pro quo or hostile environment consequences. Lewis v. N.C. Dep't of Corr., 153 N.C. App. 449, 570 S.E.2d 231, 2002 N.C. App. LEXIS 1168 (2002), aff'd, 357 N.C. 246, 580 S.E.2d 694 (2003).

When an employee was demoted from his position as a prison food service supervisor, there was substantial evidence, sufficient to satisfy the requirements of G.S. 126-35(a), that he did not satisfactorily meet his job requirements, which included supervising inmate workers and ensuring that the kitchen was kept in a clean and orderly fashion, and he received two written warnings concerning his poor job performance, detailing his failure to follow proper procedure and failure to maintain sanitary conditions in the kitchen. Skinner v. N.C. Dep't of Corr., 154 N.C. App. 270, 572 S.E.2d 184, 2002 N.C. App. LEXIS 1473 (2002).

Summary judgment for a state agency employer in an employee's petition for review of his demotion was proper where the conduct admitted by the employee constituted "unacceptable personal conduct," and the State Personnel Commission determined that its regulations and work rules did not contain any qualification or exception for the explanations asserted by the employee. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

Summary judgment for a state agency employer in an employee's petition for review of his demotion was proper where the conduct admitted by the employee constituted "unacceptable personal conduct," and the State Personnel Commission determined that its regulations and work rules did not contain any qualification or exception for the explanations asserted by the employee. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

When Finding of Just Cause Is Required. — A finding of just cause is not required unless the employee is discharged, suspended, or reduced in pay or position. Gibbs v. Department of Human Resources, 77 N.C. App. 606, 335 S.E.2d 924 (1985).

Burden of Proof. — The State Personnel Commission was correct in requiring the Employment Security Commission to carry the burden of proving petitioner was terminated for just cause. Employment Sec. Comm'n v. Peace, 122 N.C. App. 313, 470 S.E.2d 63 (1996), review granted, 345 N.C. 640, 483 S.E.2d 706 (1997).

The burden of proof in "just cause" claims under this section may be allocated to an employee without violating due process. Employment Sec. Comm'n v. Peace, 128 N.C. App. 1, 493 S.E.2d 466 (1997), aff'd, 349 N.C. 315, 507 S.E.2d 272 (1998).

The government's interest in maintaining an efficient and productive government or private employee work force supports the allocation of the burden of proof on just cause to the employee. Peace v. Employment Sec. Comm'n, 349 N.C. 315, 507 S.E.2d 272 (1998).

Failure to Show Just Cause. — The State Personnel Commission did not err in its conclusion that the Employment Security Commission failed to show "just cause" for its dismissal of petitioner. Employment Sec. Comm'n v. Peace, 122 N.C. App. 313, 470 S.E.2d 63 (1996), review granted, 345 N.C. 640, 483 S.E.2d 706 (1997).

Health board's dismissal of director for the omission a preaudit certificate on contracts was an error, as the board did not establish that the omission could produce disruption of work, a threat to persons or property, or any other serious effect that required immediate action, as required by G.S. 126-35. Steeves v. Scot. County Bd. of Health, 152 N.C. App. 400, 567 S.E.2d 817, 2002 N.C. App. LEXIS 913 (2002), cert. denied, 356 N.C. 444, 573 S.E.2d 512 (2002).

Although there was no bright line test to determine whether a ranger's conduct established unacceptable personal conduct, and thus "just cause" for a decision by the North Carolina Department of Environment and Natural Resources to demote him and reduce his pay, it was clear that the ranger's decision to use emergency devices on his vehicle and exceed posted speed limits in trying to reach his mother, who was undergoing a medical emergency, was not conduct that would give just cause for such a severe penalty as demotion; the ranger's conduct did not justifiably fall under the State Personnel Commission's regulatory definition of "unacceptable personal conduct," found in N.C. Admin. Code tit. 25, r. 1J .0614(i) (June 2004). N.C. Dep't of Env't & Natural Res. v. Carroll, 358 N.C. 649, 599 S.E.2d 888, 2004 N.C. LEXIS 909 (2004).

Trial court properly concluded that North Carolina Department of Environment and Natural Resources (NCDENR) employees had not engaged in unacceptable personal conduct that was detrimental to state service and that there was no just cause for discipline because a "rational nexus" did not exist between the employees' off-duty criminal conduct and the potential adverse impact on their future ability to perform for NCDENR. Kelly v. N.C. Dep't of Env't & Natural Res., — N.C. App. —, 664 S.E.2d 625, 2008 N.C. App. LEXIS 1544 (2008).

Internal Grievance Procedures to Be Followed. — Petitioner could not proceed under this section for a "just cause" violation without first following respondent's internal grievance procedure. Nailing v. UNC-CH, 117 N.C. App. 318, 451 S.E.2d 351 (1994), cert. denied, 339 N.C. 614, 454 S.E.2d 255 (1995).

Where petitioner made no application for leave without pay and respondent placed him involuntarily on sick leave until his accumulated time elapsed, then required him to expend his accumulated vacation, and finally placed him on leave without pay, this was, in essence, a suspension, which could not be made without just cause. White v. North Carolina Dep't of Cor., 117 N.C. App. 521, 451 S.E.2d 876 (1995).

Failure to Perform with Reasonable Care Essential to Just Cause. — Standard of employee conduct implied in every contract of employment is one of reasonable care, diligence and attention. A State employee does not undertake any greater duty. In attempting to establish that it had just cause to terminate an employee, an agency is bound to make a showing that the employee has not performed with reasonable care, diligence and attention. Walker v. North Carolina Dep't of Human Resources, 100 N.C. App. 498, 397 S.E.2d 350 (1990), cert. denied, 328 N.C. 98, 402 S.E.2d 430 (1991).

Failure to fulfill certain quotas and complete certain tasks to the complete satisfaction of a supervisor is not enough to establish just cause. The agency must show that quotas and job requirements were reasonable, and if so, that the employee made no reasonable effort to meet them. Walker v. North Carolina Dep't of Human Resources, 100 N.C. App. 498, 397 S.E.2d 350 (1990), cert. denied, 328 N.C. 98, 402 S.E.2d 430 (1991).

Failure to Carry Out Supervisor's Directives. — Adequacy of an employee's work must be, to some extent, a subjective determination made by agency personnel. When an agency seeks to establish before the Commission that an employee was terminated for just cause, however, it cannot rest solely on the grounds that his supervisor's directives were not carried out to their fullest extent. Walker v. North Carolina Dep't of Human Resources, 100 N.C. App. 498, 397 S.E.2d 350 (1990), cert. denied, 328 N.C. 98, 402 S.E.2d 430 (1991).

Where State employees were putting in extra effort to attempt to meet supervisor's requirements, which failed to take into account many realities of school caseload, and where there was nothing in the record which would indicate that the inability of the employees to meet the supervisor's goals adversely affected the agency in any way, and where findings indicated that the employer's clients were well served by each employee, the trial court correctly concluded that the Commission's own findings did not support its conclusion that just cause was established. Walker v. North Carolina Dep't of Human Resources, 100 N.C. App. 498, 397 S.E.2d 350 (1990), cert. denied, 328 N.C. 98, 402 S.E.2d 430 (1991).

Reduced in Position. — An employee is reduced in position within the meaning of this section when he is placed in a lower paygrade. Gibbs v. Department of Human Resources, 77 N.C. App. 606, 335 S.E.2d 924 (1985).

Demotion and Transfer Were Not Done Without Just Cause. — Demotion and transfer were not done without just cause where the petitioner had specifically asked for a transfer back to the town where he had been originally working and expressed a willingness, however begrudgingly, to accept a demotion if that was required. Curtis v. North Carolina DOT, 140 N.C. App. 475, 537 S.E.2d 498, 2000 N.C. App. LEXIS 1215 (2000).

Contested Action Deemed "Disciplinary" Within Meaning of This Section. — Petitioner's allegation that he had been "demoted in rank without sufficient cause" stated grounds for his department's action to be deemed "disciplinary" within the meaning and intent of this section and for his case to be considered "contested" within the meaning and intent of G.S. 126-37(a). Because he had properly pursued all informal procedures mandated by the State Personnel Act and by the North Carolina Administrative Code for the resolution of his grievance, petitioner's appeal also fit the procedural profile of a "contested case" for purposes of its review by the Office of Administrative Hearings under Chapter 150B. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Discharge of Exempt Employees by Successor Governor. — Although the North Carolina State Personnel Act provides that no permanent employee subject thereto shall be discharged, suspended or reduced in pay or position except for just cause, the act exempts certain employees by its terms and allows the Governor to designate as exempt from the provisions of the act certain other policy-making or decision-making employees. Where plaintiffs having a position designated as policy-making or confidential by the previous Governor brought suit alleging that each was discharged from an exempt government position for the sole reason of political affiliation, there was a presumption that successor Governor's actions were proper if done for political patronage reasons that require, as a qualification for the performance of a job, a political affiliation. Stott v. Haworth, 916 F.2d 134 (4th Cir. 1990).

Grounds for Dismissal. — A permanent state employee may be dismissed for (1) inadequate performance of duties or, (2) personal conduct detrimental to state service. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Procedural Safeguards. — Procedural safeguards within subsection (a) serve as a prophylactic protection against summary dismissal based on inadequate notice. Owen v. UNC-G Physical Plant, 121 N.C. App. 682, 468 S.E.2d 813 (1996), discretionary review improvidently allowed, 344 N.C. 73, 477 S.E.2d 33 (1996).

Prior to dismissal for cause relating to performance of duties, a permanent State employee is entitled to three separate warnings that his performance is unsatisfactory, consisting of (1) an oral warning explaining how he is not meeting the job's requirements; (2) a second oral warning outlining his unsatisfactory performance, with a follow-up letter reviewing the points covered by the oral warning; (3) a final written warning setting forth in numerical order the specific acts or omissions that are the reasons for the disciplinary action and the employee's appeal rights. Jones v. Department of Human Resources, 300 N.C. 687, 268 S.E.2d 500 (1980).

The requirement of this section is that a permanent state employee is entitled to three separate warnings giving notice that his performance is unsatisfactory. Parks v. Department of Human Resources, 79 N.C. App. 125, 338 S.E.2d 826 (1986).

Written Notice at Time of Dismissal. — When an employee is being dismissed for personal misconduct, the requirement of timely written notice has been met where the written statement of the reasons for dismissal is given to the employee simultaneously with his dismissal. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Administrator received the notification mandated by G.S. 126-35 in an administrative proceeding concerning the administrator's dismissal from employment at a State facility for the mentally retarded; as the administrator received a dismissal letter which set forth the specific acts or omissions supporting his dismissal, as well as his appeal rights, and the fact that this notice was given simultaneously with the disciplinary action in this case was not a violation of G.S. 126-35. Kea v. Dep't of Health & Human Servs., 153 N.C. App. 595, 570 S.E.2d 919, 2002 N.C. App. LEXIS 1246 (2002), appeal dismissed, 356 N.C. 673, 577 S.E.2d 120 (2003), 357 N.C. 654, 588 S.E.2d 467 (2003).

Failure to Follow Internal Policy. — Employee's claim that his employer did not follow its internal policy in that he was not given an action plan after he received written warnings did not entitle him to relief regarding his eventual demotion because he did not show that there was a substantial chance that if the employer had followed this policy the result of his case would have been different. Skinner v. N.C. Dep't of Corr., 154 N.C. App. 270, 572 S.E.2d 184, 2002 N.C. App. LEXIS 1473 (2002).

Contents of Notice of Dismissal. — The notice of dismissal need not explain every step in the appeal process. Rather, it must inform the employee of his right to appeal. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Duty of State Agencies to Describe "Specific Acts or Omissions" with Particularity. — This section imposes an affirmative duty on State agencies to inform discharged employees, in writing, of the "specific acts or omissions" that were the reasons for the disciplinary action; "specific acts or omissions" implies that these incidents should be described with sufficient particularity so that the discharged employee will know precisely what acts or omissions were the basis of his discharge. Employment Sec. Comm'n v. Wells, 50 N.C. App. 389, 274 S.E.2d 256 (1981).

This section requires that the acts or omissions be described with sufficient particularity so that the discharged employee will know precisely what acts or omissions were the basis of his discharge. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Failure to include the specific names of the employee's accusers in her dismissal letter prejudiced her ability to fully prepare her appeal. Owen v. UNC-G Physical Plant, 121 N.C. App. 682, 468 S.E.2d 813 (1996), discretionary review improvidently allowed, 344 N.C. 73, 477 S.E.2d 33 (1996).

Notice Held Inadequate. — The Employment Security Commission failed to give respondent proper notice of the reasons for his dismissal as an employee as required by this section where the only information given respondent concerning the reasons for his dismissal was contained in the letter of dismissal, which stated that respondent violated agency procedure in attempting to recruit migrant workers from Florida by phone and personal visit, that respondent had forced workers to work for a designated crew leader even though the workers preferred not to work in a crew, and that respondent violated agency procedure by not reporting illegal aliens, since the letter did not describe any incidents with sufficient particularity so that respondent could know precisely what acts or omissions were the basis of his discharge. Employment Sec. Comm'n v. Wells, 50 N.C. App. 389, 274 S.E.2d 256 (1981).

Although the Department of Human Resources' original notice to petitioner clearly stated the specific acts underlying its decision to take a particular disciplinary action, i.e., dismissal, the secretary's subsequent notice that her decision to demote petitioner was "based upon the information presented" was not an adequate statement of the specific acts or omissions underlying her decision to take a different disciplinary action, i.e., demotion. Meyers v. Department of Human Resources, 92 N.C. App. 193, 374 S.E.2d 280 (1988), cert. denied, 324 N.C. 247, 377 S.E.2d 754 (1989).

Warnings Required. — Where petitioner's performance of his duties as a wildlife officer were what had become accepted standards of reporting and performing his work, disciplinary action by petitioner's supervisors to halt these accepted standards would have propelled this behavior into the "unsatisfactory job performance" category rather than the "unacceptable personal conduct" category, for which certain warnings were required before petitioner's termination on the grounds of unsatisfactory job performance. Wilkie v. North Carolina Wildlife Resources Comm'n, 118 N.C. App. 475, 455 S.E.2d 871 (1995).

No Requirement for Administrative Warning Before Demotion. — There was no basis in this section or relevant regulations to conclude lawful procedure required petitioner be given any administrative warnings before his demotion. Meyers v. Department of Human Resources, 92 N.C. App. 193, 374 S.E.2d 280 (1988), cert. denied, 324 N.C. 247, 377 S.E.2d 754 (1989).

Written Statement of Appeal Rights Required. — Due process under the United States and North Carolina Constitutions requires that a permanent State employee who has been dismissed be provided with a statement in writing setting forth his rights of appeal before the 15- and 30-day time limits for notice of appeal provided in this section and G.S. 126-38 commence to run. Luck v. Employment Sec. Comm'n, 50 N.C. App. 192, 272 S.E.2d 607 (1980).

Opportunity to Respond. — A State employee who has a right to continued employment subject to dismissal for just cause is entitled to a predetermination opportunity to respond. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Impartial Decision Maker. — A public employee facing an administrative hearing is entitled to an impartial decision maker. However, to make out a due process claim based on this theory, an employee must show that the decision making board or individual possesses a disqualifying personal bias. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Dean's consultation with members of the State Personnel Commission prior to dismissing petitioner could not be said to have deprived him of an impartial hearing where petitioner failed to show any disqualifying personal bias on the part of the decision makers because of familiarity with the facts of his case. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Failure to Follow Established Grievance Procedure. — Department of Human Resource's dismissal of employee's appeal on grounds it was filed one day after the deadline was neither arbitrary or capricious where employee was informed of the time limits for perfecting appeal, offered assistance for complying with appeal procedures since legal representation was not allowed at that time of the proceeding, and employee's apparent justification for filing late was difficulty in retaining an attorney. Lewis v. North Carolina Dep't of Human Resources, 92 N.C. App. 737, 375 S.E.2d 712 (1989).

School's failure to follow its internal review process did not automatically entitle petitioner to reversal of dismissal determination. In order to claim any relief based on a violation of internal appeal procedures, petitioner would have had to show that there was a substantial chance there would have been a different result in his case if the established internal procedures had been followed. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Record supported North Carolina Department of Health and Human Services' decision to terminate a health care technician's employment after other health care technicians saw the employee discard food meant for persons who were in the employee's care at a nursing home, distribute meals improperly, and fail to bathe a resident. Pittman v. N.C. Dep't of Health & Human Servs., 155 N.C. App. 268, 573 S.E.2d 628, 2002 N.C. App. LEXIS 1579 (2002).

Dismissal Upheld. — Dismissal of petitioner from position as Director of Student Activities in the Student Services Department at the North Carolina School of the Arts for personal misconduct involving his role in assembling a meeting of other division directors to discuss complaints about their superior, the Dean of Student Services, in the absence of the Dean, would be upheld. Leiphart v. North Carolina School of Arts, 80 N.C. App. 339, 342 S.E.2d 914 (1986).

Dismissal of State Bureau of Investigation (SBI) agent for failure to comply with five day deadline for SBI agents to file reports was reasonable where the rule was promulgated for the purpose of providing timely written reports to district attorneys, to aid in prosecution, and to enhance the credibility of the testimony of SBI agents and the rule also provided that for legitimate reasons, the five day requirement could be extended. Gainey v. North Carolina Dep't of Justice, 121 N.C. App. 253, 465 S.E.2d 36 (1996).

State Personnel Commissioner did not err in affirming dismissal based on warnings that occurred two years prior to the actual dismissal, especially when the earlier violations related to the very reasons for which the employee was dismissed. Gainey v. North Carolina Dep't of Justice, 121 N.C. App. 253, 465 S.E.2d 36 (1996).

Substantial evidence supported an administrative law judge's (ALJ) ruling that the North Carolina Department of Transportation (DOT) had just cause to dismiss an employee for unacceptable personal conduct where he knowingly violated the DOT's Statement of Understanding and Internet Policy as: (1) the employee's denial of knowledge of the Statement of Understanding was not credible, (2) the employee's claim that he was unaware that he had to obtain his supervisor's approval before installing software on his work computer was not believed by the ALJ, (3) the employee admitted not having permission to install software on his computer, and (4) the unauthorized installation of software was inconsistent with the DOT's objective to ensure that its files and computer network system were properly protected. Teague v. N.C. DOT, 177 N.C. App. 215, 628 S.E.2d 395, 2006 N.C. App. LEXIS 863 (2006).

Dismissal Held Unjustified. — Dismissal of superintendent of the Department of Correction's Treatment Facility for Women (TFW) in Charlotte, a minimum custody prison or "halfway house", on grounds of insubordination held not justified under the evidence. Kandler v.

Department of Cor., 80 N.C. App. 339, 342 S.E.2d 910 (1986).

Petitioner-employee was not fired for just cause where her termination was based on her refusal: (1) to provide services to a client whose dad was sexually harassing her and; (2) to attend several meetings with supervisors after her complaints about her client's sexual harassment were met with disbelief, little or no attention and investigation or ignored. § 126-36. Appeal of unlawful State employment practice.

(a) Any State employee or former State employee who has reason to believe that employment, promotion, training, or transfer was denied the employee or that demotion, layoff, transfer, or termination of employment was forced upon the employee in retaliation for opposition to alleged discrimination or because of the employee's age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition as defined by G.S. 168A-3 except where specific age, sex or physical requirements constitute a bona fide occupational qualification necessary to proper and efficient administration, shall have the right to appeal directly to the State Personnel Commission.

(b) Subject to the requirements of G.S. 126-34, any State employee or former State employee who has reason to believe that the employee has been subjected to any of the following shall have the right to appeal directly to the State Personnel Commission:

(1) Harassment in the workplace based upon age, sex, race, color, national origin, religion, creed, or handicapping condition, whether the harassment is based upon the creation of a hostile work environment or upon a quid pro quo.

(2) Retaliation for opposition to harassment in the workplace based upon age, sex, race, color, national origin, religion, creed, or handicapping condition, whether the harassment is based upon the creation of a

hostile work environment or upon a quid pro quo. (1975, c. 667, s. 10; 1977, c. 866, ss. 13, 16; 1987, c. 320, s. 7; 1998-135, s. 4.)

CASE NOTES

The ultimate purpose of this section, G.S. 143-422.2, and Title VII (42 U.S.C. § 2000e et seq.) is the same; that is, the elimination of discriminatory practices in employment. North Carolina Dep't of Cor. v. Gibson, 308 N.C. 131, 301 S.E.2d 78 (1983).

North Carolina Supreme Court looks to federal decisions for guidance in establishing evidentiary standards and principles of law to be applied in discrimination cases. North Carolina Dep't of Cor. v. Gibson, 308 N.C. 131, 301 S.E.2d 78 (1983).

To Whom Article Applicable. — A permanent state employee who alleges he has been reduced in position without just cause is entitled to the review and appeal provisions outlined in this article, whether the motive for his demotion was illegally discriminatory or retaliatory or apparently or actually disciplinary. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Statute merely provides a plaintiff with "the right to appeal" a wrongful retaliation claim directly to the State Personnel Commission. G.S. 126-36(b), and such "right to appeal" does not otherwise bar an action which meets the requirements of the Whistleblower Act, G.S. 126-84 et seq.; when G.S. 126-36(b) is read in para materia with the Whistleblower Act, the two statutes are not irreconcilable. Wells v. N.C. Dep't of Corr., 152 N.C. App. 307, 567 S.E.2d 803, 2002 N.C. App. LEXIS 929 (2002).

Employment of a trainee who was in a probationary period with the North Carolina Department of Revenue was not exempted by G.S. 126-5 from the appeals process through the North Carolina State Personnel Commission; although the trainee was not a ""career" state employee, G.S. 126-36(a) allowed the Commission to review his claims derived from alleged discrimination on the basis of religion. Vanderburg v. N.C. Dep't of Revenue, 168 N.C. App. 598, 608 S.E.2d 831, 2005 N.C. App. LEXIS 451 (2005).

Direct Appeal Permitted. — Where in his petition for a contested case hearing, an employee had alleged termination without just cause due to discrimination and had checked the appropriate lines labeled "race" and "age," he had therefore sufficiently asserted discrimination to petition directly to the State Personnel Commission. Bobbitt v. N.C. State Univ., — N.C. App. —, 635 S.E.2d 463, 2006 N.C. App. LEXIS 2164 (2006).

Two Tests Applicable to Employment Decisions Based on Inherently Subjective Criteria. — When reviewing hiring and promotion decisions that were based on exercise of personal judgment or application of inherently subjective criteria, court may employ either "disparate treatment" test or "disparate impact" test, or both. North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

Definition of Promotion. — This section does not contain a definition of "promotion." Unless a word in a statute has acquired a technical meaning or the language of the statute indicates that a special use is intended, it must be given its "common and ordinary meaning." Edwards v. University of N.C., 107 N.C. App. 606, 421 S.E.2d 383, cert. denied, 333 N.C. 167, 424 S.E.2d 909 (1992).

The word "promotion" is not peculiar to any particular profession, but is universally used. Nothing in the text of this section indicates that the legislature sought to attach any technical meaning to its use. Edwards v. University of N.C., 107 N.C. App. 606, 421 S.E.2d 383, cert. denied, 333 N.C. 167, 424 S.E.2d 909 (1992).

The important criteria in both the dictionary and State Personnel Commission definitions of "promotion" are greater status and a higher standing in relation to others. Accordingly, to the extent any individual's relative standing among his peers was raised when the university police department reclassified ranks, that individual was promoted. Edwards v. University of N.C., 107 N.C. App. 606, 421 S.E.2d 383, cert. denied, 333 N.C. 167, 424 S.E.2d 909 (1992).

There is no mention in the definition of promotion of increased pay or change in job classification. This definition is consistent with other states' interpretations of promotion, which recognize that salary increases and changes in job classification are not the sole criteria for determining the existence of a promotion. Edwards v. University of N.C., 107 N.C. App. 606, 421 S.E.2d 383, cert. denied, 333 N.C. 167, 424 S.E.2d 909 (1992).

Reorganization Held Promotion Scheme. — Although changes in rank made pursuant to a reorganization involved no increase in salary or change in state job classification, the reorganization within the university police department was a promotion scheme and therefore within the appellate jurisdiction of State Personnel Commission. Edwards v. University of N.C., 107 N.C. App. 606, 421 S.E.2d 383, cert. denied, 333 N.C. 167, 424 S.E.2d 909 (1992).

Racial Discrimination. — The State Personnel Commission has authority to determine whether a State employee has been discharged because of racial discrimination. Abron v. North Carolina Dep't of Cor., 90 N.C. App. 229, 368 S.E.2d 203 (1988).

Employer's Legitimate Nondiscriminatory Reason. — Legitimate nondiscriminatory reason is employer's promotion of an employee better qualified than complainant. North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

Although a female African-American social services employee had 20 years' experience and the white male who was promoted instead of her had only eight years, the employer articulated nondiscriminatory reasons for its hiring decision, including initiative, community outreach, and communications skills. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Burden and Order of Proof in Racial Discrimination Case. — In racial discrimination cases, the burdens and orders of presentation of proof are as follows: First, the employee carries the initial burden of establishing, by a preponderance of the evidence, a prima facie case of racial discrimination; second, if the employee makes out a prima facie case, the burden then must shift to the employer to articulate some legitimate, nondiscriminatory reason for the employee's rejection; and third, if the employer meets its burden, the employee is given the opportunity to prove that the employer's stated reasons for termination were in fact a pretext for racial discrimination. Area Mental Health v. Speed, 69 N.C. App. 247, 317 S.E.2d 22, cert. denied, 312 N.C. 81, 321 S.E.2d 893 (1984).

Once employee establishes prima facie case of racial discrimination, burden shifts to the employer to produce evidence showing legitimate, nondiscriminatory reason for its action. If the employer carries its burden to produce that evidence, the employee must then satisfy the trier of fact that the employer's stated reasons were merely a pretext for intentional discrimination. Abron v. North Carolina Dep't of Cor., 90 N.C. App. 229, 368 S.E.2d 203 (1988).

Disparate Treatment Claims. — When employee alleges that employer treated him or her in particular less favorably than other employees, employee raises claim of "disparate treatment." North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

According to "disparate treatment" analysis, employee has initial burden of proving, by preponderance of evidence, prima facie case of discrimination. [1] He applied for and was qualified for an available position, [2] that he was rejected, and that [3] after he was rejected employer filled position with white employee. Once employee establishes prima facie case, inference of discrimination arises. To rebut this inference, the employer must present evidence that employee was rejected, or other applicant was chosen, for legitimate, nondiscriminatory reason. Employee retains final burden of persuading jury of intentional discrimination. North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

Pretext. — After employer rebuts employee's prima facie showing, employee has opportunity to demonstrate that employer's proffered reasons for its decision were not its true reasons. North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

Employee may use various forms of evidence to demonstrate that state's proffered reason was not its true reason. An employee might seek to demonstrate that employer's claim to have promoted a better qualified applicant was pretextual by showing that he was in fact better qualified than person chosen for position. North Carolina Dep't of Cor. v. Hodge, 99 N.C. App. 602, 394 S.E.2d 285 (1990).

From whole record, substantial evidence supports commission's conclusion that employer's stated reasons were legitimate and not pretext for discrimination. Conversely, there is lacking substantial evidence that retaliation for past opposition to discrimination was "predominant reason." Gadson v. North Carolina Mem. Hosp., 99 N.C. App. 169, 392 S.E.2d 618 (1990).

Evidence of Discrimination. — In considering whether the employer's stated nondiscriminatory reasons were merely a pretext for discrimination, courts may consider the evidence the employee used to establish his prima facie case as well as: (1) Evidence that white employees involved in acts of comparable seriousness were retained; (2) evidence of the employer's treatment of the employee during his term of employment; (3) evidence of the employer's response to any legitimate civil rights activities of the employee; and (4) evidence of the employer's general policy and practice regarding minority employees. Abron v. North Carolina Dep't of Cor., 90 N.C. App. 229, 368 S.E.2d 203 (1988).

Record held to support the commission's ultimate finding of fact that petitioner assistant manager of soap plant at corrections department facility, was not a victim of racial discrimination. Abron v. North Carolina Dep't of Cor., 90 N.C. App. 229, 368 S.E.2d 203 (1988).

Since, under North Carolina law, plaintiff instructor was not required to employ the grievance procedures of a university because he alleged race discrimination, but instead, he was entitled to appeal the decision directly to the State Personnel Commission, under G.S. 126-36(a), the court declined plaintiff's request to extend the attorney-client privilege to a lay member of the faculty. Nemecek v. Bd. of Governors, — F. Supp. 2d —, 2000 U.S. Dist. LEXIS 22340 (E.D.N.C. Sept. 27, 2000).

Remand for New Hearing. — Where the Commission erred by placing an improper burden of proof upon defendant employer to show an absence of discrimination, by reviewing the correctness of defendant's business judgment, and by failing to resolve the ultimate question of whether plaintiff was the victim of intentional discrimination, the case would be remanded to the State Personnel Commission for a new hearing. North Carolina Dep't of Cors. v. Gibson, 308 N.C. 131, 301 S.E.2d 78 (1983).

Applied in Brand v. N.C. Dep't of Crime Control & Pub. Safety, 352 F. Supp. 2d 606, 2004 U.S. Dist. LEXIS 26190 (M.D.N.C. 2004).

§ 126-36.1. Appeal to Personnel Commission by applicant for employment.

Any applicant for State employment who has reason to believe that employment was denied in violation of G.S. 126-16 shall have the right to appeal directly to the State Personnel Commission. (1977, c. 866, s. 16.)

CASE NOTES

Intermittent employee of Employment Security Commission (ESC) had a right to appeal ESC's allegedly discriminatory action to the personnel commission. Clay v. Employment Sec. Comm'n, 340 N.C. 83, 457 S.E.2d 725 (1995).

§ 126-36.2. Appeal to Personnel Commission by career State employee denied notice of vacancy or priority consideration.

Any career State employee who has reason to believe that he was denied promotion due to the failure of the agency, department, or institution that had a job vacancy to:

(1) Post notice of the job vacancy pursuant to G.S. 126-7.1(a) or;

(2) Give him priority consideration pursuant to G.S. 126-7.1(c)

may appeal directly to the State Personnel Commission. (1987, c. 689, s. 3; 1991, c. 354, s. 6.)

§ 126-37. Personnel Commission to review Administrative Law Judge's recommended decision and make final decision.

(a) Appeals involving a disciplinary action, alleged discrimination or harassment, and any other contested case arising under this Chapter shall be conducted in the Office of Administrative Hearings as provided in Article 3 of Chapter 150B; provided that no grievance may be appealed unless the employee has complied with G.S. 126-34. The State Personnel Commission shall make a final decision in these cases as provided in G.S. 150B-36, except as provided in subsection (b1) of this section. The State Personnel Commission is hereby authorized to reinstate any employee to the position from which the employee has been removed, to order the employment, promotion, transfer, or salary adjustment of any individual to whom it has been wrongfully denied or to direct other suitable action to correct the abuse which may include the requirement of payment for any loss of salary which has resulted from the improperly discriminatory action of the appointing authority.

(b) Repealed by 1993 (Reg. Sess., 1994), c. 572, s. 1.

(b1) In appeals involving local government employees subject to this Chapter pursuant to G.S. 126-5(a)(2), except in appeals in which discrimination prohibited by Article 6 of this Chapter is found or in any case where a binding decision is required by applicable federal standards, the decision of the State Personnel Commission shall be advisory to the local appointing authority. The State Personnel Commission shall comply with all requirements of G.S. 150B-44 in making an advisory decision. The local appointing authority shall, within 90 days of receipt of the advisory decision of the State Personnel Commission, issue a written, final decision either accepting, rejecting, or modifying the decision of the State Personnel Commission. If the local appointing authority rejects or modifies the advisory decision, the local appointing authority must state the specific reasons why it did not adopt the advisory decision. A copy of the final decision shall be served on each party personally or by certified mail, and on each party's attorney of record.

(b2) The final decision is subject to judicial review pursuant to Article 4 of Chapter 150B of the General Statutes. Appeals in which it is found that discrimination prohibited by Article 6 of this Chapter has occurred or in any case where a binding decision is required by applicable federal standards shall be heard as all other appeals, except that the decision of the State Personnel Commission shall be final.

(c) If the local appointing authority is other than a board of county commissioners, the local appointing authority must give the county notice of the appeal taken pursuant to subsection (a) of this section. Notice must be given to the county manager or the chairman of the board of county commissioners by certified mail within 15 days of the receipt of the notice of appeal. The county may intervene in the appeal within 30 days of receipt of the notice. If the action is appealed to superior court the county may intervene in the superior court proceeding even if it has not intervened in the administrative proceeding. The decision of the superior court shall be binding on the county even if the county does not intervene. (1975, c. 667, s. 10; 1981, c. 680, s. 1; 1985, c. 746, s. 15; 1985 (Reg. Sess., 1986), c. 1022, s. 10; 1987, c. 394; 1989 (Reg. Sess., 1990), c. 1025, s. 3; 1991, c. 103, s. 1; 1993 (Reg. Sess., 1994), c. 572, s. 1; 1998-135, s. 5.)

CASE NOTES

Purpose of 1994 Amendment. — The 1994 amendment of (b1) reflected the intent of the legislature in enacting the original version of this section and was an effort by the legislature to clarify its original position. Cunningham v. Catawba County, 128 N.C. App. 70, 493 S.E.2d 82 (1997).

Due Process Concerns in Discrimination Cases. — In discrimination cases, G.S. 126-37(b1) and G.S. 150B-36 provide that when the State Personnel Commission makes a finding of discrimination, this is binding upon the local appointing authority; the case is then subject to judicial review. Due process concerns are not as strong in discrimination cases because the local appointing authority will never have an opportunity to reverse a finding of discrimination by the State Personnel Commission. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Statutory Interaction with G.S. 150B-43. — This section does not create a cause of action but instead refers to judicial review provided by G.S. 150B-43. Hill v. Morton, 115 N.C. App. 390, 444 S.E.2d 683, cert. granted, 337 N.C. 692, 448 S.E. 2d 523 (1994), review improvidently granted, 340 N.C. 355, 457 S.E.2d 300 (1995).

Law Judge's Ruling Subject to Review by Personnel Commission. — The administrative law judge must render a decision on the motion which is presented, but the administrative law judge's ruling is subject to review by the ultimate factfinder, the Personnel Commission. Eury v. North Carolina Emp. Sec. Comm'n, 115 N.C. App. 590, 446 S.E.2d 383, cert. denied, 338 N.C. 309, 451 S.E.2d 635 (1994).

Failure to Follow Established Grievance Procedure. — The State Personnel Act provides for administrative-type grievance procedures for violations of its provisions. The statute further provides that judicial review of unfavorable decisions may be had in superior court. Where a statute provides for an orderly procedure for an appeal to the superior court for review, this procedure is the exclusive means for obtaining judicial review, and a civil action is only proper after all administrative remedies have been exhausted. Johnson v. North Carolina DOT, 107 N.C. App. 63, 418 S.E.2d 700 (1992).

Because Chapter 126 makes compliance with the procedures of Article 3 of Chapter 150B mandatory, jurisdiction over a contested case hearing arising under Chapter 126 is not conferred upon the Office of Administrative Hearings unless petitioner follows such procedures. Nailing v. UNC-CH, 117 N.C. App. 318, 451 S.E.2d 351 (1994), cert. denied, 339 N.C. 614, 454 S.E.2d 255 (1995).

Local Appointing Authority. — A "local appointing authority," within the meaning of this section, is required to render its decision in accordance with G.S. 150B-36(b). Cunningham v. Catawba County, 128 N.C. App. 70, 493 S.E.2d 82 (1997).

County Board of Social Services Is Not "Local Appointing Authority." — The sole involvement of the county board of social services in personnel matters is to select the county director of social services. And the director derives his authority to appoint personnel directly from the General Assembly, not from the board. Thus the local board does not become the "local appointing authority" pursuant to this section in the absence of a permanent full-time director. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Under G.S. 126-37(b1), decisions regarding discrimination cases made by the State Personnel Commission are advisory to the local appointing authority. Should the situation arise, there are no statutory alternatives when the local appointing authority might desire to recuse herself or if she is disqualified from making the final decision. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Jurisdiction of OAH Derived from This Chapter. — The jurisdiction of the Office of Administrative Hearings over the appeals of state employee grievances derives not from Chapter 150B, but from this Chapter and is granted in subsection (a) of this section. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Invocation of Jurisdiction by Action Deemed "Disciplinary." — Because G.S. 126-35 deems such departmental or agency action "disciplinary," an allegation that an employee has been "demoted in rank without sufficient cause" invokes first the jurisdiction of the State Personnel Commission, then on appeal, that of the Office of Administrative Hearings, even when there has been no documented misconduct by the employee. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Jurisdiction to Hear Action Brought by DOC Employee. — Among all the provisions of this article, only this section confers upon the State Personnel Commission or upon the Office of Administrative Hearings the jurisdiction, or power, to deal with an action brought by a correction employee who was reallocated pursuant to a managerial reallocation. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Subject Matter Jurisdiction of Superior Court. — Where the superior court treated subsection (b) as creating a cause of action in which the court could make its own findings of fact and substitute its judgment for the State Personnel Commission's, the court exceeded its jurisdiction over state employee grievances.

Hill v. Morton, 115 N.C. App. 390, 444 S.E.2d 683, cert. granted, 337 N.C. 692, 448 S.E. 2d 523 (1994), review improvidently granted, 340 N.C. 355, 457 S.E.2d 300 (1995).

The superior court was without jurisdiction to entertain a former employee's appeal of his dismissal, where the employee sought an order to affirm the recommended decision of the State Personnel Commission that he be reinstated with back pay prior to a final decision by the local appointing authority pursuant to subsection (b1). Howell v. Morton, 131 N.C. App. 626, 508 S.E.2d 804 (1998).

Jurisdiction Where Appellant Not Employed Five Continuous Years. — The State Personnel Commission had jurisdiction to hear Employment Security Commission employee's appeal from a dismissal even though she had not been employed continuously for five years. Employment Sec. Comm'n v. Lachman, 305 N.C. 492, 290 S.E.2d 616 (1982).

To Whom Article Applicable. — A permanent state employee who alleges he has been reduced in position without just cause is entitled to the review and appeal provisions outlined in this article, whether the motive for his demotion was illegally discriminatory or retaliatory, or apparently or actually disciplinary. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Meaning of "Contested Case." — Read in the context of subsection (a) of this section, which provides that appeals involving a disciplinary action, alleged discrimination, and any other contested case arising under this Chapter shall be conducted in the Office of Administrative Hearings as provided in Article 3 of Chapter 150B, "contested case" clearly derives its meaning from the latter, procedural statute. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Case Held "Contested" Within Meaning of Subsection (a). — Petitioner's allegation that he had been "demoted in rank without sufficient cause" stated grounds for his department's action to be deemed "disciplinary" within the meaning and intent of G.S. 126-35 and for his case to be considered "contested" within the meaning and intent of subsection (a) of this section. Because he had properly pursued all informal procedures mandated by the State Personnel Act and by the North Carolina Administrative Code for the resolution of his grievance, petitioner's appeal also fit the procedural profile of a "contested case" for purposes of its review by the Office of Administrative Hearings under Chapter 150B. Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

Subsection (a) allows the Commission to order reinstatement of an employee and direct other suitable relief, whenever it deems it necessary to correct the failure of a department or agency to follow policies or rules promulgated pursuant to G.S. 126-4. North Carolina Dep't of Justice v. Eaker, 90 N.C. App. 30, 367 S.E.2d 392, cert. denied, 322 N.C. 836, 371 S.E.2d 279 (1988), overruled on other grounds, Batten v. North Carolina Dep't of Cor., 326 N.C. 338, 389 S.E.2d 35 (1990), overruled on other grounds, Empire Power Co. v. North Carolina Dep't of Env't, Health & Natural Resources, 337 N.C. 569, 447 S.E.2d 168 (1994).

No Restoration Without Finding of Wrongful Treatment. — The provision of this section giving the State Personnel Commission the authority to restore a State employee to a position from which he has been demoted must be read in conjunction with G.S. 126-35, which forbids demotion without just cause, and the Commission therefore does not have the power to restore a State employee to a position from which he had been demoted without some finding that the employee had been treated wrongfully. Reed v. Byrd, 41 N.C. App. 625, 255 S.E.2d 606 (1979); Brooks v. Best, 45 N.C. App. 540, 263 S.E.2d 362 (1980).

Pursuant to this section, the State Personnel Commission may reinstate a state employee to the position from which he has been removed. The implication in this section, however, is that the Commission can only act to correct an abuse or where there is a wrongful denial. North Carolina A & T Univ. v. Kimber, 49 N.C. App. 46, 270 S.E.2d 492 (1980).

Reinstatement Proper Though Not Identical. — Where employee was returned to the same pay grade and step as before his demotion even though the job was at a different location, he was properly reinstated. North Carolina Dep't of Cors. v. Myers, 120 N.C. App. 437, 462 S.E.2d 824 (1995).

Discretion of Personnel Commission. — Where a permanent State employee is dismissed for performance of duty reasons, without sufficient warnings as required by G.S. 126-35, upon reinstating the employee the decision whether or not to award back pay and benefits is within the sound discretion of the Personnel Commission. Jones v. Department of Human Resources, 300 N.C. 687, 268 S.E.2d 500 (1980).

Although this section authorizes the State Personnel Commission to reinstate an employee to the position from which he is removed and to order the transfer of an employee to whom it has been wrongfully denied, that authority is discretionary. North Carolina Dep't of Cors. v. Myers, 120 N.C. App. 437, 462 S.E.2d 824 (1995).

Advisory Decision. — Although advisory decisions by the North Carolina State Personnel Commission (SPC) are not binding on the local appointing authority in appeals involving local government employees, G.S. 126-37(b1), the SPC's determinations regarding its statutory authority are entitled to considerable weight. Early v. County of Durham, Dep't of Soc. Servs., — N.C. App. —, 667 S.E.2d 512, 2008 N.C. App. LEXIS 1818 (2008).

Reasons Recommendation Not Adopted to Be Stated. — DSS was required, in rejecting the recommended decision of the Commission, to state the specific reasons why it did not adopt the recommended decision and serve a copy of its final decision on the petitioner; however, because the legislature did not specifically require that the "local appointing authority" comply with G.S. 150B-36(b), there was no obligation to enter findings of fact and conclusions of law, as required by G.S. 150B-36(b). Cunningham v. Catawba County, 128 N.C. App. 70, 493 S.E.2d 82 (1997).

Settlement of Administrative Action Did Not Bar Suit Under Whistleblower Act. — Agreement settling a former employee's administrative action against an agency did not estop the former employee from seeking damages under the Whistleblower Act, G.S. 126-84 et seq., because the former employee did not allege a Whistleblower Act claim in the administrative action and such remedies were not recoverable in the administrative action; the settlement agreement did not contain any release of a claim under the Whistleblower Act. The former employee's acceptance of the settlement agreement and subsequent voluntary resignation did not negate the fact that the former employee's employment was terminated. Newberne v. N.C. Dep't of Crime Control & Pub. Safety, — N.C. App. —, 666 S.E.2d 195, 2008 N.C. App. LEXIS 1647 (2008).

Agency Decision Upheld Although Director Reviewed Own Employment Action. — Where substantial evidence existed to support an agency finding that petitioner voluntarily resigned and was not fired, the court upheld the decision as rendered properly pursuant to this section, and not in violation of petitioner's due process rights, even though the agency director/final decision-maker who disregarded the State Personnel Commission's recommendation that employee be reinstated was, in fact, evaluating factual issues involving his own testimony and credibility. Hearne v. Sherman, 350 N.C. 612, 516 S.E.2d 864 (1999).

Due process was not violated when the local appointing authority who had discretion to reject or accept the State Personnel Commission's findings in a discrimination case pursuant to G.S. 126-37(b1) was the same person who made the allegedly discriminatory hiring decision. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Attorney Fee Awards. — G.S. 6-19.1 authorizes a superior court to award fees to the employee of a county Department of Social Services who has prevailed under the State Personnel Act, G.S. 126-1 et seq.; therefore, a trial court was authorized to award fees for representation of a plaintiff during the administrative proceedings contesting her termination while on medical leave, which was adjudged without cause and wrongful. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

§ 126-38. Time limit for appeals.

Any employee appealing any decision or action shall file a petition for a contested case with the Office of Administrative Hearings as provided in G.S. 150B-23(a) no later than 30 days after receipt of notice of the decision or action which triggers the right of appeal. (1977, c. 866, s. 14; 1989 (Reg. Sess., 1990), c. 1025, s. 4.)

CASE NOTES

Adequacy of Notice. — A notice which failed to inform petitioner of her right to contest the designation of her position as "exempt policymaking," the procedure for contesting the designation, or the time limits for filing her objection to the designation did not comply with the requirements of this section so as to start the time limit for appeals running. Jordan v. DOT, 140 N.C. App. 771, 538 S.E.2d 623, 2000 N.C. App. LEXIS 1272 (2000), cert denied, 353 N.C. 376, 547 S.E.2d 412 (2001).

Letter to an employee after her termination while on medical leave that expressed sympathy for her medical condition and reiterated facts regarding the employee's termination did not constitute sufficient notice of the decision or action regarding the grievance filed by the employee, which triggered the right to appeal for purposes of G.S. 126-38; because the employer, the Department of Social Services (DSS), failed to provide the notice required under G.S. 150B-23(f) as to appealing her termination, an administrative law judge properly denied the DSS' motion to dismiss the appeal as untimely. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Written Statement of Appeal Rights Required. — Due process under the United States and North Carolina Constitutions requires that a permanent State employee who has been dismissed be provided with a statement in writing setting forth his rights of appeal before the 15- and 30-day time limits for notice of appeal provided in G.S. 126-35 and this section commence to run. Luck v. Employment Sec. Comm'n, 50 N.C. App. 192, 272 S.E.2d 607 (1980).

Letter of Grievance. — Under the Administrative Procedure Act, all that is required in a letter of grievance is that there be a plain statement of the circumstances allegedly constituting an unlawful failure to offer employment, so that respondent may be put upon its defense. North Carolina Dep't of Cor. v. Hill, 313 N.C. 481, 329 S.E.2d 377 (1985).

§ 126-39. Scope of this Article.

Except for positions subject to competitive service and except for appeals brought under G.S. 126-16, 126-25, and 126-36, this Article applies to all State employees who are career State employees at the time of the act, grievance, or employment practice complained of. (1977, c. 866, s. 15; 1985, c. 617, s. 4; 1987, c. 320, s. 8; 1991, c. 354, s. 7.)

CASE NOTES

An intermittent state employee is not an "employee" for purposes of Chapter 126 because Article 8 of this chapter applies only to "career state employees." Clay v. Employment Sec. Comm'n, 340 N.C. 83, 457 S.E.2d 725 (1995).

Petitioner, an intermittent state employee was not an "employee" for purposes of this chapter governing state personnel system which applies only to "career State employees" and which establishes the time limit for appeals, for employees and not applicants for employment like petitioner. Clay v. Employment Sec. Comm'n, 340 N.C. 83, 457 S.E.2d 725 (1995).

Claims Brought by Department Trainee During Probationary Period. — G.S. 126-36(a) and G.S. 126-39 provided the North Carolina State Personnel Commission with jurisdiction over religious discrimination claims brought by a trainee with the North Carolina Department of Revenue during a probationary period, and the trainee satisfied the burden of proof required in discrimination actions to show his dismissal was based on illegitimate and discriminatory motives; furthermore, although the trial court did not specify the standard of review it applied, detail its findings of fact, or delineate its conclusions of law, appellate review of the whole record and transcripts showed no grounds existed to warrant reversal of the Commission's final decision. Vanderburg v. N.C. Dep't of Revenue, 168 N.C. App. 598, 608 S.E.2d 831, 2005 N.C. App. LEXIS 451 (2005).

§ 126-41. Attorney and witness fees.

The decision of the Commission assessing or refusing to assess reasonable witness fees or a reasonable attorney's fee as provided in G.S. 126-4(11) is a final agency decision appealable under Article 4 of Chapter 150B of the General Statutes. The reviewing court may reverse or modify the decision of the Commission if the decision is unreasonable or the award is inadequate. The reviewing court shall award court costs and a reasonable attorney's fee for representation in connection with the appeal to an employee who obtains a reversal or modification of the Commission's decision in an appeal under this section. (1985, c. 717; 1987, c. 827, ss. 1, 56.)

CASE NOTES

Attorney Fees. — Upon appeal of the Commission's decision not to award attorney's fees under G.S. 126-4(11), this section constrains the Superior Court to reverse or modify the Commission's order only if it is deemed unreasonable or inadequate. Morgan v. North Carolina DOT, 124 N.C. App. 180, 476 S.E.2d 431 (1996).

Employee who prevailed in a discrimination claim was properly awarded attorneys' fees and costs for representation before the administrative law judge, the North Carolina State Personnel Commission, and the trial court; the trial court did not err in determining that the administrative law judge's award was not unreasonable or inadequate, after reversing the Commission's decision in favor of the state agency the trial court was required to award the employee attorneys' fees and costs, and the trial court provided sufficient notice and time for both parties to respond to its request for affidavits in support of or in opposition to attorneys' fees and costs. Gordon v. N.C. Dep't of Corr., 173 N.C. App. 22, 618 S.E.2d 280, 2005 N.C. App. LEXIS 1918 (2005).

Article 10.

Interchange of Governmental Employees.

§ 126-51. Short title.

This Article shall be known and may be cited as the "North Carolina Interchange of Governmental Employees Act of 1977." (1977, c. 783, s. 1.)

§ 126-52. Definitions.

For purposes of this Article:

(1) "Assigned employee" means an employee of a sending agency who is assigned or detailed to a receiving agency as part of the employee's regular duties with the sending agency.

(2) "Employee on leave" means an employee on leave of absence without pay from a sending agency who becomes an employee of a receiving agency while on leave from the sending agency.

(3) "Receiving agency" means any division, department, agency, instrumentality, authority, or political subdivision of the federal government or of a state or local government which, under this Article, receives an employee of another governmental division, department, agency, instrumentality, authority, or political subdivision of the federal government or of a state or local government.

(4) "Sending agency" means any division, department, agency, instrumentality, authority, or political subdivision of the federal government or of a state or local government which, under this Article, sends any employee thereof to another governmental division, department, agency, instrumentality, authority, or political subdivision of the federal government or of a state or local government. (1977, c. 783, s. 1.)

§ 126-53. Authority to interchange employees.

(a) Any division, department, agency, instrumentality, authority, or political subdivision of the State of North Carolina is authorized to participate in a program of interchange of employees with divisions, departments, agencies, instrumentalities, authorities, or political subdivisions of the federal government, of another state, or of this State, as a sending agency or a receiving agency.

(b) The period of individual assignment, detail, or leave of absence under an interchange program shall not exceed two years.

(c) The temporary assignment of the employee may be terminated by mutual agreement between the sending agency and the receiving agency.

(d) Elected officials may not participate in a program of interchange under this Article. (1977, c. 783, s. 1.)

§ 126-54. Status of employees of sending agency.

(a) Employees of a sending agency participating in an exchange of personnel authorized by G.S. 126-53 may be considered during such participation to be either assigned employees or employees on leave.

(b) Assigned employees shall be entitled to the same salary and employment benefits to which they would be entitled as employees of the sending agency and shall remain employees of the sending agency for all purposes unless otherwise provided in this Article or in a written agreement between the sending agency and the receiving agency.

(c) Employees on leave shall have the same rights, benefits and obligations as other State or local employees subject to this Chapter who are granted leaves of absences, unless otherwise provided in this Article, or in a written agreement between the sending agency and the receiving agency.

(d) When a division, department, agency, instrumentality, authority or political subdivision of the State of North Carolina acts as a sending agency, employees participating in an exchange of personnel authorized by G.S. 126-53, whether considered assigned employees or employees on leave, shall have the same rights, benefits and obligations to participate in and receive benefits, including death benefits, from any retirement system of which they are members as employees of the sending agency, whether they are members of the Teachers' and State Employees' Retirement System, the North Carolina Local Governmental Employees' Retirement System, the Law Enforcement Officers' Benefit and Retirement Fund, or other Retirement System which has been or may be established by the State for public employees; provided, however, that the receiving agency agrees to and makes the employer contributions and deducts from the salary of the employee the employee contributions for continued membership in such Retirement System. Provided, further, that if no contributions are paid into the appropriate Retirement System during the period that the employee participates in the exchange of personnel authorized by this Article, such employee shall remain entitled to death benefits resulting from his death during the period of the exchange. Provided, that where duplicate benefits would otherwise be payable on account of disability or death, the employee or his estate shall elect, within one year of the date of disability or death, which benefits to receive. (1977, c. 783, s. 1.)

§ 126-55. Travel expenses of employees from this State.

A sending agency in this State shall not pay the travel expenses of its assigned or on leave employees and shall not pay the travel expenses of such employees incurred in the course of performing work for the receiving agency. Such expenses shall be borne by the receiving agency. (1977, c. 783, s. 1.)

§ 126-56. Status of employees of other governments.

(a) When a division, department, agency, instrumentality, authority or political subdivision of the State of North Carolina acts as a receiving agency, assigned employees of the sending agency remain the employees of the sending agency and continue to receive the employment benefits of the sending agency unless otherwise specified in a written agreement between the sending agency and the receiving agency.

(b) When a division, department, agency, instrumentality, authority or political subdivision of this State acts as a receiving agency, employees on leave from the sending agency will receive appointments as employees with the receiving agency and will be entitled to the same employment benefits as other employees of the receiving agency unless otherwise specified in a written agreement between the sending agency and the receiving agency. Such appointments may be made without regard to any rules or regulations of the receiving agency regarding the selection of employees; but all rules of the State Personnel Act shall apply to State employees. (1977, c. 783, s. 1.)

§ 126-57. Travel expenses of employees of other governments.

A receiving agency in the State of North Carolina may, in accordance with its travel regulations and travel regulations by law, pay the travel expenses incurred in the course of an assigned employee's duties or incurred in the course of the duties of an employee on leave with the receiving agency on the same basis as the travel expenses of regular employees are paid. (1977, c. 783, s. 1.)

§ 126-58. Administration.

The State Personnel Commission and any State division, department, agency, instrumentality, authority or political subdivision participating in an interchange of employees program may promulgate rules or regulations necessary for the administration of such program, so long as such rules or regulations do not conflict with the provisions of this Article or any other provision of law. (1977, c. 783, s. 1.)

§§ 126-64 through 126-73: Repealed by Session Laws 1985, c. 479, s. 153(a).

Article 12.

Work Options Program for State Employees.

§ 126-74. Work Options Program established.

There is established a Work Options Program for State employees in the Office of State Personnel to be administered by the State Personnel Commission. The State Personnel Director shall assign an employee within the Office of State Personnel, to be known as the State Work Options Coordinator, to direct the Work Options Program as established in this Article. (1981, c. 917, s. 1; 1991, c. 65, s. 8.)

Editor's Note. — Session Laws 1981, c. 917, s. 2 provided: "Nothing herein contained shall be construed to obligate the General Assembly to appropriate any additional funds, nor permit coverage under the Teachers' and State Employees' Retirement System and health benefits program in Articles 1 and 3 of Chapter 135 except as otherwise provided for therein."

§ 126-75. Work options for State employees.

(a) The following work options allowed State employees are to be included in the program administered under this Article:

(1) Flexible work hours as established by the State Personnel Commission;

(2) Job sharing as permitted by the State Personnel Commission;

(3) Permanent part-time positions as established under the State Personnel Act.

(b) The State Personnel Commission shall examine the present options listed in subsection (a) of this section available to State employees and other options the State Personnel Commission may make available for a comprehensive program of work options for State employees. The State Personnel

Commission shall, with the concurrence of the agency, determine the need for additional permanent part-time positions within State Government and how increased use of these positions could benefit employee morale and productivity as well as increase the use of the available labor force. None of the provisions of this Article shall be administered to reduce the total number of hours per day a State office normally is open to serve the public. (1981, c. 917, s. 1.)

§ 126-76. Promoting Work Options Program.

The State Personnel Commission shall develop a program to expand the use of work options. This program shall include training sessions for agency personnel to instruct them in the use of work options available to State employees. The State Personnel Commission shall also provide technical assistance to agency personnel in developing a Work Options Program for each agency or expanding existing programs in each agency. The Work Options Coordinator shall also identify personnel positions within the State Personnel System which can effectively be structured in job sharing or permanent part-time employment positions. (1981, c. 917, s. 1.)

§ 126-77. Authority of agencies to participate.

The State Personnel Commission shall request from each agency assistance in formulating the Work Options Program. Any division, department, agency, instrumentality or authority shall participate in the program of work options as established in this Article. (1981, c. 917, s. 1.)

§ 126-78. Administration.

The State Personnel Commission and any State division, department, agency, instrumentality or authority participating in the State Work Options Program shall promulgate rules necessary for the administration of the program. (1981, c. 917, s. 1; 1987, c. 827, s. 57.)

§ 126-79. Report required.

The State Personnel Commission shall require a biennial report of each State division, department, agency, instrumentality or authority on the status of the Work Options Program. The State Personnel Commission shall in turn make a biennial report to the General Assembly on the status of the Work Options Program, including any increase in the use of job sharing, flexible work hours and any other approved work option for State employees. (1981, c. 917, s. 1.)

Article 13.

Veteran's Preference.

§ 126-80. Declaration of policy.

It shall be the policy of the State of North Carolina that, in appreciation for their service to this State and this country during a period of war, and in recognition of the time and advantage lost toward the pursuit of a civilian career, veterans shall be granted preference in employment for positions subject to the provisions of this Chapter with every State department, agency, and institution. (1987 (Reg. Sess., 1988), c. 1064, s. 1.)

CASE NOTES

Construction with Other Sections. — Pursuant to G.S. 126-83, employees of the System designated in G.S. 126-5(a)(2) are expressly excluded from the preference afforded by this section but, if qualified under G.S. 128-15, are entitled to the veterans preference thereunder applicable to all employees of State departments, agencies and institutions. Wright v. Blue Ridge Area Auth., 134 N.C. App. 668, 518 S.E.2d 772, 1999 N.C. App. LEXIS 899 (1999), cert. denied, 351 N.C. 122, 541 S.E.2d 472 (1999).

§ 126-81. Definitions.

As used in this Article:

(1) "A period of war" includes World War I (April 16, 1917, through November 11, 1918), World War II (December 7, 1941, through December 31, 1946), the Korean Conflict (June 27, 1950, through January 31, 1955), the period of time between January 31, 1955, and the end of the hostilities in Vietnam (May 7, 1975), or any other campaign, expedition, or engagement for which a campaign badge or medal is authorized by the United States Department of Defense.

(2) "Veteran" means a person who served in the Armed Forces of the United States on active duty, for reasons other than training, and has been discharged under other than dishonorable conditions.

(3) "Eligible veteran" means:
  a. A veteran who served during a period of war; or
  b. The spouse of a disabled veteran; or
  c. The surviving spouse or dependent of a veteran who dies on active duty during a period of war either directly or indirectly as a result of such service; or
  d. A veteran who suffered a service-connected disability during peacetime; or
  e. The spouse of a veteran described in subdivision d. of this subsection; or
  f. The surviving spouse or dependent of a person who served in the Armed Forces of the United States on active duty, for reasons other than training, who died for service-related reasons during peacetime. (1987 (Reg. Sess., 1988), c. 1064, s. 1.)

§ 126-82. State Personnel Commission to provide for preference.

(a) The State Personnel Commission shall provide that in evaluating the qualifications of an eligible veteran against the minimum requirements for obtaining a position, credit shall be given for all military service training or schooling and experience that bears a reasonable and functional relationship to the knowledge, skills, and abilities required for the position. This preference applies to initial employment with the State and extends to other employment events including subsequent hirings, promotions, reassignments, and horizontal transfers.

(b) The State Personnel Commission shall provide that if an eligible veteran has met the minimum requirements for the position, after receiving experience credit under subsection (a) of this section, he shall receive experience credit as determined by the Commission for additional related and unrelated military service. This preference applies to initial employment with the State and extends to other employment events including subsequent hirings, promotions, reassignments, and horizontal transfers.

(c) The State Personnel Commission may provide that in reduction in force situations where seniority or years of service is one of the considerations for retention, an eligible veteran shall be accorded credit for military service.

(d) Any eligible veteran who has reason to believe that he or she did not receive a veteran's preference in accordance with the provisions of this Article or rules adopted under it may appeal directly to the State Personnel Commission.

(e) The willful failure of any employee subject to the provisions of Article 8 of this Chapter to comply with the provisions of this Article or rules adopted under it constitutes personal misconduct in accordance with the provisions and promulgated rules of this Chapter, including those for suspension, demotion, or dismissal. (1987 (Reg. Sess., 1988), c. 1064, s. 1; 2007-286, s. 2.)

Editor's Note. — Session Laws 2007-286, s. 3, provides that the State Personnel Commission and State agencies, departments, and institutions shall adopt rules to implement this act.

CASE NOTES

Veteran's Preference. — The Commission's rule that the veteran's preference applies only to "initial selection" and "reduction in force" situations was reasonable and permissible. Dunn v. North Carolina Dep't of Human Resources, 124 N.C. App. 158, 476 S.E.2d 383 (1996).

OPINIONS OF ATTORNEY GENERAL

The State Personnel Commission has the statutory authority, under this section and G.S. 126-4, to promulgate a rule regarding the application of a veteran's preference in the form of an additional ten points to be awarded where a numerically scored examination is used as part of the selection process. See opinion of Attorney General to Mr. Ronald Penny, State Personnel Director, Office of State Personnel, 1998 N.C.A.G. 10 (2/12/98).

§ 126-83. Exceptions.

Notwithstanding G.S. 126-5, and notwithstanding provisions in that section that only certain Articles of this Chapter apply to some employees, this Article applies to all persons covered by this Chapter except those exempted by G.S. 126-5(c)(2), G.S. 126-5(c)(3), G.S. 126-5(c)(4), G.S. 126-5(c1), G.S. 126-5(c2), or G.S. 126-5(c3), but this Article does not apply to those persons covered by G.S. 126-5(a)(2). G.S. 128-15 shall apply to those persons exempted from coverage of this Article, but shall not apply to any person covered by this Article. (1987 (Reg. Sess., 1988), c. 1064, s. 1; 1991, c. 65, s. 9.)

CASE NOTES

Application of Veterans Preference. — Pursuant to this section, employees of the System designated in G.S. 126-5(a)(2) are expressly excluded from the preference afforded by G.S. 126-80 but, if qualified under G.S. 128-15, are entitled to the veterans preference thereunder applicable to all employees of State departments, agencies and institutions. Wright v. Blue Ridge Area Auth., 134 N.C. App. 668, 518 S.E.2d 772, 1999 N.C. App. LEXIS 899 (1999), cert. denied, 351 N.C. 122, 541 S.E.2d 472 (1999).

ARTICLE 14.

Protection for Reporting Improper Government Activities.

§ 126-84. Statement of policy.

(a) It is the policy of this State that State employees shall be encouraged to report verbally or in writing to their supervisor, department head, or other appropriate authority, evidence of activity by a State agency or State employee constituting:

(1) A violation of State or federal law, rule or regulation;
(2) Fraud;
(3) Misappropriation of State resources;
(4) Substantial and specific danger to the public health and safety; or
(5) Gross mismanagement, a gross waste of monies, or gross abuse of authority.

(b) Further, it is the policy of this State that State employees be free of intimidation or harassment when reporting to public bodies about matters of public concern, including offering testimony to or testifying before appropriate legislative panels. (1989, c. 236, s. 1; 1997-520, s. 5.)

CASE NOTES

Purpose of Act to Protect State Employee From Retaliation for Truthful Reporting, Not to Condone Untruthful Conduct. — Trial court properly granted a motion to dismiss by state agencies and officials of a former law enforcement officer's action under the Whistleblower Act, G.S. 126-84 et seq., where the officer admitted that he failed to file a complete and accurate report of an arrest incident that he observed involving another trooper and a suspect, wherein excessive force was suspected; the purpose of the Whistleblower Act was to protect a state employee from retaliation when he engaged in truthful reporting, not to condone untruthful conduct. Newberne v. Crime Control & Pub. Safety, 168 N.C. App. 87, 606 S.E.2d 742, 2005 N.C. App. LEXIS 176 (2005), rev'd, 359 N.C. 782, 618 S.E.2d 201 (2005).

Construction with Other Statutes. — G.S. 126-36(b) merely provides a plaintiff with "the right to appeal" a wrongful retaliation claim directly to the State Personnel Commission. and such "right to appeal" does not otherwise bar an action which meets the requirements of the Whistleblower Act, G.S. 126-84 et seq.; when G.S. 126-36(b) is read in para materia with the Whistleblower Act, the two statutes are not irreconcilable. Wells v. N.C. Dep't of Corr., 152 N.C. App. 307, 567 S.E.2d 803, 2002 N.C. App. LEXIS 929 (2002).

Burden of Persuasion. — Claims brought under the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, should be adjudicated according to the following procedures: (1) the plaintiff must endeavor to establish a prima facie case of retaliation under the statute, the plaintiff should include any available direct evidence that the adverse employment action was retaliatory along with circumstantial evidence to that effect; (2) the defendant should present its case, including its evidence as to legitimate reasons for the employment decision; and (3) once all the evidence has been received, the court should determine whether the McDonnell Douglas or Price Waterhouse framework properly applies to the evidence before it. If the plaintiff has demonstrated that he or she engaged in a protected activity and the defendant took adverse action against the plaintiff in his or her employment, and if the plaintiff has further established by direct evidence that the protected conduct was a substantial or motivating factor in the adverse employment action, then the defendant bears the burden to show that its legitimate reason, standing alone, would have induced it to make the same decision; if, however, the plaintiff has failed to satisfy the Price Waterhouse threshold, the case should be decided under the principles enunciated in McDonnell Douglas and Burdine, with the plaintiff bearing the burden of persuasion on the ultimate issue whether the employment action was taken for retaliatory purposes. Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

Protected Activity. — Terminated employee's conduct in disclosing confidential patient information was not a protected activity under the North Carolina Whistle-blower Act, G.S. 126-84 et seq. Holt v. Albemarle Reg'l Health

Servs. Bd., 188 N.C. App. 111, 655 S.E.2d 729, 2008 N.C. App. LEXIS 95 (2008).

Sufficiency of Complaint. — State trooper's claim for wrongful termination in violation of the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, was wrongfully dismissed where the trooper, who alleged that the actual reason for his termination was his disclosure of a possible abuse of authority in an amended statement that corrected a possibly misleading statement, stated a claim for relief under G.S. 126-84(a). Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

Trial court properly dismissed for failure to state a claim a former employee's complaint alleging that a university and its chancellor violated the Whistleblower Act by unlawfully retaliating against her, discriminating against her, and discharging her for her refusal to carry out the chancellor's directive to pay a member of the university's board of trustees $10,000 from university funds to obtain an option to purchase real property because the employee's complaint failed to sufficiently allege that she was engaged in a protected activity within the meaning of the Act, G.S. 126-84; that the university could or could not have had the funds in the future to exercise the option at the time it was purchased did not affect the option's value, and that the employee did not anticipate acquiring sufficient funds to exercise the option before its expiration also did not affect the option's value. Helm v. Appalachian State Univ., — N.C. App. —, 670 S.E.2d 571, 2008 N.C. App. LEXIS 2251 (2008).

Earlier Suit Was Not Basis for Claim Under Whistleblower Act. — Employee was not entitled to seek relief for alleged employment retaliation under the Whistleblower Act, G.S. 126-84, on the theory that his earlier suit seeking reinstatement into his former position constituted reporting to "another appropriate authority" since the earlier suit did not concern matters affecting general public policy. Hodge v. N.C. DOT, 175 N.C. App. 110, 622 S.E.2d 702, 2005 N.C. App. LEXIS 2726 (2005), cert. denied, 360 N.C. 533, 633 S.E.2d 816 (2006).

Settlement of Administrative Action Did Not Bar Suit Under Whistleblower Act. — Agreement settling a former employee's administrative action against an agency did not estop the former employee from seeking damages under the Whistleblower Act, G.S. 126-84 et seq., because the former employee did not allege a Whistleblower Act claim in the administrative action and such remedies were not recoverable in the administrative action; the settlement agreement did not contain any release of a claim under the Whistleblower Act. The former employee's acceptance of the settlement agreement and subsequent voluntary resignation did not negate the fact that the former employee's employment was terminated. Newberne v. N.C. Dep't of Crime Control & Pub. Safety, — N.C. App. —, 666 S.E.2d 195, 2008 N.C. App. LEXIS 1647 (2008).

Trial court erred by failing to grant summary judgment to the North Carolina Department of Correction (NCDOC) and one of its officials in a suit brought by a correctional officer asserting claims for conversion, a violation of 42 U.S.C.S. § 1983, and violations of North Carolina's Whistleblower Act, G.S. 126-84 through G.S. 126-88, as the conversion claim was barred by sovereign immunity since it was an intentional tort; the 42 U.S.C.S. § 1983 claim was barred since neither the State nor its officials could be liable for monetary damages under § 1983; and, as to his whistleblower claims, the officer's reassignment to a different post was not shown to be a demotion since he failed to show that his reassignment resulted in a pay loss of any kind and, based on his own testimony, his resignation was not an employment action relevant to the claim since he only told one person affiliated with the NCDOC about his intent to resign, and that person tried to discourage the same. Demurry v. N.C. Dep't of Corr., — N.C. App. —, 673 S.E.2d 374, 2009 N.C. App. LEXIS 204 (2009).

Adequate State Remedy. — Former employee did not adequately allege a free speech claim, an equal protection claim, and an exclusive emoluments claim when she had an adequate state remedy for those violations because the employee's claim under the Whistleblower Act, G.S. 126-86, was an adequate state law remedy for her alleged free speech violation, her claim of misappropriation of state funds was expressly covered by the Act, G.S. 126-84, and thus was an adequate state law remedy for her exclusive emoluments clause claim; because the employee's equal protection claim alleged discrimination based on activities protected by the Whistleblower Act, it was also precluded. Helm v. Appalachian State Univ., — N.C. App. —, 670 S.E.2d 571, 2008 N.C. App. LEXIS 2251 (2008).

§ 126-85. Protection from retaliation.

(a) No head of any State department, agency or institution or other State employee exercising supervisory authority shall discharge, threaten or otherwise discriminate against a State employee regarding the State employee's compensation, terms, conditions, location, or privileges of employment because the State employee, or a person acting on behalf of the employee, reports or is about to report, verbally or in writing, any activity described in G.S. 126-84, unless the State employee knows or has reason to believe that the report is inaccurate.

(a1) No State employee shall retaliate against another State employee because the employee, or a person acting on behalf of the employee, reports or is about to report, verbally or in writing, any activity described in G.S. 126-84.

(b) No head of any State department, agency or institution or other State employee exercising supervisory authority shall discharge, threaten or otherwise discriminate against a State employee regarding the employee's compensation, terms, conditions, location or privileges of employment because the State employee has refused to carry out a directive which in fact constitutes a violation of State or federal law, rule or regulation or poses a substantial and specific danger to the public health and safety.

(b1) No State employee shall retaliate against another State employee because the employee has refused to carry out a directive which may constitute a violation of State or federal law, rule or regulation, or poses a substantial and specific danger to the public health and safety.

(c) The protections of this Article shall include State employees who report any activity described in G.S. 126-84 to the State Auditor as authorized by G.S. 147-64.6B or to the Program Evaluation Division as authorized by G.S. 120-36.12(10). (1989, c. 236, s. 1; 1997-520, s. 6; 2008-196, s. 2(b); 2008-215, s. 8.)

Editor's Note. — Session Laws 2008-215, s. 9, provides: "This act is effective when it becomes law and applies to all information received or collected by the State Auditor concerning alleged violations of Chapters 138A or 120C of the General Statutes or Article 14 of Chapter 120 of the General Statutes on or after January 1, 2007."

Effect of Amendments. — Session Laws 2008-196, s. 2(b), effective August 8, 2008, added "or to the Program Evaluation Division as authorized by G.S. 120-36.12(10)" at the end of subsection (c).

Session Laws 2008-215, s. 8, effective August 15, 2008, substituted "G.S. 147-64.6B" for "G.S. 147-64.6(c)(16)" in subsection (c). See Editor's note for applicability.

CASE NOTES

Exhaustion of Remedies. — Trial court properly dismissed a judicial action brought by a former police officer under G.S. 126-86, which was commenced prior to the exhaustion of an administrative action before the Office of Administrative Hearings, that the former officer brought pursuant to G.S. 126-34.1(a)(7), alleging retaliation and racial discrimination in violation of G.S. 126-85. Newberne v. Crime Control & Pub. Safety, 168 N.C. App. 87, 606 S.E.2d 742, 2005 N.C. App. LEXIS 176 (2005), rev'd, 359 N.C. 782, 618 S.E.2d 201 (2005).

Interest on Backpay Award Not Allowed. — Superior court erred when it awarded a terminated state employee interest on a backpay award, which was entered after a jury rendered a verdict for the employee on his retaliation claim under G.S. 126-85(a) because pursuant to 25 N.C. Admin. Code 1B.0425, North Carolina could not be required to pay interest on any backpay award. Brookshire v. N.C. DOT, DMV, 180 N.C. App. 670, 637 S.E.2d 902, 2006 N.C. App. LEXIS 2513 (2006).

Summary Judgment Appropriate. — Where although plaintiff's complaint contained allegations of Whistleblower violations, plaintiff's concessions made it clear that certain defendants committed no violations of the Whistleblower Act, the trial court should have granted summary judgment on these claims. Minneman v. Martin, 114 N.C. App. 616, 442 S.E.2d 564 (1994).

Where defendant's motion for summary judgment was amply supported by evidence establishing a legitimate reason for plaintiff's transfer to a substantially similar job, and plaintiff failed to meet her burden of coming forward with a showing that defendant's stated reasons were not simply a pretext for discrimination, the trial court properly granted summary judgment in favor of defendant. Kennedy v. Guilford Technical Community College, 115 N.C. App. 581, 448 S.E.2d 280 (1994).

Trial court properly granted summary judgment for the university and university officials on a campus police officer's claim that the officer was disciplined in retaliation for refusing to withdraw a citation issued to a university trustee's child; the officer failed to appeal an administrative order that upheld the disciplinary action, and therefore failed to exhaust administrative remedies. Swain v. Elfland, 145 N.C. App. 383, 550 S.E.2d 530, 2001 N.C. App. LEXIS 663 (2001), cert. denied, 354 N.C. 228, 554 S.E.2d 832 (2001).

Trial court erred by failing to grant summary judgment to the North Carolina Department of Correction (NCDOC) and one of its officials in a suit brought by a correctional officer asserting claims for conversion, a violation of 42 U.S.C.S. § 1983, and violations of North Carolina's Whistleblower Act, G.S. 126-84 through G.S. 126-88, as the conversion claim was barred by sovereign immunity since it was an intentional tort; the 42 U.S.C.S. § 1983 claim was barred since neither the State nor its officials could be liable for monetary damages under § 1983; and, as to his whistleblower claims, the officer's reassignment to a different post was not shown to be a demotion since he failed to show that his reassignment resulted in a pay loss of any kind and, based on his own testimony, his resignation was not an employment action relevant to the claim since he only told one person affiliated with the NCDOC about his intent to resign, and that person tried to discourage the same. Demurry v. N.C. Dep't of Corr., — N.C. App. —, 673 S.E.2d 374, 2009 N.C. App. LEXIS 204 (2009).

Motion to Dismiss Properly Granted. — Trial court properly dismissed for failure to state a claim a former employee's complaint alleging that a university and its chancellor violated the Whistleblower Act by unlawfully retaliating against her, discriminating against her, and discharging her for her refusal to carry out the chancellor's directive to pay a member of the university's board of trustees $10,000 from university funds to obtain an option to purchase real property because the employee's complaint failed to sufficiently allege that she was engaged in a protected activity within the meaning of the Act, G.S. 126-84; that the university could or could not have had the funds in the future to exercise the option at the time it was purchased did not affect the option's value, and that the employee did not anticipate acquiring sufficient funds to exercise the option before its expiration also did not affect the option's value. Helm v. Appalachian State Univ., — N.C. App. —, 670 S.E.2d 571, 2008 N.C. App. LEXIS 2251 (2008).

Motion to Dismiss Improperly Granted. — State trooper's claim for wrongful termination in violation of the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, was wrongfully dismissed for failure to state a cause of action because the trooper, who alleged that the actual reason for his termination was his disclosure of a possible abuse of authority in an amended statement that corrected a possibly misleading statement, stated a claim for relief under G.S. 126-84(a). Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

A prima facie claim under this statute consists of the following elements: (1) plaintiff engaged in protected activity, (2) followed by an adverse employment action, and (3) that the protected conduct was a substantial or motivating factor in the adverse action. Hanton v. Gilbert, 126 N.C. App. 561, 486 S.E.2d 432 (1997).

No Private Cause of Action. — The plain language of G.S. 126-85 addresses only state employees and agencies, and nothing in the Whistleblower Act indicates that it was intended to serve as public policy for the public at large; thus, the Act did not create a private cause of action for a former at-will employee's wrongful termination action against his private employer and corporate officers. Hardin v. Belmont Textile Mach., Co., — F. Supp. 2d —, 2006 U.S. Dist. LEXIS 54452 (W.D.N.C. Aug. 3, 2006).

Retaliatory Discharge Motivated by Complaints of Racial Discrimination. — Leave to amend to add a claim under the North Carolina Whistleblower Act was granted because the provisions of that Act referring to retaliation for reporting a violation of state or federal statutes applied to claims for retaliatory discharge motivated by the employee's complaint of racial discrimination. Jenkins v. Trs. of Sandhills Cmty. College, — F. Supp. 2d —, 2002 U.S. Dist. LEXIS 25252 (M.D.N.C. Dec. 3, 2002).

Retaliatory Firing Not Shown. — Where the evidence was that there were questions regarding the adequacy of plaintiff's performance, of which plaintiff had knowledge, even before his reports and the nonappointment was based on the plaintiff's inability to collaborate with others the evidence was simply too speculative to support a finding that the plaintiff's nonrenewal was in any way related to the report. Aune v. University of N.C., 120 N.C. App. 430, 462 S.E.2d 678 (1995).

Where defendants motion for summary judgment was supported with evidence that teacher's termination was based on insubordination and the teacher failed to meet her burden of coming forward with evidence which showed that whistleblowing activity was a substantial causative factor for her dismissal, summary judgment for defendants was appropriate. Hanton v. Gilbert, 126 N.C. App. 561, 486 S.E.2d 432 (1997).

Superior court did not abuse its discretion when it denied defendants' motions for a directed verdict and for a judgment notwithstanding a jury's verdict because the fired state employee who filed the suit against defendants presented sufficient evidence to support submitting his retaliation claim under G.S. 126-85 to the jury; the employee presented more than a mere scintilla of evidence showing that he had engaged in protected activity by participating in a state investigation of his state agency employer, that he was terminated after his supervisors learned of that activity, and that the activity was a substantial or motivating factor in his termination. Brookshire v. N.C. DOT, DMV, 180 N.C. App. 670, 637 S.E.2d 902, 2006 N.C. App. LEXIS 2513 (2006).

Employee was not wrongfully terminated by a supervisor for the employee's employer, which was a district health department, because the employee's conduct in disclosing confidential patient information, even construing the evidence in the employee's favor, was not a protected activity under the North Carolina Whistle-blower Act, G.S. 126-84 et seq.; alternatively, the employee failed to raise a factual issue as to whether the reason given for the termination of the employee's employment was merely a pretext. Holt v. Albemarle Reg'l Health Servs. Bd., 188 N.C. App. 111, 655 S.E.2d 729, 2008 N.C. App. LEXIS 95 (2008).

§ 126-86. Civil actions for injunctive relief or other remedies.

Any State employee injured by a violation of G.S. 126-85 may maintain an action in superior court for damages, an injunction, or other remedies provided in this Article against the person or agency who committed the violation within one year after the occurrence of the alleged violation of this Article; provided, however, any claim arising under Article 21 of Chapter 95 of the General Statutes may be maintained pursuant to the provisions of that Article only and may be redressed only by the remedies and relief available under that Article. (1989, c. 236, s. 1; 1991 (Reg. Sess., 1992), c. 1021, s. 6.)

CASE NOTES

Application to District Attorneys. — The former administrative assistant to a district attorney made a prima facie claim of retaliatory discharge under this section, where her evidence tended to show that she had received satisfactory performance evaluations before she spoke to state investigators concerning their investigation of the district attorney but was discharged almost immediately thereafter. Caudill v. Dellinger, 129 N.C. App. 649, 501 S.E.2d 99 (1998), cert. denied, 349 N.C. 353, 517 S.E.2d 888 (1998), aff'd, 350 N.C. 89, 511 S.E.2d 304 (1999).

Claims for Retaliatory Discharge Motivated by Complaints of Racial Discrimination. — Leave to amend to add a claim under the North Carolina Whistleblower Act was granted because the provisions of that Act referring to retaliation for reporting a violation of state or federal statutes applied to claims for retaliatory discharge motivated by the employee's complaint of racial discrimination. Jenkins v. Trs. of Sandhills Cmty. College, — F. Supp. 2d —, 2002 U.S. Dist. LEXIS 25252 (M.D.N.C. Dec. 3, 2002).

Earlier Suit Was Not Basis for Claim under Whistleblower Act. — Employee was not entitled to seek relief for alleged employment retaliation under the Whistleblower Act, G.S. 126-84, on the theory that his earlier suit seeking reinstatement into his former position constituted reporting to "another appropriate authority" since the earlier suit did not concern matters affecting general public policy. Hodge v. N.C. DOT, 175 N.C. App. 110, 622 S.E.2d 702, 2005 N.C. App. LEXIS 2726 (2005), cert. denied, 360 N.C. 533, 633 S.E.2d 816 (2006).

Choice of Remedies. — State employee may choose to pursue a whistleblower claim pursuant to G.S. 126-85 in either the superior court or the Office of Administrative Hearings, but not both. Swain v. Elfland, 145 N.C. App. 383, 550 S.E.2d 530, 2001 N.C. App. LEXIS 663 (2001), cert. denied, 354 N.C. 228, 554 S.E.2d 832 (2001).

Doctrine of administrative exhaustion did not prevent a state trooper from filing a whistleblower claim in a superior court because the state trooper had the choice to pursue the whistleblower claim in either a judicial forum, pursuant to G.S. 126-86, or an administrative forum, pursuant to G.S. 126-34.1, but not both. Additionally, the trooper, while he requested an administrative hearing on an issue, did not request a hearing on his whistleblower claim. Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

Trial court erred by failing to grant summary judgment to the North Carolina Department of Correction (NCDOC) and one of its officials in a suit brought by a correctional officer asserting claims for conversion, a violation of 42 U.S.C.S. § 1983, and violations of North Carolina's Whistleblower Act, G.S. 126-84 through G.S. 126-88, as the conversion claim was barred by sovereign immunity since it was an intentional tort; the 42 U.S.C.S. § 1983 claim was barred since neither the State nor its officials could be liable for monetary damages under § 1983; and, as to his whistleblower claims, the officer's reassignment to a different post was not shown to be a demotion since he failed to show that his reassignment resulted in a pay loss of any kind and, based on his own testimony, his resignation was not an employment action relevant to the claim since he only told one person affiliated with the NCDOC about his intent to resign, and that person tried to discourage the same. Demurry v. N.C. Dep't of Corr., — N.C. App. —, 673 S.E.2d 374, 2009 N.C. App. LEXIS 204 (2009).

Adequate State Remedy. — Former employee did not adequately allege a free speech claim, an equal protection claim, and an exclusive emoluments claim when she had an adequate state remedy for those violations because the employee's claim under the Whistleblower Act, G.S. 126-86, was an adequate state law remedy for her alleged free speech violation, her claim of misappropriation of state funds was expressly covered by the Act, G.S. 126-84, and thus was an adequate state law remedy for her exclusive emoluments clause claim; because the employee's equal protection claim alleged discrimination based on activities protected by the Whistleblower Act, it was also precluded. Helm v. Appalachian State Univ., — N.C. App. —, 670 S.E.2d 571, 2008 N.C. App. LEXIS 2251 (2008).

§ 126-87. Remedies.

A court, in rendering a judgment in an action brought pursuant to this Article, may order an injunction, damages, reinstatement of the employee, the payment of back wages, full reinstatement of fringe benefits and seniority rights, costs, reasonable attorney's fees or any combination of these. If an application for a permanent injunction is granted, the employee shall be awarded costs and reasonable attorney's fees. If in an action for damages the court finds that the employee was injured by a willful violation of G.S. 126-85, the court shall award as damages three times the amount of actual damages plus costs and reasonable attorney's fees against the individual or individuals found to be in violation of G.S. 126-84. (1989, c. 236, s. 1.)

CASE NOTES

Interest on Backpay Award Not Allowed. — Superior court erred when it awarded a terminated state employee interest on a backpay award, which was entered after a jury rendered a verdict for the employee on his retaliation claim under G.S. 126-85(a) because pursuant to 25 N.C. Admin. Code 1B.0425, North Carolina could not be required to pay interest on any backpay award. Brookshire v. N.C. DOT, DMV, 180 N.C. App. 670, 637 S.E.2d 902, 2006 N.C. App. LEXIS 2513 (2006).

§ 126-88. Notice of employee protections and obligations.

It shall be the duty of an employer of a State employee to post notice in accordance with G.S. 95-9 or use other appropriate means to keep his employees informed of their protections and obligations under this Article. (1989, c. 236. s. 1.)

§ 126-90. Communications with members of the General Assembly.

A State employee's right to speak to a member of the General Assembly at the member's request shall not be directly or indirectly limited by the employee's supervisor or by any policy of the department, agency, or institution that employs that State employee. (1997-443, s. 22.2(a).)

ARTICLE 16.

Flexible Compensation Plan.

§ 126-95. Flexible compensation plan.

(a) The Director of the Budget may provide eligible officers and employees of State departments, institutions, and agencies not covered by the provisions of G.S. 116-17.2 a program of dependent care assistance as available under section 129 and related sections of the Internal Revenue Code of 1986, as amended. The Director of the Budget may authorize State departments, institutions, and agencies to enter into annual agreements with employees who elect to participate in the program to provide for a reduction in salary. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the Director of the Budget decide to contract with a third party to administer the terms and conditions of a program of dependent care assistance, the Director of the Budget may select a contractor only upon a thorough and completely competitive procurement process.

(b) Notwithstanding any other provisions of law relating to the salaries of officers and employees of departments, institutions, and agencies of State government, the Director of the Budget may provide a plan of flexible compensation to eligible officers and employees of State departments, institutions, and agencies not covered by the provisions of G.S. 116-17.2 for benefits available under section 125 and related sections of the Internal Revenue Code of 1986, as amended. This plan shall not replace, substitute for, or duplicate any benefits provided to employees and officers under Article 1A of Chapter 120 of the General Statutes and Articles 1, 3, 4, and 6 of Chapter 135 of the General Statutes. The plan may, however, include offerings for products and benefits that are supplemental or additional to these statutory benefits. In providing a plan of flexible compensation, the Director of the Budget may authorize State departments, institutions, and agencies to enter into agreements with their employees for reductions in the salaries of employees electing to participate in the plan of flexible compensation provided by this section. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the Director of the Budget decide to contract with a third party to administer the terms and conditions of a plan of flexible compensation as provided by this section, it may select such a contractor only upon a thorough and completely advertised competitive procurement process. Editor's Note. — Session Laws 1975, c. 604, repealed Chapter 127 and Article 23 of Chapter 143 and enacted this Chapter in lieu thereof. Where appropriate, the historical citations to the sections of the repealed Chapter and Article have been added to the corresponding sections of the new Chapter.

Session Laws 1977, c. 70, s. 2, provided that whenever the words "Department of Military and Veterans Affairs" were used in G.S. 127A-1 through G.S. 127A-195, the same would be deleted and the words "Department of Crime Control and Public Safety" would be inserted in lieu thereof. The act made no mention of the Secretary of Military and Veterans Affairs; however, in order to give effect to its obvious intent, the editors have substituted "Secretary of Crime Control and Public Safety" for "Secretary of Military and Veterans Affairs" throughout this Chapter.

CASE NOTES

Member of North Carolina National Guard Injured During Training Not Entitled to State Workers' Compensation Benefits. — North Carolina Industrial Commission erred by awarding a former North Carolina National Guard member workers' compensation benefits as a result of injuries she sustained during training as she was in training pursuant to 32 U.S.C.S. § 502(f), was paid with federal and not state funds and, as a result, was not on State active duty at the time of the injuries. As a result, she was not an employee under G.S. 97-2(2) when she sustained her injuries and, therefore, the Commission lacked subject matter jurisdiction in the case. Baccus v. N.C. Dep't of Crime Control & Pub. Safety, — N.C. App. —, 671 S.E.2d 37, 2009 N.C. App. LEXIS 56 (2009).

The Secretary of the Department of Crime Control and Public Safety may reimburse cadre members for expenses actually incurred, not to exceed the amount appropriated and authorized for such purposes by the General Assembly.

(c) The Governor's authority hereunder shall not be subject to regulations prescribed by the Secretary of Defense. Age and membership requirements for the State defense militia generally, as set forth in G.S. 127A-80 shall apply. The training of the cadre need not be in accordance with training regulations issued by the Department of Defense. The provisions of G.S. 127A-80 (c), (d), (g), (h) and (i) shall also apply to cadres.

(d) The total authorized strength of the cadre, its authorized officer and enlisted strength, the composition of each of its units or commands, and the allocation of cadre units or commands among the counties, cities, and towns of the State, shall be as prescribed by the Governor in suitable regulations enforced through the Adjutant General, or as otherwise provided by law.

(e) The duties of the State defense militia cadre shall be as ordered and directed by the Governor from time to time, or in regulations, and may include authority to take charge of armories and other military installations and real properties used by the North Carolina National Guard, together with such other property as the regulations may provide, when and if the North Carolina National Guard, or any part thereof, may be inducted into the service of the United States, or, for any extended period of time, may be absent on any duty from its home station. In addition, the cadre shall have duties appropriate to the organization, maintenance, and training of a military cadre to act as a nucleus for the organization of an active State defense militia whenever the necessity may arise. Effect of Amendments. — Session Laws 2009-281, s. 1, effective July 10, 2009, substituted "National Guard" for "national guard" in the first sentence.

§ 127A-108. Pay and care of soldiers, airmen and sailors disabled in service.

A member of the National Guard, the State defense militia, or the naval militia who without fault or negligence on his part is disabled through illness, injury, or disease contracted or incurred while on duty or by reason of duty in the service of the State or while reasonably proceeding to or returning from such duty shall receive the actual necessary expenses for care and medicine and medical attention at the expense of the State and if such shall temporarily incapacitate him for pursuing his usual business or occupation he shall receive during such incapacity the pay and allowances as are provided for the same grade and rating in like circumstances in the active armed forces of the United States. If such member is permanently disabled, he shall receive the pensions and rewards that persons under similar circumstances in the military service of the United States receive from the United States. In case any such member shall die as a result of such injury, illness or disease within one year after it has been incurred or contracted, the surviving spouse, minor children, or dependent parents of the member shall receive such pension and rewards as persons under similar circumstances receive from the United States.

The cost incurred by reason of this section shall be paid out of the Contingency and Emergency Fund, or such other fund as may be designated by law.

The Adjutant General, with the approval of the Governor, shall make and publish such regulations pursuant to this section as may be necessary for its implementation. Before the name of any person is placed on the disability or pension rolls of the State under this section, proof shall be made in accordance with such regulations that the applicant is entitled to such care, pension, or reward.

Nothing herein shall in any way limit or condition any other payment to such member as by law may be allowed: Provided, however, any payments made under the provisions of Chapter 97 of the General Statutes or under federal statutes as now or hereafter amended shall be deducted from the payments made under this section. (1917, c. 200, s. 54; C.S., s. 6868; 1959, c. 218, s. 19; c. 763; 1965, c. 1058; 1975, c. 604, s. 2; 2009-281, s. 1.)

Effect of Amendments. — Session Laws 2009-281, s. 1, effective July 10, 2009, substituted "National Guard" for "national guard" in the first sentence of the first paragraph.

§ 127A-109. Pay of general and field officers.

General and field officers when away from their home stations visiting the organizations of their commands, for inspection and instruction under orders from proper authority, shall receive actual necessary expenses and the pay of their rank. (1917, c. 200, s. 53; C.S., s. 6867; 1975, c. 604, s. 2.)

§ 127A-110. Proceedings against third party injuring or killing guard personnel.

(a) The right to compensation and other benefits under G.S. 127A-108 shall not be affected by the fact that the injury or death was caused under circumstances creating a liability in some person other than the State to pay damages therefor, such person hereinafter being referred to as the "third party." The respective rights and interests of the guard member under this Article, and the State, if any, in respect of the common-law cause of action against such third party and the damages recovered shall be as set forth in this section.

(b) The guard member or personal representative if guard member be dead, shall have the exclusive right to proceed to enforce the liability of the third party by appropriate proceedings if such proceedings are instituted not later than 12 months after the date of injury or death, whichever is later. During said 12-month period, and at any time thereafter if summons is issued against the third party during said 12-month period, the guard member or personal representative shall have the right to settle with the third party and to give a valid and complete release of all claims to the third party by reason of such injury or death, subject to the provisions of (h) below.

(c) If settlement is not made and summons is not issued within said 12-month period, then all rights of the guard member, or personal representative if guard member be dead, against the third party shall pass by operation of the period fixed by the statute of limitations applicable to such rights and if the State shall not have settled with or instituted proceedings against the third party within such time, then all such rights shall revert to the guard member or personal representative 60 days before the expiration of the applicable statute of limitations.

(d) The person in whom the right to bring such proceeding or make settlement is vested shall, during the continuation thereof, also have the exclusive right to make settlement with the third party and the release of the person having the right shall fully acquit and discharge the third party except as provided by (h) below. A proceeding so instituted by the person having the right shall be brought in the name of the guard member or personal representative and the State shall not be a necessary or proper party thereto. If the guard member or personal representative should refuse to cooperate with the State by being the party plaintiff, then the action shall be brought in the name of the State and the guard member or personal representative shall be made a party plaintiff or party defendant by order of court.

(e) The amount of compensation and other benefits paid or payable on account of such injury or death shall not be admissible in evidence in any proceeding against the third party. If the third party defending such proceeding, by answer duly served on the State, sufficiently alleges that actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death, then an issue shall be submitted to the jury in such case as to whether actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death. The State shall have the right to appear, to be represented, to introduce evidence, to cross-examine adverse witnesses, and to argue to the jury as to this issue as fully as though it were a party although not named or joined as a party to the proceeding. Such issue shall be the last of the issues submitted to the jury. If the verdict shall be that actionable negligence of the State did join and concur with that of the third party in producing the injury or death, then the court shall reduce the damages awarded by the jury against the third party by the amount which the State would otherwise be entitled to receive therefrom by way of subrogation hereunder and the entire amount recovered, after such reduction, shall belong to the guard member or personal representative free of any claim by the State and the third party shall have no further right by way of contribution or otherwise against the State, except any right which may exist by reason of an express contract of indemnity between the State and the third party, which was entered into prior to the injury to the guard member.

(f)(1) Any amount obtained by any person by settlement with, judgment against, or otherwise from the third party by reason of such injury or death shall be disbursed by order of the court for the following purposes and in the following order of priority:

a. First to the payment of actual court costs taxed by judgment.

b. Second to the payment of the fee of the attorney representing the person making settlement or obtaining judgment, and such fee shall not exceed one third of the amount obtained or recovered of the third party.

c. Third to the reimbursement of the State for all benefits by way of compensation or medical treatment expense paid or to be paid by the State pursuant to G.S. 127A-108.

d. Fourth to the payment of any amount remaining to the guard member or personal representative.

(2) The attorney fee paid under (f)(1) shall be paid by the guard member and the State in direct proportion to the amount each shall receive under (f)(1)c and (f)(1)d hereof and shall be deducted from such payments when distribution is made.

(g) In any proceeding against or settlement with the third party, every party to the claim for compensation shall have a lien to the extent of the party's interest under (f) hereof upon any payment made by the third party by reason of such injury or death, whether paid in settlement, in satisfaction of judgment, as consideration for covenant not to sue, or otherwise and such lien may be enforced against any person receiving such funds. Neither the guard member or personal representative nor the State shall make any settlement with or accept any payment from the third party without the written consent of the other and no release to or agreement with the third party shall be valid or enforceable for any purpose unless both State and guard member or personal representative join therein; provided, that this sentence shall not apply if the State is made whole for all benefits paid or to be paid by him under this Chapter less attorney's fees as provided by (f)(1) and (2) hereof and the release to or agreement with the third party is executed by the guard member. The Attorney General shall have the right on behalf of the State to reduce by compromise its claim.

(h) Institution of proceedings against or settlement with the third party, or acceptance of benefits under this Chapter, shall not in any way or manner affect any other remedy which any party to the claim for compensation may have except as otherwise specifically provided in this Chapter, and the exercise of one remedy shall not in any way or manner be held to constitute an election of remedies so as to bar the other. (1967, c. 1081, s. 1; 1975, c. 604, s. 2.)

§ 127A-111. Civilian leave option.

(a) A member of the North Carolina National Guard called into service of the State by the Governor shall have the right to take leave without pay from his or her civilian employment. No member of the North Carolina National Guard shall be forced to use or exhaust his or her vacation or other accrued leaves from his or her civilian employment for a period of active service. The choice of leave shall be solely within the discretion of the member.

(b) The Commissioner of Labor shall enforce the provisions of this section pursuant to Chapter 95 of the General Statutes. (1997-153, s. 4.)

Editor's Note. — Subsections (a) through (e) of this section, as amended by Session Laws 2008-94, s. 2, have been redesignated as follows at the direction of the Revisor of Statutes: former subsection (a), which was changed by the act to subsection (b), has been redesignated as subsection (a1); subsections (b) through (d), which were changed by the act to subsections (c) through (e), have been left as subsections (b) through (d); and subsection (e) has been set out as repealed.

Effect of Amendments. — Session Laws 2008-94, s. 2, effective July 1, 2008, added present subsection (a); redesignated former subsections (a) through (d) as present subsections (b) through (e), respectively; deleted former subsection (e), which defined "Academic Year"; and added subsection (f).

§ 127A-193. Benefit.

The benefit provided under this Article shall consist of a monetary educational assistance grant not to exceed the highest amount charged by a State educational institution per academic year or a lesser amount, as prescribed by the Secretary, to remain within the funds appropriated, to qualifying members of the North Carolina National Guard. Benefits provided under G.S. 127A-195(g) shall be payable for a period of one year at a time, renewable at the option of the Secretary. All other benefits provided under this Article shall be payable for a period of one academic year at a time, renewable at the option of the Secretary. (1975, c. 917, s. 5; 1977, c. 228, s. 2; 1983 (Reg. Sess., 1984), c. 1034, ss. 99, 100; 1993 (Reg. Sess., 1994), c. 769, s. 22.3; 2000-67, s. 18; 2005-444, s. 1; 2008-94, s. 3.)

Effect of Amendments. — Session Laws 2008-94, s. 3, effective July 1, 2008, rewrote the second sentence, which read: "Benefits shall be payable for a period of one academic year at a time, renewable at the option of the Secretary," added the third sentence, and made a grammatical change.

§ 127A-194. Eligibility.

(a) Active members of the North Carolina National Guard who are enrolled or who shall enroll in any business or trade school, private educational institution, or State educational institution shall be eligible to apply for this tuition assistance benefit: Provided, that the applicant has a minimum obligation of two years remaining as a member of the National Guard from the end of the academic period for which tuition assistance is provided or that the applicant commit himself or herself to extended membership for at least two additional years from the end of that academic period.

(b) This tuition assistance benefit shall be applicable to students in the following categories:

(1) Students seeking to achieve completion of their secondary school education at a community college or technical institute.
(2) Students seeking trade or vocational training or education.
(3) Students seeking to achieve a two-year associate degree.

(5) Students seeking to achieve a graduate degree.

(c) The following persons shall be eligible to apply for disbursements to pay outstanding student loans pursuant to G.S. 127A-195(g):

(1) Persons described in subsections (a) and (b) of this section.
(2) Active members of the North Carolina National Guard who were previously enrolled in any business or trade school, private educational institution, or State educational institution, but only if:
    a. The applicant has a minimum obligation of two years remaining as a member of the National Guard from the time of the application; or
    b. The applicant commits himself or herself to extended membership for at least two additional years from the time of the application. (1975, c. 917, s. 6; 1977, c. 228, ss. 3, 4; 2008-94, s. 4.)

Editor's Note. — Session Laws 1987, c. 564, s. 12, effective July 6, 1987, directed that "community college" be substituted for "community college or technical institute" in subdivision (b)(1) of G.S. 127-194. At the direction of the Revisor of Statutes, the phrase "or technical institute" has been placed in brackets at the end of subdivision (b)(1) of this section, which was apparently the section intended to be amended by the 1987 act.

Effect of Amendments. — Session Laws 2008-94, s. 4, effective July 1, 2008, in subsection (a) made grammatical and punctuation changes; in subdivision (b)(1), inserted "or technical institute" at the end; and added subsection (c).

§ 127A-195. Administration and funding.

(a) The Secretary of Crime Control and Public Safety is charged with the administration of the tuition assistance program under this Article. He may delegate administrative tasks to other persons within the Department of Crime Control and Public Safety as he deems best for the orderly administration of this program.

(b) The Secretary shall determine the eligibility of applicants, select the benefit recipients, establish the effective date of the benefit, and may suspend or revoke the benefit if he finds that the recipient does not maintain an adequate academic status, or if the recipient engages in riots, unlawful demonstrations, the seizure of educational buildings, or otherwise engages in disorderly conduct, breaches of the peace, or unlawful assemblies. The Secretary shall maintain such records and shall promulgate such rules and regulations as he deems necessary for the orderly administration of this program. The Secretary may require of business or trade schools or State or private educational institutions such reports and other information as he may need to carry out the provisions of this Article and he shall disburse benefit payments for recipients upon certification of enrollment by the enrolling institutions.

(c) All tuition benefit disbursements shall be made to the business or trade school or State or private educational institution concerned, for credit to the tuition account of each recipient. Funds disbursed pursuant to subsection (g) of this section shall be made to the student loan creditor concerned to be applied against the outstanding student loans of each National Guard member beneficiary.

(d) The participation by any business or trade school or private educational institution in this program shall be subject to the applicable provisions of this Article and to examination by the State Auditor of the accounts of the benefit recipients attending or having attended such private schools or institutions. The Secretary may defer making an award or may suspend an award in any business or trade school or private educational institution which does not comply with the provisions of this Article relating to said institutions. The manner of payment to any business or trade school or private educational institution shall be as prescribed by the Secretary.

(e) Irrespective of other provisions of this Article, the Secretary may prescribe special procedures for adjusting the accounts of benefit recipients who, for reasons of illness, physical inability to attend classes or for other valid reason satisfactory to the Secretary, may withdraw from any business or trade school or State or private educational institution prior to the completion of the term, semester, quarter or other academic period being attended at the time of withdrawal.

(f) Any balance of the monetary educational assistance grant up to the maximum for the academic year remaining after tuition is paid pursuant to subsection (c) of this section may be disbursed to the recipient as reimbursement for required course books and materials. The manner of obtaining the reimbursement payment for these required books and materials shall be as prescribed by the Secretary.

(g) Any funds not needed to accomplish the other purposes of this Article may be used to help members of the North Carolina National Guard repay outstanding student loans in accordance with rules to be adopted by the Secretary. These rules shall provide that the length of a member's deployment may be considered in determining whether or not, and in what amount, a member receives assistance pursuant to this subsection. There shall be no reimbursement under this subsection for payments already made on student loans, and funds shall not be provided under this subsection for the purpose of paying student loans obtained for courses from which the member withdrew or for which the member did not receive a passing grade. Payments for outstanding loans shall not exceed the maximum benefit available under G.S. 127A-193. (1975, c. 917, s. 7; 1977, c. 70, s.2; 2005-444, ss. 2, 3; 2008-94, s. 1.)

Effect of Amendments. — Session Laws 2008-94, s. 1, effective July 1, 2008, in subsection (c), added the second sentence, and added subsection (g).

§§ 127A-196 through 127A-200: Reserved for future codification purposes.

Article 16.

National Guard Reemployment Rights.

§ 127A-201. Entitlement.

Any member of the North Carolina National Guard who, at the direction of the Governor, enters State duty, is entitled, upon honorable release from State duty, to all the reemployment rights provided for in this Article. (1979, c. 155, s. 1.)

§ 127A-202. Rights.

Upon release from State duty, the employee shall make written application to his previous employer for reemployment within five days of his release from duty or from hospitalization continuing after release. If the employee is still qualified for his previous employment, he shall be restored to his previous position or to a position of like seniority, status and salary, unless the employer's circumstances now make the restoration unreasonable. If the employee is no longer qualified for his previous employment, he shall be placed in another position, for which he is qualified, and which will give him appropriate seniority, status and salary, unless the employer's circumstances now make the placement unreasonable. (1979, c. 155, s. 1.)

CASE NOTES

Effect of Statute on Wrongful Termination Claim. — Cause of action asserted by a North Carolina National Guard Service-member for common law wrongful termination was precluded by the statutory scheme set forth in G.S. 127A-202, 127A-202.1, 127A-203, which provided the procedure for recovery and remedies available to a servicemember terminated because of National Guard status, and the employer's motion to dismiss the wrongful termination cause of action was granted. Lederer v. Hargraves Tech. Corp., 256 F. Supp. 2d 467, 2003 U.S. Dist. LEXIS 5895 (W.D.N.C. 2003).

Preclusion from Recovery. — G.S. 127A-202 and G.S. 127A-203 only provide a remedy for National Guardsmen who have been denied reinstatement to their employment upon return from active duty. Thus, where an employee, who was a Guardsmen did not claim that he was denied reemployment to his previous position after a period of active service, he had no cause of action under G.S. 127A-202 and G.S. 127A-203. Jones v. Philip Morris USA, Inc., — F. Supp. 2d —, 2004 U.S. Dist. LEXIS 6224 (M.D.N.C. Apr. 8, 2004).

§ 127A-202.1. Discrimination against persons who serve in the North Carolina National Guard and acts of reprisal prohibited.

(a) It is the policy of this State that all individuals shall be afforded the right to perform, apply to perform, or have an obligation to perform service in the North Carolina National Guard without fear of discrimination or retaliatory action from their employer or prospective employer on the basis of that membership, application for membership, performance of service, application for service, or obligation.

(b) An individual who is a member of the North Carolina National Guard who performs, has performed, applies to perform, or has an obligation to perform service in the North Carolina National Guard shall not be denied initial employment, reemployment, retention in employment, promotion, or any benefit of employment by an employer on the basis of that membership, application for membership, performance of service, application for service, or obligation.

(c) A person shall be considered to have denied a member of the North Carolina National Guard initial employment, reemployment, retention in employment, promotion, or a benefit of employment in violation of this section if the member's membership, application for membership, performance of service, application for service, or obligation for service in the North Carolina National Guard is a motivating factor in that person's action, unless the person can prove by the greater weight of the evidence that the same unfavorable action would have taken place in the absence of the member's membership, application for membership, performance of service, application for service, or obligation.

(d) Nothing in this section shall be construed to require a person to pay salary or wages to a member of the North Carolina National Guard during the member's period of active service.

(e) The Commissioner of Labor shall enforce the provisions of this section according to Article 21 of Chapter 95 of the General Statutes, including the rules and regulations issued pursuant to that Article.

(f) This section shall also apply when a member of the North Carolina National Guard is called into active duty at the direction of the President, the Governor, or by any other competent authority. (1997-153, s. 1; 2004-130, s. 3.)

§ 127A-203. Penalties for denial.

If any employer, public or private, fails or refuses to comply with G.S. 127A-202, the superior court for the district of the employer's place of business may, upon the filing of a motion, petition, or other appropriate pleading by the employee, require the employer to comply with G.S. 127A-202 and to compensate the employee for any loss of wages or benefits suffered by reason of the employer's unlawful failure or refusal. ARTICLE 1.

Military Property Sales Facilities.

§ 127B-1. Military property sales facility defined.

Any person, partnership, association or corporation who engages in the business of selling, consigning, purchasing, transferring or in any way acquiring military property for resale, is a "military property sales facility". Specifically excluded are facilities operated by the United States Government, the State of North Carolina or any of its agencies and persons, partnerships, associations or corporations selling or purchasing military property pursuant to a contract with the United States Government, the State of North Carolina or any of its agencies. (1985, c. 522, s. 1.)

Editor's Note. — Section 2 of Session Laws 1985, c. 522 provided that all local laws governing military property businesses in counties or towns which were inconsistent with the act were repealed.

CASE NOTES

Constitutionality. — This Article, regulating businesses dealing in military goods, is constitutional under the due process and equal protection provisions of the State and federal Constitutions. Poor Richard's, Inc. v. Stone, 321 N.C. 61, 366 S.E.2d 697 (1988).

This article does not violate N.C. Const., Art. I, §§ 1 and 19. Poor Richard's, Inc. v. Stone, 321 N.C. 61, 366 S.E.2d 697 (1988).

The classification created by this Article is not so arbitrary or unreasonable as to be violative of the equal protection requirement. Poor Richard's, Inc. v. Stone, 321 N.C. 61, 366 S.E.2d 697 (1988).

Businesses involved in buying and selling military property have features which distinguish them from other types of retail sales in a way which justifies their regulation. Poor Richard's, Inc. v. Stone, 321 N.C. 61, 366 S.E.2d 697 (1988).

OPINIONS OF ATTORNEY GENERAL

Purpose of this Article appears to be to discourage theft of property from the State and federal armed forces by the establishment of a record both of all military property sold and of the identity of the persons selling it by means of licensure of military property sales facilities. See opinion of Attorney General to the Honorable William N. Martin, 55 N.C.A.G. 31 (1985).

Direct Purchase from Government Requires No License. — If a person, firm or corporation deals only in military property purchased directly from the United States government or this State pursuant to written contract, then that person, firm or corporation is not required to be licensed by this Article. However, the items purchased, if they are indeed "military property" within the meaning of G.S. 127B-2, would nevertheless be subject to recording and reporting requirements by military property sales facilities which might later purchase them. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

§ 127B-2. Military property defined.

"Military property" means property originally manufactured for the United States or State of North Carolina which is a type and kind issued for use in, or furnished and intended for, the military service of the United States or the militia of the State of North Carolina. (1985, c. 522, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Item manufactured for commercial sale, such as camouflage clothing, is not "military property" within the meaning of this section. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

Property such as a desk, which is of a type and kind issued for use in or furnished and intended for the military service of the United States or the militia of this State, is nonetheless not "military property" within the meaning of this Article if it was not originally manufactured for the United States or this State. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

Article is not intended to cover sales and purchases of obsolete military property. See opinion of Attorney General to the Honorable William N. Martin, 55 N.C.A.G. 31 (1985).

The term "military property," as defined in this Article, does not include property originally manufactured for use by the United States military or the North Carolina militia, but which is of a type and kind no longer issued for use in or furnished to the personnel of such military services. See opinion of Attorney General to the Honorable William N. Martin, 55 N.C.A.G. 31 (1985).

Recording and Reporting Requirements. — If a person, firm or corporation deals only in military property purchased directly from the United States government or this State pursuant to written contract, then that person, firm or corporation is not required to be licensed by this Article. However, the items purchased, if they are indeed "military property" within the meaning of this section, would nevertheless be subject to recording and reporting requirements by military property sales facilities which might later purchase them. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

§ 127B-3. License.

No person, partnership, association or corporation shall engage in the business of selling military property or purchasing military property for resale without first having obtained a license to do so from the local governing body of the city, town, or county in which it is located and by paying the county, State, and municipal tax required by law, and otherwise complying with the requirements made in this and succeeding sections. The license shall be posted in a prominent place, easily visible to the public, on the designated premises. (1985, c. 522, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Sales facility need not get separate license from both county and city. If the facility is in a city or town, it can obtain the license from the city or town government. If it is not in a city or town, then it must obtain the license from the county. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G 42 (1985).

County may charge fee for issuing li-

censes. See opinion of Attorney General to Mr. Garris N. Yarborough, Cumberland County Attorney, 55 N.C.A.G. 41 (1985).

§ 127B-4. Local governing authorities to grant and control license; bond.

(a) The governing body of any city, town, or county in this State may grant to such person, partnership, association or corporation as who shall produce satisfactory evidence of good character, a license authorizing such person, partnership, association or corporation to carry on the business of a military property sales facility. The license shall designate the building in which the person, partnership, association or corporation shall carry on the business, and no person, partnership, association or corporation shall carry on the business of a military property sales facility without being duly licensed, nor in any other building than the one designated in the license.

(b) Any person or the principal officers of any association or corporation or all the partners of any partnership applying for a license shall furnish the governing body the following information:

(1) Full name, and any other names used by the applicant during the preceding five years, or in the case of a partnership, association or corporation, the applicant shall list any partnership, association, or corporate names used during the preceding five years;
(2) Current address, and all addresses used by the applicant during the preceding five years;
(3) Physical description;
(4) Age;
(5) Driver's license number, if any, and state of issuance;
(6) Recent color photograph;
(7) Record of felony convictions; and
(8) Record of other convictions during the preceding five years.

(c) Every person, partnership, association or corporation so licensed to carry on the business of a military property sales facility shall, at the time of receiving a license, file with the governing body of the city, town, or county granting the license, a bond payable to the city, town, or county in the sum of one thousand dollars ($1,000), to be executed by the person licensed and by two responsible sureties, or a surety company licensed to do business in the State of North Carolina, to be approved of by the governing body. The bond shall be for the faithful performance of the requirements and obligations pertaining to the business licensed. The governing body, may revoke the license and sue for forfeiture of the bond upon a breach of the licensee's duties under the bond. Any person who may obtain a judgment against a military property sales facility and upon which judgment execution is returned unsatisfied may maintain an action in his own name upon the bond of the military property sales facility, in any court having jurisdiction of the amount demanded to satisfy the judgment. (1985, c. 522, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Facility May Purchase Property at Another Facility. — Subsection (a) does not prohibit a military property sales facility from purchasing military property at the place of business of another military property sales facility. However, the purchasing facility would have to make a record of the transaction in compliance with G.S. 127B-6(a). See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

§ 127B-5. Perjury; punishment.

Any person who shall willfully commit perjury in any application for a permit pursuant to this Article shall be guilty of a Class 1 misdemeanor. (1985, c. 522, s. 1; 1993, c. 539, s. 939; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 127B-6. Records to be kept.

(a) Every military property sales facility owner shall keep a book in which shall be legibly written, at the time of each transaction involving the acquisition by any means of used or new military property by the military property sales facility owner, his employee or agent, from any person, partnership, association or corporation, the following information:

(1) An account and description of the used or new military property including if applicable, the manufacturer's name, the model, the model number, the serial number of the property, and any engraved numbers or initials found on the property. Property lacking any identifying mark or characteristic shall be marked by the military property sales facility owner in such a way as to allow clear identification of the property.

(2) The amount of money paid;

(3) The date of the transaction; and

(4) The name and residence of the person selling, consigning or transferring the used or new military property.

(b) The military property sales facility owner, or his employee or agent shall require that the person selling the new or used military property, to present two forms of positive identification to him before the military property sales facility personnel may complete any transaction regarding the buying, consigning or acquiring of new or used military property. The presentation of any one state or federal government issued identification containing a photographic representation imprinted on it shall constitute compliance with the identification requirements of this paragraph. The military property sales facility owner or his employee or agent shall legibly record this identification information next to the person's name and residence in the book required to be kept. Both the military property sales facility owner, his employee or agent and the seller, consignor or transferor of the military property shall sign the record entry.

(c) The book shall be a permanent record to be kept at all times on the premises of the place of business of the military property sales facility and shall be made available, during regular business hours, to any law enforcement officer who requests to inspect the book. A copy of the records required to be kept by this section shall be filed within 48 hours of the transaction in the office of the local law enforcement agency serving the city, town, or county which issued the license to the military. Mailing the required copy to the local law enforcement agency within 48 hours shall constitute compliance with this section. (1985, c. 522, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Orders shipped to facility from out of state must be recorded and reported in compliance with paragraphs (a) and (c), just as other transactions by mail must be. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

Purchase at Another Facility Recorded. — G.S. 127B-4(a) does not prohibit a military property sales facility from purchasing military property at the place of business of another military property sales facility. However, the purchasing facility would have to make a record of the transaction in compliance with paragraph (a). See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

If military property sales facility purchases items by lot, for example 100 pounds of wool scrap, each scrap need not be listed separately. However, each of the items of scrap should be tagged so that their origin in that lot is discernable. Moreover, where the property has a model number, serial number and/or manufacturer's name, that information must be recorded. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

Record-keeping book called for by paragraph (a) may be loose-leaf. See opinion of Attorney General to Mr. Paul M. Starzynski, Member, Onslow County Board of Commissioners, 55 N.C.A.G. 42 (1985).

In addition, any dealer convicted of violating this Article shall be ineligible for a dealer's permit for a period of three years from the date of conviction. Discrimination Against Military Personnel.

§ 127B-10. Purpose.

CASE NOTES

I. General Consideration.
II. Distinguishing Characteristics.
III. Illustrative Cases.

I. GENERAL CONSIDERATION.

At common law there was no limit on the right of a citizen to hold several offices, except the incompatibility of the duties of the several officers. State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898).

Necessity of Taking Oath. — The taking of an oath of office is not an indispensable criterion, for the office may exist without it. State ex rel. Clark v. Stanley, 66 N.C. 59 (1872); State ex rel. Bryan v. Patrick, 124 N.C. 651, 33 S.E. 151 (1899).

An officer appointed for a definite time to a legislative office has no vested property therein or contract right thereto of which the legislature cannot deprive him. Mial v. Ellington, 134 N.C. 131, 46 S.E. 961 (1903).

And Legislature May Change Duties and Emoluments. — Although an office is a constitutional one, the legislature may, within reasonable limits, change the statutory duties and diminish the emoluments of such office, if the public welfare requires it. Fortune v. Buncombe County Comm'rs, 140 N.C. 322, 52 S.E. 950 (1905); Commissioners v. Stedman, 141 N.C. 448, 54 S.E. 269 (1906).

The legislature may attach additional duties to an existing office, and it may afterwards lop off those duties and assign them to a new office, leaving the original office as it was before the additional duties were attached to it. State ex rel. Dowtin v. Beardsley, 126 N.C. 119, 35 S.E. 241 (1900).

In respect to offices created and provided for by the Constitution, the people in convention assembled alone can alter, change their tenure, duties or emoluments, or abolish them; while in respect to legislative offices, it is entirely within the power of the legislature to deal with them as public policy may suggest and public interest may demand. Mial v. Ellington, 134 N.C. 131, 46 S.E. 961 (1903).

Unless the Constitution otherwise expressly provides, the legislature has power to increase or vary the duties, or diminish the salary or other compensation appurtenant to the office, or abolish any of its rights or privileges before the end of the term, or to alter or abridge the term, or to abolish the office itself. State ex rel. Caldwell v. Wilson, 121 N.C. 425, 28 S.E. 554 (1897), appeal dismissed, 169 U.S. 586, 18 S. Ct. 435, 42 L. Ed. 865 (1898); Mial v. Ellington, 134 N.C. 131, 46 S.E. 961 (1903).

The legislature may reduce or increase the salaries of such officers as are not protected by the Constitution during their term of office, but cannot deprive them of the whole. Cotten v.

Ellis, 52 N.C. 545 (1860).

Manner of Appointment. — Where officers have to be appointed to fill a regular term, the Governor nominates to the Senate, unless it be an officer who is elected by the people, and then he fills the vacancy or term until the people can elect his successor. People ex rel. Battle v. McIver, 68 N.C. 467 (1873). See also, People ex rel. Nichols v. McKee, 68 N.C. 429 (1873); People ex rel. Welker v. Bledsoe, 68 N.C. 457 (1873).

The power to create vacancies in a public office, the incumbents of which are charged with continuing duties and responsibilities, rests, in the absence of provisions to the contrary, in the body possessing the original power of appointment. State ex rel. Greene v. Owen, 125 N.C. 212, 34 S.E. 424 (1899).

Offices whose duties are congruous may be consolidated; but it is just, in cases of consolidation of offices, to postpone the operation of the law until a vacancy appears in the office whose duties are to be transferred. Troy v. Wooten, 32 N.C. 377 (1849).

II. DISTINGUISHING CHARACTERISTICS.

In General. — Public office is tenure by virtue of an appointment, conferred by public authority. Willis v. Melvin, 53 N.C. 62 (1860).

The term embraces the ideas of tenure, duration, emolument and duties. State ex rel. Bryan v. Patrick, 124 N.C. 651, 33 S.E. 151 (1899).

A public office is an agency for the State, and the person whose duty it is to perform this agency is a public officer. State ex rel. Clark v. Stanley, 66 N.C. 59, 8 Am. R. 488 (1872); State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898); State Prison v. Day, 124 N.C. 362, 32 S.E. 748 (1899).

This is considered to be the true definition of a public officer in its original, broad sense. The essence of it is the duty of performing an agency, that is, of doing some act or acts or series of acts for the State. State ex rel. Clark v. Stanley, 66 N.C. 59 (1872).

And a Parcel of the Administration of Government. — The true test of a public office is that it is a parcel of the administration of government, or is itself directly created by the lawmaking power. Eliason v. Coleman, 86 N.C. 235 (1882).

Portion of Sovereignty Attaches. — An office or place of trust requiring a proceeding by quo warranto for the removal of the incumbent is defined as a public position to which a portion of the sovereignty of the country, either legislative, executive or judicial, attaches for the time being, and which is exercised for the benefit of the public. State ex rel. Wooten v. Smith, 145 N.C. 476, 59 S.E. 649 (1907).

Combination of Duty and Agency. — The word "office" in its primary signification implies a duty or duties — the agency from the State to perform the duties. The duties of the office are of first consequence, and the agency from the State to perform those duties is the next step in the creation of an office. It is the union of the two factors, duty and agency, which makes the office. State Prison v. Day, 124 N.C. 362, 32 S.E. 748, 46 L.R.A. 295 (1899).

Public Office Distinguished from Public Agency. — The most important characteristic which distinguishes an office from a public agency is that the conferring of the office carries with it a delegation to the individual of some of the sovereign functions of the government. In this respect the terms "office" and "place of trust" as used in our Constitution are synonymous. Doyle v. Aldermen of Raleigh, 89 N.C. 133, 45 Am. R. 677 (1883); State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898); State ex rel. Wooten v. Smith, 145 N.C. 476, 59 S.E. 649 (1907).

Addition of Duties to Existing Office. — An act which merely attaches new duties to existing offices does not create a new office. McCullers v. Board of Comm'rs, 158 N.C. 75, 73 S.E. 816 (1911).

Authority to Appoint to Office. — If a person is authorized to appoint to an office, this duty of itself constitutes him a public officer. State ex rel. Clark v. Stanley, 66 N.C. 59, 8 Am. R. 488 (1872); State ex rel. Howerton v. Tate, 68 N.C. 546 (1873).

Office Distinguished from Employment and Contract. — An "office" is defined by good authority as involving a delegation to the individual of some of the sovereign functions of government, to be exercised by him for the benefit of the public, by which it is distinguished from "employment" or "contract." Eliason v. Coleman, 86 N.C. 235 (1882); State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898).

A public office is an administrative agency or public employment, and although an office is an employment, it does not follow that every employment is an office. State ex rel. Wooten v. Smith, 145 N.C. 476, 59 S.E. 649 (1907).

Officers Distinguished from Placemen. — The distinction between officers and placemen is that the former are required to take an oath to support the Constitutions of the State and of the United States, while the latter are not. Worthy v. Barrett, 63 N.C. 199 (1869), appeal dismissed, 76 U.S. 611, 19 L. Ed. 565 (1870).

III. ILLUSTRATIVE CASES.

Governor and Others in Executive Department. — The executive department is an agency for the State, and the Governor and others, whose duty it is to discharge this agency, are public officers. State ex rel. Clark v. Stanley, 66 N.C. 59 (1872).

Judges. — The judicial department is an agency for the State, and the judges are public officers. State ex rel. Clark v. Stanley, 66 N.C. 59, 8 Am. R. 488 (1872).

A clerk of the court is a public officer. Wilson v. Jordan, 124 N.C. 683, 33 S.E. 139 (1899).

A recorder is a public officer. Rhodes v. Love, 153 N.C. 468, 69 S.E. 436 (1910). See State v. Lord, 145 N.C. 479, 59 S.E. 656 (1907).

Members of Legislature. — The legislative department is an agency for the State, and the members of the Senate and of the House of Representatives are public officers in the broad sense in which the term is used in the Constitution of this State. State ex rel. Clark v. Stanley, 66 N.C. 59 (1872).

In Worthy v. Barrett, 63 N.C. 199 (1869), appeal dismissed, 76 U.S. 611, 19 L. Ed. 565 (1870), it is said that "members of the legislature are not officers. Theirs are places of trust and profit, but not offices of trust and profit." Doyle v. Aldermen of Raleigh, 89 N.C. 133 (1883). In this instance the court was using the terms in the restricted sense in which they are used in U.S. Const., Amend. XIV. Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

The members of the county board of education are public officers. State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898); State ex rel. Greene v. Owen, 125 N.C. 212, 34 S.E. 424 (1899).

State Printer. — Under the acts abolishing the office of State printer and providing for letting of State printing by contract, the position of State printer was not a public office. Brown v. Turner, 70 N.C. 93 (1874).

The position of public administrator is a mere administrative agency, and not an office or place of trust, within former N.C. Const., Art. XIV, § 7 (now N.C. Const., Art. VI, § 9). State ex rel. Wooten v. Smith, 145 N.C. 476, 59 S.E. 649 (1907).

Sexton. — It has been held that a sexton is a public officer. Rhodes v. Love, 153 N.C. 468, 69 S.E. 436 (1910).

The chief engineer of the Western North Carolina Railroad is not a public officer. Eliason v. Coleman, 86 N.C. 235 (1882).

CASE NOTES

Theory of Appointments. — By the theory of our government, appointments to office are presumed to be made solely upon the principle detur digniori, and any practice whereby the bare consideration of money is brought to bear in any form upon such appointments to or resignation of office conflicts with and degrades this great principle. The services performed under such appointments are paid for by salary or fees, presumed to be adjusted at the point of adequate remuneration only. Any premium paid to obtain office interferes with this adjustment and tempts to speculation, overcharges and frauds in the effort to restore the balance thus disturbed. Basket v. Moss, 115 N.C. 448, 20 S.E. 733 (1894).

The public has a right to some better test of the capacity of their servants than the fact that they possess the means of purchasing their offices. Basket v. Moss, 115 N.C. 448, 20 S.E. 733 (1894).

Agreements Void. — Public offices are public trusts, and should be conferred solely upon considerations of ability, integrity, fidelity and fitness for the position. Agreements for compensation to procure these tend directly and necessarily to lower the character of the appointments, to the great detriment of the public. Hence, such agreements, of whatever nature, have always been held void as being against public policy. Basket v. Moss, 115 N.C. 448, 20 S.E. 733 (1894).

Contracts to procure appointments to an office or to resign an office in another's favor are void at common law, as well as by statute. Basket v. Moss, 115 N.C. 448, 20 S.E. 733 (1894).

Same—Federal Offices. — Notwithstanding that the office is under the United States government, if an action were brought in our courts to recover upon a bond or mortgage given for such consideration, our courts would hold it void. Basket v. Moss, 115 N.C. 448, 20 S.E. 733 (1894).

§ 128-4. Receiving compensation of subordinates for appointment or retention; removal.

Any official or employee of this State or any political subdivision thereof, in whose office or under whose supervision are employed one or more subordinate officials or employees who shall, directly or indirectly, receive or demand, for himself or another, any part of the compensation of any such subordinate, as the price of appointment or retention of such subordinate, shall be guilty of a Class 1 misdemeanor: Provided, that this section shall not apply in cases in which an official or employee is given an allowance for the conduct of his office from which he is to compensate himself and his subordinates in such manner as he sees fit. Any person convicted of violating this section, in addition to the criminal penalties, shall be subject to removal from office. The procedure for removal shall be the same as that provided for removal of certain local officials from office by G.S. 128-16 to 128-20, inclusive. (1937, c. 32, ss. 1, 2; 1993, c. 539, s. 942; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 128-5. Oath required before acting; penalty.

Every officer and other person required to take an oath of office, or an oath for the faithful discharge of any duty imposed on him, and also the oath appointed for such as hold any office of trust or profit in the State, shall take all said oaths before entering on the duties of the office, or the duties imposed on such person, on pain of forfeiting five hundred dollars ($500.00) to the use of the poor of the county in or for which the office is to be used, and of being ejected from his office or place by proper proceedings for that purpose. (R.C., c. 77, s. 4; Code, s. 1873; Rev., s. 2367; C.S., s. 3203.)

CASE NOTES

The taking of the oath of office is not an indispensable criterion, for the office may exist without it. It is a mere incident, and constitutes no part of the office. State ex rel. Clark v. Stanley, 66 N.C. 59 (1872); State ex rel. Bryan v. Patrick, 124 N.C. 651, 33 S.E. 151 (1899).

And Acts of Officer May Be Valid Though Oath Not Taken. — Failure to take an oath of office, while it might subject one exercising the duties of the office to a penalty under this section, would not deprive his acts of the validity given those of de facto officers performing the duties of a de jure office. Vance S. Harrington & Co. v. Renner, 236 N.C. 321, 72 S.E.2d 838 (1952).

§ 128-6. Persons admitted to office deemed to hold lawfully.

Any person who shall, by the proper authority, be admitted and sworn into any office, shall be held, deemed, and taken, by force of such admission, to be rightfully in such office until, by judicial sentence, upon a proper proceeding, he shall be ousted therefrom, or his admission thereto be, in due course of law, declared void. (Const., art. 4, s. 25; 1844, c. 38, s. 2; 1848, c. 64, s. 1; R.C., c. 77, s. 3; Code, s. 1872; Rev., s. 2368; C.S., s. 3204.)

CASE NOTES

I. General Consideration.
II. Proceedings to Try Title to Office.

I. GENERAL CONSIDERATION.

The General Assembly has conferred express approval on the judicial doctrine of de facto office by enacting this section. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

The acts of a de facto officer are valid as to the public and third persons. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

Acts of de facto officers, who exercise their office for a considerable length of time, are as effectual when they concern the rights of third persons or the public as if they were officers de jure. Hughes v. Long, 119 N.C. 52, 25 S.E. 743 (1896).

The acts of one purporting to be an officer are evidence of his authority; and such acts, as to third persons, are to be taken as valid while the incumbent is thus acting. Swindell v. Warden, 52 N.C. 575 (1860).

The official acts of persons entering into office under color of an irregular election are of full force until such officers are removed by a proper proceeding. Commissioners of Trenton v. McDaniel, 52 N.C. 107 (1859).

Usurping, De Facto and De Jure Officers Distinguished. — A usurper is one who takes possession without any authority. His acts are utterly void, unless he continues to act for so long a time or under such circumstances as to afford a presumption of his right to act. And then his acts are valid as to the public and third persons. But he has no defense in a direct proceeding against himself. A de facto officer is one who goes in under color of authority or who exercises the duties of the office so long or under such circumstances as to raise a presumption of his right, in which cases his necessary official acts are valid as to the public and third persons; but he may be ousted by a direct proceeding. A de jure officer is one who is regularly and lawfully elected or appointed and inducted into office and exercises the duties as his right. All his necessary official acts are valid, and he cannot be ousted. The only difference between an officer de facto and an officer de jure is that the former may be ousted in a direct proceeding against him, while the latter cannot be. So far as the public and third persons are concerned, there is no difference whatever. The acts of one have precisely the same force and effect as the acts of the other. People ex rel. Norfleet v. Staton, 73 N.C. 546 (1875).

A mere intruder or usurper is not ordinarily, but may become, an officer de facto in some cases. This can happen only by the continued exercise of the office by him and the acquiescence therein by the public authorities and the public for such length of time as to afford to citizens generally a strong presumption that he had been duly appointed. But when without color of authority he simply assumes to act, to exercise authority as an officer, and the public knows the fact, or reasonably ought to know that he is a usurper, his acts are absolutely void for all purposes. The mere fact that, apart from his usurpation, his supposed official acts were fair and honest could not impart to them validity and efficiency. Burke v. Elliott, 26 N.C. 355 (1844); People ex rel. Norfleet v. Staton, 73 N.C. 546 (1875); State ex rel. Van Amringe v. Taylor, 108 N.C. 196, 12 S.E. 1005, 23 Am. St. R. 51, 12 L.R.A. 202 (1891); Whitehead v. Pittman, 165 N.C. 89, 80 S.E. 976 (1914).

A usurper in office is distinguished from a de facto officer in that a usurper takes possession of office and undertakes to act officially without any authority, either actual or apparent. Since he is not an officer at all or for any purpose, his acts are absolutely void, and they can be impeached at any time in any proceeding. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

This section applies to a person who, having duly qualified, is performing the duties of the office under color of right, and not to a case where the appointee of the Governor, requiring the concurrence of the Senate in order to hold his office for the full unexpired term of his predecessor, is holding over after the Senate has met and concurred in the appointment of another. State ex rel. Salisbury v. Croom, 167 N.C. 223, 83 S.E. 354 (1914).

Who Is Officer De Facto. — An officer de facto is one whose acts, though not those of a lawful officer, the law, upon principles of policy and justice, will hold valid, so far as they involve the interests of the public and third persons, where the duties of the office were exercised (1) without a known appointment or election, but under such circumstances of reputation or acquiescence as were calculated to induce people, without inquiry, to submit to or revoke his action, supposing him to be the officer he assumed to be; (2) under color of a known and valid appointment or election, but where the officer failed to conform to some precedent requirement or condition, such as taking an oath, giving a bond, or the like; (3) under color of a known election or appointment, void because there was a want of power in the electing or appointing body, or by reason of some defect or irregularity in its exercise, such ineligibility, want of power or defect being unknown to the public; (4) under color of an election or appointment, by or pursuant to a public unconstitutional law, before the same is adjudged to be such. State v. Lewis, 107 N.C. 967, 12 S.E. 457, 13 S.E. 247 (1890); State ex rel. Van Amringe v. Taylor, 108 N.C. 196, 12 S.E. 1005 (1891). See State v. Speaks, 95 N.C. 689 (1886); Whitehead v. Pittman, 165 N.C. 89, 80 S.E. 976 (1914).

To constitute an officer de facto it is requisite that there be some colorable election or appointment to and induction into the office. Van Amringe v. Taylor, 108 N.C. 196, 12 S.E. 1005, 23 Am. St. R. 51, 12 L.R.A. 202 (1891).

To constitute one an officer de facto there must be an actual exercise of the office and acquiescence of the public authorities long enough to cause, in the mind of the citizen, a strong presumption that the officer was duly appointed. Hughes v. Long, 119 N.C. 52, 25 S.E. 743 (1896).

The indispensable basis of being a de facto officer is that there is such an office. State v. Shuford, 128 N.C. 588, 38 S.E. 808 (1901).

Persons who have been regarded as public officers for the greater part of the time during which the office existed, and whose acts are recognized by other public functionaries, must be taken to be officers de facto. Burton ex rel. Reeves v. Patton, 47 N.C. 124, 62 Am. Dec. 194 (1854).

A judge de facto is defined as one who occupies a judicial office under some color of right, and for the time being performs its duties with public acquiescence, though having no right in fact. In order for one to be deemed a judge de facto, he must have satisfied the following four conditions: (1) He assumes to be the judge of a court which is established by law; (2) he is in possession of the judicial office in question, and is discharging its duties; (3) his incumbency of the judicial office is illegal in some respects; and (4) he has at least a fair color of right or title to the judicial office, or has acted as its occupant for so long a time and under such circumstances of reputation or acquiescence by the public generally as are calculated to afford a presumption of his right to act and to induce people, without inquiry, to submit to or invoke official action on his part on the supposition that he is the judge he assumes to be. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

So far as the public and third persons are concerned, a judge de facto is competent to do whatever may be done by a judge de jure. In consequence, acts done by a judge de facto in the discharge of the duties of his judicial office are as effectual so far as the rights of third persons or the public are concerned as if he were a judge de jure. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

A Judge De Jure. — A judge de jure exercises the office of judge as a matter of right. In order to become a judge de jure one must satisfy three requirements: (1) He must possess the legal qualifications for the judicial office in question; (2) he must be lawfully chosen to such office; and (3) he must have qualified himself to perform the duties of such office according to the mode prescribed by law. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

Elected and Qualifying City Councilman Is De Facto Officer Until Removed. — Upon his election, and after having been sworn in as a member of a city council, a person is a de facto councilman until he is removed from such office in a quo warranto proceeding or otherwise removed therefrom as provided by law. Armstrong v. McInnis, 264 N.C. 616, 142 S.E.2d 670 (1965).

Tabulation of Election Result by Clerk Is Prima Facie Correct. — A tabulation of the result of an election by the clerk, in the manner required by law, is prima facie correct, and can only be questioned in a quo warranto proceeding. Cozart v. Fleming, 123 N.C. 547, 31 S.E. 822 (1898).

Commissioner's Appointment Void Upon Appointment of Successor. — Panel of commissioners was evenly split and no majority existed because when the opinion and award was filed, a commissioner who concurred in the opinion was not an officer de jure pursuant as the commissioner's term had ended and a successor had been appointed. Therefore, because the commissioner's appointment was void before the opinion and award were entered, and because the commissioner's concurrence in the opinion and award was not the act of a qualified officer — neither de jure nor de facto — the concurrence was a nullity. Baxter v. Danny Nicholson, Inc., 191 N.C. App. 168, 661 S.E.2d 892, 2008 N.C. App. LEXIS 1149 (2008).

Cited in In re Wingler, 231 N.C. 560, 58 S.E.2d 372 (1950).

II. PROCEEDINGS TO TRY TITLE TO OFFICE.

Injunction is not the proper method of trying title to an office, and it will not lie at the suit of the incumbent of a public office to restrain a claimant of the office from claiming and exercising its powers and duties. Patterson v. Hubbs, 65 N.C. 119 (1871); Jones v. Commissioners of Granville, 77 N.C. 280 (1877).

The erroneous action of the county commissioners in declaring an office vacant because of an apparent tie vote, and ordering a new election, does not warrant the granting of an injunction to one of the candidates, since the title to the office can be inquired into by quo warranto even after such a new election. Cozart v. Fleming, 123 N.C. 547, 31 S.E. 822 (1898).

Injunction does not lie to restrain county commissioners from declaring a public office vacant because of an apparent tie vote where it is an attempt, in effect, to try the title to the office by injunction, which is not permissible. Cozart v. Fleming, 123 N.C. 547, 31 S.E. 822 (1898).

Proceeding Is in Nature of Quo Warranto. — Title to a public office cannot be tried by motion, but must be determined by a proceeding in the nature of quo warranto. Sneed v. Bullock, 77 N.C. 282 (1877).

Who May Bring Action. — An action to try the right of an incumbent to any public office may be brought by the Attorney General upon his own information, or upon the complaint of any private party. People ex rel. Cloud v. Wilson, 72 N.C. 155 (1875); People ex rel. Hargrove v. Hilliard, 72 N.C. 169 (1875).

Any person having a right to an office can, in his own name, bring an action for the purpose of testing his right as against one claiming adversely. Brown v. Turner, 70 N.C. 93 (1874).

Maxim "De Minimis" Not Applicable. — Notwithstanding the maxim "De minimis non curat lex," a suit will be entertained to determine rights to an office paying only eight dollars a month in addition to board. State ex rel. Greene v. Owen, 125 N.C. 212, 34 S.E. 424 (1899).

No demand is necessary before suing to try the right to an office. State ex rel. Shennonhouse v. Withers, 121 N.C. 376, 28 S.E. 522 (1897).

Allegation of Citizenship in Complaint. — Where persons who have been elected and qualified as county commissioners bring an action against persons appointed by the judge of the district, under the provisions of Chapter 135, Laws 1895, to try the defendants' title to office, the complaint must allege that the plaintiffs are citizens and taxpayers of the county. State ex rel. Houghtalling v. Taylor, 122 N.C. 141, 122 N.C. 171, 29 S.E. 101, 29 S.E. 101 (1898).

A relator in quo warranto proceedings to try title to office accepts the position that he has been displaced in the office, by the form of action in which he seeks to assert his rights, and may not therein avail himself of the position that under this section he should have been ousted therefrom by a judicial sentence, under a proper proceeding, etc. State ex rel. Salisbury v. Croom, 167 N.C. 223, 83 S.E. 354 (1914).

Estoppel to Deny Acceptance of Office and Vacating of Prior Office. — A person who held himself out and who acted as an officer and who signed his name as such, and who in writing resigned the office, is estopped from denying that he accepted the office, and thus vacated a prior office filled by him. State ex rel. Midgett v. Gray, 159 N.C. 443, 74 S.E. 1050 (1912).

A person who held himself out and who acted as an officer was estopped to deny his qualification when the acceptance of such office was relied on to vacate a prior office filled by him, despite the fact that he was not sworn on the Bible when he qualified for the second office. State ex rel. Midgett v. Gray, 159 N.C. 443, 74 S.E. 1050 (1912). See State v. Cansler, 75 N.C. 442 (1876); State v. Long, 76 N.C. 254 (1877).

Conduct Amounting to Surrender of Office. — Where a person had been elected clerk of the superior court, and at the proper time had tendered his bonds, which had been accepted by the court, and he was inducted into office, while the former clerk was present in court, cognizant of what was going on, and did not object thereto, but surrendered up the office and records to the new clerk and retired from the performance of the duties of the office for 12 months thereafter, it was held, in an action in the nature of quo warranto, that such conduct in the old clerk amounted to a surrender of his office to the court, and justified the reception and induction into office of the newly elected clerk. Williams v. Sommers, 18 N.C. 61 (1834).

§ 128-7. Officer to hold until successor qualified.

All officers shall continue in their respective offices until their successors are elected or appointed, and duly qualified. (1848, c. 64, s. 2; R.C., c. 77, s. 3; Code, s. 1872; Rev., s. 2368; C.S., s. 3205.)

Editor's Note. — Session Laws 2005-425, s. 4, provides, in part: "Judges elected in 2006 and thereafter take office accordingly, and as provided by Section 10 of Article VI of the North Carolina Constitution and G.S. 128-7, those in office on the first Monday in December of 2006 or 2008 shall continue until their successors' terms begin and are duly qualified."

CASE NOTES

Holding Over After Expiration of Term. — An officer elected by the people, holding over after his regular term on failure of his successor to qualify, holds over until the place is filled at the next general election, under former N.C. Const., Art. 3, §§ 1 and 13 (now N.C. Const., Art. III, § 7 and Art. VI, § 10). People ex rel. Battle v. McIver, 68 N.C. 467 (1873).

Where an officer has been inducted into his office before the beginning of the term for which he was reelected, one who is appointed to fill the vacancy caused by his death before that term begins, holds only until the expiration of the first term. People ex rel. Worley v. Smith, 81 N.C. 304 (1879).

Panel of commissioners was evenly split and no majority existed because when the opinion and award was filed, a commissioner who concurred in the opinion was not an officer de jure pursuant as the commissioner's term had ended and a successor had been appointed. Therefore, because the commissioner's appointment was void before the opinion and award were entered, and because the commissioner's concurrence in the opinion and award was not the act of a qualified officer — neither de jure nor de facto — the concurrence was a nullity. Baxter v. Danny Nicholson, Inc., 191 N.C. App. 168, 661 S.E.2d 892, 2008 N.C. App. LEXIS 1149 (2008).

Term of Appointee of Judge. — In case of a vacancy in the office of the clerk of the superior court, the appointee of the judge holds only until the next election at which members of the General Assembly are chosen. Rodwell v. Rowland, 137 N.C. 617, 50 S.E. 319 (1905).

Status of Officer Holding Over — De Jure. — Whether regarded as a part of an original term or a new and conditional one by virtue of the statute, the holders are regarded as officers de jure until their successors have been lawfully elected or appointed and have properly qualified. State ex rel. Markham v. Simpson, 175 N.C. 135, 95 S.E. 106 (1918).

Same — De Facto. — Where a clerk of the superior court held over in office until his successor qualified, he was at least clerk de facto; his acts cannot be collaterally impeached, and are valid as to third parties. Threadgill v. Carolina Cent. Ry., 73 N.C. 178 (1875).

The mayor of a municipality was constituted a special court for the municipality by valid act (Chapter 144, Private Laws of 1913). A duly elected and qualified mayor assumed the duties as judge of the special court under claim of authority. By Chapter 1142, Session Laws of 1949, it was provided that said judge should be appointed by the commissioners of the town, and that he should hold no other office. The town commissioners failed to appoint a judge under the provisions of this act. It was held that a sentence imposed by the mayor acting as judge of the special court cannot be collaterally attacked in habeas corpus since he was at least a judge de facto if not de jure. In re Wingler, 231 N.C. 560, 58 S.E.2d 372 (1950).

When Legislature Presumed to Acquiesce in Continuation in Office. — The General Assembly having failed to appoint or provide for the election of successors to the highway and sinking fund commissioners of Madison County, who were appointed for a four- or six-year term by Chapter 341, Public-Local Laws of 1931, the General Assembly having power to terminate their continuance in office, and the General Assembly having power to terminate, change or continue the appointments, it will not be held that it intended to create perpetuities or exclusive emoluments in violation of any of the provisions of former N.C. Const., Art. I (now N.C. Const., Art. VI), and said commissioners continue to hold office with power to discharge the duties thereof. Freeman v. Board of County Comm'rs, 217 N.C. 209, 7 S.E.2d 354 (1940).

Vacancy Created by Resignation. — Where a district court judge resigned upon the discovery of his legal infirmity under G.S. 7A-4.20, his resignation from office created an actual vacancy in that position. Hence, upon the resignation, there was no one legally entitled to hold office by virtue of an election, nor under this section was there an incumbent with the legal right to continue in office until a successor was elected or appointed. The judge, therefore, created a legal as well as an actual vacancy in office under N.C. Const., Art. IV, § 19. People ex rel. Duncan v. Beach, 294 N.C. 713, 242 S.E.2d 796 (1978).

OPINIONS OF ATTORNEY GENERAL

Members of the Environmental Management Commission continue to hold their positions until other appointments are made. See opinion of Attorney General to Mr. William Holman, Secretary, North Carolina Department of Environment and Natural Resources, 2000 N.C. AG LEXIS 5 (5/9/2000).

Where an individual elected as district court judge died prior to certification of the election, the defeated incumbent judge may remain in office until the end of his term or until his successor is appointed, whichever occurs later. See opinion of Attorney General to The Honorable Christopher W. Bragg, Union County Courthouse, 2004 N.C. AG LEXIS 12 (11/18/04).

§ 128-7.1. Failure to qualify creates vacancy.

If any person who has been elected to public office (i) dies or becomes disqualified for the office before qualifying for the office, or (ii) for any reason refuses to qualify for the office, the office shall be declared vacant. Unless otherwise provided by law, such vacancy shall be filled by appointment by the authority having the power to fill vacancies as prescribed by law. (1971, c. 183.)

§ 128-7.2. Qualifications for appointment to fill vacancy in elective office.

No person is eligible for appointment to fill a vacancy in any elective office, whether State or local, unless that person would have been qualified to vote as an elector for that office if an election were to be held on the date of appointment. This section is intended to implement the provisions of Section 8 of Article VI of the Constitution. (2007-391, s. 27(a).)

§ 128-9: Repealed by Session Laws 1979, c. 650.

§ 128-10. Citizen to recover funds of county or town retained by delinquent official.

When an official of a county, city or town is liable upon his bond for unlawfully and wrongfully retaining by virtue of his office a fund, or a part thereof, to which the county, city or town is entitled, any citizen and taxpayer may, in his own name for the benefit of the county, city or town, institute suit and recover from the delinquent official the fund so retained. Any county commissioners, aldermen, councilmen or governing board who fraudulently, wrongfully and unlawfully permit an official so to retain funds shall be personally liable therefor; any citizen and taxpayer may, in his own name for the benefit of the county, city or town, institute suit and recover from such county commissioners, aldermen, councilmen, or governing board, the fund so retained. Before instituting suit under this section, the citizen and taxpayer shall file a statement before the county commissioners, treasurer, or other officers authorized by law to institute the suit, setting forth the fund alleged to be retained or permitted to be retained, and demanding that suit be instituted by the authorities authorized to sue within 60 days. The citizen and taxpayer so suing shall receive one-third part, up to the sum of five hundred dollars ($500.00), of the amount recovered, to indemnify him for his services, but the amount received by the taxpayer and citizen as indemnity shall in no case exceed five hundred dollars ($500.00). (1913, c. 80; C.S., s. 3206.)

CASE NOTES

Citizens and taxpayers of a county may maintain an action against the commissioners of the county and its defaulting sheriff to enforce collection of the amount of the default upon allegations that the county commissioners have corruptly refused to perform their duties in this respect. Weaver v. Hampton, 201 N.C. 798, 161 S.E. 480 (1931).

This section applies to money collected before its passage, and a citizen and taxpayer, on sufficient and proper averment of default on the part of the county officials, has a right to maintain an action of this character without resort to the provisions of the statute. Waddill v. Masten, 172 N.C. 582, 90 S.E. 694 (1916).

An action by citizens and taxpayers to recover monetary damages from a State officer for misuse of State property while in office is not recognized and may not be maintained. Flaherty v. Hunt, 82 N.C. App. 112, 345 S.E.2d 426, cert. denied, 318 N.C. 505, 349 S.E.2d 859 (1986).

Judge Held Without Authority to Indemnify Plaintiffs. — In an action by taxpayers under this section to recover of county commissioners on account of public funds unlawfully expended, etc., plaintiffs disclaiming any right personally to participate in the recovery, it was held that after a recovery by plaintiffs and the entry of a consent judgment dismissing the appeals, wherein no mention was made of indemnifying plaintiffs for their services, the resident judge was without authority to entertain a petition of one of the original taxpayer plaintiffs for such reimbursement. Hill v. Stansbury, 224 N.C. 356, 30 S.E.2d 150 (1944).

Authority of Commissioners to Allow County Treasurer Additional Salary. — In a civil action by taxpayers against county commissioners and against the treasurer of the county to recover moneys paid to such treasurer in excess of his annual salary as fixed by law, where the evidence tended to show that the county treasurer's salary was fixed at $1,800 a year in 1927, and that in 1931, agreeable to the Machinery Act of that year, the commissioners designated the county treasurer to receive tax prepayments and for this extra service allowed him $1,200 per year additional, and again in 1939 allowed him $240 more per year, both without legislative authority, judgment of nonsuit as to the commissioners was properly allowed under the express provisions of this section, there being no evidence of bad faith, etc., while such judgment as to the county treasurer was reversed. Hill v. Stansbury, 223 N.C. 193, 25 S.E.2d 604 (1943).

Statutory Factors Not Present. — This section does not create an initial cause of action against commissioners, but rather establishes a derivative remedy, requiring both retained funds by a bonded officer and refusal to act by commissioners. The allegations and the pleadings indicate that neither of these factors were present in action wherein county commissioners expended county funds to produce and distribute information concerning referenda regarding redistricting and merger or nonmerger of county public schools. Bardolph v. Arnold, 112 N.C. App. 190, 435 S.E.2d 109 (1993), cert. denied, 335 N.C. 552, 439 S.E.2d 141 (1993).

When taxpayers sued county commissioners for entering into a contract which benefitted one of the commissioners, they did not have a claim under G.S. 128-10 because they did not show a public official who was liable on his bond or commissioners who refused to take action against such official, and the existence of insurance coverage issued by the North Carolina Counties Liability and Property Insurance Pool Fund did not provide a bond, as insurance and suretyship were not synonymous terms. Gibbs v. Mayo, 162 N.C. App. 549, 591 S.E.2d 905, 2004 N.C. App. LEXIS 252 (2004), cert. denied, 358 N.C. 543, 599 S.E.2d 45 (2004).

§ 128-11. Trust funds to be kept separate.

Any sheriff, treasurer or other officer of any county, city, town or other political subdivision of the State, receiving, by virtue of his office, public money or money to be held by him in trust shall keep or deposit such money or the credits or other evidence thereof separate and apart from his own funds and shall not, at any time, apply such money to his own use or benefit or intermingle the same in any manner with credits or funds of his own. (1931, c. 77, s. 1.)

§ 128-12. Violations to be reported; misdemeanors.

It shall be the duty of the director of the Local Government Commission to report to the district attorney of the district any violation of G.S. 128-11 of which he may have knowledge, and any violation of such section shall be unlawful and shall constitute a Class 1 misdemeanor. (1931, c. 60, s. 3; 1931, c. 77, s. 2; 1973, c. 47, s. 2; 1993, c. 539, s. 943; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 128-13. Officers compensated from fees in certain counties to render statement; penalty; proceeds to school fund.

Every clerk of the superior court, register of deeds, sheriff, coroner, surveyor, or other county officer, whose compensation or services performed shall be derived from fees, shall render to the board of county commissioners of their respective counties, on the first Monday in December of each year, a statement, verified under oath, showing: first, the total gross amount of all fees collected during the preceding fiscal year; second, the total amount paid out during the preceding fiscal year for clerical or office assistance. Any county officer, subject to this section, who refuses or fails to file such report as above provided, on or before the first Monday in December, shall be subject to a fine of twenty-five dollars ($25.00) and ten dollars ($10.00) additional for each day or fraction of a day such failure shall continue. The board of county commissioners shall assess and collect the penalty above provided for, and supply same to the general school fund of the county. The first report under this section shall be for the fiscal year beginning December 12, 1913.

This section applies only to the Counties of Anson, Bertie, Bladen, Cabarrus, Carteret, Chowan, Currituck, Duplin, Halifax, Harnett, Haywood, Hertford, Johnston, Jones, Moore, Pender, Perquimans, Pitt, Randolph, Richmond, Rowan, Scotland, Union, Vance, Warren, Washington, Wayne, Wilson. CASE NOTES

Power of Legislature to Regulate Pay. — One who accepts a public office does so, with well defined exceptions as to certain constitutional officers, under the authority of the legislature to change the emoluments he is to receive for the performance of his duties, at any time, and while the office of sheriff is a constitutional one, the regulation of his fees is within the control of the legislature, and the same may be reduced during the term of the incumbent or he may therein be compensated by a salary instead of on a fee basis. Mills v. Deaton, 170 N.C. 386, 87 S.E. 123 (1915).

Construction of Act Changing Pay from Salary to Fee Basis. — An act changing the pay of county officials from a salary to a fee basis, taking prospective effect from the expiration of the terms of the present incumbents, will be presumed to have a sensible and just intent, with knowledge of existing conditions and will not be construed as to apply to deprive the incumbent sheriff of the emoluments of his term by requiring that he deliver the tax lists to his successor. Commissioners of Orange County v. Bain, 173 N.C. 377, 92 S.E. 176 (1917).

§ 128-14. Identification cards for field agents or deputies of State departments.

Every field agent or deputy of the various State departments who is authorized to collect money, audit books, inspect premises of individual or business firms and/or any other field work pertaining to the department which he represents, shall be furnished with an identification card signed by the head of the department represented by him, certifying that the said field agent or deputy has authority to represent the department, and such identification card shall carry a photographic likeness of said representative. (1937, c. 236.)

§ 128-15. Employment preference for veterans and their spouses or surviving spouses.

(a) It shall be the policy of the State of North Carolina that, in appreciation for their service to this State and this country during a period of war, and in recognition of the time and advantage lost toward the pursuit of a civilian career, veterans shall be granted preference in employment with every State department, agency, and institution.

(b) As used in this section:

(1) "A period of war" includes World War I (April 16, 1917, through November 11, 1918), World War II (December 7, 1941, through December 31, 1946), the Korean Conflict (June 27, 1950, through January 31, 1955), the period of time between January 31, 1955, and the end of the hostilities in Vietnam (May 7, 1975), or any other campaign, expedition, or engagement for which a campaign badge or medal is authorized by the United States Department of Defense.

(2) "Veteran" means a person who served in the Armed Forces of the United States on active duty, for reasons other than training, and has been discharged under other than dishonorable conditions.

(3) "Eligible veteran" means:

a. A veteran who served during a period of war; or

b. The spouse of a disabled veteran; or

c. The surviving spouse or dependent of a veteran who dies on active duty during a period of war either directly or indirectly as the result of such service; or

d. A veteran who suffered a disabling injury for service-related reasons during peacetime; or

e. The spouse of a veteran described in subdivision d. of this subsection; or

f. The surviving spouse or dependent of a person who served in the Armed Forces of the United States on active duty, for reasons other than training, who dies for service-related reasons during peacetime.

(c) Hereafter, in all evaluations of applicants for positions with this State or any of its departments, institutions or agencies, a preference shall be awarded to all eligible veterans who are citizens of the State and who served the State or the United States honorably in either the army, navy, marine corps, nurses' corps, air corps, air force, coast guard, or any of the armed services during a period of war. This preference applies to initial employment with the State and extends to other employment events including subsequent hirings, promotions, reassignments, and horizontal transfers.

(d) The provisions of this section shall be subject to the provisions of Article 1 of Chapter 165 of the General Statutes, and Parts 13 and 19 of Article 9 of Chapter 143B of the General Statutes. (1939, c. 8; 1953, c. 1332; 1967, c. 536; 1987 (Reg. Sess., 1988), c. 1064, s. 2; 2007-286, s. 1.)

Editor's Note. — Session Laws 2007-286, s. 3, provides: "The State Personnel Commission and State agencies, departments, and institutions shall adopt rules to implement this act."

CASE NOTES

Construction with Other Sections. — Pursuant to G.S. 126-83, employees of the System designated in G.S. 126-5(a)(2) are expressly excluded from the preference afforded by G.S. 126-80 but, if qualified under this section, are entitled to the veterans preference thereunder applicable to all employees of State departments, agencies and institutions. Wright v. Blue Ridge Area Auth., 134 N.C. App. 668, 518 S.E.2d 772, 1999 N.C. App. LEXIS 899 (1999), cert. denied, 351 N.C. 122, 541 S.E.2d 472 (1999).

Minimum Requirements for Position Must Be Met. — Although this section awards a preference rating of 10 points to veterans who apply for employment with the state or any of its departments, it does not state that the minimum requirements specified for a position may be ignored. Davis v. Vance County Dep't of Social Servs., 91 N.C. App. 428, 372 S.E.2d 88 (1988).

Refusal to Allow Education Equivalencies to Fulfill Requirements Not Error. — The State Personnel Commission's refusal to allow education equivalencies to fulfill the minimum education requirement of graduation from a four-year college for a position opening in the Department of Social Services, was not arbitrary and capricious where petitioning employee's history, including 20 years of clerical/administrative experience and service during the Vietnam conflict, although noteworthy and commendable, failed to meet the requirements under the department's prescribed and published basis. Davis v. Vance County Dep't of Social Servs., 91 N.C. App. 428, 372 S.E.2d 88 (1988).

§ 128-15.1: Repealed by Session Laws 1987 (Regular Session, 1988), c. 1064, s. 4.

§ 128-15.2. Appointment of acting heads of certain agencies.

In every case where a State board or commission is authorized by statute to appoint the executive head of a State agency or institution, that board or commission may appoint an acting executive head of that agency or institution to serve

(1) During the physical or mental incapacity of the regular holder of the office to discharge the duties of his office,
(2) During the continued absence of the regular holder of the office, or
(3) During a vacancy in the office and pending the selection and qualification of a person to serve for the unexpired term.

An acting executive head of a State agency or institution appointed in accordance with this section may perform any act and exercise any power which a regularly selected holder of such office could lawfully perform and exercise. All powers granted to an acting executive head of a State agency or institution under this section shall expire immediately

(1) Upon the termination of the incapacity of the officer in whose stead he acts,
(2) Upon the return of the officer in whose stead he acts, or
(3) Upon the selection and qualification of a person to serve for the unexpired term.

Each State board or commission may determine (after such inquiry as it deems appropriate) that the executive head of a State agency or institution whom it is authorized by statute to appoint is physically or mentally incapable of performing the duties of his office. Each such board or commission may also determine that such incapacity has terminated. (1959, c. 284, s. 1.)

§ 128-15.3. Discrimination against handicapped prohibited in hiring; recruitment, etc., of handicapped persons.

There shall be no discrimination in the hiring policies of the State Personnel System against any applicant for employment based upon any physical defect or impairment of the applicant unless the defect or impairment to some degree prevents the applicant from performing the duties required by the employment sought.

It shall be the policy of this State to give positive emphasis to the recruitment, evaluation, and employment of physically handicapped persons in State government. To carry out the provisions of this section, the Office of State Personnel shall develop methods and programs to assist and encourage the departments, institutions, and agencies of State government in carrying out this policy and to provide for appropriate study and review of the employment of handicapped persons. (1971, c. 748; 1973, c. 1299.)

ARTICLE 2.

Removal of Unfit Officers.

§ 128-16. Officers subject to removal; for what offenses.

Any sheriff or police officer shall be removed from office by the judge of the superior court, resident in or holding the courts of the district where said officer is resident upon charges made in writing, and hearing thereunder, for the following causes:

(1) For willful or habitual neglect or refusal to perform the duties of his office.
(2) For willful misconduct or maladministration in office.
(3) For corruption.
(4) For extortion.
(5) Upon conviction of a felony.
(6) For intoxication, or upon conviction of being intoxicated. (P.L. 1913, c. 761, s. 20; 1919, c. 288; C.S., s. 3208; 1959, c. 1286; 1961, c. 991; 1973, c. 108, s. 82.)

Local Modification. — Onslow: 1965, c. 753.

Cross References. — As to appropriate manner of action by which to try the title to an office, see G.S. 1-515. As to removal for receiving compensation of subordinates, see G.S. 128-4.

CASE NOTES

Purpose of Statute. — Officer may be removed for misconduct or failure to perform the duties of his office, whether such failures were willful or habitually negligent; the statute was evidently enacted for the protection of the public, and not for the punishment of the delinquent officer. State ex rel. Hyatt v. Hamme, 180 N.C. 684, 104 S.E. 174 (1920); State v. Hockaday, 265 N.C. 688, 144 S.E.2d 867 (1965).

This section does not purport to create a criminal offense, nor does any provision of this Article provide for prosecution by indictment or otherwise for any criminal offense. State v. Hockaday, 265 N.C. 688, 144 S.E.2d 867 (1965).

And a proceeding under this section is not a criminal prosecution for punishment but is a civil proceeding. State v. Hockaday, 265 N.C. 688, 144 S.E.2d 867 (1965).

Actions under this Article are neither civil nor criminal, but are merely an inquiry into the conduct of the office holder to determine whether he is unfit to continue in office. State ex rel. Leonard v. Huskey, 65 N.C. App. 550, 309 S.E.2d 726 (1983).

A proceeding under this Article is neither a civil nor criminal action. State v. Felts, 79 N.C. App. 205, 339 S.E.2d 99 (1986).

The North Carolina Rules of Civil Procedure, G.S. 1A-1, do not apply to actions brought pursuant to this Article. State ex rel. Leonard v. Huskey, 65 N.C. App. 550, 309 S.E.2d 726 (1983).

Attorney General Is Not Authorized to Bring An Action Under This Article. — Neither G.S. 114-2(1), 114-11.6 nor 128-17 gives the Attorney General or his designee the authority to file an action pursuant to this Article. State v. Felts, 79 N.C. App. 205, 339 S.E.2d 99 (1986).

But Is Limited to Advising District Attorney. — Neither the Attorney General nor his designee is given specific authority to file an action under this Article in place of the district authority or the county attorney. Absent this statutory authorization, the Attorney General is limited to consulting with and advising the district attorney in carrying out his statutory duty to initiate a petition for removal from office of a sheriff or police officer. State v. Felts, 79 N.C. App. 205, 339 S.E.2d 99 (1986), expressing no opinion on whether the Attorney General could have brought a similar action under his common law powers.

Failure to Take Oath Does Not Exempt from Liability. — There can be no doubt that if one elected to an office takes possession of it, engages in the exercise of its duties, and misbehaves by taking unlawful and extortionate fees, that he will be liable for such misbehavior, notwithstanding the fact that he failed to take the oath of office. State v. Cansler, 75 N.C. 442 (1876).

Sufficiency of Evidence. — Under this section as it stood before the 1973 amendment, it was held that the evidence in proceedings to remove a prosecuting attorney from office under this section was sufficient to sustain an order removing him when he admitted that he attempted to induce, and did induce, a person to violate the statutes of the State in participating in acts made an offense for immorality, etc., whatever his intent may have been therein. State ex rel. Hyatt v. Hamme, 180 N.C. 684, 104 S.E. 174 (1920), wherein it was also held that defendant could not complain because he was removed not in accordance with the specifications alleged in the petition, but upon his own evidence.

Hearing Required. — Because of the severe adverse consequences possible for the office holder in an action under this Article, fundamental fairness entitles such office holder to a hearing which meets the basic requirements of due process, requirements which must include adequate time and opportunity to prepare to respond to the accusations against him. State ex rel. Leonard v. Huskey, 65 N.C. App. 550, 309 S.E.2d 726 (1983).

Jury Not Required. — The proceedings under this section do not require an issue to be submitted to the jury. A public office is not a property right under former N.C. Const., Art. I, § 19 (now N.C. Const., Art. I, § 25). State ex rel. Hyatt v. Hamme, 180 N.C. 684, 104 S.E. 174 (1920).

Time of Trial. — Although this Article requires a prompt trial, its terms are broad enough to allow the trial court to set the time of trial within his discretion, considering, among other things, the nature of the charges brought and the terms of court available for trial. State ex rel. Leonard v. Huskey, 65 N.C. App. 550, 309 S.E.2d 726 (1983).

Appeal from Superior Court. —An appeal from the judgment of the superior court judge that a prosecuting attorney be removed for "willful misconduct or maladministration in office," etc., is upon questions of law and legal inferences, if justified by the findings of facts supported by evidence, N.C. Const., Art. VI, § 8; and the appeal is allowed by G.S. 1-277. State ex rel. Hyatt v. Hamme, 180 N.C. 684, 104 S.E. 174 (1920), decided under this section as it stood before the 1973 amendment.

Enjoining Vacating of Office by Commissioners Before They Have Qualified. — An action to enjoin newly elected county commissioners, who had not yet qualified, from declaring a public office vacant, and electing a successor, is properly dismissed as premature. Cozart v. Fleming, 123 N.C. 547, 31 S.E. 822 (1898).

Former G.S. 7-115 and this Article were not in pari materia. State ex rel. Swain v. Creasman, 260 N.C. 163, 132 S.E.2d 304 (1963).

§ 128-17. Petition for removal; county attorney to prosecute.

The complaint or petition shall be entitled in the name of the State of North Carolina, and may be filed upon the relation of any five qualified electors of the county in which the person charged is an officer, upon the approval of the county attorney of such county, or the district attorney of the district, or by any such officer upon his own motion. It shall be the duty of the county attorney or district attorney to appear and prosecute this proceeding. (P.L. 1913, c. 761, s. 21; 1919, c. 288; C.S., s. 3209; 1973, c. 47, s. 2.)

Nor May He Be Delegated Such Authority. — There is no provision in this Article authorizing the district attorney or the county attorney to delegate to the Attorney General his duty to file the petition. State v. Felts, 79 N.C. App. 205, 339 S.E.2d 99 (1986).

The accused may at any time prior to the time fixed for hearing file in the office of the clerk of the superior court his answer, which shall be verified. In the trial of the cause in the superior court the cause shall be advanced and take precedence over all other causes upon the court calendar, and shall be heard at the next session after the petition is filed, provided the proceedings are filed in said court in time for said action to be heard. The superior court shall fix the time of hearing. If the final termination of such proceedings be favorable to any accused officer, said officer shall be allowed the reasonable and necessary expense, including a reasonable attorney fee, to be fixed by the judge, he has incurred in making his defense, by the county, if he be a county officer, or by the city or town in which he holds office, if he be a city officer. ARTICLE 3.

Retirement System for Counties, Cities and Towns.

§ 128-21. Definitions.

The following words and phrases as used in this Article, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Accumulated contribution" shall mean the sum of all amounts deducted from the compensation of a member and credited to his individual account in the annuity savings fund, together with regular interest thereon, as provided in G.S. 128-30, subsection (b).

(2) "Actuarial equivalent" shall mean a benefit of equal value when computed at regular interest upon the basis of such mortality tables as shall be adopted by the Board of Trustees.

(3) "Annuity" shall mean payments for life derived from the accumulated contribution of a member. All annuities shall be payable in equal monthly installments.

(4) "Annuity reserve" shall mean the present value of all payments to be made on account of any annuity or benefit in lieu of any annuity computed at regular interest upon the basis of such mortality tables as shall be adopted by the Board of Trustees.

(5) "Average final compensation" shall mean the average annual compensation, not including any terminal payments for unused sick leave, of a member during the four consecutive calendar years of creditable service producing the highest such average; but shall not include any compensation, as determined by the Board of Trustees, for the reimbursement of expenses or payments for housing or any other allowances whether or not classified as salary and wages.

(6) "Beneficiary" shall mean any person in receipt of a pension, an annuity, a retirement allowance or other benefit as provided by this Article.

(7) "Board of Trustees" shall mean the Board provided for in G.S. 128-28 to administer the Retirement System.

(7a) a. "Compensation" shall mean all salaries and wages prior to any reduction pursuant to sections 125, 401(k), 403(b), 414(h)(2), and 457 of the Internal Revenue Code, not including any terminal payments for unused sick leave, derived from public funds which are earned by a member of the Retirement System for service as an employee in the unit of the Retirement System for which he is performing full-time work. In addition to the foregoing, "compensation" shall include:

1. Performance-based compensation (regardless of whether paid in a lump sum, periodic installments, or on a monthly basis);
2. Conversion of additional benefits to salary (additional benefits such as health, life, or disability plans), so long as the benefits are other than mandated by State law or regulation;
3. Payment of tax consequences for benefits provided by the employer so long as they constitute an adjustment or increase in salary and not a "reimbursement of expenses";
4. Payout of vacation leave so long as such payouts are permitted by applicable law and regulation;
5. Employee contributions to eligible deferred compensation plans; and
6. Effective July 1, 2009, payment of military differential wages.

b. "Compensation" shall not include any payment, as determined by the Board of Trustees, for the reimbursement of expenses or payments for housing or any other allowances whether or not classified as salary and wages. Notwithstanding any other provision of this Chapter, "compensation" shall not include:

1. Supplement/allowance provided to employee to purchase additional benefits such as health, life, or disability plans;
2. Travel supplement/allowance (nonaccountable allowance plans);
3. Employer contributions to eligible deferred compensation plans;
4. Employer-provided fringe benefits (additional benefits such as health, life, or disability plans);
5. Reimbursement of uninsured medical expenses;
6. Reimbursement of business expenses;
7. Reimbursement of moving expenses;
8. Reimbursement/payment of personal expenses;
9. Incentive payments for early retirement;
10. Bonuses paid incident to retirement;
11. Contract buyout/severance payments; and
12. Payouts for unused sick leave.

c. In the event an employer reports as "compensation" payments not specifically included or excluded as "compensation", such payments shall be "compensation" for retirement purposes only if the employer pays the Retirement System the additional actuarial liability created by such payments.

(8) "Creditable service" shall mean the total of "prior service" plus "membership service" plus service, both noncontributory and purchased, for which credit is allowable as provided in G.S. 128-26. In no event, however, shall "creditable service" be deemed "membership service" for the purpose of determining eligibility for benefits accruing under this Chapter.

(9) "Earnable compensation" shall mean the full rate of the compensation that would be payable to an employee if he worked the full normal working time, including any allowance of maintenance or in lieu thereof received by the member.

(10) "Employee" shall mean any person who is regularly employed in the service of and whose salary or compensation is paid by the employer as defined in subdivision (11) of this section, whether employed or appointed for stated terms or otherwise, except teachers in the public schools and except such employees who hold office by popular election as are not required to devote a major portion of their time to the duties of their office. "Employee" also means all full-time, paid firemen who are employed by any fire department that serves a city or county or any part of a city or county and that is supported in whole or in part by municipal or county funds. "Employee" also includes any participant whose employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that participant was an employee at the time of the interruption; if the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service. In all cases of doubt the Board of Trustees shall decide who is an employee. On and

after August 1, 2001, a person who is a nonimmigrant alien and who otherwise meets the requirements of this subdivision shall not be excluded from the definition of "employee" solely because the person holds a temporary or time-limited visa.

(11) "Employer" shall mean any county, incorporated city or town, the board of alcoholic control of any county or incorporated city or town, the North Carolina League of Municipalities, and the State Association of County Commissioners. "Employer" shall also mean any separate, juristic political subdivision of the State as may be approved by the Board of Trustees upon the advice of the Attorney General.

(11a) "Filing" when used in reference to an application for retirement shall mean the receipt of an acceptable application on a form provided by the Retirement System.

(11b) "Law Enforcement Officer" means a full-time paid employee of an employer, who possesses the power of arrest, who has taken the law enforcement oath administered under the authority of the State as prescribed by G.S. 11-11, and who is certified as a law enforcement officer under the provisions of Chapter 17C of the General Statutes or certified as a deputy sheriff under the provisions of Chapter 17E of the General Statutes. "Law enforcement officer" also means the sheriff of the county. The number of paid personnel employed as law enforcement officers by a law enforcement agency may not exceed the number of law enforcement positions approved by the applicable local governing board.

(17) "Prior service" shall mean the service of a member rendered before the date he becomes a member of the System, certified on his prior service certificate and allowable as provided by G.S. 128-26.

(18) "Regular interest" shall mean interest compounded annually at such rate as shall be determined by the Board of Trustees in accordance with G.S. 128-29, subsection (b).

(19) "Retirement" shall mean withdrawal from active service with a retirement allowance granted under the provisions of this Article. In order for a member's retirement to become effective in any month, the member must render no service at any time during that month.

(20) "Retirement allowance" shall mean the sum of the annuity and the pension, or any optional benefit payable in lieu thereof.

(21) "Retirement System" shall mean the North Carolina Local Governmental Employees' Retirement System as defined in this Article.

Open Enrollment — Contributory Death Benefit. — Session Laws 2007-388, s. 1, provides: "Notwithstanding any section of law or any rules and regulations adopted by the Boards of Trustees to the contrary, the Retirement Systems Division of the Department of State Treasurer shall allow for an open enrollment period in the Contributory Death Benefit for Retired Members of the Teachers' and State Employees' Retirement System, the Local Governmental Employees' Retirement System, the Consolidated Judicial Retirement System, and the Legislative Retirement System. This open enrollment period shall begin February 1, 2008, and end May 31, 2008. The Retirement Systems Division shall send notice by U.S. mail of the open enrollment period to all retirees who elected not to be covered under this benefit or who failed to make any election at the time of their retirement and shall send a second notice by U.S. mail to any such retiree who fails to make an election within 60 days of the notification of the open enrollment period. Notice, at minimum, shall consist of notification of the open enrollment period and the consequences of failure to respond within the specified time frames, informational materials explaining the benefit program and the associated costs, and a preprinted personalized enrollment application to facilitate the enrollment process indicating each individual retiree's contribution rate. The contribution rate for retirees electing coverage during the open enrollment period shall be increased by eleven and one-tenth percent (11.1%) the rate established for retirees who elected coverage when first eligible, at retirement. For retirees electing coverage during this open enrollment period, coverage shall become effective the first of the month following the month in which the election of coverage is received by the Retirement Systems Division but not before February 1, 2008. Contribution rates for coverage shall be based upon the retiree's nearest age as of the effective date of coverage and shall begin by deduction from the retiree's net monthly retirement allowance in the month in which coverage becomes effective. Coverage elected by retirees during this open enrollment period shall be subject to all other laws and rules and regulations adopted by the Board of Trustees governing the Contributory Death Benefit for Retired Members."

Editor's Note. — Subdivision (7a)a, (7a)b, and (7a)c designations were added by the Revisor of Statutes.

Session Laws 1999-167, which in ss. 1 and 2 added the second sentence of subsection (10), deleted the second sentence of subdivision (11) (which was subsequently reinserted by Session Laws 1999-456, s. 37), and added the last sentence of subdivision (11), provided in s. 3 that the Board of Trustees of the North Carolina Local Governmental Employees' Retirement System through the Office of the Attorney General was to request a letter of determination or ruling from the Internal Revenue Service as to whether the status of the North Carolina Local Governmental Employees' Retirement System as a governmental plan would be adversely affected by the participation of employees affected by this legislation. The request was to be made no later than 30 days after the effective date of the act, June 8, 1999, and fire departments affected by this legislation were to be eligible for participation in the North Carolina Local Governmental Employees' Retirement System upon the first day of the calendar quarter following receipt of a favorable letter of determination or ruling. An unfavorable determination was received.

Session Laws 2009-378, s. 2, applicable to local government furloughs on and after January 1, 2009, and before July 1, 2010, provides: "Notwithstanding any other provision of law and upon the one-time irrevocable election of the employer as defined in G.S. 128-21(11), a public employee on a furlough who is a member of the Local Governmental Employees' Retirement System administered by the Retirement Systems Division of the Department of State Treasurer shall be considered in active service during any period of furlough and shall be entitled to all of the same benefits to which the employee was entitled on the workday immediately preceding the furlough. The member shall suffer no diminution of retirement average final compensation based on being on furlough, and the retirement average final compensation shall be calculated based on the undiminished compensation. During a furlough period, the employer who opts for this provision shall pay both employee and employer contributions to the Retirement Systems Division on behalf of the furloughed employee as though the employee were in active service. Notwithstanding the definition of 'compensation' in G.S. 128-21(7a), any employer who elects to cover its furloughed employees through this provision shall be entitled to include earnings lost due to furloughs taken after January 1, 2009, and before July 1, 2009, in the reported compensation and contributions for either July or August, 2009. Any compensation and contributions lost due to furloughs must be reported to the Retirement Systems Division within 90 days of the beginning of the period in which the compensation and contributions will be included."

Effect of Amendments. — Session Laws 2009-66, ss. 2(a), 6(f), and 6(j), effective July 1, 2009, added subdivision (7a)a.6., and made related changes; in subdivision (10), added the third sentence; and, in subdivision (11), deleted the last sentence, which read: "'Employer' also means any fire department that serves a city or county or any part of a city or county and that is supported in whole or in part by municipal or county funds."

CASE NOTES

This Article creates contractual rights and obligations. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Any cessation of employment, including retirement, constitutes a termination from service as an employee. Walker v. Board of Trustees, 348 N.C. 63, 499 S.E.2d 429 (1998).

Discretionary Power to Participate in Retirement System. — Where a city has become an employer participating in the State Retirement System under authority conferred by this Article and by an act amending its charter, the repeal of the charter provision leaves its governing authorities with discretionary power to participate in the Retirement System under authority conferred by this Article, and mandamus will not lie to compel it to withdraw from the State Retirement System. Laughinghouse v. City of New Bern, 232 N.C. 596, 61 S.E.2d 802 (1950).

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission's decision to deny a city credit for disability retirement payments that were made to an injured city employee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission's findings of fact and conclusions of law. Cox v. City of Winston-Salem, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

Interest Accrual and Compounding. — Consistent with the purposes of G.S. 135-1(19) and subdivision (18) of this section, underpayments were found to accrue interest from the date they became due. Furthermore, court found that statutes entitled beneficiaries to interest, not only on the principle due, but also on the accrued or earned interest. Faulkenbury v. Teachers' & State Employees' Ret. Sys., 133 N.C. App. 587, 515 S.E.2d 743, 1999 N.C. App. LEXIS 615 (1999), cert. denied, 351 N.C. 102, 540 S.E.2d 358 (1999).

Actuarial Equivalent to Include Interest. — The actuarial value includes interest and there was no double recovery where the court was following the definition of actuarial equivalent as prescribed by this section and included interest in the underpayment award. Faulkenbury v. Teachers' & State Emps. Retirement Sys., 345 N.C. 683, 483 S.E.2d 422 (1997).

Postjudgment Interest Not Awardable Against State. — Retirees under the state and local government retirement system were not entitled to post-judgment interest on retroactive disability benefits, because the state retirement statutes contain no provision for the allowance of such interest. Faulkenbury v. Teachers' & State Employees' Ret. Sys., 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999), cert. denied, 350 N.C. 379, 536 S.E.2d 620 (1999).

Retirement Is Withdrawal Not Termination. — This statute explicitly defines retirement as a withdrawal from active service not as termination of employment. Walker v. Board of Trustees, 127 N.C. App. 156, 487 S.E.2d 839

(1997), aff'd, 348 N.C. 63, 499 S.E.2d 429 (1998).

§ 128-22. Name and date of establishment.

A Retirement System is hereby established and placed under the management of the Board of Trustees for the purpose of providing retirement allowances and other benefits under the provisions of this Article for employees of those counties, cities and towns or other eligible employers participating in the said Retirement System. Following the filing of the application as provided in G.S. 128-23(c), the Board shall set a date, effective the first day of a calendar quarter, not more than 90 days thereafter, as of which date participation of the employer may begin, which date shall be known as the date of participation for such employer: Provided, that in the judgment of the Board of Trustees an adequate number of persons have indicated their intention to participate; otherwise at such later date as the Board of Trustees may set.

It shall have the power and privileges of a corporation and shall be known as the "North Carolina Local Governmental Employees' Retirement System," and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held. (1939, c. 390, s. 2; 1941, c. 357, s. 2; 1943, c. 535; 1945, c. 526, s. 2; 1959, c. 491, s. 3.)

State Government Reorganization. — The Local Governmental Employees' Retirement system was transferred to the Department of State Treasurer by G.S. 143A-35, enacted by Session Laws 1971, c. 864.

§ 128-23. Acceptance by cities, towns and counties.

(a) Pursuant to the favorable vote of a majority of the employees of any incorporated city or town, the governing body may, by resolution legally adopted and approved by the Board of Trustees, elect to have its employees become eligible to participate in the Retirement System, and the said municipal governing body may make the necessary appropriation therefor and if necessary levy annually taxes for payment of the same.

(b) Pursuant to the favorable vote of a majority of the employees of the county, the board of commissioners of any county may, by resolution legally adopted and approved by the Board of Trustees, elect to have its employees become eligible to participate in the Retirement System. Each county is authorized to make appropriations for these purposes and to fund them by levy of property taxes pursuant to G.S. 153-65 and by the allocation of other revenues whose use is not otherwise restricted by law.

(c) Any eligible employer desiring to participate in the Retirement System shall file with the Board of Trustees an application for participation under the conditions included in this Article on a form approved by the Board of Trustees. In such application the employer shall agree to make the contributions required of participating employers, to deduct from the salaries of employees who may become members the contributions required of members under this Article, and to transmit such contributions to the Board of Trustees. It shall also agree to make the employer's contributions for the participation in the Retirement System of all employees entering the service of the employer, after its participation begins, who shall become members.

(d) Such contributions as are made by employers shall be regarded as additions to the compensation of such employees as are members of the

Retirement System and deducted therefrom for the purpose of making the employer's contribution, in addition to the deduction from the compensation of employees on account of member contributions.

(e) The agreement of such employer to contribute on account of its employees shall be irrevocable, but should an employer for any reason become financially unable to make the normal and accrued liability contributions payable on account of its employees, then such employer shall be deemed to be in temporary default. Such temporary default shall not relieve such employer from any liability for its contributions payable on account of its employees.

Notwithstanding anything to the contrary, the Retirement System shall not be liable for the payment of any pensions or other benefits on account of the employees or pensioners of any employer under this Article, for which reserves have not been previously created from funds contributed by such employer or its employees for such benefits.

(f) Effective January 1, 1955, there shall be three classes of employers to be designated Class A, Class B and Class C, respectively. Each employer whose date of participation occurs before July 1, 1951, shall be a Class A employer unless such an employer by written notice filed with the Board of Trustees on or before June 30, 1951, elected to be a Class B employer. Each employer whose date of participation occurs on or after July 1, 1951, but before January 1, 1955, shall be a Class A employer. Each employer whose date of participation occurs on or after January 1, 1955, shall be a Class C employer.

(g) Notwithstanding any other provisions of this Article, any employer who is not a participating employer and who employs law enforcement officers transferred from the Law Enforcement Officers' Retirement System to this Retirement System on January 1, 1986, or who employs law enforcement officers electing to become members of this Retirement System on and after January 1, 1986, shall be employers participating in this Retirement System as this participation pertains to their law enforcement officers. The election of membership in this Retirement System shall be at the sole discretion of law enforcement officers of participating employers described in this subsection. (1939, c. 390, s. 3; 1951, c. 274, s. 1; 1955, c. 1153, s. 1; 1971, c. 325, s. 5; 1973, c. 803, s. 16; 1985, c. 479, s. 196(c); 1991, c. 585, s. 1.)

Editor's Note. — G.S. 153-65, referred to in this section, was repealed by Session Laws 1973, c. 822.

§ 128-24. Membership.

The membership of this Retirement System shall be composed as follows:

(1) All employees entering or reentering the service of a participating employer after the date of participation in the Retirement System of the employer. On and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act in the employ of a county participating in the Local Governmental Employees' Retirement System are hereby excluded from participation in the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county; provided that on and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act who are required to accept a federal Civil Service appointment may elect in writing on a form acceptable to the Retirement System, to be excluded from the Teachers' and State Employees' Retirement System and the local Retirement System. At such time as Cooperative Agricultural Extension Service Employees excluded from coverage under Title II of the Social Security Act become covered by Title II of

the Social Security Act, such employees shall no longer be covered by the provisions of this section, provided no accrued rights of these employees under this section prior to coverage by Title II of the Social Security Act shall be diminished.

(1a) Should any member in any period of eight consecutive years after becoming a member be absent from service more than seven years, or should he withdraw his accumulated contributions or should he become a beneficiary or die, he shall thereupon cease to be a member; provided that on and after July 1, 1971, a member shall cease to be a member only if he withdraws his accumulated contributions, or becomes a beneficiary, or dies.

(2) All persons who are employees of a participating county, city, or town except those who shall notify the Board of Trustees in writing, on or before 90 days following the date of participation in the Retirement System by such county, city or town: Provided, further, that employees of county social services and health departments whose compensation is derived from federal, State, and local funds may be members of the North Carolina Local Governmental Employees' Retirement System to the full extent of their compensation. Any member on or after July 1, 1969, may deposit in the annuity savings fund by a single payment the contributions plus interest which would have been credited to his account had he not signed a nonelection blank, and be entitled to such membership service credits and any prior service credits which became void upon execution of such nonelection blank; provided that the employer will pay the appropriate matching contributions.

(3) Effective January 1, 1955, there shall be three classes of members, to be designated Class A, Class B and Class C respectively. Each member who is an employee of a Class A employer shall be a Class A member; each member who is an employee of a Class B employer shall be a Class B member; and each member who is an employee of a Class C employer shall be a Class C member.

(3a) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1396, s. 1.

(4) The provisions of this subdivision (4) shall apply to any member whose retirement became effective prior to July 1, 1965, and became entitled to benefits hereunder in accordance with the provisions hereof. Such benefits shall be computed in accordance with the provisions of G.S. 128-27(b1) as in effect at the date of such separation from service.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, shall have the right to retire on a deferred retirement allowance upon the date he shall have attained the age of 60 years, or if a uniformed policeman or fireman upon the date he shall have attained the age of 55 years; provided that such member may retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 120 days next following the date of filing such application, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 128-27(b), paragraphs (1), (2) and (3).

b. In lieu of the benefits provided in paragraph a of this subdivision (4), any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, may elect to retire on an early retirement allowance; provided that such a member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 120 days next following the date of filing such application, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of age 60 years, or if a uniformed policeman or fireman at the attainment of age 55 years, upon proper application therefor.

c. Should an employee who retired on an early or service retirement allowance be restored to service prior to the time he shall have attained the age of 62 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate for his class member. Upon his subsequent retirement, he shall be entitled to an allowance not less than the allowance described in 1 below reduced by the amount in 2 below.

1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.
2. The actuarial equivalent of the retirement benefits he previously received.

d. Should an employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1 and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 128-21(3).

(5) The provisions of this subdivision (5) shall apply to any member whose membership is terminated on or after July 1, 1965, and who becomes entitled to benefits hereunder in accordance with the provisions hereof.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or eligible former law enforcement officer.

b. In lieu of the benefits provided in paragraph a of this subdivision, any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System may elect to retire on an early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such early retirement allowance so elected shall be equal to the deferred retirement allowance otherwise payable at the attainment of the age of 60 years reduced by the percentage thereof indicated below.

b1. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law enforcement officer at the time of separation from service prior to the attainment of the age of 50 years, for any reason other than death or disability as provided in this Article, after completing 15 or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System, may elect to retire on a deferred early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred early retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law enforcement officers.

b2. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law enforcement officer at the time of separation from service prior to the attainment of the age of 55 years, for any reason other than death or disability as provided in this Article, after completing five or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System may elect to retire on a deferred service retirement allowance upon attaining the age of 55 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred service retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law enforcement officers.

b3. Deferred retirement allowance of members retiring on or after July 1, 1995. — In lieu of the benefits provided in paragraphs a. and b. of this subdivision, any member who separates from service prior to attainment of age 60 years, after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on a deferred retirement allowance upon attaining the age of 50 years or any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or an eligible former law enforcement officer.

c. Should a beneficiary who retired on an early or service retirement allowance be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12-month period immediately following the effective date of retirement or in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars ($20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year, except when the reemployment earnings exceed the amount above in the month of December, in which case the retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%).

c1. Within 90 days of the end of each month in which a beneficiary is reemployed under the provisions of sub-subdivision c. of this subdivision, each employer shall provide a report for that month on each reemployed beneficiary, including the terms of the reemployment, the date of the reemployment, and the amount of the monthly compensation. If such a report is not received within the required 90 days, the Board shall assess the employer with a penalty of ten percent (10%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer did not report the reemployed beneficiaries, with a minimum penalty of twenty-five dollars ($25.00).

d. Should a beneficiary who retired on an early or service retirement allowance be restored to service as an employee, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members.

Upon his subsequent retirement, he shall be paid a retirement allowance determined as follows:

1. For a member who earns at least three years' membership service after restoration to service, the retirement allowance shall be computed on the basis of his compensation and service before and after the period of prior retirement without restriction; provided, that if the prior allowance was based on a social security leveling payment option, the allowance shall be adjusted actuarially for the difference between the amount received under the optional payment and what would have been paid if the retirement allowance had been paid without optional modification.
2. For a member who does not earn three years' membership service after restoration to service, the retirement allowance shall be equal to the sum of the retirement allowance to which he would have been entitled had he not been restored to service, without modification of the election of an optional allowance previously made, and the retirement allowance that results from service earned since being restored to service; provided, that if the prior retirement allowance was based on a social security leveling payment option, the prior allowance shall be adjusted actuarially for the difference between the amount that would have been paid for each month had the payment not been suspended and what would have been paid if the retirement allowance had been paid without optional modification.

(5a) Notwithstanding the provisions of paragraphs c and d of the subdivision (5) to the contrary, a beneficiary who was a beneficiary retired on an early or service retirement with the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System on January 1, 1986, and who also was a contributing member of this Retirement System on January 1, 1986, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on an early or service retirement allowance as an employee of any participating employer under the Law Enforcement Officers' Retirement System and becomes employed as an employee by an employer participating in the Retirement System after January 1, 1986, becomes subject to the provisions of G.S. 128-24(5)c. and G.S. 128-24(5)d. on and after January 1, 1989.

(6) Employees of a sending agency participating in an intergovernmental exchange of personnel under the provisions of Article 10 of Chapter 126 shall remain members entitled to all benefits of the System provided that the requirements of Article 10 of Chapter 126 are met; provided further, that a member may retain membership status while serving as an assigned employee or employee on leave under the provisions of Article 10 of Chapter 126 for purposes of receiving the death benefit regardless of whether he and his employer are contributing to his account during the exchange period except that no duplicate benefits shall be paid. CASE NOTES

Who Excluded from Membership. — The exclusion from membership in the Retirement System will not be interpreted to apply only to those receiving retirement allowances from general funds in the State Treasury derived from general taxation, but is applicable to those entitled to benefits from any funds coming into the hands of the State Treasurer by virtue of a State law. Gardner v. Board of Trustees, 226 N.C. 465, 38 S.E.2d 314 (1946), decided prior to later amendments to this section.

§ 128-25. Membership in System.

Should sixty per centum (60%) of the members of any retirement, pension or annuity fund or system of any county, city or town of the State, hereafter referred to as a local pension system, elect to become members of the North Carolina Governmental Employees' Retirement System, by a petition duly signed by such members, the participation of such members in the Retirement

System may be approved as provided in G.S. 128-24 as though such local pension system were not in operation, and the provisions of this Article shall also apply, except that the existing pensioners or annuitants of the local pension system who were being paid pensions on the date of the approval shall be continued and paid at their existing rates by the North Carolina Governmental Employees' Retirement System, and the liability on this account shall be included in the computation of the accrued liability by the actuary as provided by G.S. 128-30, subsection (d). Any cash and securities to the credit of the local pension system shall be transferred to the North Carolina Governmental Employees' Retirement System as of the date of the approval. The trustees or other administrative head of the local pension system as of the date of the approval shall certify the proportion, if any, of the funds of the System that represents the accumulated contributions of the members, and the relative shares of the members as of that date. Such shares shall be credited to the respective annuity savings accounts of such members in the North Carolina Governmental Employees' Retirement System. The balance of the funds transferred to the North Carolina Governmental Employees' Retirement System shall be offset against the accrued liability before determining the special accrued liability contribution to be paid by the county, city or town as provided by G.S. 128-30, subsection (d). The operation of the local pension system shall be discontinued as of the date of the approval. (1939, c. 390, s. 5; 1941, c. 357, s. 4.)

§ 128-26. Allowance for service.

(a) Each person who becomes a member during the first year of his employer's participation, and who was an employee of the same employer at any time during the year immediately preceding the date of participation, shall file a detailed statement of all service rendered by him to that employer prior to the date of participation for which he claims credit.

A participating employer may allow prior service credit to any of its employees on account of: their earlier service to the aforesaid employer; or, their earlier service to any other employer as the term employer is defined in G.S. 128-21(11); or, their earlier service to any state, territory, or other governmental subdivision of the United States other than this State.

A participating employer may allow prior service credit to any of its employees on account of service, as defined in G.S. 135-1(23), to the State of North Carolina to the extent of such service prior to the establishment of the Teachers' and State Employees' Retirement System on July 1, 1941; provided that employees allowed such prior service credit pay in a total lump sum an amount calculated on the basis of compensation the employee earned when he first entered membership and the employee contribution rate at that time together with interest thereon from year of first membership to year of payment shall be one half of the calculated cost.

With respect to a member retiring on or after July 1, 1967, the governing board of a participating unit may allow credit for any period of military service in the armed forces of the United States if the person returned to the service of his employer within two years after having been honorably discharged, or becoming entitled to be discharged, released, or separated from such armed services; provided that, notwithstanding the above provisions, any member having credit for not less than 10 years of otherwise creditable service may be allowed credit for such military services which are not creditable in any other governmental retirement system; provided further, that a member will receive credit for military service under the provisions of this paragraph only if he submits satisfactory evidence of the military service claimed and the participating unit of which he is an employee agrees to grant credit for such military service prior to January 1, 1972.

A member retiring on or after July 1, 1971, who is not granted credit for military service under the provisions of the preceding paragraph will be allowed credit for any period in the armed services of the United States up to the date he was first eligible to be separated or released therefrom; provided that he was an employee as defined in G.S. 128-21(10) at the time he entered military service, and either of the following conditions is met:

(1) He returns to service, with the employer by whom he was employed when he entered military service, within a period of two years after he is first eligible to be separated or released from such military service under other than dishonorable conditions.

(2) He is in service, with the employer by whom he was employed when he entered military service, for a period of not less than 10 years after he is separated or released from such armed services under other than dishonorable conditions.

(b) The Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year.

(c) Subject to the above restrictions and to such other rules and regulations as the Board of Trustees may adopt, the Board of Trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service, the Board of Trustees may use for the purpose of this Article the compensation rates which if they had progressed with the rates of salary increase shown in the tables as prescribed in subsection (o) of G.S. 128-28 would have resulted in the same average salary of the member for the five years immediately preceding the date of participation of his employer, as the records show the member actually received.

(d) Any member may, up to his date of retirement and within one year thereafter, request the Board of Trustees to modify or correct his prior service credit.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied.

(f) Effective January 1, 1955, there shall be three classes of prior service certificates, to be designated as Class A, Class B and Class C respectively. Each such certificate issued on account of service rendered to a Class A employer shall be a Class A prior service certificate; each such certificate issued on account of service rendered to a Class B employer shall be a Class B prior service certificate; and each such certificate issued on account of service rendered to a Class C employer shall be a Class C prior service certificate. Each Class C prior service certificate shall specify a prior service benefit percentage rate which shall be three per centum (3%) in the case of any member entitled to such certificate who is, at the date of participation of his employer, in a position covered by the Social Security Act under a federal-State agreement and which shall be five per centum (5%) in the case of a member entitled to such certificate but who at the date of participation of his employer is in a position not so covered.

(g) During periods when a member is on leave of absence and is receiving less than his full compensation, he will be deemed to be in service only if he is contributing to the Retirement System as provided in G.S. 128-30(b)(4). If he is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(h) Creditable service at retirement shall include any service rendered by a member while on leave of absence to serve as a member or officer of the General Assembly which is not creditable toward retirement under the Legislative Retirement Fund provided the allowance of such credit shall be contingent upon the cancellation of service credit in the fund and the transfer of the member's contributions plus accumulated interest from the fund to this System.

(h1) Any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(i) Notwithstanding any other provision of this Chapter, any person who withdrew his contributions in accordance with the provisions of G.S. 128-27(f) or 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of five years of prior and current membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal(s). These provisions shall apply equally to retired members who had attained five years of prior and current membership service prior to retirement. The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

(j) Repealed by Session Laws 1987, c. 617, s. 3.

(j1) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service for service in the Armed Forces of the United States, not otherwise allowed, by paying a total lump sum payment determined as follows:

(1) For members who completed 10 years of membership service, and retired members who completed 10 years of membership service prior to retirement, and whose membership began on or prior to January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when he first entered membership service times the employee contribution rate at that time times the months of service to be purchased with sufficient interest added thereto so as to equal one-half of the cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.

(2) For members who complete five years of membership service, and retired members who complete five years of membership service prior to retirement, and eligible members and retired members covered by paragraph (1) of this subdivision, whose membership began on or before January 1, 1988, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance.

Creditable service allowed under this subdivision shall be only for the initial period of "active duty", as defined in 38 U.S. Code Section 101(21), in the Armed Forces of the United States up to the date the member was first eligible to be separated and released and for subsequent periods of "active duty", as defined in 38 U.S. Code Section 101(21), as required by the Armed Forces of the United States up to the date of first eligibility for separation or release, but shall not include periods of active duty in the Armed Forces of the United States creditable in any other retirement system except the National Guard or any reserve component of the Armed Forces of the United States, and shall not include periods of "active duty for training", as defined in 38 U.S. Code Section 101(22), or periods of "inactive duty training", as defined in 38 U.S. Code Section 101(23), rendered in any reserve component of the Armed Forces of the United States. Provided, creditable service may be allowed only for active duty in the Armed Forces of the United States of a member that resulted in a general or honorable discharge from duty. The member shall submit satisfactory evidence of the service claimed. For purposes of this subsection, membership service may include any membership or prior service credits transferred to this Retirement System pursuant to G.S. 128-24.

(j2) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump-sum payment determined as follows:

(1) For members who completed 10 years of prior and current membership service, and retired members who completed 10 years of prior and current membership service prior to retirement, and whose membership began on or before January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when he first entered membership service, times the employee contribution rate at that time, times the months of service to be purchased, times two, with sufficient interest added thereto so as to equal the full cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.

(2) For members who complete five years of prior and current membership service, and retired members who complete five years of prior and current membership service prior to retirement, and eligible

members and retired members covered by subdivision (1) of this subsection, whose membership began on or before January 1, 1988, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance. Notwithstanding the requirement of five years of current membership service, a member whose membership began prior to the service the member desires to purchase shall be eligible to purchase creditable service under this subdivision upon returning to service as an employee upon completion of a total of five years of membership service and upon completion of one year of current membership service.

Current membership service shall mean membership service earned since the service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State. Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of service in this State, with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

(k) Notwithstanding any language to the contrary of any provision of this section, or of any repealed provision of this section that was repealed with the inchoate and accrued rights preserved, all repayments and purchases of service credits, allowed under the provisions of this section or of any repealed provision of this section that was repealed with inchoate and accrued rights preserved, must be made within three years after the member first becomes eligible to make such repayments and purchases. Any member who does not repay or purchase service credits within said three years after first eligibility to make such repayments and purchases may, under the same conditions as are otherwise required, repay or purchase service credits provided that the repayment or purchase equals the full cost of the service credits calculated on the basis of the assumptions used for purchases of the actuarial valuation of the System's liabilities and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which such member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance. Notwithstanding the foregoing, on and after January 1, 2003, the provisions of this subsection shall not apply to the repayment of contributions withdrawn pursuant to subsection (i) of this section.

(*l*) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

(1) Leaves of Absence Terminated Prior to July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) Leaves of Absence Terminating On and After July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 128-21(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.

In the case of a law enforcement officer electing to purchase service under this section who is in receipt of benefits under the North Carolina Workers' Compensation Act due to serious bodily injury suffered in the line of duty as a result of an intentional or unlawful act of another, as certified by the head of the employing law enforcement agency, and whose approved leave of absence terminates on or before a return to service on and after August 1, 2006, the employer percentage rate of contribution payable under subdivision (2) of this subsection shall be made by the employer that granted the leave of absence. The cost to the law enforcement officer shall be reduced by the amount paid by the employer. For purposes of this subsection, "serious bodily injury" means bodily injury that creates a substantial risk of death, or that causes serious permanent disfigurement, coma, a permanent or protracted condition that causes extreme pain, or permanent or protracted loss or impairment of the function of any bodily member or organ, or that results in prolonged hospitalization.

Nothing in this subsection prevents an employer from voluntarily paying all or a part of the employee portion of the total cost of the service credit purchased, and the employer does not discriminate against any eligible law enforcement officer in this subsection employed by the employer by paying that portion of cost. To the extent paid by the employer, the employee portion paid by the employer shall be credited to the Pension Accumulation Fund; to the extent paid by the member, the employee portion paid by the member shall be credited to the member's annuity savings account. A member shall pay any part of the employee portion of the total cost not paid by the employer.

(m) Omitted Membership Service. — A member who had service as an employee as defined in G.S. 135-1(10) and G.S. 128-21(10) or as a teacher as defined in G.S. 135-1(25) and who was omitted from contributing membership through error may be allowed membership service, after submitting clear and convincing evidence of the error, as follows:

(1) within 90 days of the omission, by the payment of employee and employer contributions that would have been paid; or

(2) after 90 days and prior to three years of the omission, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees; or

(3) after three years of the omission, by the payment of an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the omitted membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the members shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the omitted membership service. In the event an employer pays all or a part of the full actuarial cost as determined in subdivision (3) of this subsection, the employer may, at its option, pay such amount either in a lump sum or by increasing its "accrued liability contribution" for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full actuarial cost over a period not to exceed ten years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(n) Repealed by Session Laws 2002-153, s. 3, effective January 1, 2003.

(o) Credit at Full Cost for Federal Employment. — Notwithstanding any other provisions of this Chapter, a member, upon the completion of five years of membership service, may purchase creditable service for periods of federal employment, provided that the member is not receiving any retirement benefits resulting from this federal employment, and provided that the member is not vested in the particular federal retirement system to which the member may have belonged while a federal employee. The member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the Retirement System; and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Members may also purchase creditable service for periods of employment with public community service entities within the State funded entirely with federal funds, other than the federal government, that are not covered by the provisions of G.S. 128-21(11) or G.S. 135-1(11), under the same terms and conditions that are applicable to the purchase of creditable service for periods of federal employment in accordance with this subsection. “Public community service entities” as used in this subsection shall mean community action, human relations, manpower development, and community development programs as defined in Articles 19 and 21 of Chapter 160A and Article 18 of Chapter 153A of the General Statutes and any other similar programs that the Board of Trustees may adopt. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms “full cost”, “full liability”, and “full actuarial cost” include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(p) Part-Time Service Credit. —

(1) Notwithstanding any other provision of this Chapter, upon completion of five years of membership service, any member may purchase service previously rendered as a part-time employee of a participating employer as defined in G.S. 128-21(11) or G.S. 135-1(11), except for temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program. Payment shall be made in a single lump sum in an amount equal to the full actuarial cost of providing credit for the service, together with interest and an administrative fee, as determined by the Board of Trustees on the advice of the Retirement System’s actuary. Notwithstanding the provisions of G.S. 128-26(b), the Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year, as based on compensation, is equivalent to one year of service in proportion to “earnable compensation”, but in no case shall more than one year of service be creditable for all service in one year. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms “full cost”, “full liability”, and “full actuarial cost” include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) Under all requirements and conditions set forth in the preceding subdivision of this subsection, except for the requirement that the completion of five years of membership service be subsequent to service rendered as a part-time employee, any member with five or more years of membership service standing to his credit may purchase additional membership service for service rendered as a part-time employee of an employer as defined in G.S. 128-21(11) if (i) the member terminates or has terminated employment in any capacity as an employee, (ii) the purchase of the additional membership service causes the member to become eligible to commence an early or service retirement allowance, and (iii) the member immediately elects to commence retirement and become a beneficiary.

(q) Credit at Full Cost for Probationary Employment. — Notwithstanding any other provision of this Chapter, a member may purchase creditable service, prior to retirement, for employment with an employer as defined in this Article when considered to be in a probationary or employer imposed waiting period status and thereby not regularly employed, between date of employment and date of membership service with the retirement system, provided that the employer or former employer of such a member has revoked this probationary employment or waiting period policy.

Provided, the member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the retirement system, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. In no instance shall the amount payable be less than the contributions a member would have made during the employment plus four percent (4%) interest compounded annually.

Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms “full cost”, “full liability”, and “full actuarial cost” include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the probationary employment; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the member shall be credited to the member’s annuity savings account; provided, however, an employer does not discriminate against any member or group of members in its current employ in paying all or any part of the cost of the probationary employment. In the event an employer pays all or a part of the full actuarial cost, the employer may, at its option, pay such amount either in a lump sum or by increasing its “accrued liability contribution” for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full actuarial cost over a period not to exceed 10 years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(r) Credit at Full Cost for Temporary Government Employment. — Notwithstanding any other provisions of this Chapter, any member may purchase creditable service for government employment when classified as a temporary employee subject to the conditions that:

(1) The member was employed by an employer as defined in G.S. 128-21(11) or G.S. 135-1(11);
(2) The member's temporary employment met all other requirements of G.S. 128-21(10), or G.S. 135-1(10) or (25);
(3) The member has completed five years or more of membership service;
(4) The member acquires from the employer such certifications of temporary employment as are required by the Board of Trustees; and
(5) The member makes a lump sum payment into the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system's liabilities, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary, plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(s) Credit at Full Cost for Employment Not Otherwise Creditable. — Notwithstanding any other provisions of this Chapter, any member may purchase creditable service for any employment as an employee, as defined in G.S. 128-21(10), of a local government employer not creditable in any other retirement system or plan, upon completion of five years of membership service by making a lump sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system's liabilities, and the calculation of the amount payable shall take into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(t) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(u) Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(u1) **(See Editor's Note for December 31, 2009, expiration provision)** Credit at Full Cost for Nonqualified Employment. — Notwithstanding any other provisions of this Chapter, any member may purchase a maximum of five years of creditable service for nonqualified employment with an economic development organization that receives at least fifty percent (50%) of its funding from local government, upon the completion of five years of membership service, by making a lump-sum payment into the Annuity Savings Fund. The member shall obtain written verification of the service from the nonprofit corporation. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, and the calculation of the amount payable shall take into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary, plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost," "full liability," and "full actuarial cost" include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(v) Retroactive Membership Service. — A member who is reinstated to service as an employee as defined in G.S. 128-21(10) retroactively to the date of prior involuntary termination (with backpay and benefits) may be allowed membership service, after submitting clear and convincing evidence of the reinstatement, as follows:

(1) Within 90 days of the involuntary termination, by the payment of employee and employer contributions that would have been paid; or

(2) After 90 days of the involuntary termination, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the retroactive membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the retroactive membership service.

In the event a member received a return of accumulated contributions subsequent to an involuntary termination as provided in G.S. 128-27(f), the member may redeposit, within 90 days of reinstatement retroactive to the date of prior involuntary termination, in the annuity savings fund by single payment, an amount equal to the total amount he previously withdrew plus regular interest and restore the creditable service forfeited upon receiving his return of accumulated contributions.

(w) If a member who is an elected government official and has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 128-38.4 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System. If a member who is an elected government official and has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 128-38.4 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007. No member shall forfeit any benefit or creditable service earned from a position not as an elected government official. Editor's Note. — Session Laws 1987, c. 617, s. 3 directed the deletion of the last paragraph of subsection (j). However, subsection (j) only contained one paragraph. Thus it would appear that the intent of the act was to delete all of subsection (j).

Session Laws 1987, c. 617, s. 5 provided, inter alia: "For the purposes of Section 3 of this act, members of the Retirement System who are members before January 1, 1988, shall retain all rights and privileges to purchase military and out-of-state service credits under the same conditions that existed prior to the effective date of that section."

Session Laws 1987, c. 617, s. 3, effective January 1, 1988, deleted the last paragraph of subsection (a), which, as amended by c. 617, ss. 1 and 4, read:

"Notwithstanding any other provision of this Chapter, members not otherwise allowed service credit for service in the armed forces of the United States may, upon completion of 10 years of prior and current membership service, purchase such service credit by paying in a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time, with sufficient interest added thereto so as to equal one half the cost of allowing such service, plus a fee to cover expense of handling payment to be determined by the Board of Trustees and assessed the member at the time of payment; provided that credit will be allowed only for the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom; and further provided that the member submit satisfactory evidence of the service claimed and that service credit be allowed only for that period of active service in the armed forces of the United States not creditable in any other retirement system, except the national guard or any reserve component of the armed forces of the United States. These provisions shall apply equally to retired members who had attained 10 years of prior and current membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of a member is made."

Session Laws 1987, c. 617, s. 3, effective January 1, 1988, also deleted subsection (j), which, as amended by c. 617, ss. 2 and 4, read:

"(j) Notwithstanding any other provision of this Chapter, any member may, upon completion of 10 years of prior and current membership service, purchase credit for service previously rendered to any state, territory or other governmental subdivision of the United States other than this State at the rate of one year of out-of-state service for each two years of service in this State with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as the result of the service. Payment shall be permitted only on a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time and shall be equal to the full cost of providing credit for such service plus a fee to cover expense of handling which shall be determined by the Board of Trustees. These provisions shall apply equally to retired members who had attained 10 years of prior and current membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of an individual is made."

Session Laws 2002-71, which added subsections (t) and (u), in s. 9, provides, in part, that s. 3 of the act becomes effective January 1, 2003, except that G.S. 128-26(u), as enacted by s. 3, becomes effective the later of January 1, 2003, or the date upon which the Department of State Treasurer receives a ruling from the Internal Revenue Service approving the direct transfers provided for in that subsection. The Revisor of Statutes is informed that a favorable letter of determination has been received.

Session Laws 2006-29, s. 1, which amended subdivision (*l*)(2), is effective August 1, 2006, applicable to members who return to service from an approved leave of absence on or after that date.

Session Laws 2009-392 added subsection (u1) to this section, and in s. 2 provided: "This act becomes effective July 1, 2009, and applies to nonqualified employment with an economic development organization performed on or before December 31, 2009. This act expires December 31, 2009, provided that any inchoate rights that may accrue to a member under this act shall not be diminished."

Effect of Amendments. — Session Laws 2006-29, s. 1, effective August 1, 2006, and applicable to members who return to service from an approved leave of absence on or after that date, added the last two paragraphs in subdivision (*l*)(2).

Session Laws 2009-281, s. 1, effective July 10, 2009, substituted "National Guard" for "national guard" in the first sentence of the last paragraph of subsection (j1).

Session Laws 2009-392, s. 1, effective July 31, 2009, added subsection (u1). For applicability and expiration date, see editor's note.

OPINIONS OF ATTORNEY GENERAL

Effect of Purchase of Service Credits. — The purchase of prior credit service for the period of July 10, 1984 and the enrollment in November, 1984 of several public safety officers would not give those officers five years' service standing to their credit as of August 12, 1989; therefore, they would not thereby have a right to receive their retirement benefits tax-free.

See Opinion of Attorney General to Mr. Ralph D. Karpinos, Town Attorney, Town of Chapel Hill, 2000 N.C. AG LEXIS 12 (10/2/2000).

§ 128-26A. Reciprocity of creditable service with other State-administered retirement systems.

(a) Only for the purpose of determining eligibility for benefits accruing under this Article, creditable service standing to the credit of a member of the Legislative Retirement System, Consolidated Judicial Retirement System, or the Teachers' and State Employees' Retirement System shall be added to the creditable service standing to the credit of a member of this System; provided, that in the event a person is a retired member of any of the foregoing retirement systems, such creditable service standing to the credit of the retired member prior to retirement shall be likewise counted. In no instance shall service credits maintained in the aforementioned retirement systems be added to the creditable service in this System for application of this System's benefit accrual rate in computing a service retirement benefit unless specifically authorized by this Article.

(b) A person who was a former member of this System and who has forfeited his creditable service in this System by receiving a return of contributions and who has creditable service in the Legislative Retirement System, Consolidated Judicial Retirement System, or the Teachers' and State Employees' Retirement System may count such creditable service for the purpose of restoring the creditable service forfeited in this System under the terms and conditions as set forth in this Article and reestablish membership in this System.

(c) Creditable service under this section shall not be counted twice for the same period of time whether earned as a member, purchased, or granted as prior service credits. (1989 (Reg. Sess., 1990), c. 1066, s. 35(b).)

§ 128-27. Benefits.

(a) Service Retirement Benefits. —

(1) Any member may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 60 years and have at least five years of creditable service or shall have completed 30 years of creditable service, or if a fireman, he shall have attained the age of 55 years and have at least five years of creditable service.

(2) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1019, s. 1.

(3) Repealed by Session Laws 1971, c. 325, s. 12.

(4) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired.

(5) Any member who is a law enforcement officer, and who attains age 50 and completes 15 or more years of creditable service in this capacity or who attains age 55 and completes five or more years of creditable service in this capacity, may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor

more than 120 days subsequent to the execution and filing thereof, he desires to be retired; provided, also, any member who has met the conditions required by this subdivision but does not retire, and later becomes an employee other than as a law enforcement officer, continues to have the right to commence retirement.

(a1) Early Service Retirement Benefits. — Any member may retire and receive a reduced retirement allowance upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 50 years and have at least 20 years of creditable service.

(a2) Discontinued Service Retirement Allowance. — A member whose employment with a participating employer is involuntarily terminated as a result of a termination event as defined in this subsection may be allowed a discontinued service retirement allowance, provided that the discontinued service retirement allowance is approved by the terminated member's participating employer, and provided that reemployment with that participating employer is not available to the member at the time of the termination event. For purposes of this section, "termination event" means termination of employment as a result of (i) the participating employer's cessation of operations; (ii) the participating employer's dissolution; (iii) the merger of a participating employer with and into an unrelated entity, other than another participating employer; (iv) the acquisition of the participating employer by an unrelated entity, other than another participating employer; or (v) the determination by the participating employer that a reduction in force will accomplish economies in the participating employer's budget resulting from either the elimination of a job and its responsibilities or from lack of funds to support the job. Final action approving the discontinued service retirement allowance for a terminated member by the member's participating employer shall be taken in an open meeting.

Upon the occurrence of a termination event, and subject to the provisions of this subsection, an unreduced discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 55 years of age. Alternatively, upon the occurrence of a termination event, a discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 50 years of age, reduced by one-fourth of one percent (¼ of 1%) for each month that retirement precedes the member's fifty-fifth birthday.

In cases in which a discontinued service retirement allowance is approved, the terminated member's employer shall be responsible for making a lump-sum payment to the Retirement System's Board of Trustees equal to the actuarial present value of the additional liabilities imposed upon the Retirement System, to be determined by the Retirement System's consulting actuary, as a result of the discontinued service retirement allowance, plus an administrative fee to be determined by the Board of Trustees. An employer shall not discriminate against any member or group of members employed by the employer in the approval or disapproval of a discontinued service retirement allowance.

(b) Service Retirement Allowance of Persons Retiring on or after July 1, 1959, but prior to July 1, 1965. — Upon retirement from service on or after July 1, 1959, but prior to July 1, 1965, a member shall receive a service retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension equal to the annuity allowable at the age of 65 years or at his retirement age, whichever is the earlier, on the basis of contributions made prior to such earlier age; and

(3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of 65 years, or at the earlier age of retirement if prior thereto, by twice the contributions which he would have made during such period of service had the System been in operation and he contributed thereunder at the rate of

a. Six and twenty-five hundredths percent (6.25%) of his compensation if such certificate is a Class A certificate, or

b. Five percent (5%) of his compensation if such certificate is a Class B certificate, or

c. Four percent (4%) of his compensation if such certificate is a Class C certificate.

(b1) Service Retirement Allowances of Persons Retiring on or after July 1, 1965, but prior to July 1, 1967. — Upon retirement from service on or after July 1, 1965, but prior to July 1, 1967, a member shall receive a service retirement allowance which shall consist of:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to the sum of (i) one percent (1%) of the portion of his average final compensation not in excess of forty-eight hundred dollars ($4,800), plus one and one-half percent (1½%) of the portion of such compensation in excess of forty-eight hundred dollars ($4,800) multiplied by the number of years of his creditable service rendered prior to January 1, 1966, and (ii) one percent (1%) of the portion of his average final compensation not in excess of forty-eight hundred dollars ($4,800), plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars ($5,600), multiplied by the number of years of his creditable service rendered after January 1, 1966.

(2a) If the member's service retirement date occurs on or after his sixtieth birthday but before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above but shall be reduced by five twelfths of one percent (5/12 of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(b).

(b2) Service Retirement Allowances of Persons Retiring on or after July 1, 1967, but prior to July 1, 1969. — Upon retirement from service on or after July 1, 1967, but prior to July 1, 1969, a member shall receive a service retirement allowance which shall consist of:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to one and one-quarter percent (1¼%) of the portion of his average final compensation not in excess of five thousand six hundred dollars ($5,600) plus one and

one-half percent (1½%) of the portion of such compensation in excess of five thousand six hundred dollars ($5,600), multiplied by the number of years of his creditable service.

(2a) If the member's service retirement date occurs before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one third of one percent (⅓ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3) Notwithstanding the foregoing provision, any member whose creditable service commenced prior to July 1, 1965, and policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b3) Service Retirement Allowances of Persons Retiring on or after July 1, 1969, but prior to July 1, 1973. — Upon retirement from service on or after July 1, 1969, but prior to July 1, 1973, a member shall receive a service retirement allowance which shall consist of:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or on or after his sixty-second birthday and the completion of 30 years of creditable service, such allowance shall be equal to one and one-quarter percent (1¼%) of the portion of his average final compensation not in excess of fifty-six hundred dollars ($5,600) plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars ($5,600), multiplied by the number of years of his creditable service.

(2a) If the member's service retirement date occurs before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent (¼ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3a) If the member's service retirement date occurs before his sixty-second birthday but on or after his sixtieth birthday and on or after completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent (¼ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-second birthday.

(3b) If the member's service retirement date occurs before his sixtieth birthday but on or after completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (3a) above.

(4) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed police-

men or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b4) Service Retirement Allowances of Members Retiring on or after July 1, 1973, but prior to July 1, 1976. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1973, but prior to July 1, 1976, a member shall receive a service retirement allowance computed as follows:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or after the completion of 30 years of creditable service, such allowance shall be equal to one and one-quarter percent (1¼%) of the portion of his average final compensation not in excess of fifty-six hundred dollars ($5,600) plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars ($5,600), multiplied by the number of years of his creditable service.

(2a) If the member's service retirement date occurs on or after his sixtieth birthday but before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent (¼ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b5) Service Retirement Allowances of Members Retiring on or after July 1, 1976, but prior to July 1, 1978. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1976, but prior to July 1, 1978, a member shall receive a service retirement allowance computed as follows:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or after the completion of 30 years of creditable service, such allowance shall be equal to one and one-half percent (1½%) of his average final compensation, multiplied by the number of years of his creditable service.

d. Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, shall not receive less than the benefit provided by G.S. 128-27(b).

(c) Disability Retirement Benefits. — Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 120 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the Medical Board shall not certify any member as disabled who:

(1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or

(2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law enforcement officer or a fireman as defined in G.S. 58-86-25 or rescue squad worker as defined in G.S. 58-86-30 and who has had one year or more of creditable service and becomes incapacitated for duty as the natural and proximate result of an accident occurring while in the actual performance of duty, and meets all other requirements for disability retirement benefits, may be retired by the Board of Trustees on a disability retirement allowance.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of his retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, effective April 1, 1991, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a one hundred percent (100%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

(1) The member had designated as the principal beneficiary, to receive a return of accumulated contributions at the time of his death, one and only one person, and

(2) The member had not instructed the Board of Trustees in writing that he did not wish the provision of this subsection to apply.

(d) Allowance on Disability Retirement of Persons Retiring prior to July 1, 1965. — Upon retirement for disability, in accordance with subsection (c) above, prior to July 1, 1965, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of the retirement;

(2) A pension equal to seventy-five percent (75%) of the pension that would have been payable upon service retirement at the age of 65 years had the member continued in service to the age of 65 years without further change in compensation.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

(d1) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1965, but prior to July 1, 1969. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1965, but prior to July 1, 1969, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent of the contributions he would have made during such continued service.

(2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

(d2) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1969, but prior to July 1, 1971. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1969, but prior to July 1, 1971, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.

(2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.

(2) Notwithstanding the foregoing provisions,

a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 128-27(d2);

b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and

c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

(e) Reexamination of Beneficiaries Retired on Account of Disability. — Once each year during the first five years following retirement of a member on a disability allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by the physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the Board of Trustees.

(1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%). Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable.

The provisions of this subdivision shall not apply to beneficiaries of the Law Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.

(2) Should a disability beneficiary under the age of 62 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the contribution rate which is applicable during his subsequent membership service. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration after June 30, 1951, and the pension that he would have received on account of his service since such last restoration had he entered service at that time as a new entrant.

(3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance prescribed in a below reduced by the amount in b below.

a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.

b. The actuarial equivalent of the retirement benefits he previously received.

(3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.

(4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 128-27(d), (d1), (d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 60 days after such request shall not be paid a benefit until the information so requested is provided, and should such refusal or failure to provide such information continue for 240 days after such request, the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement Systems shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter into agreements for the exchange of information.

(5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability retirement allowance as an employee of any participating employer under the Law Enforcement Officers' Retirement System and becomes employed as an employee other than as a law enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this section. Any beneficiary as hereinbefore described who becomes employed as a law enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this section.

(6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter (i) not be subject to further reexaminations as to disability, (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an employer participating in the Retirement System, and (iii) be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or to ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

(f) Return of Accumulated Contributions. — Should a member cease to be an employee except by death or retirement under the provisions of this Chapter, he shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, his contributions and, if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon, provided that he has not in the meantime returned to service. Upon payment of such sum his membership in the System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 128-26; and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as he shall have nominated by electronic submission prior to completing 10 years of service in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of his accumulated contributions at the time of his death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his accumulated contributions unless he is eligible to be paid his accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-56.2, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

(f1) Notwithstanding the foregoing provisions, upon or after retirement any member who was a uniformed fireman and any surviving beneficiary of a member who was a uniformed fireman, shall upon submission of an application, be paid the sum of accumulated contributions, with regular interest thereon, made under those provisions of G.S. 128-30(b)(1) that applied from July 1, 1965, through June 30, 1971, to the extent of the contributions required of the member that were in excess of the contributions required of other members of the Local Governmental Employees' Retirement System covered under the Social Security Act as was from time to time in effect; provided that, the return of contributions shall be payable only if the contributions did not increase the retirement allowance of the member or surviving beneficiary under the provisions of this Chapter.

(f2) Expired.

(g) Election of Optional Allowance. — With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option two or Option three or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or his first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Options two, three, or six and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option.

Option one.

(a) In the Case of a Member Who Retires prior to July 1, 1965. — If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative.

(b) In the Case of a Member Who Retires on or after July 1, 1965, but prior to July 1, 1993. — If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less one one-hundred-twentieth thereof for each month for which he has received a retirement allowance payment, shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative; or

Option two. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option three. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option four. Adjustment of Retirement Allowance for Social Security Benefits. — Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, upon application therefor, to receive a social security benefit.

Option five. For Members Retiring prior to July 1, 1993. — The member may elect to receive a reduced retirement allowance under the conditions of Option two or Option three, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120th thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option six. A member may elect either Option two or Option three with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits but prior to the cashing of the first benefit check, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is named for the return of accumulated contributions. If more than one beneficiary is named for the return of accumulated contributions, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries.

(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 128-26, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above, and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate.

(h) Until June 30, 1951, all benefits payable to or on account of any beneficiary retired before such date shall be computed on the basis of the provisions of Chapter 128 as they existed at the date of establishment of the Retirement System. On and after July 1, 1951, all such benefits shall be adjusted to take into account, under such rules as the Board of Trustees may adopt, the provisions of Chapter 128 and all amendments thereto in effect on July 1, 1951, and no further contributions on account of such adjustments shall be required of such beneficiaries. The Board of Trustees may authorize such transfers of reserves between the funds of the Retirement System as may be required on account of such adjustments.

(i) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such overpayment was made.

(j) Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967. — From and after July 1, 1967, the monthly benefits, to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. (k) Post-Retirement Increases in Allowances. — As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items — United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

(*l*) Death Benefit Plan. — The provisions of this subsection shall become effective for any employer only after an agreement to that effect has been executed by the employer and the Director of the Retirement System. There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by electronic submission prior to completing 10 years of service in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

(2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;

(3) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2;

subject to a minimum of twenty-five thousand dollars ($25,000) and a maximum of fifty thousand dollars ($50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

(1) After June 30, 1969 and after he has attained age 70; or

(2) After December 31, 1969 and after he has attained age 69; or

(3) After December 31, 1970 and after he has attained age 68; or

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained age 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

(1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.

(3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 128-26(g).

(4) A member on leave of absence from his position as a local governmental employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit, if applicable. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a local governmental employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars ($25,000) nor to exceed fifty thousand dollars ($50,000).

(1)a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or

b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 128-27(b21)(1)b. or G.S. 128-27(b21)(2)c., notwithstanding the requirement of obtaining age 50,

b1. The member was a law enforcement officer who had obtained 15 years of service as a law enforcement officer and was killed in the line of duty, in which case the retirement allowance shall be computed in accordance with G.S. 128-27(b21)(1)b., notwithstanding the requirement of obtaining age 50, or

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 128-29(o). Provided, however, a member who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. CASE NOTES

The relationship between public employees and the retirement system is one of contract. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Right of Employee to Rely on Retirement Plan. — A public employee has a right to expect that the retirement rights bargained for in exchange for his loyalty and continued services, continually promised him over many years, will not be removed or diminished. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Plaintiffs, as members of the North Carolina Local Governmental Employees' Retirement System, had a contractual right to rely on the terms of the retirement plan as these terms existed at the moment their retirement rights became vested. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Where plaintiff had attained more than five years of creditable service before his injury, and before the date he submitted his application for disability retirement, he had contractual rights in pension fund. Hogan v. City of Winston-Salem, 121 N.C. App. 414, 466 S.E.2d 303 (1996).

Impairment of Rights by 1981 Amendment. — Rights arising under this Article were impaired inasmuch as plaintiff employees stood to suffer significant reductions in their retirement allowances as a result of the 1981 legislative amendment of this section adding subsection (d4), and where challenge thereto had been resolved below by grant of summary judgment in defendants' favor, but defendants' affidavit failed to demonstrate or reflect that the changes in question were reasonable and necessary to serve an important state interest, the case would be remanded for further proceedings. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Decedent terminated her employment within the meaning and intent of subsection (*l*) on the date that she went on disability retirement. Walker v. Board of Trustees, 348 N.C. 63, 499 S.E.2d 429 (1998).

Where over 180 days expired between the last day decedent actually worked and the date she died, her spouse was not entitled to a death benefit under subsection (*l*). Walker v. Board of Trustees, 348 N.C. 63, 499 S.E.2d 429 (1998).

Disability Benefits Classified as Separate Property. — The amount of plaintiff's "disability retirement benefits" attributable to his physical disability was plaintiff's separate property, under G.S. 50-20. Johnson v. Johnson, 117 N.C. App. 410, 450 S.E.2d 923 (1994).

The statute of limitations in subsection (i) applied and allowed plaintiffs to pursue claims for underpayment of disability retirement benefits for three years before they commenced actions. Faulkenbury v. Teachers' & State Emps. Retirement Sys., 345 N.C. 683, 483 S.E.2d 422 (1997).

Part-Time Status Did Not Equate to Retirement. — An employee of a local government employer who went to a part-time status did not "retire" when she changed jobs and lessened her hours and was not eligible to receive disability retirement benefits under G.S. 128-27. Wallace v. Board of Trustees, 145 N.C. App. 264, 550 S.E.2d 552, 2001 N.C. App. LEXIS 650 (2001), cert. denied, 354 N.C. 580, 559 S.E.2d 553 (2001).

Last Day of Service. — When decedent retired on disability, she was not terminated within the meaning of the death benefit statute; therefore, the last day of the decedent's actual service was the date on which her sick and annual leave expired. Walker v. Board of Trustees, 127 N.C. App. 156, 487 S.E.2d 839 (1997), aff'd, 348 N.C. 63, 499 S.E.2d 429 (1998).

Spouse Not Entitled to Death Benefit. — Where decedent died more than 180 days after she last earned a salary surviving spouse was not entitled to the death benefit. Walker v. Board of Trustees, 127 N.C. App. 156, 487 S.E.2d 839 (1997), aff'd, 348 N.C. 63, 499 S.E.2d 429 (1998).

Beneficiary of Government Employee Who Died After Retirement Was Not Entitled to Survivor's Alternate Benefit. — The Supreme Court of North Carolina, in a per curiam opinion, reversed the decision of the Court of Appeals in Grooms v Dep't of State Treasurer, 144 N.C. App. 160, 550 S.E.2d 204 (2001), which held that the beneficiary of a county employee who died within 180 days of retirement was entitled to select the survivor's alternate benefit set forth in G.S. 128-27(m). In reversing, the Supreme Court noted its agreement with the reasoning of the dissenting opinion below, holding that the General Assembly did not intend for the alternate benefit provided by G.S. 128-27(m) to apply to the beneficiary of a government employee whose death occurred after his retirement. Grooms v. State Dep't of Treasurer, Ret. Sys. Div., 354 N.C. 562, 556 S.E.2d 293, 2001 N.C. LEXIS 1223 (2001).

Reemployment By Local Government. — Retired city police officer lost his right to receive a separation allowance pursuant to G.S. 143-166.42 when he became reemployed by a county sheriff's office, which was a local government as defined by G.S. 143-166.41. Campbell v. City of Laurinburg, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission's decision to deny a city credit for disability retirement payments that were made to an injured city employee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission's findings of fact and conclusions of law. Cox v. City of Winston-Salem, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

(d) Compensation of Trustees. — The trustees shall be paid during sessions of the Board at the prevailing rate established for members of State boards and commissions, and they shall be reimbursed for all necessary expenses that they incur through service on the Board.

(e) Oath. — Each trustee other than the ex officio members shall, within 10 days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said Board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the Retirement System. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the Secretary of State: Provided, that where a local governmental official designated by the Governor has taken an oath of office in connection with the local governmental office that he holds, the oath for his local governmental office shall be deemed to be sufficient, and he shall not be required to take the oath hereinabove provided.

(f) Voting Rights. — Each trustee shall be entitled to one vote in the Board. A majority of affirmative votes in attendance shall be necessary for a decision by the trustees at any meeting of said Board.

(g) Rules and Regulations. — Subject to the limitations of this Chapter, the Board of Trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this Chapter and for the transaction of its business. The Board of Trustees shall also, from time to time, in its discretion, adopt rules and regulations to prevent injustices and inequalities which might otherwise arise in the administration of this Chapter.

(h) Officers and Other Employees, Salaries and Expenses. — The Board of Trustees shall elect from its membership a chairman, and shall, by a majority vote of all the members, appoint a director, who may be, but need not be, one of its members. The Board of Trustees shall engage such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System, shall be paid at such rates and in such amounts as the Board of Trustees shall approve.

(i) Actuarial Data. — The Board of Trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the Retirement System, and for checking the experience of the System.

(j) Record of Proceedings; Annual Report. — The Board of Trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System.

(k) Legal Adviser. — The Attorney General shall be the legal adviser of the Board of Trustees.

The Medical Board shall arrange for and pass upon all medical examinations required under the provisions of this Chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board of Trustees its conclusion and recommendations upon all the matters referred to it.

(m) Duties of Actuary. — The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith.

(n) Immediately after the establishment of the Retirement System the actuary shall make such investigation of the mortality, service and compensation experience of the members of the System as he shall recommend and the Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the Board of Trustees such tables and such rates as are required in subsection (o), paragraphs (1) and (2), of this section. The Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this Chapter.

(o) In the year 1945, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the Retirement System, and shall make a valuation of the assets and liabilities of the funds of the System, and taking into account the result of such investigation and valuation, the Board of Trustees shall:

The System shall use such information for the sole purpose of notifying members, beneficiaries, and beneficiaries of members of their rights to and accruals of benefits in the Retirement System. Any social security number, current name and address so obtained and any information concluded therefrom and the source thereof shall be treated as confidential and shall not be divulged by any employee of the Retirement System or of the Department of State Treasurer except as may be necessary to notify the member, beneficiary, or beneficiary of the member of their rights to and accruals of benefits in the Retirement System. Any person, officer, employee or former employee violating this provision shall be guilty of a Class 1 misdemeanor; and if such offending person be a public official or employee, he shall be dismissed from office or employment and shall not hold any public office or employment in this State for a period of five years thereafter. (b) Annual Allowance of Regular Interest. — The Board of Trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the expense fund. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the Board of Trustees from interest and other earnings on the moneys of the Retirement System. Any additional amount required to meet the interest on the funds of the Retirement System shall be paid from the pension accumulation fund, and any excess of earnings over such amount required shall be paid to the pension accumulation fund. Regular interest shall mean interest at the rate of four per centum (4%) per annum with respect to all calculations and allowances on account of members' contributions and at the rate of three per centum (3%) per annum with respect to employers' contributions, with the right reserved to the Board of Trustees to set a different rate or rates from time to time.

(c) Custodian of Funds. — The State Treasurer shall be the custodian of the several funds and shall invest their assets in accordance with the provisions of G.S. 147-69.2 and 147-69.3. All payments from said funds shall be made by him only upon vouchers signed by two persons designated by the Board of Trustees. The secretary of the Board of Trustees shall furnish said Board a surety bond in a company authorized to do business in North Carolina in such amount as shall be required by the Board, the premium to be paid from the expense fund.

(d) Cash Deposits for Meeting Disbursements. — For the purpose of meeting disbursements for pensions, annuities and other payments there may be kept available cash, not exceeding ten per centum (10%) of the total amount in the several funds of the Retirement System, on deposit in one or more banks or trust companies of the State of North Carolina, organized under the laws of the State of North Carolina, or of the United States: Provided, that the sum on deposit in any one bank or trust company shall not exceed twenty-five per centum (25%) of the paid up capital and surplus of such bank or trust company.

No trustee or employee of the Board shall, directly or indirectly, for himself or as an agent in any manner use the same, except to make such current and necessary payments as are authorized by the Board of Trustees; nor shall any trustee or employee of the Board of Trustees become an endorser or surety or in any manner an obligor for moneys loaned or borrowed from the Board of Trustees. § 128-29.1. Authority to invest in certain common and preferred stocks.

In addition to all other powers of investment, the Board of Trustees, within the limitations set forth in this section, is also authorized to invest Retirement

System funds in stocks, preferred or common, issued or guaranteed by a corporation created or existing under the laws of the United States or any state, district, or territory thereof, provided:

(1) That for a period of five fiscal years for which the necessary statistical data are available next preceding the date of investment, such corporation as disclosed by its published fiscal annual statements shall have had an average annual net income plus its average annual fixed charges (as herein used, fixed charges shall mean interest on funded or unfunded debt, contingent interest charges, amortization of debt discount and expense and rentals for leased property and, in the case of consolidated earnings statements of parent and subsidiary corporations shall include all fixed charges and preferred dividend requirement, if any, of the subsidiaries) at least equal to one and one-half times the sum of its average annual dividend requirement for preferred stock and its average annual fixed charges for the same period; however, during neither of the last two years of such period shall the sum of its annual net income and its annual fixed charges have been less than one and one-half times the sum of its dividend requirements for preferred stock and its fixed charges for the same period;

(2) That such corporation shall have no arrears of dividends on its preferred stock;

(3) That such common stock is registered on a national securities exchange as provided in the Federal Securities Exchange Act, but such registration shall not be required of the following stocks:

c. The common stock of a fire or casualty insurance company, or a combination thereof, which has capital funds represented by capital, net surplus and voluntary reserves, of at least fifty million dollars ($50,000,000);

(4) That the preferred stock of such corporation, if any be outstanding, shall qualify for investment under this section;

(5) That such corporation, having no preferred stock outstanding, shall have had earnings for the five fiscal years next preceding the date of investment of at least twice the interest on all mortgages, bonds, debentures, and funded debts, if any, after deduction of the proper charges for replacements, depreciation, and obsolescence;

(6) That such corporation shall have paid a cash dividend on its common stock in each year of the 10-year period next preceding the date of investment and the aggregate net earnings available for dividends on the common stock of such corporation for the whole of such period shall have been at least equal to the amount of such dividends paid;

(7) That in applying the earnings test under this section to any issuing, assuming, or guaranteeing corporation, where such corporation, shall have acquired its property or any substantial part thereof within a five-year period immediately preceding the date of investment by consolidation, merger, or by the purchase of all or a substantial portion of the property of any other corporation or corporations, or shall have acquired the assets of any unincorporated business enterprise by purchase or otherwise, net income, fixed charges and pre-

ferred dividends of the several predecessor or constituent corporations or enterprises shall be consolidated and adjusted so as to ascertain whether or not the applicable requirements of this section have been complied with;

(8) That the total value of common and preferred stocks shall not exceed twenty-five per centum (25%) of the total value of all invested funds of the Retirement System; provided, further:
  a. Not more than one and one-half per centum (1 1/2%) of the total value of such funds shall be invested in the stock of a single corporation, and provided further;

In order to carry out the duties and exercise the powers imposed and granted by this section, the chairman of the Board of Trustees is authorized to appoint an investment committee consisting of five members, three of whom shall be members of the Board of Trustees designated ex officio by the chairman and two of whom shall not be members of the Board. Such investment committee shall have such powers and duties as the Board of Trustees may prescribe. The members of the investment committee shall receive for their services the same per diem and other allowances as are granted the members of the State Boards and commissions generally. (1961, c. 626; 1965, c. 415, s. 2; 1973, c. 243, s. 10.)

§ 128-30. Method of financing.

(a) Funds to Which Assets of Retirement System Credited. — All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of five funds, namely, the annuity savings fund, the annuity reserve fund, the pension accumulation fund, the pension reserve fund and the expense fund.

(b) Annuity Savings Fund. — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity savings fund shall be made as follows:

(1) Prior to July 1, 1951, each participating employer shall cause to be deducted from the salary of each member of each and every payroll of such employer for each and every payroll period four per centum (4%) of his earnable compensation. On and after such date the rate so deducted shall be five per centum (5%) in the case of a Class A member or a Class C member, and four per centum (4%) in the case of a Class B member; provided, however, that with respect to any member who is covered under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 17 of the General Statutes, as amended, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his actual compensation not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions

may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955, and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24, such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2 of Chapter 135 of Volume 17 of the General Statutes, as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required. In determining the amount earned by a member whose compensation is derived partly or wholly from fees, such member shall submit a sworn statement to his employer monthly, or at least quarterly, each year as to the amount of fees received by such member as compensation during the period, and each month, or at least quarterly, such member shall pay to his employer the proper per centum of such compensation received from fees, which shall be considered as deductions by the employer as provided in subdivisions (1) and (2) of this subsection.

Notwithstanding the foregoing, effective July 1, 1965, with respect to the period of service commencing on July 1, 1965, and ending December 31, 1965, the rates of such deductions shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars ($4,800) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars ($4,800); and with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deduction shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred dollars ($5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars ($5,600); and with respect to the period of service commencing July 1, 1967, and ending June 30, 1976, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of five thousand six hundred dollars ($5,600) and six per centum (6%) of the portion of compensation in excess of five thousand six hundred dollars ($5,600). Such rates shall apply uniformly to all members of the Retirement System, irrespective of class.

Notwithstanding the foregoing, effective July 1, 1976, with respect to compensation paid on and after July 1, 1976, the rate of such deductions shall be six per centum (6%) of the compensation received by any member. Such rates shall apply uniformly to all members of the Retirement System, irrespective of class.

(2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Article. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity

savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

(3) The accumulated contributions of a member drawn by him, or paid to his estate or to his designated beneficiary in event of his death as provided in this Article, shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(4) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an employer for the sole purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer. This approval shall be made prior to the purchase of the creditable service, is limited to a career total of four years for each member, and may be obtained in the following manner:

a. Approved leave of absence. — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability contribution when the policy of the employer is not to make such payment.

b. No educational leave policy. — Where the employer has a policy of not granting educational leaves of absence or the member has unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.

c. Educational program prior to July 1, 1981. — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the board of trustees upon the advice of the consulting actuary, plus a fee to be determined by the board of trustees.

Payments required to be made by the member and/or the employer under subparagraphs a or b are due by the 15th of the month following the month for which the service credit is allowed and payments made after the due date shall be assessed a penalty, in lieu of interest, of one percent (1%) per month or fraction thereof the payment is made beyond the due date; provided, that these payments shall be made prior to retirement and provided further, that if the member did not become a contributing member within 12 months after completing the educational program and failed to complete three years of subsequent membership service, except in the event of death or disability, any payment made by the member including penalty shall be refunded with regular interest thereon and the service credits cancelled prior to or at retirement.

(b1) Pick Up of Employee Contributions. — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, may elect to pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 128-21. Picked-up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Local Governmental Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions the provisions of subsection (g)(3) of this section shall apply.

(b2) Retroactive Adjustment in Compensation or an Underreporting of Compensation. — A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity in which the aggrieved member or beneficiary is granted a promotion retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

(1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or

(2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), for reasons other than a wrongfully denied promotional opportunity where the member is promoted retroactively.

(c) Annuity Reserve Fund. — The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this Article. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(d) Pension Accumulation Fund. — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(1) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the Board of Trustees, an amount equal to a certain percentage of the actual compensation of each member, to be known as the "normal contribution" and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation for any employer whose participation commenced prior to July 1, 1951, the normal contribution shall be three percent (3%) for general employees and five percent (5%) for firemen and policemen, and the accrued liability contribution shall be three percent (3%) for general employees and six percent (6%) for firemen and policemen. Until the first valuation for any employer whose participation commenced on or after July 1, 1951, the normal contribution shall be four percent (4%) for general employees and six and two-thirds percent (6⅔%) for firemen and policemen, and the accrued liability contribution shall be four percent (4%) for general employees and eight percent (8%) for firemen and policemen.

(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the actual compensation of the average new

entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account and for the pro rata share of the cost of administration of the Retirement System. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation. A normal contribution rate shall be determined separately for general employees as a group and for law enforcement officers as a group, these rates to be applied to the respective group payrolls of each employer in determining the normal contribution required of each employer.

(3) The "accrued liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be the same for all employers and shall be determined by the Board of Trustees as the result of actuarial valuations.

(4) At the end of the first year following the date of participation for each employer, the accrued liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the System who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. Then the "accrued liability contribution" rate for such employer shall be the per centum of the total annual compensation of all members employed by such employer which is equivalent to four per centum (4%) of the amount of such accrued liability. The expense of making such actuarial valuation to determine the accrued liability contribution for each employer shall be paid by such employer. The accrued liability contribution rate shall be increased on the basis of subsequent valuation if benefits are increased over those included in the valuations on the basis of which the original accrued liability contribution rate was determined.

(5) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total earned compensation of all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.

(6) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the Board of

Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members, as separately determined for general employees and law-enforcement officers.

(7) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

(8) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(9) Notwithstanding the foregoing provisions of this subsection, beginning with the December 31, 1985 valuation, the actuary shall determine an additional "accrued liability contribution" on account of each employer's law enforcement officers. This contribution shall be that percentage of law enforcement officer compensation necessary to liquidate the "existing unfunded accrued liability" over a period of years to be determined by the Board of Trustees. The "existing unfunded accrued liability" for each employer shall be equal to the sum of two liabilities. The first is that portion of the unfunded accrued liability of the Law Enforcement Officers' Retirement System as of December 31, 1985, attributable to the accrued liability for each employer's law enforcement officers participating in that System, all based on actuarial assumptions and methods applicable to that System. The second is the accrued liability for additional benefits payable to each employer's law enforcement officers who are members of this Retirement System on December 31, 1985. The "accrued liability contribution" determined on the basis of this paragraph shall be added to that determined under subdivision (3) and shall be included in the total amount payable under subdivision (5).

(e) Pension Reserve Fund. — The pension reserve fund shall be the fund in which shall be held the reserves of all pensions granted to members not entitled to credit for prior service and from which such pensions and benefits in lieu thereof shall be paid. Should such a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement the pension thereon shall be transferred from the pension reserve fund to the pension accumulation fund. Should the pension of such disability beneficiary be reduced as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the pension accumulation fund during the period of such reduction.

(f) Expense Fund. — The expense fund shall be the fund from which the expenses of the administration of the Retirement System shall be paid, exclusive of amounts payable as retirement allowances and as other benefits provided herein. Contribution shall be made to the expense fund as follows:

(1) The Board of Trustees shall determine annually the amount required to defray such administrative expenses for the ensuing fiscal year and shall adopt a budget in accordance therewith. The budget estimate of such expenses shall be paid to the expense fund from the pension accumulation fund.

(2) For the purpose of organizing the Retirement System and establishing an office, the Board of Trustees may provide as a prerequisite to participation in the Retirement System that each participating employer or employee or both shall pay an additional contribution to the Retirement System for the expense fund not to exceed two dollars

($2.00) for each employee, such contribution of the employee to be credited to his individual account in the annuity savings fund at such later time as the Board of Trustees shall determine, and/or the Board of Trustees may borrow such amounts as may be necessary to organize and establish the Retirement System.

(g) Collection of Contributions. —

(1) The collection of members' contributions shall be as follows:

a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of participation in the Retirement System the contributions payable by such member as provided in this Article. Each employer shall certify to the treasurer of said employer on each and every payroll a statement as vouchers for the amount so deducted.

b. The treasurer of each employer on the authority from the employer shall make deductions from salaries of members as provided in this Article and shall transmit monthly, or at such time as the Board of Trustees shall designate, the amount specified to be deducted, to the secretary-treasurer of the Board of Trustees. The secretary-treasurer of the Board of Trustees after making a record of all such receipts shall deposit them in a bank or banks selected by said Board of Trustees for use according to the provisions of this Article.

(2) The collections of employers' contributions shall be made as follows: Upon the basis of each actuarial valuation provided herein the Board of Trustees shall annually prepare and certify to each employer a statement of the total amount necessary for the ensuing fiscal year to the pension accumulation fund as provided under subsection (d) of this section. Such employer contributions shall be transmitted to the secretary-treasurer of the Board of Trustees together with the employee deductions as provided under sub-subdivision b. of subdivision (1) of this subsection.

(3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees, the Board shall assess the employer with a penalty of 1% per month with a minimum penalty of twenty-five dollars ($25.00). If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer, or the municipality or county of which such employer is an integral part, from any funds of the State or any funds collected by the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.

(h) Merger of Annuity Reserve Fund, and Pension Reserve Fund into Pension Accumulation Fund. — Notwithstanding the foregoing, effective at such date not later than December 31, 1959, as the Board of Trustees shall determine, the annuity reserve fund and the pension reserve fund shall be merged into and become a part of the pension accumulation fund, provided that such merger shall in no way adversely affect the rights of any members or retired members of the System and further provided the Board of Trustees shall be and hereby is authorized to make such changes in the accounting methods and procedures of the System from time to time as, in its opinion, are in the interest of sound and proper administration of the System. (1939, c. 390, s. 10; 1941, c. 357, s. 8; 1943, c. 535; 1945, c. 526, s. 6; 1951, c. 274, ss. 7-9; 1955, c. 1153, s. 7; 1959, c. 491, s. 9; 1965, c. 781; 1967, c. 978, ss. 9, 10; 1971, c. 325, ss. 17-19; 1975, 2nd Sess., c. 983, ss. 129, 130; 1981, c. 1000, ss. 1, 3; 1981 (Reg. Sess., 1982), c. 1282, s. 9; 1985, c. 479, s. 196(p)-(r); c. 539, ss. 1, 2; 1991, c. 585, s. 2; 1995, c. 509, s. 68; 2003-359, s. 20; 2009-66, s. 7(b).)

Effect of Amendments. — Session Laws 2009-66, s. 7(b), effective July 1, 2009, inserted "or beneficiary," "or beneficiaries" and "or beneficiary's" throughout subsection (b2).

§ 128-31. Exemptions from execution.

Except for the applications of the provisions of G.S. 110-136, and G.S. 110-136.3 et seq., and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a person to a pension, an annuity, or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this Article, and the moneys in the various funds created by this Article, are exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this Article specifically otherwise provided. Notwithstanding any provisions to the contrary, any overpayment of benefits to a member in a State-administered retirement system, the Disability Salary Continuation Plan, or the Disability Income Plan of North Carolina may be offset against any retirement allowance, return of contributions or any other right accruing under this Chapter to the same person, the person's estate, or designated beneficiary. (1939, c. 390, s. 11; 1985, c. 402; c. 649, s. 5; 1989, c. 665, s. 3; c. 792, s. 2.4; 2005-91, s. 11.)

Legal Periodicals. — For article analyzing North Carolina's exemptions law, see 18 Wake Forest L. Rev. 1025 (1982).

§ 128-32. Protection against fraud.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records of this Retirement System in any attempt to defraud such System as a result of such act shall be guilty of a Class 1 misdemeanor. Should any change or error in the records result in any member or beneficiary receiving from the Retirement System more or less than he would have been entitled to receive had their records been correct, the Board of Trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid. (1939, c. 390, s. 12; 1993, c. 539, s. 945; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

Legislative Intent. — This section shows the intent of the General Assembly to allow the courts to require that compensation paid for underpayment of a pension compensation be paid at the actuarial value. Faulkenbury v. Teachers' & State Emps. Retirement Sys., 345 N.C. 683, 483 S.E.2d 422 (1997).

Calculation of Additional Benefit. — The re-calculation of additional benefits owed to retirees did not mandate the use of a mortality factor, where the right to payments was not forfeited upon the death of a retiree but was passed to the retiree's survivors. Faulkenbury v. Teachers' & State Employees' Ret. Sys., 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999), cert. denied, 350 N.C. 379, 536 S.E.2d 620 (1999).

§ 128-32.1. Failure to respond.

If a member fails to respond in any way within 90 days after preliminary option figures and the Form 6-E are mailed, the Form 6 shall be null and void; the retirement system shall not be liable for any benefits due on account of the voided application, and a new application must be filed establishing a subsequent effective date of retirement. If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved. The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 90-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline. (2005-91, s. 12; 2009-66, s. 4(a).)

Effect of Amendments. — Session Laws 2009-66, s. 4(a), effective July 1, 2009, in the first sentence, substituted "the Form 6-E are mailed, the Form 6 shall" for "Form 6-E, Election of Benefits, are mailed, the Form 6, Application for Service, Early, or Disability Retirement, shall", and added the last sentence.

§ 128-33. Certain laws not applicable to members.

Subject to the provisions of Article 2 of Chapter 135 of Volume 17 of the General Statutes, as amended, no other provision of law in any other statute which provides wholly or partly at the expense of any county, city or town for pensions or retirement benefits for employees of the said county, city or town, their widows, or other dependents shall apply to members or beneficiaries of the Retirement System established by this Article. (1939, c. 390, s. 13; 1955, c. 1153, s. 8.)

§ 128-34. Transfer of members.

(a) Any member of the North Carolina Governmental Employees' Retirement System who leaves the service of his employer and enters the service of another employer participating in the North Carolina Governmental Employees' Retirement System shall maintain his status as a member of the Retirement System and shall be credited with all of the amounts previously credited to his account in any of the funds under this Article, but the new employer shall be responsible for any accrued liability contribution payable on account of any prior service credit which such employee may have at the time of the transfer, and such employee shall be given such status and be credited with such service with the new employer as allowed with the former employer.

(b) Any member of the Local Governmental Employees' Retirement System shall be entitled prior to his retirement to transfer to this Retirement System his credits for membership and prior service in the Teachers' and State Employees' Retirement System: Provided, the actual transfer of employment is made while he has an active account in the State System and such person shall request the State System to transfer his accumulated contributions, interest, and service credits to this Retirement System; provided further, the State System agrees to transfer to this Retirement System the amount of reserve held in the State System as the result of previous contributions of the employer on behalf of the transferring employee.

(c) Any member whose services are terminated for any reason other than retirement or death who becomes employed by an employer participating in the Teachers' and State Employees' Retirement System shall be entitled to transfer to the State System his credits for membership and prior service in this Retirement System in accordance with G.S. 135-18.1: Provided, the actual transfer of employment is made while he has an active account in this Retirement System and such persons shall request this Retirement System to transfer his accumulated contributions, interest, and service credits to the State System. When such request is made by a member who is entitled to make it and who becomes a member of the State System after July 1, 1969, this Retirement System will also transfer to the State System the amount of reserve held by this System as a result of previous contributions of the employer on behalf of the transferring employee.

(d) The accumulated contributions and creditable service of any member whose service as an employee has been or is terminated other than by retirement or death and who, while still a member of this Retirement System, became or becomes a member, as defined in G.S. 135-53(11), of the Consolidated Judicial Retirement System for a period of five or more years may, upon application of the member, be transferred from this Retirement System to the Consolidated Judicial Retirement System. In order to effect the transfer of a member's creditable service from the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System, there shall be transferred from the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System the sum of (i) the accumulated contributions of the member credited in the annuity savings fund and (ii) the amount of reserve held in the Local Governmental Employees' Retirement System as a result of previous contributions by the employer on behalf of the transferring member. (1939, c. 390, s. 14; 1971, c. 325, s. 20; 1973, c. 242, s. 11; 1999-237, s. 28.24(a).)

§ 128-35. Obligations of pension accumulation fund.

No payment on account of any benefit granted under the provisions of G.S. 128-27, subsections (a) to (d) inclusive, shall become effective or begin to accrue until the end of one year following the date the System is established nor shall any compulsory retirement be made during that period. § 128-37. Membership of employees of district health departments or public health authorities.

Under such rules and regulations as the Board of Trustees shall establish and promulgate, the board of county commissioners of any county may elect that employees of the county social services department may be members of the North Carolina Local Governmental Employees' Retirement System; provided, that such membership may be elected jointly with such county health department employees as provided under G.S. 128-37. § 128-38. Reservation of power to change.

The General Assembly reserves the right at any time and from time to time, and if deemed necessary or appropriate by said General Assembly in order to coordinate with any changes in the benefit and other provisions of the Social Security Act made after January 1, 1955, to modify or amend in whole or in part any or all of the provisions of the North Carolina Local Governmental Employees' Retirement System. (1955, c. 1153, s. 9.)

CASE NOTES

Relationship between public employees and retirement system is one of contract. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Right of Employee to Rely on Retirement Plan. — A public employee has a right to expect that the retirement rights bargained for in exchange for his loyalty and continued services, and continually promised him over many years, will not be removed or diminished. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

Plaintiffs, as members of the North Carolina Local Governmental Employees' Retirement System, had a contractual right to rely on the terms of the retirement plan as these terms existed at the moment their retirement rights became vested. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C.

362, 372 S.E.2d 559 (1988).

Impairment of Rights by 1981 Amendment. — Rights arising under this Article were impaired inasmuch as plaintiff employees stood to suffer significant reductions in their retirement allowances as a result of the 1981 legislative amendment of G.S. 128-27 adding subsection (d4), and where challenge thereto had been resolved below by grant of summary judgment in defendants' favor, but defendants' affidavit failed to demonstrate or reflect that the changes in question were reasonable and necessary to serve an important state interest, the case would be remanded for further proceedings. Simpson v. North Carolina Local Gov't Employees' Retirement Sys., 88 N.C. App. 218, 363 S.E.2d 90 (1987), aff'd, 323 N.C. 362, 372 S.E.2d 559 (1988).

§ 128-38.1. Termination or partial termination; discontinuance of contributions.

In the event of the termination or partial termination of the Retirement System or in the event of complete discontinuance of contributions under the Retirement System, the rights of all affected members to benefits accrued to the date of such termination, partial termination, or discontinuance, to the extent funded as of such date, or the amounts credited to the members' accounts, shall be nonforfeitable and fully vested. (1987, c. 177, s. 1(a), (b).)

Editor's Note. — Session Laws 1987, c. 177, s. 1(c) made this section effective upon the first day of the calendar month following the State's receipt of a favorable letter of determination or ruling from the Internal Revenue Service, United States Department of Treasury, that the Retirement Systems were qualified trusts under Section 401(a) of the Internal Revenue Code of 1954 as amended. A favorable letter was received prior to the enactment of Session Laws 1987, c. 177.

§ 128-38.2. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 ½ years of age or April 1 of the calendar year following the calendar year in which the member terminates employment.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-30. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code. (1989, c. 276, s. 2; 1993, c. 531, s. 4; 1995, c. 361, s. 3; 2002-71, s. 4; 2009-66, s. 1(d).)

Effect of Amendments. — Session Laws 2009-66, s. 1(d), effective July 1, 2009, added the last sentence of subsection (d).

§ 128-38.3. Deduction for payment to certain employees' associations allowed.

Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of employers as defined in G.S. 128-21(11), may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit. (2001-424, s. 32.31; 2002-126, s. 6.4(b).)

§ 128-38.4. Forfeiture of retirement benefits for certain felonies.

(a) Except as provided in G.S. 128-26(w), the Board of Trustees shall not pay any retirement benefits or allowances, except for a return of member contributions plus interest, to any member who is convicted of any felony under the federal laws listed in subsection (b) of this section or the laws of this State listed in subsection (c) of this section if all of the following apply:

(1) The federal or State offense is committed while serving as an elected government official.

(2) Reserved for future codification purposes.

ARTICLE 4.

Leaves of Absence.

§ 128-39. Leaves of absence for State officials for protracted illness or other reason.

Any elective or appointive State official may obtain leave of absence from the official's duties for protracted illness or other reason satisfactory to the Governor, for such period as the Governor may designate. The leave shall be obtained only upon application by the official and with the consent of the Governor. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not deprive the official of the benefits of cumulative sick leave to which the official may be entitled under rules and regulations adopted pursuant to G.S. 143-37 or to which he may otherwise be entitled by law. The period of leave may be extended upon application to and with the approval of the Governor if the reason for the original leave still exists, and it may be shortened if the reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which the official was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the Governor deems it necessary, the Governor may appoint any citizen of the State, without regard to residence or district, as a temporary replacement for the period of the official's leave of absence. This appointee shall have all the authority, duties, perquisites, and emoluments of the official temporarily replaced. The appointee shall possess all the qualifications required by law for holding the office for which the temporary replacement official is appointed. (1941, c. 121, s. 1; 2007-432, s. 1.)

Editor's Note. — G.S. 143-37, referred to in this section, was repealed by Session Laws 1965, c. 640, s. 1. For present provisions as to leave, see G.S. 126-8.

CASE NOTES

Acceptance of Temporary Army or Navy Commission. — Under this section any State official may be given a leave of absence to accept a temporary officer's commission in the United States Army or Navy, as prescribed in this section, without perforce vacating his civil office and without violation of the provisions of former N.C. Const., Art. XIV, § 7 (now N.C. Const., Art. VI, § 9). In re Yelton, 223 N.C. 845, 28 S.E.2d 567 (1944).

Acceptance of Appointment Creating Vacancy. — Where a judge of a superior court has been granted a leave of absence under this section, his acceptance of appointment as judge of the United States Zonal Court in Germany would contravene the provisions of former N.C. Const., Art. XIV, § 7 (now N.C. Const., Art. VI, § 9), and ipso facto create a vacancy in his office. In re Phillips, 226 N.C. 772, 39 S.E.2d 217 (1946).

§ 128-39.1. Leaves of absence for State officials for military or naval service.

(a) Any elective or appointive State official may obtain leave of absence from the official's duties when the official enters active duty in the armed forces of the United States or the North Carolina National Guard as a result of being voluntarily or involuntarily activated, drafted, or otherwise called to duty. The official shall receive no salary during the period of leave. No vacancy is created by a State official obtaining a leave of absence under this section.

(b) If the official will be on active duty for a period of at least 30 days, a leave of absence may be obtained, and a temporary replacement for the official may be appointed in the following manner:

- (1) If the official is not a member of the General Assembly:
  - a. Leave of absence shall be obtained by filing a copy of the official's active duty orders with the Office of the Governor.
  - b. G.S. 128-39 shall provide the procedure for selecting a temporary replacement official.
- (2) If the official is a member of the General Assembly:
  - a. Leave of absence shall be obtained by filing a copy of the official's active duty orders with the clerk of the house of the General Assembly of which the official is a member.
  - b. The Governor shall select a person to serve as the temporary replacement representative or senator. If the appropriate party executive committee recommends an eligible person within 14 days of the occurrence of the vacancy, the appointment shall be made under the same procedure as provided by G.S. 163-11. If a recommendation is not made on a timely basis, the Governor may appoint any person who is both:
    - 1. A resident of the legislative district represented by the legislator being temporarily replaced.
    - 2. A member of the same political party as the legislator being temporarily replaced.

In any case, the person appointed must be eligible to serve under Section 6 of Article II of the North Carolina Constitution if a senator or Section 7 of Article II of the North Carolina Constitution if a representative.

(c) If the official will be on active duty for a period of less than 30 days, a temporary replacement official shall not be appointed, even if a leave of absence is obtained.

(d) The Governor shall appoint the temporary replacement to begin service on the date specified in writing by the official being temporarily replaced as the date the official will enter active military service, or as soon as practicable thereafter. A temporary replacement official shall have all the authority, duties, perquisites, and emoluments of the official temporarily replaced.

(e) The term of the temporary replacement official appointed under this section shall terminate as soon as any of the following occurs:

(1) On the third day after the last day of active duty status of the official who is temporarily replaced.

(2) The clerk of the appropriate house of the General Assembly receives written notice from the official who is temporarily replaced that the official is ready and able to resume the duties of his or her office.

(3) The term of office of the official who is temporarily replaced expires. (2007-432, s. 2.)

Editor's Note. — Session Laws 2007-432, s. 6, made this section effective August 23, 2007. The number of this section was assigned by the Revisor of Statutes, the number in Session Laws 2007-432, s. 2 having been 128-39A.

§ 128-40. Leaves of absence for county officials for protracted illness or other reason.

Any elective or appointive county official may obtain leave of absence from the official's duties for protracted illness or other reason satisfactory to the board of county commissioners of his county, for such period as the board of county commissioners may designate. The leave shall be obtained only upon application by the official and with the consent of the board of county commissioners. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not deprive the official of the benefits of any sick leave to which the official may be entitled by law. The period of leave may be extended upon application to and with the approval of the board of county commissioners if the reason for the original leave still exists, and it may be shortened if the reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which the official was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the board of county commissioners deems it necessary, the board may appoint any qualified citizen of the county as a temporary replacement for the period of the official's leave of absence. This appointee shall have all the authority, duties, perquisites, and emoluments of the official temporarily replaced. The appointee shall possess all the qualifications required by law for holding the office for which the temporary replacement official is appointed. (1941, c. 121, s. 2; 2007-432, s. 3.)

§ 128-41. Leaves of absence for municipal officials for protracted illness or other reason.

Any elective or appointive municipal official may obtain leave of absence from the official's duties for protracted illness or other reason satisfactory to the governing body of the municipality, for such period as the governing body may designate. The leave shall be obtained only upon application by the official and with the consent of the governing body. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not deprive the official of the benefits of any sick leave to which the official may be entitled by law. The period of leave may be extended upon application to and with the approval of the governing body of the municipality if the reason for the original leave still exists, and it may be shortened if the reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which the official was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the governing body deems it necessary, it may appoint any qualified citizen of the municipality as a temporary replacement for the period of the official's leave of absence. ARTICLE 1.

Definitions, General Provisions and Remedies.

Part 1. General Provisions.

§ 130A-1. Title.

This Chapter shall be known as the Public Health Law of North Carolina. (1983, c. 891, s. 2.)

Public Health Improvement Plan. — Session Laws 2009-451, s. 10.26(a)-(i), provides: "(a) The Department of Health and Human Services (DHHS) shall develop a five-year Public Health Improvement Plan (Plan) by March 31, 2010. In developing the Plan the Secretary shall:

"(1) Adopt a list of services and activities performed by local health departments that qualify as core public health functions of statewide significance.

"(2) Adopt a list of performance measures with the intent of improving health status indicators applicable to core public health functions of statewide significance that local health departments (LHDs) must provide.

"(3) Identify a set of health status indicators to be given priority by LHDs.

"Under the Plan, all priorities and health status indicators must incorporate as an essential activity the disparity of diseases amongst populations and locales.

"(b) In order for measurable benefits to be realized through the implementation of the Plan, the Plan shall include the adoption of levels of performance necessary to promote:

"(1) Uniformity across local health departments,

"(2) Best evidence-based services,

"(3) National standards of performance,

"(4) Innovations in public health practice, and

"(5) Reduction of geographic and racial health disparities.

"LHDs shall have the flexibility and opportunity to use the resources available to achieve the required performance measures in a manner that best suits the LHD.

"(c) The Plan will address the need to provide county health departments with financial incentives to encourage and increase local investment in public health functions. County governments shall not supplant existing local funding with State incentive resources. The Secretary may revise the list of activities and performance measures as appropriate, but before doing so, the Secretary shall provide a written explanation of the rationale for the addition, deletion, or revision.

"(d) In developing the Plan the Secretary shall establish and chair the Public Health Improvement Plan Task Force (Task Force), the members and expertise of which shall include:

"(1) Local health departments,

"(2) Department staff,

"(3) Individuals and entities with expertise in the development of performance measures, accountability, and systems management,

"(4) Experts in development of evidence-based medical guidelines or public health practice guidelines, and

"(5) Individuals and entities that will be affected by the performance measures.

"(e) The implementation schedule for the Plan shall be as follows:

"(1) July 1, 2009, establish the Task Force to develop the Plan,

"(2) March 31, 2010, submit the Plan to the 2010 Regular Session of the 2009 General Assembly,

"(3) July 1, 2010, implement the Plan, and

"(4) November 15, 2011, and annually thereafter, report on Plan implementation.

"(f) The Department will identify the programmatic activities and funding in the Division of Public Health associated with the core functions and activities in the Plan. Funds associated with these activities shall be subject to a flexible spending formula adopted by the Department, as follows:

"(1) Beginning in SFY 2010-2011, the flexible spending formula will begin to replace the current spending with a more effective method of funding public health activities at the local level and achieving the results expected.

"(2) The Task Force shall identify a reliable and consistent source of State revenue to fund the flexible spending formula.

"(3) If sufficient additional revenue is available to implement the Plan, a separate set-aside of available funds would be created. This set-aside would be available to contiguous LHDs that seek to address a specific women's health, child health, or adult health disease or chronic condition, and in doing so, choose to merge into a single Local Health District, thus saving administrative dollars to be focused on public health issues.

"(g) Funds appropriated to the Department for flexible spending shall be distributed to county health departments as follows:

"(1) Each of the county health departments will receive a base amount to be determined by the DHHS.

"(2) The balance of funds in the Flexible Spending Account is to be distributed to the counties on the basis of a formula that takes into consideration the following elements:

"a. Population,

"b. Per capita income,

"c. Rates of:

"1. Infant mortality,

"2. Teenage pregnancy,

"3. Tobacco use,

"4. Cancer,

"5. Heart disease,

"6. Diabetes, and

"7. Stroke.

"d. Percent of minorities in the county,

"e. Body Mass Index (BMI) of public school students, and

"f. Other factors as the Secretary may find necessary to achieve the goals of the Plan.

"(3) The use of the funds by the LHD would reflect the core public health functions. It will be incumbent upon the LHD to use the funds in a manner that assures its achievement of the performance measures adopted by the Secretary.

"(h) To ensure compliance with Department directives, the Task Force shall consider requiring each county health department to submit to the Secretary such data as the Secretary determines is necessary to allow the Secretary to assess whether the county health department has used the funds in a manner consistent with achieving the performance measures associated with this Plan.

"(i) Beginning November 15, 2011, and biannually thereafter, the Secretary shall report to the Governor and the General Assembly on:

"(1) The distribution of funds to LHDs,

"(2) The use of these funds by LHDs,

"(3) The specific effect the funding from this Plan has had on:

"a. LHDs' performance,

"b. Health status indicators, and

"c. Health disparities.

"The Secretary's initial report will focus on implementation. Subsequent reports will evaluate trends in performance and expenditures."

§ 130A-1.1. Mission and essential services.

(a) The General Assembly recognizes that unified purpose and direction of the public health system is necessary to ensure that all citizens in the State have equal access to essential public health services. The General Assembly declares that the mission of the public health system is to promote and contribute to the highest level of health possible for the people of North Carolina by:

(1) Preventing health risks and disease;
(2) Identifying and reducing health risks in the community;
(3) Detecting, investigating, and preventing the spread of disease;
(4) Promoting healthy lifestyles;
(5) Promoting a safe and healthful environment;
(6) Promoting the availability and accessibility of quality health care services through the private sector; and
(7) Providing quality health care services when not otherwise available.

(b) As used in this section, the term "essential public health services" means those services that the State shall ensure because they are essential to promoting and contributing to the highest level of health possible for the citizens of North Carolina. The Departments of Environment and Natural

Omission of these services from the list of essential public health services shall not be construed as an intent to prohibit or decrease their availability. Rather, such omission means only that the omitted services may be more appropriately assured by government agencies or private entities other than the public health system.

(d) The list of essential public health services required by this section shall not be construed to limit or restrict the powers and duties of the Commission for Public Health or the Departments of Environment and Natural Resources and Health and Human Services as otherwise conferred by State law. Editor's Note. — Session Laws 2009-451, s. 10.26(a)-(i), provides: "(a) The Department of Health and Human Services (DHHS) shall develop a five-year Public Health Improvement Plan (Plan) by March 31, 2010. In developing the Plan the Secretary shall:

"(1) Adopt a list of services and activities performed by local health departments that qualify as core public health functions of statewide significance.

"(2) Adopt a list of performance measures with the intent of improving health status indicators applicable to core public health functions of statewide significance that local health departments (LHDs) must provide.

"(3) Identify a set of health status indicators to be given priority by LHDs.

"Under the Plan, all priorities and health status indicators must incorporate as an essential activity the disparity of diseases amongst populations and locales.

"(b) In order for measurable benefits to be realized through the implementation of the Plan, the Plan shall include the adoption of levels of performance necessary to promote:

"(1) Uniformity across local health departments,

"(2) Best evidence-based services,

"(3) National standards of performance,

"(4) Innovations in public health practice, and

"(5) Reduction of geographic and racial health disparities.

"LHDs shall have the flexibility and opportunity to use the resources available to achieve the required performance measures in a manner that best suits the LHD.

"(c) The Plan will address the need to provide county health departments with financial incentives to encourage and increase local investment in public health functions. County governments shall not supplant existing local funding with State incentive resources. The Secretary may revise the list of activities and performance measures as appropriate, but before doing so, the Secretary shall provide a written explanation of the rationale for the addition, deletion, or revision.

"(d) In developing the Plan the Secretary shall establish and chair the Public Health Improvement Plan Task Force (Task Force), the members and expertise of which shall include:

"(1) Local health departments,

"(2) Department staff,

"(3) Individuals and entities with expertise in the development of performance measures, accountability, and systems management,

"(4) Experts in development of evidence-based medical guidelines or public health practice guidelines, and

"(5) Individuals and entities that will be affected by the performance measures.

"(e) The implementation schedule for the Plan shall be as follows:

"(1) July 1, 2009, establish the Task Force to develop the Plan,

"(2) March 31, 2010, submit the Plan to the 2010 Regular Session of the 2009 General Assembly,

"(3) July 1, 2010, implement the Plan, and

"(4) November 15, 2011, and annually thereafter, report on Plan implementation.

"(f) The Department will identify the programmatic activities and funding in the Division of Public Health associated with the core functions and activities in the Plan. Funds associated with these activities shall be subject to a flexible spending formula adopted by the Department, as follows:

"(1) Beginning in SFY 2010-2011, the flexible spending formula will begin to replace the current spending with a more effective method of funding public health activities at the local level and achieving the results expected.

"(2) The Task Force shall identify a reliable and consistent source of State revenue to fund the flexible spending formula.

"(3) If sufficient additional revenue is available to implement the Plan, a separate set-aside of available funds would be created. This set-aside would be available to contiguous LHDs that seek to address a specific women's health, child health, or adult health disease or chronic condition, and in doing so, choose to merge into a single Local Health District, thus saving administrative dollars to be focused on public health issues.

"(g) Funds appropriated to the Department for flexible spending shall be distributed to county health departments as follows:

"(1) Each of the county health departments will receive a base amount to be determined by the DHHS.

"(2) The balance of funds in the Flexible Spending Account is to be distributed to the counties on the basis of a formula that takes into consideration the following elements:

"a. Population,
"b. Per capita income,
"c. Rates of:
"1. Infant mortality,
"2. Teenage pregnancy,
"3. Tobacco use,
"4. Cancer,
"5. Heart disease,
"6. Diabetes, and
"7. Stroke.
"d. Percent of minorities in the county,
"e. Body Mass Index (BMI) of public school students, and
"f. Other factors as the Secretary may find necessary to achieve the goals of the Plan.

"(3) The use of the funds by the LHD would reflect the core public health functions. It will be incumbent upon the LHD to use the funds in a manner that assures its achievement of the performance measures adopted by the Secretary.

"(h) To ensure compliance with Department directives, the Task Force shall consider requiring each county health department to submit to the Secretary such data as the Secretary determines is necessary to allow the Secretary to assess whether the county health department has used the funds in a manner consistent with achieving the performance measures associated with this Plan.

"(i) Beginning November 15, 2011, and biannually thereafter, the Secretary shall report to the Governor and the General Assembly on:

"(1) The distribution of funds to LHDs,
"(2) The use of these funds by LHDs,
"(3) The specific effect the funding from this Plan has had on:
"a. LHDs' performance,
"b. Health status indicators, and
"c. Health disparities.

"The Secretary's initial report will focus on implementation. Subsequent reports will evaluate trends in performance and expenditures."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

§ 130A-20. Abatement of an imminent hazard.

(a) If the Secretary or a local health director determines that an imminent hazard exists, the Secretary or a local health director may order the owner, lessee, operator, or other person in control of the property to abate the imminent hazard or may, after notice to or reasonable attempt to notify the owner, lessee, operator, or other person in control of the property enter upon any property and take any action necessary to abate the imminent hazard. If the Secretary or a local health director abates the imminent hazard, the Department or the local health department shall have a lien on the property of the owner, lessee, operator, or other person in control of the property where the imminent hazard existed for the cost of the abatement of the imminent hazard. The lien may be enforced in accordance with procedures provided in Chapter 44A of the General Statutes. The lien may be defeated by a showing that an imminent hazard did not exist at the time the Secretary or the local health director took the action. The owner, lessee, operator, or any other person against whose property the lien has been filed may defeat the lien by showing that that person was not culpable in the creation of the imminent hazard.

(b) The Secretary of Environment and Natural Resources and a local health director shall have the same rights enumerated in subsection (a) of this section to enforce the provisions of Part 4 of Article 5 and Articles 8, 9, 10, 11, and 12 of this Chapter. (1893, c. 214, s. 22; Rev., ss. 3446, 4450; 1911, c. 62, ss. 12, 13; 1913, c. 181, s. 3; C.S., ss. 7071, 7072; 1957, c. 1357, s. 1; 1983, c. 891, s. 2; 1997-443, s. 11A.63; 2002-179, s. 6; 2006-255, s. 13.6.)

A person who causes the release of a hazardous material that results in the activation of one or more State Medical Assistance Teams (SMATs) or the Epidemiology Section of the Division of Public Health of the Department of Health and Human Services shall be liable for all reasonable costs incurred by each team or the Epidemiology Section that responds to or mitigates the incident. The Secretary of Health and Human Services shall invoice the person liable for the hazardous materials release and, in the event of nonpayment, may institute an action to recover those costs in the superior court of the county in which the release occurred. (2007-107, s. 3.1(b).)

Editor's Note. — Session Laws 2007-107, s. 3.1.(c) made this section effective June 26, 2007, and applicable to civil actions filed on or after that date.

Session Laws 2007-102, s. 4.2(a), provides: "The Department of Crime Control and Public Safety and the Department of Health and Human Services shall jointly identify and evaluate sources of permanent funding for State Medical Assistance Teams in light of the uncertain future availability of federal and local funding. The Department shall jointly report its findings and recommendations, including any legislative proposals, to the Fiscal Research Division on or before 1 January 2008."

Session Laws 2007-107, s. 5.2(a), provides: "The Occupational and Environmental Epidemiology Branch of the Division of Public Health of the Department of Health and Human Services shall contract with an industrial hygienist who shall develop a model plan for public health response to events with a potential for chemical, biological, or radiological contamination. The plan shall address all stages of the contamination event. The contract shall provide for the services of the industrial hygienist for up to 18 months. The contract shall require the industrial hygienist to:

"(1) Develop a model plan and a training program that provides for training in all North Carolina counties.

"(2) Analyze existing environmental data related to the hazardous waste facilities in the State, develop a statement of need for the integration of that data, and recommend any additional tests that may be needed, including tests to establish background levels of selected hazardous materials.

"(3) Initiate and facilitate a staff-level work group of federal, State, and local response personnel to provide continuity and to assist with the development of best practice response protocols."

Session Laws 2007-107, s. 6.2, contains a severability clause.

§ 130A-21. Embargo.

(a) In addition to the authority of the Department of Agriculture and Consumer Services pursuant to G.S. 106-125, the Secretary of Environment and Natural Resources or a local health director has authority to exercise embargo authority concerning food or drink pursuant to G.S. 106-125(a), (b) and (c) when the food or drink is in an establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter, that is subject to rules adopted by the Commission, or that is the subject of an investigation pursuant to G.S. 130A-144; however, no such action shall be taken in any establishment or part of an establishment that is under inspection or otherwise regulated by the Department of Agriculture and Consumer Services or the United States Department of Agriculture other than the part of the establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter. Any action under this section shall only be taken by, or after consultation with, Department of Environment and Natural Resources regional environmental health specialists, or the Director of the Division of Environmental Health or the Director's designee, in programs regulating food and drink pursuant to this Chapter or in programs regulating food and drink that are subject to rules adopted by the Commission. Authority under this section shall not be delegated to individual environmental health specialists in local health departments otherwise authorized and carrying out laws and rules pursuant to G.S. 130A-4. When any action is taken pursuant to this section, the Department of Environment and Natural Resources or the local health director shall immediately notify the Department of Agriculture and Consumer Services. For the purposes of this subsection, all duties and procedures in G.S. 106-125 shall be carried out by the Secretary of the Department of Environment and Natural Resources or the local health director and shall not be required to be carried out by the Department of Agriculture and Consumer Services. It shall be unlawful for any person to remove or dispose of the food or drink by sale or otherwise without the permission of a Department of Environment and Natural Resources regional environmental health specialist, the Director of the Division of Environmental Health or the Director's designee, the local health director, or a duly authorized agent of the Department of Agriculture and Consumer Services, or by the court in accordance with the provisions of G.S. 106-125.

(b) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any milk designated as Grade "A" milk is misbranded or does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the milk by affixing a tag to it and warning all persons not to remove or dispose of the milk until permission for removal or disposal is given by the official by whom the milk was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed milk without that permission.

The official by whom the milk was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the milk is detained or embargoed for an order for condemnation of the article. If the court finds that the milk is misbranded or that it does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, either the milk shall be destroyed under the supervision of the petitioner or the petitioner shall ensure that the milk will not be used for human consumption as Grade "A" milk. All court costs and fees, storage, expenses of carrying out the court's order and other expense shall be taxed against the claimant of the milk. If, the milk, by proper labelling or processing, can be properly branded and will satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the court, after the payment of all costs, fees, and expenses and after the claimant posts an adequate bond, may order that the milk be delivered to the claimant for proper labelling and processing under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court either that the milk is no longer mislabelled or in violation of the milk sanitation rules adopted pursuant to G.S. 130A-275, or that the milk will not be used for human consumption, and that in either case the expenses of supervision have been paid.

(c) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any scallops, shellfish or crustacea is adulterated or misbranded, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the article by affixing a tag to it and warning all persons not to remove or dispose of the article until permission for removal or disposal is given by the official by whom it was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed article without that permission.

The official by whom the scallops, shellfish or crustacea was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the article is detained or embargoed for an order for condemnation of the article. If the court finds that the article is adulterated or misbranded, that article shall be destroyed under the supervision of the petitioner. All court costs and fees, storage and other expense shall be taxed against the claimant of the article. If, the article, by proper labelling can be properly branded, the court, after the payment of all costs, fees, expenses, and an adequate bond, may order that the article be delivered to the claimant for proper labelling under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court that the article is no longer mislabelled and that the expenses of supervision have been paid.

(d) Nothing in this section is intended to limit the embargo authority of the Department of Agriculture and Consumer Services. The Department of Environment and Natural Resources and the Department of Agriculture and Consumer Services are authorized to enter agreements respecting the duties and responsibilities of each agency in the exercise of their embargo authority.

(e) For the purpose of this section, a food or drink is adulterated if the food or drink is deemed adulterated under G.S. 106-129; and food or drink is misbranded if it is deemed misbranded under G.S. 106-130. (1983, c. 891, s. 2; 1997-261, s. 109; 1997-443, s. 11A.63A; 2006-80, s. 1; 2007-7, s. 1.)

§ 130A-22. Administrative penalties.

(a) The Secretary of Environment and Natural Resources may impose an administrative penalty on a person who violates Article 9 of this Chapter, rules adopted by the Commission pursuant to Article 9, or any term or condition of a permit or order issued under Article 9. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed fifteen thousand dollars ($15,000) per day in the case of a violation involving nonhazardous waste. The penalty shall not exceed thirty-two thousand five hundred dollars ($32,500) per day in the case of a first violation involving hazardous waste as defined in G.S. 130A-290 or involving the disposal of medical waste as defined in G.S. 130A-290 in or upon water in a manner that results in medical waste entering waters or lands of the State; and shall not exceed fifty thousand dollars ($50,000) per day for a second or further violation involving the disposal of medical waste as defined in G.S. 130A-290 in or upon water in a manner that results in medical waste entering waters or lands of the State. The penalty shall not exceed thirty-two thousand five hundred dollars ($32,500) per day for a violation involving a voluntary remedial action implemented pursuant to G.S. 130A-310.9(c) or a violation of the rules adopted pursuant to G.S. 130A-310.12(b). The penalty shall not exceed one hundred dollars ($100.00) for a first violation; two hundred dollars ($200.00) for a second violation within any 12-month period; and five hundred dollars ($500.00) for each additional violation within any 12-month period for any violation of Part 2G of Article 9 of this Chapter. If a person fails to pay a civil penalty within 60 days after the final agency decision or court order has been served on the violator, the Secretary of Environment and Natural Resources shall request the Attorney General to institute a civil action in the superior court of any county in which the violator resides or has his or its principal place of business to recover the amount of the assessment. Such civil actions must be filed within three years of the date the final agency decision or court order was served on the violator.

(a1) Part 5 of Article 21A of Chapter 143 of the General Statutes shall apply to the determination of civil liability or penalty pursuant to subsection (a) of this section.

(b) The Secretary of Environment and Natural Resources may impose an administrative penalty on a person who violates G.S. 130A-325. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed twenty-five thousand dollars ($25,000) for each day the violation continues.

(b1) The Secretary may impose an administrative penalty on a person who violates Article 19 of this Chapter or a rule adopted pursuant to that Article. Except as provided in subsection (b2) of this section, the penalty shall not exceed one thousand dollars ($1,000) per day per violation. Until the Department has notified the person of the violation, a continuing violation shall be treated as one violation. Each day thereafter of a continuing violation shall be treated as a separate violation.

In determining the amount of a penalty under this subsection or subsection (b2) of this section, the Secretary shall consider all of the following factors:

(1) The degree and extent of harm to the natural resources of the State, to the public health, or to private property resulting from the violation.
(2) The duration and gravity of the violation.
(3) The effect on air quality.
(4) The cost of rectifying the damage.
(5) The amount of money the violator saved by noncompliance.
(6) The prior record of the violator in complying or failing to comply with Article 19 of this Chapter or a rule adopted pursuant to that Article.
(7) The cost to the State of the enforcement procedures.
(8) If applicable, the size of the renovation and demolition involved in the violation.

(b2) The penalty for violations of the asbestos NESHAP for demolition and renovation, as defined in G.S. 130A-444, shall not exceed ten thousand dollars ($10,000) per day per violation. Until the Department has provided the person with written notification of the violation of the asbestos NESHAP for demolition and renovation that describes the violation, recommends a general course of action, and establishes a time frame in which to correct the violations, a continuing violation shall be treated as one violation. Each day thereafter of a continuing violation shall be treated as a separate violation. A violation of the asbestos NESHAP for demolition and renovation is not considered to continue during the period a person who has received the notice of violation is following the general course of action and complying with the time frame set forth in the notice of violation.

(b3) The Secretary may impose an administrative penalty on a person who violates Article 19A or 19B of this Chapter or any rules adopted pursuant to Article 19A or 19B of this Chapter. Each day of a continuing violation is a separate violation. The penalty shall not exceed one thousand dollars ($1,000) for each day the violation continues for Article 19A of this Chapter. The penalty shall not exceed seven hundred fifty dollars ($750.00) for each day the violation continues for Article 19B of this Chapter. The penalty authorized by this section does not apply to a person who is not required to be certified under Article 19A or 19B.

(c) The Secretary of Environment and Natural Resources may impose an administrative penalty on a person who willfully violates Article 11 of this Chapter, rules adopted by the Commission pursuant to Article 11 or any condition imposed upon a permit issued under Article 11. An administrative penalty may not be imposed upon a person who establishes that neither the site nor the system may be improved or a new system installed so as to comply with Article 11 of this Chapter. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed fifty dollars ($50.00) per day in the case of a wastewater collection, treatment and disposal system with a design daily flow of no more than 480 gallons or in the case of any system serving a single one-family dwelling. The penalty shall not exceed three hundred dollars ($300.00) per day in the case of a wastewater collection, treatment and disposal system with a design daily flow of more than 480 gallons which does not serve a single one-family dwelling.

(c1) The Secretary may impose a monetary penalty on a vendor who violates rules adopted by the Commission pursuant to Article 13 of this Chapter when the Secretary determines that disqualification would result in hardship to participants in the Women, Infants, and Children (WIC) program. The penalty shall be calculated using the following formula: multiply five percent (5%) times the average dollar amount of the vendor's monthly redemptions of WIC food instruments for the 12-month period immediately preceding disqualification, then multiply that product by the number of months of the disqualification period determined by the Secretary.

(d) In determining the amount of the penalty in subsections (a), (b) and (c), the Secretary and the Secretary of Environment and Natural Resources shall consider the degree and extent of the harm caused by the violation and the cost of rectifying the damage.

(e) A person contesting a penalty shall, by filing a petition pursuant to G.S. 150B-23(a) not later than 30 days after receipt by the petitioner of the document which constitutes agency action, be entitled to an administrative hearing and judicial review in accordance with Chapter 150B of the General Statutes, the Administrative Procedure Act.

(f) The Commission shall adopt rules concerning the imposition of administrative penalties under this section.

(g) The Secretary or the Secretary of Environment and Natural Resources may bring a civil action in the superior court of the county where the violation occurred or where the defendant resides to recover the amount of an administrative penalty authorized under this section whenever a person:

(1) Who has not requested an administrative hearing in accordance with subsection (e) of this section fails to pay the penalty within 60 days after being notified of the penalty; or

(2) Who has requested an administrative hearing fails to pay the penalty within 60 days after service of a written copy of the final agency decision.

(h) A local health director may impose an administrative penalty on any person who willfully violates the wastewater collection, treatment, and disposal rules of the local board of health adopted pursuant to G.S. 130A-335(c) or who willfully violates a condition imposed upon a permit issued under the approved local rules. An administrative penalty may not be imposed upon a person who establishes that neither the site nor the system may be improved or a new system installed so as to comply with Article 11 of this Chapter. The local health director shall establish and recover the amount of the administrative penalty in accordance with subsections (d) and (g). Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed fifty dollars ($50.00) per day in the case of a wastewater collection, treatment and disposal system with a design daily flow of no more than 480 gallons or in the case of any system serving a single one-family dwelling. The penalty shall not exceed three hundred dollars ($300.00) per day in the case of a wastewater collection, treatment and disposal system with a design daily flow of more than 480 gallons which does not serve a single one-family dwelling. A person contesting a penalty imposed under this subsection shall be entitled to an administrative hearing and judicial review in accordance with G.S. 130A-24. A local board of health shall adopt rules concerning the imposition of administrative penalties under this subsection.

(h1) **(Effective January 2, 2010)** A local health director may take the following actions and may impose the following administrative penalty on a person who manages, operates, or controls a public place or place of employment and fails to comply with the provisions of Part 1C of Article 23 of this Chapter or with rules adopted thereunder or with local ordinances, rules, laws, or policies adopted pursuant to Part 2 of Article 23 of this Chapter:

(1) First violation. — Provide the person in violation with written notice of the person's first violation and notification of action to be taken in the event of subsequent violations.

(2) Second violation. — Provide the person in violation with written notice of the person's second violation and notification of administrative penalties to be imposed for subsequent violations.

(3) Subsequent violations. — Impose on the person in violation an administrative penalty of not more than two hundred dollars ($200.00) for the third and subsequent violations.

Each day on which a violation of this Article or rules adopted pursuant to this Article occurs may be considered a separate and distinct violation. Notwithstanding G.S. 130A-25, a violation of Article 23 of this Chapter shall not be punishable as a criminal violation.

(i) The clear proceeds of penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(j) The Secretary of Environment and Natural Resources may also assess the reasonable costs of any investigation, inspection, or monitoring associated with the assessment of the civil penalty against any person who is assessed a civil penalty under this section. Editor's Note. — Session Laws 1997-523, s. 3 provides that G.S. 130A-453.11, as enacted by that act, and section 3 of the act are effective when they become law. The remainder of that act becomes effective 1 July 1998 unless, as of that date, Subpart L of Part 745 of Title 40 of the Code of Federal Regulations (40 C.F.R. G.S. 745.220, et seq., as set out in the Federal Register of 29 August 1996) is scheduled to become effective later than 1 September 1998, in which case the remainder of the act becomes effective when Subpart L of Part 745 of Title 40 of the Code of Federal Regulations becomes effective. Subpart L of Part 745 of Title 40 of the

Code of Federal Regulations became effective August 29, 1996, and thus subsection (b3) became effective July 1, 1998.

CASE NOTES

The burden is placed upon a person who generates a solid waste to make a determination whether that waste is hazardous or not and whether the person will be subject to special rules and regulations governing hazardous wastes, thus, petitioner had the burden of determining whether its solid waste shipped to North Carolina in drums was hazardous or not by either testing the material or by applying knowledge of the processes used, and failure to do so could result in the assessment of a penalty against petitioner under subsection (a). Air-A-Plane Corp. v. North Carolina Dep't of Env't, 118 N.C. App. 118, 454 S.E.2d 297 (1995).

OPINIONS OF ATTORNEY GENERAL

As to North Carolina prohibition of the dumping of waste materials such as bags of medical refuse, especially that which may be hazardous or infectious, into the Atlantic Ocean, the authority of North Carolina with respect to dumping beyond three miles in the ocean which results in wastes entering State waters or being deposited on the State shores, and the extent State law applies to such events and what departments are responsible for enforcing such laws, see opinion of Attorney General to Mr. Robert B. Jordan, III, Lieutenant Governor, 58 N.C.A.G. 57 (1988).

§ 130A-23. Suspension and revocation of permits and program participation.

(a) The Secretary may suspend or revoke a permit issued under this Chapter upon a finding that a violation of the applicable provisions of this Chapter, the rules of the Commission or a condition imposed upon the permit has occurred. A permit may also be suspended or revoked upon a finding that its issuance was based upon incorrect or inadequate information that materially affected the decision to issue the permit.

(b) The Secretary may suspend or revoke a person's participation in a program administered under this Chapter upon a finding that a violation of the applicable provisions of this Chapter or the rules of the Commission has occurred. Program participation may also be suspended or revoked upon a finding that participation was based upon incorrect or inadequate information that materially affected the decision to grant program participation.

(c) A person shall be given notice that there has been a tentative decision to suspend or revoke the permit or program participation and that an administrative hearing will be held in accordance with Chapter 150B of the General Statutes, the Administrative Procedure Act, at which time the person may challenge the tentative decision.

(d) A permit shall be suspended or revoked immediately if a violation of the Chapter, the rules or a condition imposed upon the permit presents an imminent hazard. An operation permit issued pursuant to G.S. 130A-281 shall be immediately suspended for failure of a public swimming pool to maintain minimum water quality or safety standards or design and construction standards pertaining to the abatement of suction hazards which result in an unsafe condition. A permit issued pursuant to G.S. 130A-248 shall be revoked immediately for failure of an establishment to maintain a minimum grade of C. The Secretary of Environment and Natural Resources shall immediately give notice of the suspension or revocation and the right of the permit holder or program participant to appeal the suspension or revocation under G.S. 150B-23.

(e) The Secretary of Environment and Natural Resources shall have all of the applicable rights enumerated in this section to enforce the provisions of Articles 8, 9, 10, 11, and 12 of this Chapter. (1983, c. 891, s. 2; 1987, c. 827, s. 1; c. 438, s. 3; 1993, c. 211, s. 2; 1993 (Reg. Sess., 1994), c. 732, s. 2; 1995, c. 123, s. 15; 1997-443, s. 11A.65.)

§ 130A-24. Appeals procedure.

(a) Appeals concerning the enforcement of rules adopted by the Commission, concerning the suspension and revocation of permits and program participation by the Secretary and concerning the imposition of administrative penalties by the Secretary shall be governed by Chapter 150B of the General Statutes, the Administrative Procedure Act.

(a1) Any person appealing an action taken by the Department pursuant to this Chapter or rules of the Commission shall file a petition for a contested case with the Office of Administrative Hearings as provided in G.S. 150B-23(a). The petition shall be filed not later than 30 days after notice of the action which confers the right of appeal unless a federal statute or regulation provides for a different time limitation. The time limitation imposed under this subsection shall commence when notice of the agency decision is given to all persons aggrieved. Such notice shall be provided to all persons known to the agency by personal delivery or by the placing of notice in an official depository of the United States Postal Service addressed to the person at the latest address provided to the agency by the person.

(b) Appeals concerning the enforcement of rules adopted by the local board of health and concerning the imposition of administrative penalties by a local health director shall be conducted in accordance with this subsection and subsections (c) and (d) of this section. (c) The local board of health shall hold a hearing within 15 days of the receipt of the notice of appeal. The board shall give the person not less than 10 days' notice of the date, time and place of the hearing. On appeal, the board shall have authority to affirm, modify or reverse the challenged action. The local board of health shall issue a written decision based on the evidence presented at the hearing. The decision shall contain a concise statement of the reasons for the decision.

(d) A person who wishes to contest a decision of the local board of health under subsection (b) of this section shall have a right of appeal to the district court having jurisdiction within 30 days after the date of the decision by the board. The scope of review in district court shall be the same as in G.S. 150B-51.

(e) The appeals procedures enumerated in this section shall apply to appeals concerning the enforcement of rules, the imposition of administrative penalties, or any other action taken by the Department of Environment and Natural Resources pursuant to Articles 8, 9, 10, 11, and 12 of this Chapter. (1983, c. 891, s. 2; 1987, c. 482; c. 827, s. 248; 1993, c. 211, s. 1; 1997-443, s. 11A.66; 1998-217, s. 33.)

CASE NOTES

Subject Matter Jurisdiction. — Trial court was without subject matter jurisdiction to enter findings or conclusions regarding an animal rights organization's claim against a private agency for alleged violations by the agency of G.S. 130A-192, as enforcement of the statute was proper against the local board of health in the Office of Administrative Hearings under G.S. 130A-4(a) and G.S. 130A-24. Justice for Animals, Inc. v. Lenoir County SPCA, Inc., 168 N.C. App. 298, 607 S.E.2d 317, 2005 N.C. App. LEXIS 254 (2005).

Letter to an employee after her termination while on medical leave that expressed sympathy for her medical condition and reiterated facts regarding the employee's termination did not constitute sufficient notice of the decision or action regarding the grievance filed by the employee, which triggered the right to appeal for purposes of G.S. 126-38; because the employer, the Department of Social Services (DSS), failed to provide the notice required under G.S. 150B-23(f) as to appealing her termination, an administrative law judge properly denied the DSS' motion to dismiss the appeal as untimely. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

"Aggrieved person." — G.S. 19A-1 and G.S. 19A-2 express the General Assembly's intent that the broadest category of persons or organizations be deemed "[a] real party in interest" when contesting cruelty to animals; thus, animal welfare advocates who filed an action challenging an animal control facility's euthanasia procedures and record-keeping were "aggrieved persons" entitled to proceed under G.S. 130A-24 where, under G.S. 19A-1, the General Assembly viewed "persons" such as the advocates to be real parties in interest for the purpose of litigation in court and where the claims concerned the enforcement of rules adopted by the local board of health. Justice for Animals, Inc. v. Robeson County, 164 N.C. App. 366, 595 S.E.2d 773, 2004 N.C. App. LEXIS 813 (2004).

This determination shall be made only after the medical consultant of the confinement facility and the State Health Director, in consultation with the local health director of the person's county of residence, have made recommendations to the Court. (1983, c. 891, s. 2; 1987, c. 782, s. 19; 1991, c. 187, s. 1; 1993, c. 539, s. 946; 1994, Ex. Sess., c. 24, s. 14(c); 1993 (Reg. Sess., 1994), c. 767, s. 18.)

CASE NOTES

Sufficient Evidence of a Nuisance. — Evidence that a stable is within four feet of a dwelling house, and because of its filthy condition those occupying the house were unable to eat, and the health officer has given notice to abate the nuisance, was sufficient to convict under former G.S. 130-20. State v. Wilkes, 170 N.C. 735, 87 S.E. 48 (1915), decided under prior law.

"(2) The Task Force shall identify a reliable and consistent source of State revenue to fund the flexible spending formula.

"(3) If sufficient additional revenue is available to implement the Plan, a separate set-aside of available funds would be created. This set-aside would be available to contiguous LHDs that seek to address a specific women's health, child health, or adult health disease or chronic condition, and in doing so, choose to merge into a single Local Health District, thus saving administrative dollars to be focused on public health issues.

"(g) Funds appropriated to the Department for flexible spending shall be distributed to county health departments as follows:

"(1) Each of the county health departments will receive a base amount to be determined by the DHHS.

"(2) The balance of funds in the Flexible Spending Account is to be distributed to the counties on the basis of a formula that takes into consideration the following elements:

"a. Population,

"b. Per capita income,

"c. Rates of:

"1. Infant mortality,

"2. Teenage pregnancy,

"3. Tobacco use,

"4. Cancer,

"5. Heart disease,

"6. Diabetes, and

"7. Stroke.

"d. Percent of minorities in the county,

"e. Body Mass Index (BMI) of public school students, and

"f. Other factors as the Secretary may find necessary to achieve the goals of the Plan.

"(3) The use of the funds by the LHD would reflect the core public health functions. It will be incumbent upon the LHD to use the funds in a manner that assures its achievement of the performance measures adopted by the Secretary.

"(h) To ensure compliance with Department directives, the Task Force shall consider requiring each county health department to submit to the Secretary such data as the Secretary determines is necessary to allow the Secretary to assess whether the county health department has used the funds in a manner consistent with achieving the performance measures associated with this Plan.

"(i) Beginning November 15, 2011, and biannually thereafter, the Secretary shall report to the Governor and the General Assembly on:

"(1) The distribution of funds to LHDs,

"(2) The use of these funds by LHDs,

"(3) The specific effect the funding from this Plan has had on:

"a. LHDs' performance,

"b. Health status indicators, and

"c. Health disparities.

"The Secretary's initial report will focus on implementation. Subsequent reports will evaluate trends in performance and expenditures."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

The Board shall implement accreditation over a period of eight years, beginning January 1, 2006. (1) "Accredited" to a local health department that satisfies the accreditation standards. The initial period of accreditation shall expire four calendar years after initial accreditation is granted.

The period of conditional accreditation shall expire two calendar years after conditional accreditation is granted. The Board shall provide to the local health department a written statement of the conditions that must be satisfied in order for the local health department to be accredited. At any time during the two-year period, the local health department may request that its status be reviewed and changed from "conditionally accredited" to "accredited." § 130A-35. County board of health; appointment; terms.

(a) A county board of health shall be the policy-making, rule-making and adjudicatory body for a county health department.

(b) The members of a county board of health shall be appointed by the county board of commissioners. The board shall be composed of 11 members. The composition of the board shall reasonably reflect the population makeup of the county and shall include: one physician licensed to practice medicine in this State, one licensed dentist, one licensed optometrist, one licensed veterinarian, one registered nurse, one licensed pharmacist, one county commissioner, one professional engineer, and three representatives of the general public. Except as otherwise provided in this section, all members shall be residents of the county. If there is not a licensed physician, a licensed dentist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer available for appointment, an additional representative of the general public shall be appointed. If however, one of the designated professions has only one person residing in the county, the county commissioners shall have the option of appointing that person or a member of the general public. In the event a licensed optometrist who is a resident of the county is not available for appointment, then the county commissioners shall have the option of appointing either a licensed optometrist who is a resident of another county or a member of the general public.

(c) Except as provided in this subsection, members of a county board of health shall serve three-year terms. No member may serve more than three consecutive three-year terms unless the member is the only person residing in the county who represents one of the professions designated in subsection (b) of this section. The county commissioner member shall serve only as long as the member is a county commissioner. When a representative of the general public is appointed due to the unavailability of a licensed physician, a licensed dentist, a resident licensed optometrist or a nonresident licensed optometrist as authorized by subsection (b) of this section, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer, that member shall serve only until a licensed physician, a licensed dentist, a licensed resident or nonresident optometrist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer becomes available for appointment. In order to establish a uniform staggered term structure for the board, a member may be appointed for less than a three-year term.

(d) Vacancies shall be filled for any unexpired portion of a term.

(e) A chairperson shall be elected annually by a county board of health. The local health director shall serve as secretary to the board.

(f) A majority of the members shall constitute a quorum.

(g) A member may be removed from office by the county board of commissioners for:

(1) Commission of a felony or other crime involving moral turpitude;
(2) Violation of a State law governing conflict of interest;
(3) Violation of a written policy adopted by the county board of commissioners;
(4) Habitual failure to attend meetings;
(5) Conduct that tends to bring the office into disrepute; or
(6) Failure to maintain qualifications for appointment required under subsection (b) of this section.

A board member may be removed only after the member has been given written notice of the basis for removal and has had the opportunity to respond.

(h) A member may receive a per diem in an amount established by the county board of commissioners. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county board of commissioners.

CASE NOTES

Applied in Holt v. Albemarle Reg'l Health Servs. Bd., 188 N.C. App. 111, 655 S.E.2d 729, 2008 N.C. App. LEXIS 95 (2008).

§ 130A-37. District board of health.

(a) A district board of health shall be the policy-making, rule-making and adjudicatory body for a district health department and shall be composed of 15 members; provided, a district board of health may be increased up to a maximum number of 18 members by agreement of the boards of county commissioners in all counties that comprise the district. The agreement shall be evidenced by concurrent resolutions adopted by the affected boards of county commissioners.

(b) The county board of commissioners of each county in the district shall appoint one county commissioner to the district board of health. The county commissioner members of the district board of health shall appoint the other members of the board, including at least one physician licensed to practice medicine in this State, one licensed dentist, one licensed optometrist, one licensed veterinarian, one registered nurse, one licensed pharmacist, and one professional engineer. The composition of the board shall reasonably reflect the population makeup of the entire district and provide equitable district-wide representation. All members shall be residents of the district. If there is not a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer available for appointment, an additional representative of the general public shall be appointed. If however, one of the designated professions has only one person residing in the district, the county commissioner members shall have the option of appointing that person or a member of the general public.

(c) Except as provided in this subsection, members of a district board of health shall serve terms of three years. Two of the original members shall serve terms of one year and two of the original members shall serve terms of two years. No member shall serve more than three consecutive three-year terms unless the member is the only person residing in the district who represents one of the professions designated in subsection (b) of this section. County commissioner members shall serve only as long as the member is a county commissioner. When a representative of the general public is appointed due to the unavailability of a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer that member shall serve only until a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer becomes available for appointment. The county commissioner members may appoint a member for less than a three-year term to achieve a staggered term structure.

(d) Whenever a county shall join or withdraw from an existing district health department, the district board of health shall be dissolved and a new board shall be appointed as provided in subsection (c).

(e) Vacancies shall be filled for any unexpired portion of a term.

(f) A chairperson shall be elected annually by a district board of health. The local health director shall serve as secretary to the board.

(g) A majority of the members shall constitute a quorum.

(h) A member may be removed from office by the district board of health for:

(1) Commission of a felony or other crime involving moral turpitude;
(2) Violation of a State law governing conflict of interest;
(3) Violation of a written policy adopted by the county board of commissioners of each county in the district;
(4) Habitual failure to attend meetings;
(5) Conduct that tends to bring the office into disrepute; or
(6) Failure to maintain qualifications for appointment required under subsection (b) of this section.

A board member may be removed only after the member has been given written notice of the basis for removal and has had the opportunity to respond.

(i) A member may receive a per diem in an amount established by the county commissioner members of the district board of health. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county commissioner members of the district board of health.

(j) The board shall meet at least quarterly. The chairperson or three of the members may call a special meeting.

(k) A district board of health is authorized to provide liability insurance for the members of the board and the employees of the district health department. A district board of health is also authorized to contract for the services of an attorney to represent the board, the district health department and its employees, as appropriate. The purchase of liability insurance pursuant to this subsection waives both the district board of health's and the district health department's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. By entering into a liability insurance contract with the district board of health, an insurer waives any defense based upon the governmental immunity of the district board of health or the district health department. Sess., 1984), c. 1077; 1985, c. 418, s. 2; 1987, c. 84, s. 2; 1989, c. 764, s. 3; 1995, c. 264, s. 2.)

CASE NOTES

A district board of health is a creature of the legislature and has only such powers and authority as are given it by the legislature. State v. Curtis, 230 N.C. 169, 52 S.E.2d 364 (1949), decided under former statutory provisions.

Cited in Meyer v. Walls, 122 N.C. App. 507, 471 S.E.2d 422 (1996).

OPINIONS OF ATTORNEY GENERAL

A county commissioner member of a district board of health may serve more than three consecutive three-year terms on the board and is not subject to the same term limitations as other members of the board. See opinion of Attorney General to Hal G. Harrison Mitchell County Attorney, 1998 N.C.A.G. 40 (10/8/98).

§ 130A-38. Dissolution of a district health department.

(a) Whenever the board of commissioners of each county constituting a district health department determines that the district health department is not operating in the best health interests of the respective counties, they may direct that the district health department be dissolved. In addition, whenever a board of commissioners of a county which is a member of a district health department determines that the district health department is not operating in the best health interests of that county, it may withdraw from the district health department. Dissolution of a district health department or withdrawal from the district health department by a county shall be effective only at the end of the fiscal year in which the action of dissolution or withdrawal transpired.

(b) Notwithstanding the provisions of subsection (a), no district health department shall be dissolved without prior written notification to the Department.

(c) Any budgetary surplus available to a district health department at the time of its dissolution shall be distributed to those counties comprising the district on the same pro rata basis that the counties appropriated and contributed funds to the district health department budget during the current fiscal year. Distribution to the counties shall be determined on the basis of an audit of the financial record of the district health department. The district board of health shall select a certified public accountant or an accountant who is subsequently certified by the Local Government Commission to conduct the audit. The audit shall be performed in accordance with G.S. 159-34. The same method of distribution of funds described above shall apply when one or more counties of a district health department withdraw from a district.

(d) Upon dissolution or withdrawal, all rules adopted by a district board of health shall continue in effect until amended or repealed by the new board or boards of health. (1971, c. 858; 1975, c. 396, s. 2; c. 403; 1983, c. 891, s. 2.)

§ 130A-39. Powers and duties of a local board of health.

(a) A local board of health shall have the responsibility to protect and promote the public health. The board shall have the authority to adopt rules necessary for that purpose.

(b) A local board of health may adopt a more stringent rule in an area regulated by the Commission for Public Health or the Environmental Management Commission where, in the opinion of the local board of health, a more stringent rule is required to protect the public health; otherwise, the rules of the Commission for Public Health or the rules of the Environmental Management Commission shall prevail over local board of health rules. However, a local board of health may not adopt a rule concerning the grading, operating, and permitting of food and lodging facilities as listed in Part 6 of Article 8 of this Chapter and as defined in G.S. 130A-247(1), and a local board of health may adopt rules concerning wastewater collection, treatment and disposal systems which are not designed to discharge effluent to the land surface or surface waters only in accordance with G.S. 130A-335(c).

(c) The rules of a local board of health shall apply to all municipalities within the local board's jurisdiction.

(d) Not less than 10 days before the adoption, amendment or repeal of any local board of health rule, the proposed rule shall be made available at the office of each county clerk within the board's jurisdiction, and a notice shall be published in a newspaper having general circulation within the area of the board's jurisdiction. The notice shall contain a statement of the substance of the proposed rule or a description of the subjects and issues involved, the proposed effective date of the rule and a statement that copies of the proposed rule are available at the local health department. A local board of health rule shall become effective upon adoption unless a later effective date is specified in the rule.

(e) Copies of all rules shall be filed with the secretary of the local board of health.

(f) A local board of health may, in its rules, adopt by reference any code, standard, rule or regulation which has been adopted by any agency of this State, another state, any agency of the United States or by a generally recognized association. Copies of any material adopted by reference shall be filed with the rules.

(g) A local board of health may impose a fee for services to be rendered by a local health department, except where the imposition of a fee is prohibited by statute or where an employee of the local health department is performing the services as an agent of the State. Notwithstanding any other provisions of law, a local board of health may impose cost-related fees for services performed pursuant to Article 11 of this Chapter, "Wastewater Systems," for services performed pursuant to Part 10, Article 8 of this Chapter, "Public Swimming Pools", for services performed pursuant to Part 11, Article 8 of this Chapter, "Tattooing", and for services performed pursuant to G.S. 87-97. Fees shall be based upon a plan recommended by the local health director and approved by the local board of health and the appropriate county board or boards of commissioners. The fees collected under the authority of this subsection are to be deposited to the account of the local health department so that they may be expended for public health purposes in accordance with the provisions of the

Local Government Budget and Fiscal Control Act. CASE NOTES

Rule-Making Powers. — A board of health acts within its rule-making powers when it enacts a regulation which (1) is related to the promotion or protection of health, (2) is reasonable in light of the health risk addressed, (3) is not violative of any law or constitutional provision, (4) is not discriminatory, and (5) does not make distinctions based upon policy concerns traditionally reserved for legislative bodies. City of Roanoke Rapids v. Peedin, 124 N.C. App. 578, 478 S.E.2d 528 (1996).

Although the county board of health could adopt rules more strict than those adopted at the state level to protect the public health, under G.S. 130A-39(b), its rules attempting to regulate swine farms more strictly than the state could not stand because they insufficiently expressed a rationale for the county's stricter regulation. Craig v. County of Chatham, 356 N.C. 40, 565 S.E.2d 172, 2002 N.C. LEXIS 539 (2002).

Limited Powers. — County boards of health and other administrative agencies, being creatures of statute, have only such powers as are conferred upon them by statute, either expressly or by necessary implication. Champion v. Vance County Bd. of Health, 221 N.C. 96, 19 S.E.2d 239 (1942), decided under former statutory provisions.

Powers Exceeded. — Enactment of county smoking rules exceeded the general limitations imposed upon rule-making powers of boards of health. City of Roanoke Rapids v. Peedin, 124 N.C. App. 578, 478 S.E.2d 528 (1996).

Findings of Board Not Final. — The finding of the county board of health that the maintenance of a cemetery upon the watershed is a nuisance to the public health has not the same force as the positive declarations of statute, and it may be shown in answer to a notice to show cause why an injunction should not be continued to the final hearing that the particular cemetery, as maintained, was not a nuisance entitling the plaintiff to injunctive relief. (e) Any member who is a county commissioner serves on the board in an ex officio capacity.

(f) Whenever a county shall join or withdraw from an existing public health authority, the board shall be dissolved and a new board shall be appointed as provided in subsection (b) of this section.

(g) Vacancies shall be filled within 120 days for any unexpired portion of a term.

(h) A chair shall be elected annually by a board. The authority director shall serve as secretary to the board.

(i) A majority of the members shall constitute a quorum.

(j) A member may be removed from office by the board for any of the following:

(a) Whenever the board of commissioners of each county constituting a public health authority determines that the authority is not operating in the best health interests of the authority service area, they may direct that the authority be dissolved. In addition, whenever a board of commissioners of a county which is a member of an authority determines that the authority is not operating in the best health interests of that county, it may withdraw from the authority. Dissolution of an authority or withdrawal from the authority by a county shall be effective only at the end of the fiscal year in which the action of dissolution or withdrawal transpired.

(b) Notwithstanding the provisions of subsection (a) of this section, no public health authority shall be dissolved without prior written notification to the Department.

(c) Any budgetary surplus available to a public health authority at the time of its dissolution shall be distributed to those counties comprising the authority on the same pro rata basis that the counties appropriated and contributed funds to the authority's budget during the current fiscal year. Distribution to the counties shall be determined on the basis of an audit of the financial record of the authority. (5) Establish a fee schedule for services received from public health facilities and make services available regardless of ability to pay.

(6) Appoint a public health authority director to serve at the pleasure of the authority board.

(7) Establish a salary plan which shall set the salaries for employees of the area authority.

(8) To adopt and enforce a professional reimbursement policy which may include the following provisions: (i) require that fees for the provision of services received directly under the supervision of the public health

authority shall be paid to the authority, (ii) prohibit employees of the public health authority from providing services on a private basis which require the use of the resources and facilities of the public health authority, and (iii) provide that employees may not accept dual compensation and dual employment unless they have the written permission of the public health authority director.

(9) Delegate to its agents or employees any powers or duties as it may deem appropriate.

(10) Employ its own counsel and legal staff.

(11) Adopt, amend, and repeal bylaws for the conduct of its business.

(12) Enter into contracts for necessary supplies, equipment, or services for the operation of its business.

(13) Act as an agent for the federal, State, or local government in connection with the acquisition, construction, operation, or management of a public health facility, or any part thereof.

(14) Insure the property or the operations of the authority against risks as the authority may deem advisable.

(16) Accept donations or money, personal property, or real estate for the benefit of the authority and to take title to the same from any person, firm, corporation, or society.

(17) Appoint advisory boards, committees, and councils composed of qualified and interested residents of the authority service area to study, interpret, and advise the public health authority board.

(18) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20.

(b) A public health authority shall have the power to establish and operate health care networks and may contract with or enter into any arrangement with other public health authorities or local health departments of this or other states, federal, or other public agencies, or with any person, private organization, or nonprofit corporation or association for the provision of public health services, including managed health care activities; provided, however, that for the purposes of this subsection only, a public health authority shall be permitted to and shall comply with the requirements of Article 67 of Chapter 58 of the General Statutes to the extent that such requirements apply to the activities undertaken by the public health authority pursuant to this subsection. The public health authority may pay for or contribute its share of the cost of any such contract or arrangement from revenues available for these purposes, including revenues arising from the provision of public health services.

(c) A public health authority may lease any public health facility, or part, to a nonprofit association on terms and conditions consistent with the purposes of this Part. The authority will determine the length of the lease. No lease executed under this subsection shall be deemed to convey a freehold interest.

(d) A public health authority shall neither sell nor convey any rights of ownership the county has in any public health facility, including the buildings, land, and equipment associated with the facility, to any corporation or other business entity operated for profit, except that nothing herein shall prohibit the sale of surplus buildings, surplus land, or surplus equipment by an authority to any corporation or other business entity operated for profit. For purposes of this subsection, "surplus" means any building, land, or equipment which is not required for use in the delivery of public health care services by a public health facility at the time of the sale or conveyance of ownership rights.

(e) A public health authority may lease any public health facility, or part, to any corporation, foreign or domestic, authorized to do business in North Carolina on terms and conditions consistent with the purposes of this Part and with G.S. 160A-272.

(f) A public health authority may exercise any or all of the powers conferred upon it by this Part, either generally or with respect to any specific public health facility or facilities, through or by designated agents, including any corporation or corporations which are or shall be formed under the laws of this State.

(g) An authority may contract to insure itself and any of its board members, agents, or employees against liability for wrongful death or negligent or intentional damage to person or property or against absolute liability for damage to person or property caused by an act or omission of the authority or of any of its board members, agents, or employees when acting within the scope of their authority and the course of their employment. The board shall determine what liabilities and what members, agents, and employees shall be covered by any insurance purchased pursuant to this subsection.

Purchase of insurance pursuant to this subsection waives the authority's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. Participation in a local government risk pool pursuant to Article 23 of Chapter 58 of the General Statutes shall be deemed to be the purchase of insurance for the purposes of this section. By entering into an insurance contract with the authority, an insurer waives any defense based upon the governmental immunity of the authority.

(h) If an authority has waived its governmental immunity pursuant to subsection (g) of this section, any person, or in the event of death, their personal representative, sustaining damages as a result of an act or omission of the authority or any of its board members, agents, or employees, occurring in the exercise of a governmental function, may sue the authority for recovery of damages. To the extent of the coverage of insurance purchased pursuant to subsection (g) of this section, governmental immunity may not be a defense to the action. Otherwise, however, the authority has all defenses available to private litigants in any action brought pursuant to this section without restriction, limitation, or other effect, whether the defense arises from common law or by virtue of a statute.

Despite the purchase of insurance as authorized by subsection (g) of this section, the liability of an authority for acts or omissions occurring in the exercise of governmental functions does not attach unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury. The judge shall hear and determine these issues without resort to a jury, and the jury shall be absent during any motion, argument, testimony, or announcement of findings of fact or conclusions of law relating to these issues unless the defendant requests a jury trial on them. (1997-502, s. 1; 2007-229, s. 2.)

§ 130A-45.4. Appointment of a public health authority director.

(a) A public health authority board, after consulting with the appropriate county board or boards of commissioners, shall appoint a public health authority director.

(b) All persons who are appointed to the position of public health authority director must possess minimum education and experience requirements for that position, as follows:

(1) A medical doctorate; or

(2) A masters degree in Public Health Administration, and at least one year of employment experience in health programs or health services; or

(3) A masters degree in a public health discipline other than public health administration, and at least three years of employment experience in health programs or health services; or

(4) A masters degree in public administration, and at least two years of experience in health programs or health services; or

(5) A masters degree in a field related to public health, and at least three years of experience in health programs or health services; or

(6) A bachelors degree in public health administration or public administration and at least three years of experience in health programs or health services.

(c) Before appointing a person to the position of public health authority director under subdivision (a)(5) of this section, the authority board shall forward the application and other pertinent materials of such candidate to the State Health Director. If the State Health Director determines that the candidate's masters degree is in a field not related to public health, the State Health Director shall so notify the authority board in writing within 15 days of the State Health Director's receipt of the application and materials, and such candidate shall be deemed not to meet the education requirements of subdivision (a)(5) of this section. If the State Health Director fails to act upon the application within 15 days of receipt of the application and materials from the authority board, the application shall be deemed approved with respect to the education requirements of subdivision (a)(5) of this section, and the authority board may proceed with the appointment process.

(d) The State Health Director shall review requests of educational institutions to determine whether a particular masters degree offered by the requesting institution is related to public health for the purposes of subdivision (a)(5) of this section. The State Health Director shall act upon such requests within 90 days of receipt of the request and pertinent materials from the institution, and shall notify the institution of its determination in writing within the 90-day review period. If the State Health Director determines that an institution's particular masters degree is not related to public health, the State Health Director shall include the reasons therefor in his written determination to the institution.

(e) When an authority board fails to appoint a public health authority director within 60 days of the creation of a vacancy, the State Health Director may appoint an authority director to serve until the authority board appoints an authority director in accordance with this section. (1997-502, s. 1.)

§ 130A-45.9. Confidentiality of personnel information.

(a) Except as provided in subsection (b) of this section, the personnel files of employees or former employees and the files of applicants for employment maintained by a public health authority are not public records as defined by Chapter 132 of the General Statutes.

(b) The following information with respect to each employee of a public health authority is a matter of public record: name; age; date of original employment or appointment; beginning and ending dates, position title, position descriptions, and total compensation of current and former positions; the terms of any contract by which the employee is employed whether written or oral, past and current, to the extent that the authority has the written contract or a record of the oral contract in its possession, and date of the most recent promotion, demotion, transfer, suspension, separation, or other change in position classification. In addition, the following information with respect to each licensed medical provider employed by or having privileges to practice in a public health facility shall be a matter of public record: educational history and qualifications, date and jurisdiction or original and current licensure; and information relating to medical board certifications or other qualifications of medical specialists. § 130A-45.10. Confidentiality of credentialing information.

Information acquired by a public health authority or by persons acting for or on behalf of a public health authority in connection with the credentialing and peer review of persons having or applying for privileges to practice in a public health facility is confidential and is not a public record under Chapter 132 of the General Statutes; provided that information otherwise available to the public shall not become confidential merely because it was acquired by the authority or by persons acting for or on behalf of the authority. The public health authority shall issue a "request for proposal" to solicit private vendor bids for contracts authorized under this section. Information systems authorized under this section shall be consistent with and interface with relevant statewide public health data systems to address State cost containment and service reporting needs. (2005-459, s. 1.)

Editor's Note. — The preamble to Session Laws 2005-459, provides: "Whereas, the county share of the nonfederal share of Medicaid costs has a significant impact on county resources and cash flow; and

"Whereas, more timely reimbursement of county Medicaid claims would improve county cash flow; and

"Whereas, the current process for Medicaid billing is more complicated than necessary; and

"Whereas, contracting with a private vendor to interface directly with the State Medicaid billing system would make the billing process for county Medicaid claims much simpler than it now is; and

"Whereas, county public health authorities would benefit from private vendor-operated Medicaid billing by enabling the authorities to optimize revenue through efficiencies that are currently not in place through the State billing system; Now, therefore, The General Assembly of North Carolina enacts."

Part 2. Sanitary Districts.

§ 130A-47. Creation by Commission.

(a) For the purpose of preserving and promoting the public health and welfare, the Commission may create sanitary districts without regard for county, township or municipal lines. However, no municipal corporation or any part of the territory in a municipal corporation shall be included in a sanitary district except at the request of the governing board of the municipal corporation. If the municipal corporation has not levied any tax nor performed any official act nor held any elections within a period of four years preceding the date of the petition for the sanitary district, a request of the governing board shall not be required.

(b) For the purposes of this Part, the term "Department" means the Department of Environment and Natural Resources, and the term "Secretary" means the Secretary of Environment and Natural Resources. (1927, c. 100, s. 1; 1955, c. 1307; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2; 2007-187, s. 1.)

CASE NOTES

As to validity of former statutory provisions regarding sanitary districts, see Drysdale v. Prudden, 195 N.C. 722, 143 S.E. 530 (1928).

When Sanitary District May Occupy Same Territory as City. — A sanitary district may with, but only with, the consent of a municipality, occupy the same territory as the city. State ex rel. East Lenoir San. Dist. v. City of Lenoir, 249 N.C. 96, 105 S.E.2d 411 (1958), decided under former statutory provisions.

Infringement of Franchise. — The holder of a nonexclusive franchise has no monopoly, and cannot complain of competition from a publicly created utility system. Phrased another way, the creation by a state of a competing public utility does not amount to a "taking" compensable under U.S. Const., Amend. XIV. Hence, a water company had no cause of action for damages against the State, the Utilities Commission, or a sanitary district for infringement of its franchise. Durham v. North Carolina, 395 F.2d 58 (4th Cir. 1968), decided under former statutory provisions.

§ 130A-48. Procedure for incorporating district.

A sanitary district shall be incorporated as follows. Either fifty-one percent (51%) or more of the resident freeholders within a proposed sanitary district or fifty-one percent (51%) or more of the freeholders within a proposed sanitary district, whether or not the freeholders are residents of the proposed sanitary district, may petition the county board of commissioners of the county in which all or the largest portion of the land of the proposed district is located. This petition shall set forth the boundaries of the proposed sanitary district and the objectives of the proposed district. For the purposes of this Part, the term "freeholder" shall mean a person holding a deed to a tract of land within the district or proposed district, and also shall mean a person who has entered into a contract to purchase a tract of land within the district or proposed district, is making payments pursuant to a contract and will receive a deed upon completion of the contractual payments. The contracting purchaser, rather than the contracting seller, shall be deemed to be the freeholder. The county tax office shall be responsible for checking the freeholder status of those persons signing the petition. That office shall also be responsible for confirming the location of the property owned by those persons. Upon receipt of the petition, the county board of commissioners, through its chairperson, shall notify the Department and the chairperson of the county board of commissioners of any other county or counties in which any portion of the proposed district lies of the receipt of the petition. The chairperson shall request that the Department hold a joint public hearing with the county commissioners of all the counties in which a portion of the district lies concerning the creation of the proposed sanitary district. The Secretary and the chairperson of the county board of commissioners shall name a time and place within the proposed district to hold the public hearing. The chairperson of the county board of commissioners shall give prior notice of the hearing by posting a notice at the courthouse door of the county and also by publication at least once a week for four successive weeks in a newspaper published in the county. In the event the hearing is to be before a joint meeting of the county boards of commissioners of more than one county, or in the event the land to be affected lies in more than one county, publication and notice shall be made in each of the affected counties. In the event that all matters pertaining to the creation of this sanitary district cannot be concluded at the hearing, the hearing may be continued at a time and place within the proposed district named by the Department. (1927, c. 100, ss. 2-4; 1951, c. 178, s. 1; 1957, c. 1357, s. 1; 1959, c. 1189, s. 1; 1965, c. 135; 1967, c. 24, s. 21; 1973, c. 476, s. 128; 1975, c. 536; 1983, c. 891, s. 2; 2002-159, s. 55(f).)

CASE NOTES

Withdrawal of Names from Petition. — Signers of a petition for the creation of a sanitary district are entitled as a matter of right to withdraw their names from the petition at any time before action is taken on the petition by the county commissioners on the question of approval, and when their withdrawal reduces the number of signers to less than 51% of the resident freeholders within the proposed district the board of county commissioners is without jurisdiction and its approval of the petition may be enjoined. Idol v. Hanes, 219 N.C. 723, 14 S.E.2d 801 (1941); Deal v. Enon San. Dist., 245 N.C. 74, 95 S.E.2d 362 (1956), decided under former statutory provisions.

Right to Be Heard. — The required public hearing contemplates that every interested person has a right to be heard. Deal v. Enon San. Dist., 245 N.C. 74, 95 S.E.2d 362 (1956), decided under former statutory provisions.

§ 130A-49. Declaration that district exists; status of industrial villages within boundaries of district.

(a) If, after the required public hearing, the Commission and the county commissioners determine that a district shall be created for the purposes stated in the petition, the Commission shall adopt a resolution defining the boundaries of the district and declaring the territory within the boundaries to be a sanitary district. The Commission may make minor deviation in defining the boundaries from those prescribed in the petition when it determines the change to be in the interest of the public health.

(b) The owner or controller of an industrial plant may make application requesting that the plant or the plant and its contiguous village be included within or excluded from the sanitary district. The application shall be filed with the Commission on or before the date of the public hearing. If an application is properly filed, the Commission shall include or exclude the industrial plant and contiguous village in accordance with the application.

(c) Each district when created shall be identified by a name or number assigned by the Commission. (1927, c. 100, s. 5; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

CASE NOTES

The validity of former statutory provisions relating to sanitary districts were not affected by the provision that certain industrial enterprises and villages situate therein could be excluded upon application of the owners. Drysdale v. Prudden, 195 N.C. 722, 143 S.E. 530 (1928).

No sanitary district exists unless legally created and established. Deal v. Enon San. Dist., 245 N.C. 74, 95 S.E.2d 362 (1956), decided under former statutory provisions.

As to establishing of territory different from that described in petition, see Deal v. Enon San. Dist., 245 N.C. 74, 95 S.E.2d 362 (1956), decided under former statutory provisions.

§ 130A-49.5. Ethics.

(a) The governing board shall adopt a resolution or policy containing a code of ethics, as required by G.S. 160A-86.

(b) All members of the governing board, whether elected or appointed, shall receive the ethics education required by G.S. 160A-87. (2009-403, s. 6.)

Editor's Note. — Session Laws 2009-403, s. 8, made this section effective January 1, 2010.

Session Laws 2009-403, s. 7, provides: "The resolution or policy containing a code of ethics that is required by G.S. 160A-86 shall be adopted by each municipality, county, local board of education, unified government, sanitary district, and consolidated city-county on or before January 1, 2011. The governing board may look to model local government codes of ethics for guidance in developing the resolution or policy."

Session Laws 2009-403, s. 8, provides: "Except as otherwise provided in this act, this act becomes effective January 1, 2010. All members of governing boards covered by this act shall receive their initial training to comply with G.S. 160A-87 within 12 months after that date."

§ 130A-50. Election and terms of office of sanitary district boards.

(a) The Department shall send a copy of the resolution creating the sanitary district to the board or boards of county commissioners of the county or counties in which all or part of the district is located. The Department shall file or cause to be filed with the county board or boards of elections in the same county or counties a map of the district. With the map it shall include supporting documents. That map and documents shall be filed within 10 business days after the creation of the district and amended within 10 days after any change to the boundaries of the district. The board or boards of commissioners shall hold a meeting or joint meeting for the purpose of electing the members of the sanitary district board.

(b) The sanitary district board shall be composed of either three or five members as the county commissioners in their discretion shall determine. The members first appointed shall serve as the governing body of the sanitary district until the next regular election for municipal and special district officers as provided in G.S. 163-279, which occurs more than 90 days after their appointment. At that election, their successors shall be elected. The terms of the members shall be for two years or four years and may be staggered as determined by the county board of commissioners so that some members are elected at each biennial election. The members of the sanitary district board shall be residents of the district. The county board of commissioners shall notify the county board of elections of any decision made under this subsection.

If the sanitary district board consists of three members, the county commissioners may at any time increase the sanitary district board to five members. The increase shall become effective with respect to any election where the filing period for candidacy opens at least 30 days after approval of the expansion to five members. The effective date of the expansion is the organizational meeting of the sanitary district board after the election.

The county commissioners may provide for staggering terms of an existing sanitary district board whose members serve two-year terms by providing for some of the members to be elected at the next election to be for four-year terms. The change shall become effective with respect to any election where the filing period for candidacy opens at least 30 days after approval of the staggering of terms.

The sanitary district board may provide for staggering its terms if its members serve unstaggered four-year terms by providing for some of the members to be elected at the next election for two-year terms. The change shall become effective with respect to any election where the filing period for candidacy opens at least 30 days after approval of the staggering of terms.

The county commissioners may provide for changing a sanitary district board from two-year terms to unstaggered four-year terms. This may be done either by providing that at the next election, all members shall be elected for four-year terms, or by extending the terms of existing members from two years to four years. The change shall become effective with respect to any election where the filing period for candidacy opens at least 30 days after approval of the change of length of terms.

(b1) If a sanitary district:

1. Does not share territory with any city as defined by G.S. 160A-1(2), and
2. The sanitary district is in more than one county,

the boards of county commissioners in all counties with territory in the sanitary district may set the sanitary district elections to be held on the same date as general elections in even-numbered years under G.S. 163-1 and may extend the terms of any sanitary district board members who are in office at the ratification of this act until the next even-year general election can been [be] held and successors qualified.

(b2) If a sanitary district:

(1) Is located entirely within a county which has no incorporated city as defined by G.S. 160A-1(2) located within that county; and

(2) Has a sanitary district board whose members serve four-year terms which are not staggered and which next expire in 1991,

the board of commissioners of that county may, by resolution adopted prior to December 31, 1989, set the sanitary district election to be held on the same date as general elections in even-numbered years under G.S. 163-1. Such resolution shall extend the terms of office of the then serving members of the sanitary district board by one year, so that they will expire on the first Monday in December following the 1992 general election. Other than as provided by this subsection, sanitary district elections shall continue to be conducted in accordance with this Article and Chapter 163 of the General Statutes.

(c) The election shall be nonpartisan and decided by simple plurality as provided in G.S. 163-292 and shall be held and conducted by the county board of elections in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes. If the district is in more than one county, then the county board of elections of the county including the largest part of the district shall conduct the election for the entire district with the assistance and full cooperation of the boards of elections in the other counties.

(d) The board of elections shall certify the results of the election to the clerk of superior court. The clerk of superior court shall take and file the oaths of office of the board members elected.

(e) The elected members of the board shall take the oath of office on the first Monday in December following their election and shall serve for the term elected and until their successors are elected and qualified. (1927, c. 100, s. 6; 1943, c. 602; 1953, c. 798; 1955, c. 1073; 1957, c. 1357, s. 1; 1963, c. 644; 1973, c. 476, s. 128; 1981, c. 186, s. 1; 1983, c. 891, s. 2; 1987, c. 22, s. 1; 1989, c. 310; 1993 (Reg. § 130A-51. City governing body acting as sanitary district board.

(a) When the General Assembly incorporates a city or town that includes within its territory fifty percent (50%) or more of the territory of a sanitary district, the governing body of the city or town shall become ex officio the governing board of the sanitary district if the General Assembly provides for this action in the incorporation act and if the existing sanitary district board adopts a final resolution pursuant to this section. The resolution may be adopted at any time within the period beginning on the day the incorporation act becomes law and ending 270 days after that date.

(b) To begin the process leading to the city or town board becoming ex officio the sanitary district board, the board of the sanitary district shall first adopt a preliminary resolution finding that the interests of the citizens of the sanitary district and of the city or town will be best served if both units of local government are governed by a single governing body. This resolution shall also set the time and place for a public hearing on the preliminary resolution.

(c) Upon adoption of this preliminary resolution, the chairperson of the sanitary district board shall publish a notice of the public hearing once at least 10 days before the hearing in a newspaper of general circulation within the sanitary district. This notice shall set forth the time and place of the hearing and shall briefly describe its purpose. At the hearing, the board shall hear any citizen of the sanitary district or of the city or town who wishes to speak to the subject of the preliminary resolution.

(d) Within 30 days after the day of the public hearing, the sanitary district board may adopt a final resolution finding that the interests of the citizens of the sanitary district and of the city or town will be best served if both units are governed by a single board. This resolution shall set the date on which the terms of office of the members of the sanitary district board end and that board is dissolved and service by the ex officio board begins. This date may be the effective date of the incorporation of the city or town or any date within one year after the effective date. At that time, the sanitary district board is dissolved and the mayor and members of the governing body of the city or town become ex officio the board of the sanitary district. The mayor shall act ex officio as chairperson of the sanitary district board.

(e) The chairperson of the sanitary district board that adopts a final resolution shall within 10 days after the day the resolution is adopted, send a copy of the resolution to the mayor and each member of the city or town governing board and to the Department. (1981, c. 201; 1983, c. 891, s. 2; 1995, c. 20, s. 15.)

Editor's Note. — Session Laws 1995, c. 20, s. 17, provides that sections 1 through 16 of this act shall become effective only if the constitutional amendments proposed by Session Laws 1995, c. 5, ss. 1-2 are approved as provided by Session Laws 1995, c. 5, ss. 3-4, and if so approved, sections 1 through 16 shall become effective with respect to bills and joint resolutions passed in either house of the General Assembly on or after January 1, 1997. The proposed constitutional amendments have been approved by the voters.

§ 130A-52. Special election if election not held in November of 1981.

(a) If in a sanitary district, an election of board members was required to be held in November of 1981 under G.S. 130A-50 but was not held, the board of commissioners of the county or counties in which the district is located may by resolution order a special election of all the board members to be held at the same time as the General Election in November of 1982.

(b) The election shall be held under the procedures of Articles 23 and 24 of Chapter 163 of the General Statutes and in accordance with G.S. 130A-50, except that filing shall open at noon on Monday, August 9, 1982, and close at noon on Monday, August 23, 1982.

(c) In the election held under this section, all of the members of the board shall be elected. If the board of commissioners has provided for two- or four-year terms, the members elected in 1982 shall serve until the 1983 or 1985 election, respectively, and then their successors shall be elected for the two-or four-year terms provided by the county board or boards of commissioners.

(d) Any resolution adopted under subsection (a) of this section shall be filed with the Department. (1981 (Reg. Sess., 1982), c. 1271, s. 1; 1983, c. 891, s. 2.)

§ 130A-52.1. Action if 1983 election not held.

If any sanitary district held an election in 1982 under G.S. 130A-52, but failed to hold the 1983 election, then the persons elected in 1982 shall hold office until the terms that were to begin in 1983 have expired. (1983 (Reg. Sess., 1984), c. 1021, s. 1.)

§ 130A-53. Actions validated.

Any action of a sanitary district taken prior to July 1, 1984, shall not be invalidated by failure to hold an election for members of the board. (1981 (Reg. Sess., 1982), c. 1271, s. 1; 1983, c. 891, s. 2; 1983 (Reg. Sess., 1984), c. 1021, s. 2.)

§ 130A-54. Vacancy appointments to district boards.

Any vacancy in a sanitary district board shall be filled by the county commissioners until the next election for sanitary district board members. If the district is located in more than one county, the vacancy shall be filled by the county commissioners of the county from which the vacancy occurred. (1935, c. 357, s. 2; 1957, c. 1357, s. 1; 1981, c. 186, s. 2; 1983, c. 891, s. 2.)

§ 130A-55. Corporate powers.

A sanitary district board shall be a body politic and corporate and may sue and be sued in matters relating to the sanitary district. Notwithstanding any limitation in the petition under G.S. 130A-48, but subject to the provisions of G.S. 130A-55(17)e, each sanitary district may exercise all of the powers granted to sanitary districts by this Article. In addition, the sanitary district board shall have the following powers:

(1) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection, treatment or disposal facilities or systems; water supply systems; water purification or treatment plants and other utilities necessary for the preservation and promotion of the public health and sanitary welfare within the district. The utilities shall be constructed, operated and maintained in accordance with applicable statutes and rules.

(2) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems, water supply systems; water purification or treatment plants and other utilities, within and outside the corporate limits of the district, as may be necessary for the preservation of the public health and sanitary welfare outside the corporate limits of the district, within reasonable limitation. The utilities shall be constructed, operated and maintained in accordance with applicable statutes and rules.

a. The authority granted to a sanitary district by the provisions of this subsection is supplemental to the authority granted to a sanitary district by other provisions of law.

b. Actions taken by a sanitary district to acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types; water supply systems; water purification or treatment plants and other utilities within and outside the corporate limits to provide service outside the corporate limits are approved and validated.

c. This subsection shall apply only in counties with a population of 70,000 or greater, as determined by the most recent decennial federal census.

(3) To levy taxes on property within the district in order to carry out the powers and duties conferred and imposed on the district by law, and to pay the principal of and interest on bonds and notes of the district.

(4) To acquire either by purchase, condemnation or otherwise and hold real and personal property, easements, rights-of-way and water rights in the name of the district within or without the corporate limits of the district, necessary or convenient for the construction or maintenance of the works of the district.

(5) To employ and compensate engineers, counsel and other persons as may be necessary to carry out projects.

(6) To negotiate and enter into agreements with the owners of existing water supplies, sewage systems or other utilities as may be necessary to carry out the intent of this Part.

(7) To adopt rules necessary for the proper functioning of the district. However, these rules shall not conflict with rules adopted by the Commission for Public Health, Environmental Management Commission, or the local board of health having jurisdiction over the area.

(8)a. To contract with any person within or outside the corporate limits of the district to supply raw water without charge to the person in return for an agreement to allow the district to discharge sewage in the person's previous water supply. The district may so contract and construct at its expense all improvements necessary or convenient for the delivery of the water when, in the opinion of the sanitary district board and the Department, it will be for the best of the district.

b. To contract with any person within or outside the corporate limits of the district to supply raw or filtered water and sewer service to the person where the service is available. For service supplied outside the corporate limits of the district, the sanitary district board may fix a different rate from that charged within the corporate limits but shall not be liable for damages for failure to furnish a sufficient supply of water and adequate sewer service.

c. To contract with any person within or outside the corporate limits of the district for the treatment of the district's sewage in a sewage disposal or treatment plant owned and constructed or to be constructed by that person.

(9) After adoption of a plan as provided in G.S. 130A-60, the sanitary district board may, in its discretion, alter or modify the plan if the Department determines that the alteration or modification does not constitute a material deviation from the objective of the plan and is in the public health interest of the district. The alteration or modification must be approved by the Department. The sanitary district board may appropriate or reappropriate money of the district for carrying out the altered or modified plan.

(10) To take action, subject to the approval of the Department, for the prevention and eradication of diseases transmissible by vectors by instituting programs for the eradication of the mosquito.

(11) To collect and dispose of garbage, waste and other refuse by contract or otherwise.

(12) To establish a fire department, or to contract for firefighting apparatus and personnel for the protection of life and property within the district.

(13) To provide or contract for rescue service, ambulance service, rescue squad or other emergency medical services for use in the district. The sanitary district shall be subject to G.S. 153A-250.

(14) To have privileges and immunities granted to other governmental units in exercise of the governmental functions.

(15) To use the income of the district, and if necessary, to levy and collect taxes upon all the taxable property within the district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, to provide fire protection and rescue services in the district, and to acquire, construct, maintain, operate, and regulate roads and streets within the district. Taxes shall be levied and collected at the same time and in the same manner as taxes for debt service as provided in G.S. 130A-62.

(16) To adopt rules for the promotion and protection of the public health and for these purposes to possess the following powers:

a. To require the owners of developed property on which there are situated one or more residential dwelling units or commercial establishments located within the jurisdiction of the district and within a reasonable distance of any waterline or sewer collection line owned, leased as lessee, or operated by the district to connect the property with the waterline, sewer connection line, or both and fix charges for the connections. The power granted by this subdivision may be exercised by a district only to the extent that the service, whether water, sewer, or a combination thereof, to be provided by the district is not then being provided to the improved property by any other political subdivision or by a public utility regulated by the North Carolina Utilities Commission pursuant to Chapter 62 of the General Statutes. In the case of improved property that would qualify for the issuance of a building permit for the construction of one or more residential dwelling units or commercial establishments and where the district has installed water or sewer lines or a combination thereof directly available to the property, the district may require payment of a periodic availability charge, not to exceed the minimum periodic service charge for properties that are connected.

b. To require any person owning, occupying or controlling improved real property within the district where the water or sewage systems of the district are not immediately available or it is impractical with the systems, to install sanitary toilets, septic tanks and other health equipment or installations in accordance with applicable statutes and rules.

c. To order a person to abate a public health nuisance of the district. If the person being ordered to abate the nuisance refuses to comply with the order, the sanitary district board may institute an action in the superior court of the county where the public health nuisance exists to enforce the order.

d. To abolish or regulate and control the use and occupancy of all pigsties and other animal stockyards or pens within the district and for an additional distance of 500 feet beyond the outer boundaries of the district, unless the 500 feet is within the corporate limits of a city or town.

e. Upon the noncompliance by a person of a rule adopted by the sanitary district board, the board shall notify the person of the rule being violated and the facts constituting the violation. The person shall have a reasonable time to comply with the rule as determined by the local health director of the person's residence. Upon failure to comply within the specified time or within a time extended by the sanitary district board, the person shall be guilty of a Class 1 misdemeanor.

f. The sanitary district board is authorized to enforce the rules adopted pursuant to this Part by criminal action or civil action, including injunctive relief.

(17) For the purpose of promoting and protecting the public health, safety and the general welfare of the State, a sanitary district board is authorized to establish as zoning units any portions of the sanitary district not under the control of the United States or this State or any agency or instrumentality of either, in accordance with the following:

a. No sanitary district board shall designate an area a zoning area until a petition signed by two-thirds of the qualified voters in the area, as shown by the registration books used in the last general election, and with a petition signed by two-thirds of the owners of real property in the area, as shown by the records in the office of the register of deeds for the county, is filed with the sanitary district board. The petition must be accompanied by a map of the proposed zoning area. The board shall hold a public hearing to obtain comment on the proposed creation of the zoning area. A notice of public hearing must be published in a newspaper of general circulation in the county at least two times, and a copy of the notice shall be posted at the county courthouse and in three other public places in the sanitary district.

b. When a zoning area is established within a sanitary district, the sanitary district board as to the zoning area shall have all rights, privileges, powers and duties granted to municipal corporations under Part 3, Article 19, Chapter 160A of the General Statutes. However, the sanitary district board shall not be required to appoint any zoning commission or board of adjustment. If neither a zoning commission nor board of adjustment is appointed, the sanitary district board shall have all rights.

c. A sanitary district board may enter into an agreement with any city, town or sanitary district for the establishment of a joint zoning commission.

d. A sanitary district board is authorized to use the income of the district and levy and collect taxes upon the taxable property within the district necessary to carry out and enforce the rules and provisions of this subsection.

e. This subsection shall apply only to sanitary districts which adjoin and are contiguous to an incorporated city or town and are located within three miles or less of the boundaries of two other cities or towns.

(18) To negotiate for and acquire by contract any distribution system located outside the district when the water for the distribution system is furnished by the district. If the distribution system is acquired by a district, the district may continue the operation of the system even though it remains outside the district.

(19) To accept gifts of real and personal property for the purpose of operating a nonprofit cemetery; to own, operate and maintain cemeteries with the donated property; and to establish perpetual care funds for the cemeteries in the manner provided by G.S. 160A-347.

(20) To dispose of real or personal property belonging to the district according to the procedures prescribed in Article 12 of Chapter 160A of the General Statutes. For purposes of this subsection, references in Article 12 of Chapter 160A to the "city," the "council," or a specific city official refer, respectively, to the sanitary district, the sanitary district board, and the sanitary district official who most nearly performs the same duties performed by the specified city official. For purposes of this subsection, references in G.S. 160A-266(c) to "one or more city officials" are deemed to refer to one or more sanitary district officials designated by the sanitary district board.

(21) To acquire, renovate property for or construct a medical clinic to serve the district, and to maintain real and personal property for a medical clinic to serve the district.

(22) To make special assessments against benefitted property within the corporate limits of the sanitary district and within the area served or to be served by the sanitary district for the purpose of constructing, reconstructing, extending, or otherwise improving water systems or sanitary collection, treatment, and sewage disposal systems, in the same manner that a county may make special assessments under authority of Article 9 of Chapter 153A of the General Statutes, except that the language appearing in G.S. 153A-185 reading as follows: "A county may not assess property within a city pursuant to subdivision (1) or (2) of this section unless the governing board of the city has by resolution approved the project," shall not apply to assessments levied by sanitary districts. For the purposes of this paragraph, references in Article 9 of Chapter 153A of the General Statutes, to the "county," the "board of county commissioners," "the board" or a specific county official or employee are deemed to refer respectively to the sanitary district and to the official or employee of the sanitary district who performs most nearly the same duties performed by the specified county official or employee.

Assessment rolls after being confirmed shall be filed for registration in the office of the Register of Deeds of the county in which the property being assessed is located, and the term "county tax collector" wherever used in G.S. 153A-195 and G.S. 153A-196, shall mean the officer designated by the sanitary district to perform the functions described in said sections of the statute. This subdivision applies only to sanitary districts with a population of 15,000 or over.

(23) To acquire (by purchase, lease, gift, or otherwise, but not by condemnation), construct, maintain, operate, and regulate roads and streets within the sanitary district which are not State-maintained. Not all of these powers need be exercised.

(24) Expired.

(25) To negotiate and enter into agreements with other municipal corporations or sanitary districts for the purpose of developing and implementing an economic development plan. The agreement may provide for the establishment of a special fund, in which monies not expended at the end of a fiscal year shall remain in the fund. The lead agency designated under the agreement shall be responsible for examination of the fund and compliance with sound accounting principles, including the annual independent audit under G.S. 159-34. The audit responsibilities of the other municipal corporations and sanitary districts extend only to the verification of the contribution to the fund created under the agreement. The procedural requirements of G.S. 158-7.1(c) shall apply to actions of a sanitary district under this subdivision as if it were a city. CASE NOTES

Services and Rates Not Subject to Control of Utilities Commission. — A sanitary district which, as a part of its functions, furnishes drinking water to the public and furnishes filtered water for industrial consumers is a quasi-municipal corporation, and is not under the control and supervision of the North Carolina Utilities Commission as to services or rates. Halifax Paper Co. v. Roanoke Rapids San. Dist., 232 N.C. 421, 61 S.E.2d 378 (1950), decided under former statutory provisions.

Lease of Filter Plant. — Defendant sanitary district was unable to raise funds for the construction of a filter plant and, in order to carry out the purposes for which it was created, leased a cotton mill's filter plant under an agreement that the mill should get its water at the cost of filtering and should have priority over other industrial consumers. It was held that the lease contract was in the public interest and the district had authority to execute it, and the contract was valid since it did not impair the ability of the district to discharge its duties to the public nor unlawfully discriminate between commercial customers similarly circumstanced. Halifax Paper Co. v. Roanoke Rapids San. Dist., 232 N.C. 421, 61 S.E.2d 378 (1950), decided under former statutory provisions.

Under the facts of the preceding paragraph, the district agreed with plaintiff paper mill to furnish it water from the surplus remaining after the needs of the district and lessor enterprise had been satisfied. It was held that upon increased demand by the lessor, resulting in a diminution of the surplus available for sale to other industrial consumers, the district had the power to reduce the amount of water furnished the paper mill proportionately, since the paper mill had no right to any water except out of surplus water remaining after the requirements of the district and the lessor enterprise had been satisfied, and since there was no discrimination in service to commercial users similarly circumstanced in regard to such surplus. Halifax Paper Co. v. Roanoke Rapids San. Dist., 232 N.C. 421, 61 S.E.2d 378 (1950), decided under former statutory provisions.

§ 130A-55.1: Repealed by Session Laws 1997-443, s. 11A.2.

§ 130A-56. Election of officers; board compensation.

(a) Upon election, a sanitary district board shall meet and elect one of its members as chairperson and another member as secretary.

(b) The board may employ a clerk or other assistants as necessary and may fix duties of and compensation for employees. A sanitary district board may remove employees and fill vacancies.

(c) The board may fix the compensation and allowances of the chairman and other members of the board by adoption of the annual budget ordinance, payable from the funds of the district, but no increase may become effective earlier than the first meeting of the board following the next election of board members after adoption of the ordinance. Until adoption of an ordinance under this subsection, each member of the board may receive compensation as provided for members of State boards under G.S. 138-5, payable from funds of the district. (1927, c. 100, s. 8; 1957, c. 1357, s. 1; 1967, c. 723; 1977, c. 183; 1983, c. 891, s. 2; 1985, c. 29, ss. 1, 2; 1995, c. 422, s. 5; 2003-185, s. 1.)

§ 130A-57. Power to condemn property.

A sanitary district board may purchase real estate, right-of-way or easement within or outside the corporate limits of the district for improvements authorized by this Part. If a purchase price cannot be agreed upon, the board may condemn the real estate, right-of-way or easement in accordance with Chapter 40A of the General Statutes. (1927, c. 100, s. 9; 1933, c. 8, s. 3; 1957, c. 1357, s. 1; 1981, c. 919, s. 13; 1983, c. 891, s. 2.)

CASE NOTES

Just Compensation to Be Paid for Damages. — When a sanitary district, in the exercise of its power of eminent domain, took easements and rights-of-way for sewer lines over the lands of defendants, it became obligated to pay to defendants just compensation for the damage done. North Asheboro-Central Falls San. Dist. v. Canoy, 252 N.C. 749, 114 S.E.2d 577 (1960), decided under former statutory provisions.

Measure of Compensation. — Where a sanitary district condemns an easement for sewer lines, together with the perpetual right to enter upon the land for the purpose of inspecting its lines and making necessary repairs, replacements, additions and alterations thereon, with right of the landowners to use the land for all lawful purposes not inconsistent with the rights acquired by the district, the measure of compensation is the difference in the market value of the land free of the easement and the market value of the land subject to the easement. North Asheboro-Central Falls San. Dist. v. Canoy, 252 N.C. 749, 114 S.E.2d 577 (1960), decided under former statutory provisions.

Proper Use of Easements. — A sanitary district acquiring easements to construct and maintain sanitary sewer lines can use the property taken for only the limited purpose described in the petition, and any other use by it or anyone else would require additional compensation. North Asheboro-Central Falls San. Dist. v. Canoy, 252 N.C. 749, 114 S.E.2d 577 (1960), decided under former statutory provisions.

§ 130A-58. Construction of systems by corporations or individuals.

When it is inadvisable or impractical for the sanitary district to build a water supply, sewage system or part of either to serve an area within the sanitary district, a corporation or residents within the sanitary district may build and operate a system at its or their own expense. The system shall be constructed and operated under plans and specifications approved by the district board and by the Department. The system shall also be constructed and operated in accordance with applicable rules and statutes. (1927, c. 100, s. 10; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-59. Reports.

Upon the election of a sanitary district board, the board shall employ engineers licensed by this State to make a report on the problems of the sanitary district. The report shall be prepared and filed with the sanitary district board and shall include the following:

(1) Comprehensive maps showing the boundaries of the sanitary district and, in a general way, the location of the various parts of the work that is proposed to be done and information as may be useful for a thorough understanding of the proposed undertaking;
(2) A general description of existing facilities for carrying out the purposes of the district;
(3) A general description of the various plans which might be adopted for accomplishment of the purposes of the district;
(4) General plans and specifications for the work;
(5) General description of property proposed to be acquired or which may be damaged in carrying out the work;
(6) Comparative detail estimates of cost for the various construction plans; and
(7) Recommendations. (1927, c. 100, s. 11; 1957, c. 1357, s. 1; 1983, c. 891, s. 2.)

§ 130A-60. Consideration of reports and adoption of a plan.

(a) A report filed by the engineers pursuant to G.S. 130A-59 shall be given consideration by the sanitary district board and the board shall adopt a plan. Before adopting a plan the board may hold a public hearing for the purpose of considering objections to the plan. Once adopted, the sanitary district board shall submit the plan to the Department. The plan shall not become effective until it is approved by the Department.

(b) The provisions of this section and of G.S. 130A-58 shall apply when the sanitary district board determines that adoption of the plan requires the issuance of bonds. However, these provisions shall not apply to a proposed purchase of firefighting equipment and apparatus. Failure to observe or comply with these provisions shall not, however, affect the validity of the bonds of a sanitary district. (1927, c. 100, s. 12; 1949, c. 880, s. 1; 1951, c. 17, s. 1; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-61. Bonds and notes authorized.

A sanitary district is authorized to issue bonds and notes under the Local Government Finance Act. (1927, c. 100, s. 13; 1949, c. 880, s. 1; 1951, c. 17, s. 1; c. 846, s. 1; 1957, c. 1357, s. 1; 1963, c. 1247, s. 1; 1971, c. 780, s. 27; 1983, c. 891, s. 2.)

§ 130A-62. Annual budget; tax levy.

(a) A sanitary district shall operate under an annual balanced budget adopted in accordance with the Local Government Budget and Fiscal Control Act.

(b) A sanitary district has the option of either collecting its own taxes or having its taxes collected by the county or counties in which it is located. Unless a district takes affirmative action to collect its own taxes, taxes shall be collected by the county.

(c) For sanitary districts whose taxes are collected by the county, before May 1 of each year, the assessor of each county in which the district is located shall certify to the district board the total assessed value of property in the county subject to taxation by the district. By July 1 or upon adoption of its annual budget ordinance, the district board shall certify to the county board of commissioners the rate of ad valorem tax levied by the district on property in that county. Upon receiving the district's certification of its tax levy, the county commissioners shall compute the district tax for each taxpayer and shall separately state the district tax on the county tax receipts for the fiscal year. The county shall collect the district tax in the same manner that county taxes are collected and shall remit these collections to the district at least monthly. Partial payments shall be proportionately divided between the county and the district. The district budget ordinance may include an appropriation to the county for the cost to the county of computing, billing, and collecting the district tax. The amount of the appropriation shall be agreed upon by the county and the district, but may not exceed five percent (5%) of the district levy. Any agreement shall remain effective until modified by mutual agreement. The amount due the county for collecting the district tax may be deducted by the county from its monthly remittances to the district or may be paid to the county by the district.

(d) Sanitary districts electing to collect their own taxes shall be deemed cities for the purposes of the Machinery Act, Subchapter II of Chapter 105 of the General Statutes. (1927, c. 100, s. 17; 1935, c. 287, ss. 3, 4; 1949, c. 880, s.

1; 1951, c. 17, s. 1; 1957, c. 1357, s. 1; 1959, c. 994; 1963, c. 1226; 1965, c. 496, s. 3; 1971, c. 780, s. 29; 1983, c. 891, s. 2; 1987, c. 45, s. 1; 1991 (Reg. Sess., 1992), c. 1007, s. 38.)

§ 130A-63. Engineers to provide plans and supervise work; bids.

(a) The sanitary district board shall retain engineers licensed by this State to provide detailed plans and specifications and to supervise the work undertaken by the district. The work or any portion of the work may be done by the sanitary district board by purchasing the material and letting a contract for the work or by letting a contract for furnishing all the materials and doing the work.

(b) All contracts for work performed for construction or repair and for the purchase of materials by sanitary districts shall be in accordance with the provisions of Article 8, Chapter 143 of the General Statutes which are applicable to counties and municipal corporations.

(c) All work done shall be in accordance with the plans and specifications prepared by the engineers in conformity with the plan adopted by the sanitary district board. (1927, c. 100, s. 19; 1957, c. 1357, s. 1; 1977, c. 544, s. 1; 1983, c. 891, s. 2.)

(a) If after a sanitary district has been created or the provisions of this Part have been made applicable to a sanitary district, a petition signed by not less than fifteen percent (15%) of the resident freeholders within any territory contiguous to and adjoining the sanitary district may be presented to the sanitary district board requesting annexation of territory described in the petition. The sanitary district board shall send a copy of the petition to the board of commissioners of the county or counties in which the district is located and to the Department. The sanitary district board shall request that the Department hold a joint public hearing with the sanitary district board on the question of annexation. The Secretary and the chairperson of the sanitary district board shall name a time and place for the public hearing. The chairperson of the sanitary district board shall publish a notice of public hearing once in a newspaper or newspapers published or circulating in the sanitary district and the territory proposed to be annexed. The notice shall be published not less than 15 days prior to the hearing. If after the hearing, the Commission approves the annexation of the territory described in the petition, the Department shall advise the board or boards of commissioners of the approval. The board or boards of commissioners shall order and provide for the holding of a special election upon the question of annexation within the territory proposed to be annexed.

(b) If at or prior to the public hearing, a petition is filed with the sanitary district board signed by not less than fifteen percent (15%) of the freeholders residing in the sanitary district requesting an election be held on the annexation question, the sanitary district board shall send a copy of the petition to the board or boards of commissioners who shall order and provide for the submission of the question to the voters within the sanitary district. This election may be held on the same day as the election in the territory proposed to be annexed, and both elections and registrations may be held pursuant to a single notice. A majority of the votes cast is necessary for a territory to be annexed to a sanitary district.

(c) The election shall be held by the county board or boards of elections as soon as possible after the board or boards of commissioners orders the election. The cost of the election shall be paid by the sanitary district. Registration in the area proposed for annexation shall be under the same procedure as G.S. 163-288.2.

(d) Notice of the election shall be given as required by G.S. 163-33(8) and shall include a statement that the boundary lines of the territory to be annexed and the boundary lines of the sanitary district have been prepared by the district board and may be examined. The notice shall also state that if a majority of the those voting in the election favor annexation, then the territory annexed shall be subject to all debts of the sanitary district.

(e) The ballot shall be substantially as follows:

"☐ FOR annexation to the ______ Sanitary District
☐ AGAINST annexation to the ______ Sanitary District."

The board or boards of elections shall certify the results of the election to the sanitary district board and the board or boards of commissioners of the county or counties in which the district is located.

(f) Notwithstanding any other provisions of this section, if a petition for extension of the boundaries of a sanitary district is signed by not less than fifty-one percent (51%) of the resident freeholders within the territory proposed to be annexed, it shall not be necessary to hold an election provided for by this section on the question of the extension of the boundaries of the sanitary district.

(g) Notwithstanding any other provisions of this section, if a petition for extension of the boundaries of a sanitary district is signed by the owners of all the real property within the territory proposed to be annexed, it shall not be necessary to hold any election or any hearings provided for by this section on the question of the extension of the boundaries of the sanitary district.

(h) No right of action or defense founded upon the invalidity of the election shall be asserted, nor shall the validity of the election be open to question in any court on any ground unless the action or proceeding is commenced within 30 days after the certification of the results by the board or boards of elections.

(i) When additional territory has been annexed to a sanitary district and the proposition of issuing bonds of the sanitary district after the annexation has been approved by the voters at an election held within one year subsequent to annexation, fifty-one percent (51%) or more of the resident freeholders within the annexed territory may petition the sanitary district board for the removal and exclusion of the territory from the sanitary district. No petition may be filed after bonds of the sanitary district have been approved in an election held at any time after annexation. If the sanitary district board approves the petition, it shall send a copy to the Department requesting that the petition be granted and shall send additional copies to the county board or boards of commissioners. A public hearing shall be conducted under the same procedure provided for the annexation of additional territory. If the Commission deems it advisable to comply with the request of the petition, the Commission shall adopt a resolution to that effect and shall redefine the boundaries of the sanitary district. If the petition includes areas within the present corporate limits of the city or town but not within the present boundaries of the sanitary district, these areas shall not be removed or excluded from the city or town under the provisions of this section.

(h) The powers granted by this section shall be supplemental and additional to powers conferred by any other law and shall not be regarded as in derogation to any powers now existing. (1953, c. 977; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1981, c. 186, s. 6; 1983, c. 891, s. 2.)

In such case, the sanitary district may, by resolution, annex the same area, but the annexation shall only become effective if the territory is annexed by the requesting municipality.

(c) If G.S. 160A-58.5 allows the municipality to fix and enforce schedules of rents, rates, fees, charges, and penalties in excess of those fixed and enforced within the primary corporate limits, the sanitary district may do likewise as if G.S. 160A-58.5 applied to it.

(d) If the annexed area contains utility lines constructed or operated by the county and the sanitary district is to assume control, operation, or management of those lines, the sanitary district and county may by contract agree for the sanitary district to assume the pro rata or otherwise mutually agreeable portion of indebtedness incurred by the county for such purpose, or to contractually agree with the county to reimburse the county for any debt service. All birth records and data are State property and shall be managed only in accordance with official disposition instructions prepared by the Department of Cultural Resources. The application of this Chapter is subject to the provisions of Article 1 of Chapter 121 of the General Statutes, the North Carolina Archives and History Act. The State Registrar and other officials authorized to issue certified copies of vital records shall provide copies or abstracts of vital records, except those described in subsections (d), (e), (f) and (g) of this section, to any person upon request.

(c) The State Registrar and other officials authorized to issue certified copies of vital records shall provide certified copies of vital records, except those described in subsections (d), (e), (f), and (g) of this section, only to the following:

(1) A person requesting a copy of the person's own vital records or that of the person's spouse, sibling, direct ancestor or descendant, or stepparent or stepchild;

(2) A person seeking information for a legal determination of personal or property rights; or

(3) An authorized agent, attorney or legal representative of a person described above.

(c1) A funeral director or funeral service licensee shall be entitled upon request to a certified copy of a death certificate.

(d) Copies, certified copies or abstracts of birth certificates of adopted persons shall be provided in accordance with G.S. 48-9-107.

(e) Copies or abstracts of the health and medical information contained on birth certificates shall be provided only to a person requesting a copy of the health and medical information contained on the person's own birth certificate, a person authorized by that person, or a person who will use the information for medical research purposes. Copies of or abstracts from any computer or microform database which contains individual-specific health or medical birth data, whether the database is maintained by the Department, a local health department, or any other public official, shall be provided only to an individual requesting his or her own data, a person authorized by that individual, or a person who will use the information for medical research purposes. The State Registrar shall adopt rules providing for the use of this information for medical research purposes. The rules shall, at a minimum, require a written description of the proposed use of the data, including protocols for protecting confidentiality of the data.

(f) Copies, certified copies or abstracts of new birth certificates issued to persons in the federal witness protection program shall be provided only to a person requesting a copy of the person's own birth certificate and that person's supervising federal marshall.

(g) No copies, certified copies or abstracts of vital records shall be provided to a person purporting to request copies, certified copies or abstracts of that person's own vital records upon determination that the person whose vital records are being requested is deceased.

(h) A certified copy issued under the provisions of this section shall have the same evidentiary value as the original and shall be prima facie evidence of the facts stated in the document. The State Registrar may appoint agents who shall have the authority to issue certified copies under a facsimile signature of the State Registrar. These copies shall have the same evidentiary value as those issued by the State Registrar.

(i) Fees for issuing any copy of a vital record or for conducting a search of the files when no copy is made shall be as established in G.S. 130A-93.1 and G.S. 161-10.

(j) No person shall prepare or issue any certificate which purports to be an official certified copy of a vital record except as authorized in this Article or the rules. (1983, c. 891, s. 2; 1985, c. 325, s. 1; 1991, c. 343, s. 1; 1993, c. 146, s. 3; 1995, c. 457, s. 7; 1997-242, s. 1.)

CASE NOTES

The purpose of former G.S. 130-166 appeared to be to permit the death certificate to be introduced as evidence of the fact of death, the time and place where it occurred, the identity of the deceased, the bodily injury or disease which was the cause of death, the disposition of the body and possibly other matters relating to the death. State v. Hamilton, 16 N.C. App. 330, 192 S.E.2d 24 (1972); Spillman v. Forsyth Mem. Hosp., 30 N.C. App. 406, 227 S.E.2d 292 (1976), decided under former statutory provisions.

The death certificate, when properly certified, would be prima facie evidence of the cause of death. State v. Hamilton, 16 N.C. App. 330, 192 S.E.2d 24 (1972), decided under former statutory provisions.

While certified copies of records are admitted in evidence, the originals are not thereby made incompetent. State v. Joyner, 295 N.C. 55, 243 S.E.2d 367 (1978), decided under former statutory provisions.

Admission of Death Certificate in Criminal Proceedings. — Defendant's right to confrontation and his right to fundamental fairness in a criminal trial were violated by the admission in evidence of hearsay and conclusory statement in victim's death certificate. State v. Watson, 281 N.C. 221, 188 S.E.2d 289, cert. denied, 409 U.S. 1043, 93 S. Ct. 537, 34 L. Ed. 2d 493 (1972), decided under former statutory provisions.

Statements Regarding Insured's Suicide Properly Excluded. — In case brought by widow of insured to recover under life insurance policy, statements listing suicide as the cause of death in the medical examiner's report were properly excluded at trial. Drain v. United Servs. Life Ins. Co., 85 N.C. App. 174, 354 S.E.2d 269, cert. denied, 320 N.C. 630, 360 S.E.2d 85 (1987).

In case brought by widow of insured to recover under life insurance policy, coroner's statement on death certificate that the gunshot wound killing the insured was intentionally self-inflicted was not based on personal knowledge of the events which took place and could only be described as hearsay and conclusory. The admission of such a statement would thwart the fairness of the trial and in essence shift the burden of proof on the issue of the cause of death from defendant to plaintiff. Therefore, the exclusion of this statement on the death certificate was proper. Drain v. United Servs. Life Ins. Co., 85 N.C. App. 174, 354 S.E.2d 269, cert. denied, 320 N.C. 630, 360 S.E.2d 85 (1987).

§ 130A-93.1. Fees for vital records copies or search; automation fund.

(a) The State Registrar shall collect, process, and utilize fees for services as follows:

(1) A fee not to exceed twenty-four dollars ($24.00) shall be charged for issuing a first copy of a vital record or for conducting a routine search of the files for the record when no copy is made. A fee of fifteen dollars ($15.00) shall be charged for each additional certificate copy requested from the same search. When certificates are issued or searches conducted for statewide issuance by local agencies using databases maintained by the State Registrar, the local agency shall charge these fees and shall retain ten dollars ($10.00) of these fees to cover local administrative costs and forward the remaining fees to the State Registrar for the purposes established in subsection (b) of this section.

(2) A fee not to exceed fifteen dollars ($15.00) for in-State requests and not to exceed twenty dollars ($20.00) for out-of-state requests shall be charged in addition to the fee charged under subdivision (1) of this subsection and to all shipping and commercial charges when expedited service is specifically requested.

(2a) The fee for a copy of a computer or microform database shall not exceed the cost to the agency of making and providing the copy.

(3) Except as provided in subsection (b) of this section, fees collected under this subsection shall be used by the Department for public health purposes.

(b) The Vital Records Automation Account is established as a nonreverting account within the Department. Five dollars ($5.00) of each fee collected pursuant to subdivision (a)(1) shall be credited to this Account. The Department shall use the revenue in the Account to fully automate and maintain the vital records system. When funds sufficient to fully automate and maintain the system have accumulated in the Account, fees shall no longer be credited to the Account but shall be used as specified in subdivision (a)(3) of this section. (1991, c. 343, s. 2; 1991 (Reg. Sess., 1992), c. 1039, s. 5; 1997-242, s. 2; 2002-126, s. 29A.18(a); 2009-451, s. 10.22.)

Editor's Note. — Session Laws 2009-451, s. 10.22 made the amendment to this section effective the fourteenth calendar day after the date the act became law. Session Laws 2009-451 became law on August 7, 2009, making the effective date of the amendment August 21, 2009.

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.

Effect of Amendments. — Session Laws 2009-451, s. 10.22, effective August 21, 2009, in subdivision (a)(1), in the first sentence, substituted "twenty-four dollars ($24.00)" for "fifteen dollars ($15.00)" and "a first copy" for "any copy"; added the second sentence; in the third sentence, inserted "for statewide issuance" near the beginning, substituted "these fees and shall retain ten dollars ($10.00) of these fees to cover local administrative costs and forward the remaining fees" for "this fee and shall forward five dollars ($5.00) of this fee" near the middle, and inserted "the" near the end; and in subdivision (a)(2), inserted "for in-State requests and not to exceed twenty dollars ($20.00) for out-of-state requests" near the middle.

§ 130A-94. Local registrar.

The local health director shall serve, ex officio, as the local registrar of each county within the jurisdiction of the local health department. (1983, c. 891, s. 2.)

§ 130A-95. Control of local registrar.

The State Registrar shall direct, control and supervise the activities of local registrars. (1913, c. 109, s. 4; 1915, c. 20; C.S., ss. 7089, 7090; 1955, c. 951, s. 6; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1983, c. 891, s. 2; 1985, c. 462, s. 14.)

§ 130A-96. Appointment of deputy and sub-registrars.

(a) Each local registrar shall immediately upon appointment, appoint a deputy whose duty shall be to assist the local registrar and to act as local registrar in case of absence, illness, disability or removal of the local registrar. The deputy shall be designated in writing and be subject to all rules and statutes governing local registrars. The local registrar shall direct, control and supervise the activities of the deputy registrar and may remove a deputy registrar for cause.

(b) The local registrar may, when necessary and with the approval of the State Registrar, appoint one or more persons to act as sub-registrars. Sub-registrars shall be authorized to receive certificates and issue burial-transit permits in and for designated portions of the county. Each sub-registrar shall enter the date the certificate was received and shall forward all certificates to the local registrar within three days.

(c) The State Registrar shall direct, control and supervise sub-registrars and may remove a sub-registrar for cause. (1913, c. 109, s. 4; C.S., s. 7091; 1955, c. 951, s. 8; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1983, c. 891, s. 2.)

§ 130A-97. Duties of local registrars.

The local registrar shall:

(1) Administer and enforce provisions of this Article and the rules, and immediately report any violation to the State Registrar;

(2) Furnish certificate forms and instructions supplied by the State Registrar to persons who require them;

(3) Examine each certificate when submitted to determine if it has been completed in accordance with the provisions of this Article and the rules. If a certificate is incomplete or unsatisfactory, the responsible person shall be notified and required to furnish the necessary information. All birth and death certificates shall be typed or written legibly in permanent black, blue-black, or blue ink;

(4) Enter the date on which a certificate is received and sign as local registrar;

(5) Transmit to the register of deeds of the county a copy of each certificate registered within seven days of receipt of a birth or death certificate. The copy transmitted shall include the race of the father and mother if that information is contained on the State copy of the certificate of live birth. Copies transmitted may be on blanks furnished by the State Registrar or may be photocopies made in a manner approved by the register of deeds. The local registrar may also keep a copy of each certificate for no more than two years;

(6) On the fifth day of each month or more often, if requested, send to the State Registrar all original certificates registered during the preceding month; and

(7) Maintain records, make reports and perform other duties required by the State Registrar. (1913, c. 109, s. 18; 1915, c. 85, s. 2; c. 164, s. 2; C.S., s. 7109; Ex. Sess. 1920, c. 58, s. 1; 1931, c. 79; 1933, c. 9, s. 1; 1943, c. 673; 1949, c. 133; 1955, c. 951, ss. 20, 21; 1957, c. 1357, s. 1; 1963, c. 492, ss. 4, 8; 1969, c. 1031, s. 1; 1971, c. 444, s. 8; 1979, c. 95, s. 9; 1981, c. 554; 1983, c. 891, s. 2; 2003-60, s. 1.)

§ 130A-98. Pay of local registrars.

A local health department shall provide sufficient staff, funds and other resources necessary for the proper administration of the local vital records registration program. (1913, c. 109, s. 19; Ex. Sess. 1913, c. 15, s. 1; 1915, c. 85, s. 3; 1919, c. 210, s. 1; C.S., s 7110; Ex. Sess. 1920, c. 58, s. 2; 1949, c. 306; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1983, c. 891, s. 2.)

Local Modification to Former G.S. 130-65. — Moore: 1975, c. 422.

§ 130A-99. Register of deeds to preserve copies of birth and death records.

(a) The register of deeds of each county shall file and preserve the copies of birth and death certificates furnished by the local registrar under the provisions of G.S. 130A-97, and shall make and keep a proper index of the certificates. These certificates shall be open to inspection and examination. Copies or abstracts of these certificates shall be provided to any person upon request. Certified copies of these certificates shall be provided only to those persons described in G.S. 130A-93(c).

(b) The register of deeds may remove from the records and destroy copies of birth or death certificates for persons born or dying in counties other than the county in which the office of the register of deeds is located, only after confirming that copies of the birth or death certificates removed and destroyed are maintained by the State Registrar or North Carolina State Archives. (1957, c. 1357, s. 1; 1969, c. 80, s. 3; c. 1031, s. 1; 1983, c. 891, s. 2; 1997-309, s. 11.)

Editor's Note. — Session Laws 1997-309, s. 15, provides in part that the removal and destruction by a register of deeds of any out-of-county birth certificates prior to the effective date of that act is valid, and the register of deeds is not in violation of G.S. 121-5 or G.S. 132-3.

§ 130A-100. Register of deeds may perform notarial acts.

(a) The register of deeds is authorized to take acknowledgments, administer oaths and affirmations and to perform all other notarial acts necessary for the registration or issuance of certificates relating to births, deaths or marriages. The register of deeds shall be entitled to a fee as prescribed in G.S. 161-10.

(b) All acknowledgments taken, affirmations or oaths administered or other notarial acts performed by the register of deeds relating to the registration of certificates of births, deaths or marriages prior to June 16, 1959, are validated. (1945, c. 100; 1957, c. 1357, s. 1; 1959, c. 986; 1969, c. 80, s. 9; c. 1031, s. 1; 1983, c. 891, s. 2.)

§ 130A-101. Birth registration.

(a) A certificate of birth for each live birth, regardless of the gestation period, which occurs in this State shall be filed with the local registrar of the county in which the birth occurs within 10 days after the birth and shall be registered by the registrar if it has been completed and filed in accordance with this Article and the rules.

(b) When a birth occurs in a hospital or other medical facility, the person in charge of the facility shall obtain the personal data, prepare the certificate, secure the signatures required by the certificate and file it with the local registrar within five days after the birth. The physician or other person in attendance shall provide the medical information required by the certificate.

(c) When a birth occurs outside a hospital or other medical facility, the certificate shall be prepared and filed by one of the following in the indicated order of priority:

(1) The physician in attendance at or immediately after the birth, or in the absence of such a person;

(2) Any other person in attendance at or immediately after the birth, or in the absence of such a person;

(3) The father, the mother or, in the absence or inability of the father and the mother, the person in charge of the premises where the birth occurred.

(d) When a birth occurs on a moving conveyance and the child is first moved from the conveyance in this State, the birth shall be registered in the county where the child is first removed from the conveyance, and that place shall be considered the place of birth.

(e) If the mother was married at the time of either conception or birth, or between conception and birth, the name of the husband shall be entered on the certificate as the father of the child, except as provided in this subsection. The surname of the child shall be the same as that of the husband, except that upon agreement of the husband and mother, or upon agreement of the mother and father if paternity has been otherwise determined, any surname may be chosen. The name of the putative father shall be entered on the certificate as the father of the child if one of the following conditions exists:

(1) Paternity has been otherwise determined by a court of competent jurisdiction, in which case the name of the father as determined by the court shall be entered.

(2) The child's mother, mother's husband, and putative father complete an affidavit acknowledging paternity that contains all of the following:

a. A sworn statement by the mother consenting to the assertion of paternity by the putative father and declaring that the putative father is the child's natural father.

b. A sworn statement by the putative father declaring that he believes he is the natural father of the child.

c. A sworn statement by the mother's husband consenting to the assertion of paternity by the putative father.

d. Information explaining in plain language the effect of signing the affidavit, including a statement of parental rights and responsibilities and an acknowledgment of the receipt of this information.

e. The social security numbers of the putative father, mother, and mother's husband.

f. The results of a DNA test that has confirmed the paternity of the putative father.

(f) If the mother was unmarried at all times from date of conception through date of birth, the name of the father shall not be entered on the certificate unless the child's mother and father complete an affidavit acknowledging paternity which contains the following:

(1) A sworn statement by the mother consenting to the assertion of paternity by the father and declaring that the father is the child's natural father and that the mother was unmarried at all times from the date of conception through the date of birth;

(2) A sworn statement by the father declaring that he believes he is the natural father of the child;

(3) Information explaining in plain language the effect of signing the affidavit, including a statement of parental rights and responsibilities and an acknowledgment of the receipt of this information; and

(4) The social security numbers of both parents.

The State Registrar, in consultation with the Child Support Enforcement Section of the Division of Social Services, shall develop and disseminate a form affidavit for use in compliance with this section, together with an information sheet that contains all the information required to be disclosed by subdivision (3) of this subsection.

Upon the execution of the affidavit, the declaring father shall be listed as the father on the birth certificate, subject to the declaring father's right to rescind under G.S. 110-132. The executed affidavit shall be filed with the registrar along with the birth certificate. In the event paternity is properly placed at issue, a certified copy of the affidavit shall be admissible in any action to establish paternity. The surname of the child shall be determined by the mother, except if the father's name is entered on the certificate, the mother and father shall agree upon the child's surname. If there is no agreement, the child's surname shall be the same as that of the mother.

The execution and filing of this affidavit with the registrar does not affect rights of inheritance unless the affidavit is also filed with the clerk of court in accordance with G.S. 29-19(b)(2).

(g) Each parent shall provide his or her social security number to the person responsible for preparing and filing the certificate of birth. (1913, c. 109, s. 13; 1915, c. 85, s. 1; C.S., s. 7010; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1979, c. 95, s. 4; c. 417; 1983, c. 891, s. 2; 1989, c. 199, ss. 1, 2; 1989 (Reg. Sess., 1990), c. 1004, s. 6; 1993, c. 333, s. 1; 1995, c. 428, s. 1; 1997-433, s. 4.12; 1998-17, s. 1; 2005-389, s. 4; 2009-285, s. 1.)

Effect of Amendments. — Session Laws 2009-285, s. 1, effective July 10, 2009, and applicable to the birth certificates of children born on or after that date, rewrote subsection (e), and in subdivision (f)(1), added "and that the mother was unmarried at all times from the date of conception through the date of birth" at the end.

CASE NOTES

As to the unconstitutionality of former G.S. 130-50(e) insofar as it precluded parents from recording the surnames of their choice on the birth certificates of their children, see O'Brien v. Tilson, 523 F. Supp. 494 (E.D.N.C. 1981).

Exclusion of Birth Certificate in Paternity Action Held Proper. — In paternity action, trial court did not err by excluding the child's birth certificate in which the name of the father was left blank. The absence of a named father on the birth certificate had little probative value and was misleading because under subsection (f) of this section the name of the father of an illegitimate child may not be entered on the child's birth certificate without the father's sworn consent. State v. McInnis, 102 N.C. App. 338, 401 S.E.2d 774, cert. denied, 329 N.C. 274, 407 S.E.2d 848 (1991).

Unilateral Petition for Name Change Disallowed After Birth Certificate Entry. — Where unmarried parents executed an Affidavit of Paternity and entered respondent's name on the birth certificate as the father, court held that there was no authority, statutory or decisional, permitting petitioner to unilaterally change the name of her son, born out of wedlock and not yet legitimated, absent the father's consent. In re Crawford, 134 N.C. App. 137, 517 S.E.2d 161 (1999), distinquishing In re Dunston, 18 N.C. App. 647, 197 S.E.2d 560 (1973).

Inquiry into Child's Best Interests Not Appropriate. — The fact that the General Assembly specifically required a "best interests of the child" inquiry in contexts such as termination of parental rights, child custody and placement, parental visitation rights, and even in the change in surname on a birth certificate following legitimization, yet failed to require such inquiry in connection with name changes under G.S. 101-2 and subsection (f) of this section, was taken as clear evidence of its intent that no such inquiry was required in these contexts. In re Crawford, 134 N.C. App. 137, 517 S.E.2d 161 (1999).

OPINIONS OF ATTORNEY GENERAL

Compliance with former G.S. 130-50(f) was not sufficient, standing alone, to establish paternity of an illegitimate child for the purpose of qualifying for Aid to Families with Dependent Children. See opinion of Attorney General to Dr. Sarah T. Morrow, Secretary, Dep't of Human Resources, 50 N.C.A.G. 5 (1980).

§ 130A-102. Contents of birth certificate.

The certificate of birth shall contain those items recommended by the federal agency responsible for national vital statistics, except as amended or changed by the State Registrar. Medical information contained in a birth certificate shall not be public records open to inspection. (1913, c. 109, s. 14; C.S., s. 7102; 1949, c. 161, s. 2; 1955, c. 951, s. 15; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1979, c. 95, s. 7; 1983, c. 891, s. 2.)

CASE NOTES

Change of Name of Illegitimate Child. — A third person having care of an illegitimate child can petition to have the name of the child changed with only the consent of the child's natural mother. Where the natural mother petitions to change the name of her illegitimate child, the consent of no other person is logically required, as no other person has any "rights" inherent in that child's name. In re Dunston, 18 N.C. App. 647, 197 S.E.2d 560 (1973), decided under former statutory provisions.

§ 130A-103. Registration of birth certificates more than five days and less than one year after birth.

Any birth may be registered more than five days and less than one year after birth in the same manner as births are registered under this Article within five days of birth. The registration shall have the effect as if the registration had occurred within five days of birth. The registration however, shall not relieve any person of criminal liability for the failure to register the birth within five days of birth as required by G.S. 130A-101. (1941, c. 126; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1979, c. 95, s. 5; 1983, c. 891, s. 2.)

§ 130A-104. Registration of birth one year or more after birth.

(a) When the birth of a person born in this State has not been registered within one year after birth, a delayed certificate may be filed with the register of deeds in the county in which the birth occurred. An applicant for a delayed certificate must submit the minimum documentation prescribed by the State Registrar.

(b) A certificate of birth registered one year or more after the date of the birth shall be marked "delayed" and show the date of the delayed registration. A summary statement of evidence submitted in support of the delayed registration shall be endorsed on the certificate. The register of deeds shall forward the original and a duplicate to the State Registrar for final approval. If the certificate complies with the rules and has not been previously registered, the State Registrar shall file the original and return the duplicate to the register of deeds for recording.

(c) When an applicant does not submit the minimum documentation required or when the State Registrar finds reason to question the validity or adequacy of the certificate or documentary evidence, the State Registrar shall not register the delayed certificate and shall advise the applicant of the reasons for this action. If the deficiencies are not corrected, the applicant shall be advised of the right to an administrative hearing and of the availability of a judicial determination under G.S. 130A-106.

(d) Delayed certificates shall have the same evidentiary value as those registered within five days. (1941, c. 126; 1957, c. 1357, s. 1; 1969, c. 80, s. 8; c. 1031, s. 1; 1973, c. 476, s. 128; 1979, c. 95, s. 6; 1983, c. 891, s. 2.)

§ 130A-105. Validation of irregular registration of birth certificates.

The registration and filing with the State Registrar prior to April 1, 1941, of the birth certificate of a person whose birth was not registered within five days of birth is validated. All copies of birth certificates filed prior to April 9, 1941, properly certified by the State Registrar, shall have the same evidentiary value as those registered within five days. (1941, c. 126; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

(a) A person born in this State not having a recorded certificate of birth, may file a verified petition with the clerk of the superior court in the county of the petitioner's legal residence or place of birth, setting forth the date, place of birth and parentage, and petitioning the clerk to hear evidence, and to find and adjudge the date, place and parentage of the birth of the petitioner. Upon the filing of a petition, the clerk shall set a hearing date, and shall conduct the proceeding in the same manner as other special proceedings. At the time set for the hearing, the petitioner shall present evidence to establish the facts of birth. If the evidence offered satisfies the court, the court shall enter judgment establishing the date, place of birth and parentage of the petitioner, and record it in the record of special proceedings. The clerk shall certify the judgment to the State Registrar who shall keep a record of the judgment. A copy shall be certified to the register of deeds of the county in which the petitioner was born.

The petition shall set forth the facts concerning abandonment, the name, date and place of birth of petitioner and the names of any persons acting in loco parentis to the petitioner.

(b) The clerk shall find facts and, if there is insufficient evidence to establish the place of birth, it shall be conclusively presumed that the person was born in the county of abandonment. The clerk shall enter and record judgment in the record of special proceedings. The clerk shall certify the judgment to the State Registrar who shall keep a record of the judgment. A copy shall be certified to the register of deeds of the county of abandonment.

(c) The medical certification shall be completed and signed by the physician in charge of the patient's care for the illness or condition which resulted in death, except when the death falls within the circumstances described in G.S. 130A-383. In the absence of the physician or with the physician's approval, the certificate may be completed and signed by an associate physician, the chief medical officer of the hospital or facility in which the death occurred or a physician who performed an autopsy upon the decedent under the following circumstances: the individual has access to the medical history of the deceased; the individual has viewed the deceased at or after death; and the death is due to natural causes. When specifically approved by the State Registrar, an electronic signature or facsimile signature of the physician shall be acceptable. The record shall include information required for the certificates of birth and death and the reports of spontaneous fetal death required by this Article. The record shall be made at the time of admission from information provided by the person being admitted or confined. When this information cannot be obtained from this person, it shall be obtained from relatives or other knowledgeable persons.

(b) When a dead body or dead fetus of 20 weeks gestation or more is released or disposed of by an institution, the person in charge of the institution shall keep a record showing the name of the decedent, date of death, name and address of the person to whom the body or fetus is released and the date of removal from the institution. If final disposition is made by the institution, the date, place, and manner of disposition shall also be recorded.

(c) A funeral director, embalmer, or other person who removes from the place of death, transports or makes final disposition of a dead body or fetus, shall keep a record which shall identify the body, and information pertaining to the receipt, removal, delivery, burial, or cremation of the body, as may be required by the State Registrar. The copy of the certificate of birth on file with the register of deeds, if any, shall be forwarded to the State Registrar within five days. The State Registrar shall place under seal the original certificate of birth, the copy forwarded by the register of deeds and all papers relating to the original certificate of birth. The seal shall not be broken except by an order of a court of competent jurisdiction. Thereafter, when a certified copy of the certificate of birth of the person is issued, it shall be a copy of the new certificate of birth, except when an order of a court of competent jurisdiction shall require the issuance of a copy of the original certificate of birth. The Department shall also require remediation of the lead poisoning hazards identified at the supplemental addresses of a child less than six years of age with a confirmed lead poisoning of 20 micrograms per deciliter or greater.

(b) When remediation of lead poisoning hazards is required under subsection (a) of this section, the owner or managing agent shall submit a written remediation plan to the Department within 14 days of receipt of the lead poisoning hazard notification and shall obtain written approval of the plan before initiating remediation activities. The remediation plan shall comply with subsections (g), (h), and (i) of this section.

(c) If the remediation plan submitted fails to meet the requirements of this section, the Department shall issue an order requiring submission of a modified plan. The order shall indicate the modifications that shall be made to the remediation plan and the date that the plan as modified shall be submitted to the Department.

(d) If the owner or managing agent does not submit a remediation plan within 14 days, the Department shall issue an order requiring submission of a remediation plan within five days of receipt of the order.

(e) The owner or managing agent shall notify the Department and the occupants of the dates of remediation activities at least three days before commencement of the activities.

(f) Remediation of the lead poisoning hazards shall be completed within 60 days of the Department's approval of the remediation plan. (6) Uncontrolled waterblasting.
(7) Dry scraping, unless used in conjunction with heat guns, or around electrical outlets, or when treating no more than two square feet on interior surfaces, or no more than 20 square feet on exterior surfaces.

(h) All lead-containing waste and residue shall be removed and disposed of in accordance with applicable federal, State, and local laws and rules. Other substances containing lead that are intended for use by children less than six years of age and vinyl miniblinds that constitute a lead poisoning hazard shall be removed and disposed of in accordance with applicable federal, State, and local laws and rules.

(5) Fewer than 15 parts per billion for lead in drinking water.

(j) The Department shall verify by visual inspection that the approved remediation plan has been completed. The Department may also verify plan completion by residual lead dust monitoring and soil or drinking water lead level measurement.

(j1) Compliance with the maintenance standard satisfies the remediation requirements for confirmed lead poisoning cases identified on or after 1 October 1990 as long as all lead poisoning hazards identified on interior and exterior surfaces are addressed by remediation. Except for owner-occupied residential housing units, continued compliance shall be verified by means of an annual monitoring inspection conducted by the Department. For owner-occupied residential housing units, continued compliance shall be verified (i) by means of an annual monitoring inspection, (ii) by documentation that no child less than six years of age has resided in or regularly visited the residential housing unit within the past year, or (iii) by documentation that no child less than six years of age residing in or regularly visiting the unit has an elevated blood lead level.

(k) Removal of children from the residential housing unit or child-occupied facility shall not constitute remediation if the property continues to be used for a residential housing unit or child-occupied facility. The remediation requirements imposed in subsection (a) of this section apply so long as the property continues to be used as a residential housing unit or child-occupied facility. (1997-443, s. 15.30(b); 1998-209, s. 3; 2003-150, s. 6.)

Any owner of a residential housing unit constructed prior to 1978 who is sued by a current or former occupant seeking damages for injuries allegedly arising from exposure to lead-based paint or lead-contaminated dust, shall not be deemed liable (i) for any injuries sustained by that occupant after the owner first complied with the maintenance standard defined under G.S. 130A-131.7 provided the owner has repeated the steps provided for in the maintenance standard annually for units in which children of less than six years of age have resided or regularly visited within the past year and obtained a certificate of compliance under G.S. 130A-131.9E annually during such occupancy; or (ii) if the owner is able to show by other documentation that compliance with the maintenance standard has been maintained during the period when the injuries were sustained; or (iii) if the owner is able to show that the unit was lead-safe housing containing no lead-based paint hazards during the period when the injuries were sustained. (1997-443, s. 15.30(b); 1998-209, s. 4.)

§ 130A-131.9E. Certificate of evidence of compliance.

An owner of a unit who has complied with the maintenance standard may apply annually to the Department for a certificate of compliance. Upon presentation of acceptable proof of compliance, the Department shall provide to the owner a certificate evidencing compliance. The Department may issue a certificate based solely on information provided by the owner and may revoke the certificate upon showing that any of the information is erroneous or inadequate, or upon finding that the unit is no longer in compliance with the maintenance standard. (1997-443, s. 15.30(b).)

§ 130A-131.9F. Discrimination in financing.

(a) No bank or financial institution in the business of lending money for the purchase, sale, construction, rehabilitation, improvement, or refinancing of real property of the lending of money secured by an interest in real property may refuse to make such loans merely because of the presence of lead-based paint on the residential real property or in the residential housing unit provided that the owner is in compliance with the maintenance standard and has obtained a certificate of compliance under G.S. 130A-131.9E annually.

(b) Nothing in this section shall (i) require a financial institution to extend a loan or otherwise provide financial assistance if it is clearly evident that health-related issues, other than those related to lead-based paint, made occupancy of the housing accommodation an imminent threat to the health or safety of the occupant, or (ii) be construed to preclude a financial institution from considering the fair market value of the property which will secure the proposed loan.

(c) Failure to meet the maintenance standard shall not be deemed a default under existing mortgages. (1997-443, s. 15.30(b).)

§ 130A-131.9G. Resident responsibilities.

In any residential housing unit occupied by a child less than six years of age who has an elevated blood lead level of 10 micrograms per deciliter or greater, the Department shall advise, in writing, the owner or managing agent and the child's parents or legal guardian of the importance of carrying out routine cleaning activities in the units they occupy, own, or manage. The cleaning activities shall include all of the following:

Access to the information shall be limited to Program staff authorized by the Director of the State Center for Health and Environmental Statistics. The Director of the State Center for Health and Environmental Statistics may also authorize access to this information to persons engaged in demographic, epidemiological, or other similar scientific studies related to health. The Commission shall adopt rules that establish strict criteria for the use of monitoring Program information for scientific research. All persons given authorized access to Program information shall agree, in writing, to maintain confidentiality.

(b) All scientific research proposed to be conducted by persons other than authorized Program staff using the information from the Program, shall first be reviewed and approved by the Director of the State Center for Health and Environmental Statistics and an appropriate committee for the protection of human subjects which is approved by the United States Department of Health and Human Services pursuant to Part 46 of Title 45 of the Code of Federal Regulations. Satisfaction of the terms of the Commission's rules for data access shall entitle the researcher to obtain information from the Program and, if part of the research protocol, to contact case subjects.

(c) Whenever authorized Program staff propose a research protocol that includes contacting case subjects, the Director of the State Center for Health and Environmental Statistics shall submit a protocol describing the research to the State Health Director and to an appropriate committee for the protection of human subjects which is approved by the United States Department of Health and Human Services pursuant to Part 46 of Title 45 of the Code of Federal Regulations. If and when the protocol is approved by the committee and by the State Health Director pursuant to the rules of the Commission, then Program staff shall be entitled to complete the approved project and to contact case subjects.

The order shall specify which health care providers must report, what information is to be reported, and the period of time for which reporting is required. The period of time for which reporting is required pursuant to a temporary order shall not exceed 90 days. The Commission may adopt rules to continue the reporting requirement when necessary to protect the public health.

(b) For the purposes of this section, the term "health care provider" has the same meaning as that term is defined in G.S. 130A-476(g). (2004-80, s. 5.)

§ 130A-142. Immunity of persons who report.

(2) Release is made of all or part of the medical record with the written consent of the person or persons identified or their guardian;

(3) Release is made to health care personnel providing medical care to the patient;

(4) Release is necessary to protect the public health and is made as provided by the Commission in its rules regarding control measures for communicable diseases and conditions;

(5) Release is made pursuant to other provisions of this Article;

(6) Release is made pursuant to subpoena or court order. Upon request of the person identified in the record, the record shall be reviewed in camera. In the trial, the trial judge may, during the taking of testimony concerning such information, exclude from the courtroom all persons except the officers of the court, the parties and those engaged in the trial of the case;

(7) Release is made by the Department or a local health department to a court or a law enforcement official for the purpose of enforcing this Article or Article 22 of this Chapter, or investigating a terrorist incident using nuclear, biological, or chemical agents. A law enforcement official who receives the information shall not disclose it further, except (i) when necessary to enforce this Article or Article 22 of this Chapter, or when necessary to conduct an investigation of a terrorist incident using nuclear, biological, or chemical agents, or (ii) when the Department or a local health department seeks the assistance of the law enforcement official in preventing or controlling the spread of the disease or condition and expressly authorizes the disclosure as necessary for that purpose;

(8) Release is made by the Department or a local health department to another federal, state or local public health agency for the purpose of preventing or controlling the spread of a communicable disease or communicable condition;

(9) Release is made by the Department for bona fide research purposes. The Commission shall adopt rules providing for the use of the information for research purposes;

CASE NOTES

Hospital Policy of Identifying Potentially Infectious Patients. — Although this section does not mandate release of information that a person has the AIDS virus infection to health care providers, a doctor was bound by hospital policy of identifying patients as being potentially infectious and that policy is consistent with this section; therefore, the hospital's actions in disciplining the doctor for his failure to comply with the policy was not a wrongful, arbitrary, or capricious act. Weston v. Carolina Medicorp, Inc., 102 N.C. App. 370, 402 S.E.2d 653 (1991).

Confidential HIV Testing Permissible. — As the statutory security provisions are adequate to protect against potential unlawful disclosure, the elimination of anonymous HIV testing in favor of confidential testing did not violate plaintiff's constitutional privacy rights. Act-Up Triangle v. Commission for Health Servs., 345 N.C. 699, 483 S.E.2d 388 (1997).

§ 130A-144. Investigation and control measures.

(a) The local health director shall investigate, as required by the Commission, cases of communicable diseases and communicable conditions reported to the local health director pursuant to this Article.

(b) Physicians, persons in charge of medical facilities or laboratories, and other persons shall, upon request and proper identification, permit a local health director or the State Health Director to examine, review, and obtain a copy of medical or other records in their possession or under their control which the State Health Director or a local health director determines pertain to the (i) diagnosis, treatment, or prevention of a communicable disease or communicable condition for a person infected, exposed, or reasonably suspected of being infected or exposed to such a disease or condition, or (ii) the investigation of a known or reasonably suspected outbreak of a communicable disease or communicable condition.

(c) A physician or a person in charge of a medical facility or laboratory who permits examination, review or copying of medical records pursuant to subsection (b) shall be immune from any civil or criminal liability that otherwise might be incurred or imposed as a result of complying with a request made pursuant to subsection (b).

(d) The attending physician shall give control measures prescribed by the Commission to a patient with a communicable disease or communicable condition and to patients reasonably suspected of being infected or exposed to such a disease or condition. The physician shall also give control measures to other individuals as required by rules adopted by the Commission.

(e) The local health director shall ensure that control measures prescribed by the Commission have been given to prevent the spread of all reportable communicable diseases or communicable conditions and any other communicable disease or communicable condition that represents a significant threat to the public health. The local health department shall provide, at no cost to the patient, the examination and treatment for tuberculosis disease and infection and for sexually transmitted diseases designated by the Commission.

(f) All persons shall comply with control measures, including submission to examinations and tests, prescribed by the Commission subject to the limitations of G.S. 130A-148.

(g) The Commission shall adopt rules that prescribe control measures for communicable diseases and conditions subject to the limitations of G.S. 130A-148. Temporary rules prescribing control measures for communicable diseases and conditions shall be adopted pursuant to G.S. 150B-13.

(h) Anyone who assists in an inquiry or investigation conducted by the State Health Director for the purpose of evaluating the risk of transmission of HIV or Hepatitis B from an infected health care worker to patients, or who serves on an expert panel established by the State Health Director for that purpose, shall be immune from civil liability that otherwise might be incurred or imposed for any acts or omissions which result from such assistance or service, provided that the person acts in good faith and the acts or omissions do not amount to gross negligence, willful or wanton misconduct, or intentional wrongdoing. This qualified immunity does not apply to acts or omissions which occur with respect to the operation of a motor vehicle. Nothing in this subsection provides immunity from liability for a violation of G.S. 130A-143. (1893, c. 214, s. 16; Rev., s. 4459; 1909, c. 793, s. 8; C.S., s. 7158; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2; 1987, c. 782, s. 14; 1991, c. 225, s. 1; 1995, c. 228, s. 1; 2001-28, s. 2; 2004-80, s. 6; 2009-501, s. 2.)

Editor's Note. — G.S. 150B-13, referred to in this section, was repealed by Session Laws 1991, c. 418, s. 5. As to rule making, see now G.S. 150B-18 et seq.

Effect of Amendments. — Session Laws 2009-501, s. 2, effective August 26, 2009, substituted "Physicians, persons in charge of medical facilities or laboratories, and other persons shall" for "Physicians and persons in charge of medical facilities or laboratories shall" at the beginning of subsection (b).

§ 130A-145. Quarantine and isolation authority.

(a) The State Health Director and a local health director are empowered to exercise quarantine and isolation authority. Quarantine and isolation authority shall be exercised only when and so long as the public health is endangered, all other reasonable means for correcting the problem have been exhausted, and no less restrictive alternative exists.

(b) No person other than a person authorized by the State Health Director or local health director shall enter quarantine or isolation premises. Nothing in this subsection shall be construed to restrict the access of authorized health care, law enforcement, or emergency medical services personnel to quarantine or isolation premises as necessary in conducting their duties.

(c) Before applying quarantine or isolation authority to livestock or poultry for the purpose of preventing the direct or indirect conveyance of an infectious agent to persons, the State Health Director or a local health director shall consult with the State Veterinarian in the Department of Agriculture and Consumer Services.

(d) When quarantine or isolation limits the freedom of movement of a person or animal or of access to a person or animal whose freedom of movement is limited, the period of limited freedom of movement or access shall not exceed 30 calendar days. Any person substantially affected by that limitation may institute in superior court in Wake County or in the county in which the limitation is imposed an action to review that limitation. The official who exercises the quarantine or isolation authority shall give the persons known by the official to be substantially affected by the limitation reasonable notice under the circumstances of the right to institute an action to review the limitation. If a person or a person's representative requests a hearing, the hearing shall be held within 72 hours of the filing of that request, excluding Saturdays and Sundays. The person substantially affected by that limitation is entitled to be represented by counsel of the person's own choice or if the person is indigent, the person shall be represented by counsel appointed in accordance with Article 36 of Chapter 7A of the General Statutes and the rules adopted by the Office of Indigent Defense Services. The court shall reduce or terminate the limitation unless it determines, by the preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of a communicable disease or condition to others.

If the State Health Director or the local health director determines that a 30-calendar-day limitation on freedom of movement or access is not adequate to protect the public health, the State Health Director or local health director must institute in superior court in the county in which the limitation is imposed an action to obtain an order extending the period of limitation of freedom of movement or access. If the person substantially affected by the limitation has already instituted an action in superior court in Wake County, the State Health Director must institute the action in superior court in Wake County or as a counterclaim in the pending case. Except as provided below for persons with tuberculosis, the court shall continue the limitation for a period not to exceed 30 days if it determines, by the preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of a communicable disease or condition to others. The court order shall specify the period of time the limitation is to be continued and shall provide for automatic termination of the order upon written determination by the State Health Director or local health director that the quarantine or isolation is no longer necessary to protect the public health. In addition, where the petitioner can prove by a preponderance of the evidence that quarantine or isolation was not or is no longer needed for protection of the public health, the person quarantined or isolated may move the trial court to reconsider its order extending quarantine or isolation before the time for the order otherwise expires and may seek immediate or expedited termination of the order. Before the expiration of an order issued under this section, the State Health Director or local health director may move to continue the order for additional periods not to exceed 30 days each. If the person whose freedom of movement has been limited has tuberculosis, the court shall continue the limitation for a period not to exceed one calendar year if it determines, by a preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of tuberculosis to others. The court order shall specify the period of time the limitation is to be continued and shall provide for automatic termination of the order upon written determination by the State Health Director or local health director that the quarantine or isolation is no longer necessary to protect the public health. In addition, where the petitioner can prove by a preponderance of the evidence that quarantine or isolation was not or is no longer needed for protection of the public health, the person quarantined or isolated may move the trial court to reconsider its order extending quarantine or isolation before the time for the order otherwise expires and may seek immediate or expedited termination of the order. Before the expiration of an order limiting the freedom of movement of a person with tuberculosis, the State Health Director or local health director may move to continue the order for additional periods not to exceed one calendar year each. (1957, c. 1357, s. 1; 1983, c. 891, s. 2; 1987, c. 782, s. 15; 2002-179, s. 5; 2004-80, s. 2.)

§ 130A-146. Transportation of bodies of persons who have died of reportable diseases.

No person shall transport in this State the remains of any person who has died of a disease declared by the Commission to be reported until the body has been encased in a manner as prescribed by rule by the Commission. Only persons who have complied with the rules of the Commission concerning the removal of dead bodies shall be issued a burial-transit permit. CASE NOTES

Validity of Vaccination Regulations. — Regulations and provisions for the vaccination of the inhabitants, and their enforcement by penalties, constitute a valid exercise of governmental police power for the public welfare, health and safety. State v. Hay, 126 N.C. 999, 35 S.E. 459 (1900), decided under former statutory provisions.

§ 130A-148. Laboratory tests for AIDS virus infection.

(a) For the protection of the public health, the Commission shall adopt rules establishing standards for the certification of laboratories to perform tests for Acquired Immune Deficiency Syndrome (AIDS) virus infection. The rules shall address, but not be limited to, proficiency testing, record maintenance, adequate staffing and confirmatory testing. Tests for AIDS virus infection shall be performed only by laboratories certified pursuant to this subsection and only on specimens submitted by a physician licensed to practice medicine. This subsection shall not apply to testing performed solely for research purposes under the approval of an institutional review board.

(b) Prior to obtaining consent for donation of blood, semen, tissue or organs, a facility or institution seeking to obtain blood, tissue, semen or organs for transfusion, implantation, transplantation or administration shall provide the potential donor with information about AIDS virus transmission, and information about who should not donate.

(c) No blood or semen may be transfused or administered when blood from the donor has not been tested or has tested positive for AIDS virus infection by a standard laboratory test.

(d) No tissue or organs may be transplanted or implanted when blood from the donor has not been tested or has tested positive for AIDS virus infection by a standard laboratory test unless consent is obtained from the recipient, or from the recipient's guardian or a responsible adult relative of the recipient if the recipient is not competent to give such consent.

(e) Any facility or institution that obtains or tranfuses, implants, transplants, or administers blood, tissue, semen, or organs shall be immune from civil or criminal liability that otherwise might be incurred or imposed for transmission of AIDS virus infection if the provisions specified in subsections (b), (c), and (d) of this section have been complied with.

(f) Specimens may be tested for AIDS virus infection for research or epidemiologic purposes without consent of the person from whom the specimen is obtained if all personal identifying information is removed from the specimen prior to testing.

(g) Persons tested for AIDS virus infection shall be notified of test results and counseled appropriately. This subsection shall not apply to tests performed by or for entities governed by Article 39 of Chapter 58 of the General Statutes, the Insurance Information and Privacy Protection Act, provided that said entities comply with the notice requirements thereof.

(h) The Commission may authorize or require laboratory tests for AIDS virus infection when necessary to protect the public health.

A test for AIDS virus infection may also be performed upon any person solely by order of a physician licensed to practice medicine in North Carolina who is rendering medical services to that person when, in the reasonable medical judgment of the physician, the test is necessary for the appropriate treatment of the person; however, the person shall be informed that a test for AIDS virus infection is to be conducted, and shall be given clear opportunity to refuse to submit to the test prior to it being conducted, and further if informed consent is not obtained, the test may not be performed. A physician may order a test for AIDS virus infection without the informed consent of the person tested if the person is incapable of providing or incompetent to provide such consent, others authorized to give consent for the person are not available, and testing is necessary for appropriate diagnosis or care of the person.

An unemancipated minor may be tested for AIDS virus infection without the consent of the parent or legal guardian of the minor when the parent or guardian has refused to consent to such testing and there is reasonable suspicion that the minor has AIDS virus or HIV infection or that the child has been sexually abused.

(i) Except as provided in this section, no test for AIDS virus infection shall be required, performed or used to determine suitability for continued employment, housing or public services, or for the use of places of public accommodation as defined in G.S. 168A-3(8), or public transportation.

Further it shall be unlawful to discriminate against any person having AIDS virus or HIV infection on account of that infection in determining suitability for continued employment, housing, or public services, or for the use of places of public accommodation, as defined in G.S. 168A-3(8), or public transportation.

Any person aggrieved by an act or discriminatory practice prohibited by this subsection relating to housing shall be entitled to institute a civil action pursuant to G.S. 41A-7 of the State Fair Housing Act. Any person aggrieved by an act or discriminatory practice prohibited by this subsection other than one relating to housing may bring a civil action to enforce rights granted or protected by this subsection.

The action shall be commenced in superior court in the county where the alleged discriminatory practice or prohibited conduct occurred or where the plaintiff or defendant resides. Such action shall be tried to the court without a jury. Any relief granted by the court shall be limited to declaratory and injunctive relief, including orders to hire or reinstate an aggrieved person or admit such person to a labor organization.

In a civil action brought to enforce provisions of this subsection relating to employment, the court may award back pay. Any such back pay liability shall not accrue from a date more than two years prior to the filing of an action under this subsection. Interim earnings or amounts earnable with reasonable diligence by the aggrieved person shall operate to reduce the back pay otherwise allowable. In any civil action brought under this subsection, the court, in its discretion, may award reasonable attorney's fees to the substantially prevailing party as a part of costs.

A civil action brought pursuant to this subsection shall be commenced within 180 days after the date on which the aggrieved person became aware or, with reasonable diligence, should have become aware of the alleged discriminatory practice or prohibited conduct.

Nothing in this section shall be construed so as to prohibit an employer from:

(1) Requiring a test for AIDS virus infection for job applicants in preemployment medical examinations required by the employer;

(2) Denying employment to a job applicant based solely on a confirmed positive test for AIDS virus infection;

(3) Including a test for AIDS virus infection performed in the course of an annual medical examination routinely required of all employees by the employer; or

(4) Taking the appropriate employment action, including reassignment or termination of employment, if the continuation by the employee who has AIDS virus or HIV infection of his work tasks would pose a significant risk to the health of the employee, coworkers, or the public, or if the employee is unable to perform the normally assigned duties of the job.

(j) It shall not be unlawful for a licensed health care provider or facility to:

(1) Treat a person who has AIDS virus or HIV infection differently from persons who do not have that infection when such treatment is appropriate to protect the health care provider or employees of the provider or employees of the facility while providing appropriate care for the person who has the AIDS virus or HIV infection; or

(2) Refer a person who has AIDS virus or HIV infection to another licensed health care provider or facility when such referral is for the purpose of providing more appropriate treatment for the person with AIDS virus or HIV infection. (1987, c. 782, s. 16; 1989, c. 698, s. 1; 1991, c. 720, s. 78.)

Part 2. Immunization.

§ 130A-152. Immunization required.

(a) Every child present in this State shall be immunized against diphtheria, tetanus, whooping cough, poliomyelitis, red measles (rubeola) and rubella. In addition, every child present in this State shall be immunized against any other disease upon a determination by the Commission that the immunization is in the interest of the public health. Every parent, guardian, person in loco parentis and person or agency, whether governmental or private, with legal custody of a child shall have the responsibility to ensure that the child has received the required immunization at the age required by the Commission. If a child has not received the required immunizations by the specified age, the responsible person shall obtain the required immunization for the child as soon as possible after the lack of the required immunization is determined.

(b) Repealed by Session Laws 2002-179, s. 10, effective October 1, 2002.

(c) The Commission shall adopt and the Department shall enforce rules concerning the implementation of the immunization program. The rules shall provide for:

(1) The child's age at administration of each vaccine;
(2) The number of doses of each vaccine;
(3) Exemptions from the immunization requirements where medical practice suggests that immunization would not be in the best health interests of a specific category of children;
(4) The procedures and practices for administering the vaccine; and
(5) Redistribution of vaccines provided to local health departments.

(c1) The Commission for Public Health shall, pursuant to G.S. 130A-152 and G.S. 130A-433, adopt rules establishing reasonable fees for the administration of vaccines and rules limiting the requirements that can be placed on children, their parents, guardians, or custodians as a condition for receiving vaccines provided by the State. These rules shall become effective January 1, 1994.

(d) Only vaccine preparations which meet the standards of the United States Food and Drug Administration or its successor in licensing vaccines and are approved for use by the Commission may be used.

(e) When the Commission requires immunization against a disease not listed in paragraph (a) of this section, or requires an additional dose of a vaccine, the Commission is authorized to exempt from the new requirement children who are or who have been enrolled in school (K-12) on or before the effective date of the new requirement. The purpose of the program would be to vaccinate against influenza all children ages six months to 18 years in accordance with the recommendations of the National Advisory Committee on Immunization Practices. In conducting the study, the Division may:

"(1) Examine the costs and benefits of establishing a school-based influenza vaccination pilot program;

"(2) Identify any barriers to implementing the school-based influenza vaccination pilot program and recommend strategies for removing the barriers; and

"(3) Determine the fiscal impact to the State of the proposed pilot program."

Session Laws 2009-574, s. 13.2, provides: "The Department of Health and Human Services may report its findings and recommendations to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Governor not later than October 1, 2010."

§ 130A-153. Obtaining immunization; reporting by local health departments; access to immunization information in patient records; immunization of minors.

(a) The required immunization may be obtained from a physician licensed to practice medicine or from a local health department. Local health departments shall administer required and State-supplied immunizations at no cost to patients who are uninsured or underinsured and have family incomes below two hundred percent (200%) of the federal poverty level. A local health department may redistribute these vaccines only in accordance with the rules of the Commission.

(b) Local health departments shall file monthly immunization reports with the Department. The report shall be filed on forms prepared by the Department and shall state, at a minimum, each patient's age and the number of doses of each type of vaccine administered.

(c) Immunization certificates and information concerning immunizations contained in medical or other records shall, upon request, be shared with the Department, local health departments, and the patient's attending physician. In addition, an insurance institution, agent, or insurance support organization, as those terms are defined in G.S. 58-39-15, may share immunization information with the Department. The Commission may, for the purpose of assisting the Department in enforcing this Part, provide by rule that other persons may have access to immunization information, in whole or in part.

(d) A physician or local health department may immunize a minor with the consent of a parent, guardian, or person standing in loco parentis to the minor. A physician or local health department may also immunize a minor who is presented for immunization by an adult who signs a statement that he or she is authorized by a parent, guardian, or person standing in loco parentis to the minor to obtain the immunization for the minor. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1973, c. 476, s. 128; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1985, c. 743, ss. 1, 2; 1993, c. 134, s. 1; 1999-110, s. 2; 2009-451, s. 10.29A(a).)

Editor's Note. — Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.

Effect of Amendments. — Session Laws 2009-451, s. 10.29A(a), effective July 1, 2009, in subsection (a), substituted "patients who are uninsured or underinsured and have family incomes below two hundred percent (200%) of the federal poverty level" for "the patient" at the end of the first sentence, and deleted the former second sentence, which read: "The Department shall provide the vaccines for use by the local health departments."

§ 130A-154. Certificate of immunization.

(a) A physician or local health department administering a required vaccine shall give a certificate of immunization to the person who presented the child for immunization. The certificate shall state the name of the child, the name of the child's parent, guardian, or person responsible for the child obtaining the required immunization, the address of the child and the parent, guardian or responsible person, the date of birth of the child, the sex of the child, the number of doses of the vaccine given, the date the doses were given, the name and address of the physician or local health department administering the required immunization and other relevant information required by the Commission.

(b) Except as otherwise provided in this subsection, a person who received immunizations in a state other than North Carolina shall present an official certificate or record of immunization to the child care facility, school (K-12), or college or university. This certificate or record shall state the person's name, address, date of birth, and sex; the type and number of doses of administered vaccine; the dates of the first MMR and the last DTP and polio; the name and address of the physician or local health department administering the required immunization; and other relevant information required by the Commission. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1999-110, s. 3.)

(a) No child shall attend a school (pre K-12), whether public, private or religious, a child care facility as defined in G.S. 110-86(3), unless a certificate of immunization indicating that the child has received the immunizations required by G.S. 130A-152 is presented to the school or facility. The parent, guardian, or responsible person must present a certificate of immunization on the child's first day of attendance to the principal of the school or operator of the facility, as defined in G.S. 110-86(7). If a certificate of immunization is not presented on the first day, the principal or operator shall present a notice of deficiency to the parent, guardian or responsible person. The parent, guardian or responsible person shall have 30 calendar days from the first day of attendance to obtain the required immunization for the child. If the administration of vaccine in a series of doses given at medically approved intervals requires a period in excess of 30 calendar days, additional days upon certification by a physician may be allowed to obtain the required immunization. Upon termination of 30 calendar days or the extended period, the principal or operator shall not permit the child to attend the school or facility unless the required immunization has been obtained.

(b) The school or child care facility shall maintain on file immunization records for all children attending the school or facility which contain the information required for a certificate of immunization as specified in G.S. 130A-154. These certificates shall be open to inspection by the Department and the local health department during normal business hours. When a child transfers to another school or facility, the school or facility which the child previously attended shall, upon request, send a copy of the child's immunization record at no charge to the school or facility to which the child has transferred.

(c) The school shall file an annual immunization report with the Department by November 1. The child care facility shall file an immunization report annually with the Department. The report shall be filed on forms prepared by the Department and shall state the number of children attending the school or facility, the number of children who had not obtained the required immunization within 30 days of their first attendance, the number of children who received a medical exemption and the number of children who received a religious exemption.

The physician or local health department administering a required vaccine to the adult shall give a certificate of immunization to the person. The certificate shall state the person's name, address, date of birth and sex; the number of doses of the vaccine given; the date the doses were given; the name and addresses of the physician or local health department administering the required immunization; and other relevant information required by the Commission. § 130A-155.1. Submission of certificate to college or universities.

(a) Except as otherwise provided in this section, no person shall attend a college or university, whether public, private, or religious, unless a certificate of immunization or a record of immunization from a high school located in North Carolina indicating that the person has received immunizations required by G.S. 130A-152 is presented to the college or university. The person shall present a certificate or record of immunization on or before the date the person first registers for a quarter or semester during which the student will reside on the campus or first registers for more than four traditional day credit hours to the registrar of the college or university. If a certificate or record of immunization is not in the possession of the college or university on the date of first registration, the college or university shall present a notice of deficiency to the student. The student shall have 30 calendar days from the date of the student's first registration to obtain the required immunization. If immunization requires a series of doses and the period necessary to give the vaccine at standard intervals extends beyond the date of the first registration, the student shall be allowed to attend the college or university upon written certification by a physician that the standard series is in progress. The physician shall state the time period needed to complete the series. Upon termination of this time period, the college or university shall not permit the student to continue in attendance unless the required immunization has been obtained.

(b) The college or university shall maintain on file immunization records for all students attending the school which contain the information required for a certificate of immunization as specified in G.S. 130A-154. These certificates shall be open to inspection by the Department and the local health department during normal business hours. § 130A-156. Medical exemption.

The Commission for Public Health shall adopt by rule medical contraindications to immunizations required by G.S. 130A-152. If a physician licensed to practice medicine in this State certifies that a required immunization is or may be detrimental to a person's health due to the presence of one of the contraindications adopted by the Commission, the person is not required to receive the specified immunization as long as the contraindication persists. The State Health Director may, upon request by a physician licensed to practice medicine in this State, grant a medical exemption to a required immunization for a contraindication not on the list adopted by the Commission. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1987, c. 782, s. 18; 1989, c. 122; 1999-110, s. 6; 2007-182, s. 2.)

§ 130A-192. Animals not wearing required rabies vaccination tags.

(a) The Animal Control Officer shall canvass the county to determine if there are any animals not wearing the required rabies vaccination tag. If an animal required to wear a tag is found not wearing one, the Animal Control Officer shall check to see if the owner's identification can be found on the animal. If the animal is wearing an owner identification tag with information enabling the owner of the animal to be contacted, or if the Animal Control Officer otherwise knows who the owner is, the Animal Control Officer shall notify the owner in writing to have the animal vaccinated against rabies and to produce the required rabies vaccination certificate to the Animal Control Officer within three days of the notification. If the animal is not wearing an owner identification tag and the Animal Control Officer does not otherwise know who the owner is, the Animal Control Officer may impound the animal. The duration of the impoundment of these animals shall be established by the county board of commissioners, but the duration shall not be less than 72 hours. During the impoundment period, the Animal Control Officer shall make a reasonable effort to locate the owner of the animal. If the Animal Control Officer has access at no cost or at a reasonable cost to a microchip scanning device, the Animal Control Officer may scan the animal and utilize any information that may be available through a microchip to locate the owner of the animal, if possible. If the animal is not reclaimed by its owner during the impoundment period, the animal shall be disposed of in one of the following manners: returned to the owner; adopted as a pet by a new owner; sold to institutions within this State registered by the United States Department of Agriculture pursuant to the Federal Animal Welfare Act, as amended; or put to death by a procedure approved by rules adopted by the Department of Agriculture and Consumer Services or, in the absence of such rules, by a procedure approved by the American Veterinary Medical Association, the Humane Society of the United States or of the American Humane Association.

(a1) Before an animal may be sold or put to death, it shall be made available for adoption under procedures that enable members of the public to inspect the animal, except in cases in which the animal is found by the operator of the shelter to be unadoptable due to injury or defects of health or temperament. An animal that is seriously ill or injured may be euthanized if the manager of the animal shelter determines, in writing, that it is appropriate to do so. Nothing in this subsection shall supercede (i) any rules adopted by the Board of Agriculture which specify the number of animals allowed for kennel space in animal shelters, or (ii) the duration of impoundment established by the county board of commissioners, or the 72-hour holding period, as provided in subsection (a) of this section.

(a2) **(See note)** Except as otherwise provided in this subsection, a person who comes to an animal shelter attempting to locate a lost pet is entitled to view every animal held at the shelter, subject to rules providing for such viewing during at least four hours a day, three days a week. If the shelter is housing animals that must be kept apart from the general public for health reasons, public safety concerns, or in order to preserve evidence for criminal proceedings, the shelter shall make reasonable arrangements that allow pet owners to determine whether their lost pets are among those animals.

(a3) The Animal Control Officer shall maintain a record of all animals impounded under this section which shall include the date of impoundment, the length of impoundment, the method of disposal of the animal and the name of the person or institution to whom any animal has been released.

(b) In addition to domesticated dogs and cats not wearing the required rabies tags, the provisions of subsection (a) of this section concerning the holding of animals for at least 72 hours and the permissible means of disposition of animals after expiration of that holding period also apply to all of the following:

(1) Dogs and cats that are wearing rabies tags but are taken into custody for violation of statutes or ordinances not related to rabies control, such as ordinances requiring the leashing or restraining of dogs and cats.

(2) Dogs and cats surrendered to an animal shelter by the owners of the animals, unless an owner provides to the shelter the following:

a. Some proof of ownership of the animal, and

b. A signed written consent to the disposition of the animal, in a manner authorized by this section, before the expiration of the 72-hour holding period or of a longer period established by ordinance or local rule to which the shelter is subject.

(c) If an animal is not wearing tags, or other mode of identification indicating its owner, and is delivered to an animal shelter by (i) a person who has found and captured the animal, or (ii) by an approved rescue organization that received the animal from a person who found and captured the animal, then the shelter may, in writing, appoint the finder or approved rescue organization to be the agent of the shelter. For purposes of this subsection, the term "approved rescue organization" means a nonprofit corporation or association that cares for stray animals that has been favorably assessed by the operator of the animal shelter through the application of written standards.

(1) If the animal is a dog or cat, the finder or approved rescue organization shall hold the animal for the 72-hour holding period provided for in subsection (a) of this section or such longer holding period that may be applicable to the shelter by ordinance or local rule. If the animal is not a dog or cat, then the holding period shall be by agreement between the animal shelter and the person or organization receiving the animal.

(2) After the expiration of the applicable holding period, the shelter may:

a. Transfer the animal by adoption to the person or organization that has held it as agent, or

b. Extend the period of time the finder or rescue organization holds the animal as agent of the shelter.

(3) A shelter may terminate an agency created under this subsection at any time by directing the finder or rescue organization to deliver the animal to the shelter.

(4) The city, county, or organization operating the animal shelter, as principal in the agency relationship, shall not be liable to reimburse the agent for the costs of care of the animal and shall not be liable to the owner of the animal for harm to the animal caused by the agent, absent a written contract providing otherwise.

(d) During the 72-hour or longer holding period established under subsection (a) of this section, an animal shelter may place an animal it is holding in foster care.

(e) If an animal shelter transfers physical possession of a dog or cat under subsection (c) or (d) of this section, so that the animal is no longer on the animal shelter premises, at least one photograph which depicts the head and face of the animal shall (i) be displayed at the shelter in a conspicuous location that is available to the general public during hours of operation, and (ii) remain posted for the 72-hour or longer holding period established under subsection (a) of this section. (1935, c. 122, s. 8; 1983, c. 891, s. 2; 2009-304, s. 1; 2009-327, s. 7.)

Editor's Note. — Session Laws 2009-304, s. 3, provides, in part: "The provisions of G.S. 130A-192(a2) may be waived by the Department of Agriculture until July 1, 2010, for counties that do not have an employee who is employed a minimum of 30 hours per week fulfilling the responsibilities of an animal control officer for the county."

Effect of Amendments. — Session Laws 2009-304, s. 1, effective January 1, 2010, designated the former last sentence as (a3) and the remainder of the previously existing provisions as subsection (a); in subsection (a), inserted "with information enabling the owner of the animal to be contacted" in the second sentence, added the sixth sentence, and inserted "a procedure approved by rules adopted by the Department of Agriculture and Consumer Services or, in the absence of such rules, by" in the last sentence; and added subsections (a1), (a2) and (b) through (e).

Session Laws 2009-327, s. 7, effective October 1, 2009, substituted "Animals" for "Dogs and cats" in the section catchline; in the first sentence, substituted "animals" for "dogs or cats"; and, in the second sentence, substituted "an animal required to wear a tag is found not wearing one" for "a dog or cat is found not wearing the required tag" near the beginning.

CASE NOTES

Subject Matter Jurisdiction. — Trial court was without subject matter jurisdiction to enter findings or conclusions regarding an animal rights organization's claim against a private agency for alleged violations by the agency of G.S. 130A-192, as enforcement of the statute was proper against the local board of health in the Office of Administrative Hearings under G.S. 130A-4(a) and G.S. 130A-24. § 130A-196. Notice and confinement of biting animals.

(a) Notice. — When a person has been bitten by an animal required to be vaccinated under this Part, the person or parent, guardian or person standing in loco parentis of the person, and the person owning the animal or in control or possession of the animal shall notify the local health director immediately and give the name and address of the person bitten and the owner of the animal. If the animal that bites a person is a stray or feral animal, the local agency responsible for animal control shall make a reasonable attempt to locate the owner of the animal. If the owner cannot be identified within 72 hours of the event, the local health director may authorize the animal be euthanized, and the head of the animal shall be immediately sent to the State Laboratory of Public Health for rabies diagnosis. If the event occurs on a weekend or State holiday the time period for owner identification shall be extended 24 hours.

A physician who attends a person bitten by an animal known to be a potential carrier of rabies shall report the incident within 24 hours to the local health director. The report must include the name, age, and sex of the person.

After reviewing the circumstances of the particular case, the local health director may allow the owner to confine the animal on the owner's property. An owner who fails to confine an animal in accordance with the instructions of the local health director shall be guilty of a Class 2 misdemeanor. If the owner or the person who controls or possesses the animal that has bitten a person refuses to confine the animal as required by this subsection, the local health director may order seizure of the animal and its confinement for 10 days at the expense of the owner. When the local health director reasonably suspects that an animal required to be vaccinated under this Part has been exposed to the saliva or nervous tissue of a proven rabid animal or animal reasonably suspected of having rabies that is not available for laboratory diagnosis, the animal shall be considered to have been exposed to rabies. An animal exposed to rabies shall be destroyed immediately by its owner, the county Animal Control Officer or a peace officer unless the animal has been vaccinated against rabies in accordance with this Part and the rules of the Commission more than 28 days prior to being exposed, and is given a booster dose of rabies vaccine within five days of the exposure. As an alternative to destruction, the animal may be quarantined at a facility approved by the local health director for a period up to six months, and under reasonable conditions imposed by the local health director. (1935, c. 122, s. 14; 1953, c. 876, s. 10; 1983, c. 891, s. 2; 2000-163, s. 4; 2009-327, s. 12.)

The animal shall be confined for a period of 10 days. Other animals may be destroyed at the discretion of the

State Public Health Veterinarian. (1935, c. 122, s. 15; c. 344; 1941, c. 259, s. 10; 1953, c. 876, s. 11; 1983, c. 891, s. 2; 2009-327, s. 13.)

Effect of Amendments. — Session Laws 2009-327, s. 14, effective October 1, 2009, substituted "animals that die during a confinement period required by this Part" for "dogs and cats that die during the 10-day confinement period required by G.S. 130A-196" in the second sentence.

§ 130A-200. Confinement or leashing of vicious animals.

A local health director may declare an animal to be vicious and a menace to the public health when the animal has attacked a person causing bodily harm without being teased, molested, provoked, beaten, tortured or otherwise harmed. When an animal has been declared to be vicious and a menace to the public health, the local health director shall order the animal to be confined to its owner's property. However, the animal may be permitted to leave its owner's property when accompanied by a responsible adult and restrained on a leash. (1935, c. 122, s. 18; 1953, c. 876, s. 14; 1983, c. 891, s. 2.)

CASE NOTES

Editor's Note. — *Many of the cases below were decided under former statutory provisions relating to vicious animals.*

Purpose. — Former provisions relating to vicious animals were enacted for the specific purpose of protecting the public from dogs which have become vicious or a menace to public health. Swaney v. Shaw, 27 N.C. App. 631, 219 S.E.2d 803 (1975).

Ordinance Valid. — An ordinance of a city making it unlawful to keep a dog which habitually or repeatedly chases, snaps at, attacks or barks at pedestrians, bicycles or vehicles is a valid exercise of the city's police power. Gray v. Clark, 9 N.C. App. 319, 176 S.E.2d 16 (1970).

To safeguard and promote the public health, safety and convenience, municipal power to regulate the keeping and licensing of dogs within the corporate area is generally recognized, and ordinances regulating and requiring them to be registered, licensed, and at times muzzled and prevented from going at large, are within the police powers usually conferred upon the local corporation. Such ordinances are authorized by virtue of general powers and the usual general welfare clause. Gray v. Clark, 9 N.C. App. 319, 176 S.E.2d 16 (1970).

A town ordinance dealing with dogs running at large was not inconsistent with former provisions relating to vicious animals, which were designed to provide minimum protection against vicious dogs in all parts of the State — rural, urban, small villages and large cities. With more concentrated population, cities are justified in adopting stricter regulations for dogs. Thus, a city was authorized to require a higher standard of conduct or condition with respect to the keeping of dogs within its corporate limits than was required for the State generally. Pharo v. Pearson, 28 N.C. App. 171, 220 S.E.2d 359 (1975).

Violation of Safety Statute as Negligence Per Se. — The violation of a statute which imposes a duty upon the defendant in order to promote the safety of others, including the plaintiff, is negligence per se, unless the statute, itself, otherwise provides. Swaney v. Shaw, 27 N.C. App. 631, 219 S.E.2d 803 (1975).

Evidence Insufficient to Show Dog "Vicious". — Evidence that a small dog frequently dashed into the street to bark at and pursue motorcycles, automobiles, and other noisy vehicles was not sufficient to justify classifying him as a "vicious" animal and did not make him "a menace to the public health." Sink v. Moore, 267 N.C. 344, 148 S.E.2d 265 (1966); Gray v. Clark, 9 N.C. App. 319, 176 S.E.2d 16 (1970).

Canine courage in a contest for the championship of the neighborhood, together with determination to remain on possession of the field of battle "whence all but him had fled," was not evidence of a vicious character within the meaning of former statute. Sink v. Moore, 267 N.C. 344, 148 S.E.2d 265 (1966).

(3) The cleaning and bactericidal treatment of eating and drinking utensils and other food-contact surfaces. A requirement imposed under this subdivision to sanitize multiuse eating and drinking utensils and other food-contact surfaces does not apply to utensils and surfaces provided in the guest room of the lodging unit for guests to prepare food while staying in the guest room.

(3a) The appropriate and reasonable use of gloves or utensils by employees who handle unwrapped food;

(4) The methods of food preparation, transportation, catering, storage, and serving;

(5) The health of employees;

(6) Animal and vermin control; and

(7) The prohibition against the offering of unwrapped food samples to the general public unless the offering and acceptance of the samples are continuously supervised by an agent of the entity preparing or offering the samples or by an agent of the entity on whose premises the samples are made available. As used in this subdivision, "food samples" means unwrapped food prepared and made available for

sampling by and without charge to the general public for the purpose of promoting the food made available for sampling. This subdivision does not apply to unwrapped food prepared and offered in buffet, cafeteria, or other style in exchange for payment by the general public or by the person or entity arranging for the preparation and offering of such unwrapped food. This subdivision shall not apply to open air produce markets nor to farmer market facilities operated on land owned or leased by the State of North Carolina or any local government.

The rules shall contain a system for grading establishments, such as Grade A, Grade B, and Grade C. The rules shall be written in a manner that promotes consistency in both the interpretation and application of the grading system.

(a4) For the protection of the public health, the Commission shall adopt rules governing the sanitation of limited food service establishments. In adopting the rules, the Commission shall not limit the number of days that limited food service establishments may operate. Limited food service establishment permits shall be issued only to political subdivisions of the State, establishments operated by volunteers that prepare or serve food in conjunction with amateur athletic events, or for establishments operated by organizations that are exempt from federal income tax under section 501(c)(3) or section 501(c)(4) of the Internal Revenue Code.

(b) No establishment shall commence or continue operation without a permit or transitional permit issued by the Department. The permit or transitional permit shall be issued to the owner or operator of the establishment and shall not be transferable. If the establishment is leased, the permit or transitional permit shall be issued to the lessee and shall not be transferable. If the location of an establishment changes, a new permit shall be obtained for the establishment. A permit shall be issued only when the establishment satisfies all of the requirements of the rules. The Commission shall adopt rules establishing the requirements that must be met before a transitional permit may be issued, and the period for which a transitional permit may be issued. The Department may also impose conditions on the issuance of a permit or transitional permit in accordance with rules adopted by the Commission. A permit or transitional permit shall be immediately revoked in accordance with G.S. 130A-23(d) for failure of the establishment to maintain a minimum grade of C. A permit or transitional permit may otherwise be suspended or revoked in accordance with G.S. 130A-23.

(b1) A permit shall expire one year after an establishment closes unless the permit is the subject of a contested case pursuant to Article 3 of Chapter 150B of the General Statutes.

(c) If ownership of an establishment is transferred or the establishment is leased, the new owner or lessee shall apply for a new permit. The new owner or lessee may also apply for a transitional permit. A transitional permit may be issued upon the transfer of ownership or lease of an establishment to allow the correction of construction and equipment problems that do not represent an immediate threat to the public health. Upon issuance of a new permit or a transitional permit for an establishment, any previously issued permit for an establishment in that location becomes void.

(c1) The Commission shall adopt rules governing the sanitation of pushcarts and mobile food units. A permitted restaurant or commissary shall serve as a base of operations for a pushcart or mobile food unit.

(d) The Department shall charge each establishment subject to this section, except nutrition programs for the elderly administered by the Division of Aging and Adult Services of the Department of Health and Human Services, establishments that prepare and sell meat food products or poultry products, and public school cafeterias, a fee of seventy-five dollars ($75.00) for each permit issued. This fee shall be reassessed annually for permits that do not expire. The Commission shall adopt rules to implement this subsection. Fees collected under this subsection shall be used for State and local food, lodging, and institution sanitation programs and activities. No more than thirty-three and one-third percent (33 ⅓%) of the fees collected under this subsection may be used to support State health programs and activities.

(d1) The Department shall charge a twenty-five dollar ($25.00) late payment fee to any establishment subject to this section, except nutrition programs for the elderly administered by the Division of Aging of the Department of Health and Human Services, establishments that prepare and sell meat food products or poultry products, and public school cafeterias, that fails to pay the fee required by subsection (d) of this section within 45 days after billing by the Department. The Department may, in accordance with G.S. 130A-23, suspend the permit of an establishment that fails to pay the required fee within 60 days after billing by the Department. The Department shall charge a reinstatement fee of one hundred fifty dollars ($150.00) to any establishment that requests reinstatement of its permit after the permit has been suspended. The Commission shall adopt rules to implement this subsection.

The clear proceeds of civil penalties collected pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(e) In addition to the fees under subsection (d) of this section, the Department may charge a fee of two hundred fifty dollars ($250.00) for plan review of plans for prototype franchised or chain facilities for food establishments subject to this section. All of the fees collected under this subsection may be used to support the State food, lodging, and institution sanitation programs and activities under this Part.

(f) Any local health department may charge a fee not to exceed two hundred fifty dollars ($250.00) for plan review by that local health department of plans for food establishments subject to this section that are not subject to subsection (e) of this section. All of the fees collected under this subsection may be used for local food, lodging, and institution sanitation programs and activities. No food establishment that pays a fee under subsection (e) of this section is liable for a fee under this subsection. Editor's Note. — Session Laws 1991, c. 689, s. 179, which amended subsection (d) of this section by inserting "nutrition programs for the elderly administered by the Division of Aging of the Department of Human Resources and," was repealed by Session Laws 1991, c. 761, s. 37.2 since it duplicated Session Laws 1991, c. 656, s. 2.

Session Laws 2005-276, s. 6.37(w), provides: "The Office of State Budget and Management shall develop a methodology for computing the actual costs of collection of civil penalties by State departments and agencies. This methodology shall apply to all State departments and agencies, effective July 1, 2006."

Session Laws 2005-276, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2005'."

Session Laws 2005-276, s. 46.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2005-2007 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2005-2007 fiscal biennium."

Session Laws 2005-276, s. 46.5 is a severability clause.

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.

Session Laws 2009-484, s. 2(a) and (b), amended G.S. 130A-248(d), contingent on Senate Bill 202 of the 2009 Regular Session becoming law or not. Senate Bill 202 was enacted as Session Laws 2009-451, therefore the amendment by Session Laws 2009-484, s. 2(a) did not take effect, and the amendment by 2(b) did take effect.

Effect of Amendments. — Session Laws 2009-451, s. 13.2(a) and (b), effective August 15, 2009, in subsection (d), substituted "seventy-five dollars ($75.00)" for "fifty dollars ($50.00)" at the end of the first sentence, and in subsection (e), substituted "two hundred fifty dollars ($250.00)" for "two hundred dollars ($200.00)" in the first sentence.

Session Laws 2009-451, s. 13.2(c), effective July 1, 2009, substituted "two hundred fifty dollars ($250.00)" for "two hundred dollars ($200.00)" in the first sentence of subsection (f).

Session Laws 2009-484, s. 2(b), effective August 26, 2009, in subsection (d), substituted "Division of Aging and Adult Services" for "Division of Aging" and substituted "a fee of seventy-five dollars ($75.00) for each permit issued" for "an annual fee of seventy-five dollars ($75.00)" in the first sentence, and added the present second sentence.

§ 130A-249. Inspections; report and grade card.

The Secretary may enter any establishment that is subject to the provisions of G.S. 130A-248 for the purpose of making inspections. The Secretary shall inspect each food service establishment at a frequency established by the Commission. In establishing a schedule for inspections, the Commission shall consider the risks to the population served by the establishment and the type of food or drink served by the establishment. The person responsible for the management or control of an establishment shall permit the Secretary to inspect every part of the establishment and shall render all aid and assistance necessary for the inspection. The Secretary shall leave a copy of the inspection form and a card or cards showing the grade of the establishment with the responsible person. The Secretary shall post the grade card in a conspicuous place as determined by the Secretary where it may be readily observed by the public upon entering the establishment or upon picking up food prepared inside but received and paid for outside the establishment through delivery windows or other delivery devices. If a single establishment has one or more outside delivery service stations and an internal delivery system, that establishment shall have a grade card posted where it may be readily visible upon entering the establishment and one posted where it may be readily visible in each delivery window or delivery device upon picking up the food outside the establishment. The grade card or cards shall not be removed by anyone, except by or upon the instruction of the Secretary. (1941, c. 309, s. 2; 1955, c. 1030, s. 2; 1973, c. 476, s. 128; 1983, c. 891, s. 2; 1987, c. 145; c. 189; 1989, c. 551, s. 2; 1993, c. 262, s. 3; 2005-386, s. 4.1.)

Editor's Note. — Session Laws 2005-386, s. 4.2, provides: "The Commission for Health Services [now the Commission for Public Health] shall adopt rules to implement the provisions of Section 4.1 of this act so that the rules become effective on or before 1 January 2007."

§ 130A-250. Exemptions.

The following shall be exempt from this Part:

(1) Establishments that provide lodging described in G.S. 130A-248(a1) with four or fewer lodging units.

(2) Condominiums.

(3) Establishments that prepare or serve food or provide lodging to regular boarders or permanent houseguests only. older. Establishments to which the rules governing food sanitation are made applicable by this subdivision that are in operation as of 1 July 2000 may continue to use equipment and construction in use on that date if no imminent hazard exists. Replacement equipment for these establishments shall comply with the rules governing food sanitation adopted under G.S. 130A-248.

A nutrition program for the elderly that is administered by the Division of Aging of the Department of Health and Human Services and that prepares and serves food or drink on the premises where the program is located in connection with a fundraising event is exempt from this Part if food and drink are prepared and served no more frequently than one day each month.

(8) Establishments that put together, portion, set out, or hand out only beverages that do not include those made from raw apples or potentially hazardous beverages made from raw fruits or vegetables, using single service containers that are not reused on the premises.

Part 7. Mass Gatherings.

§ 130A-251. Legislative intent and purpose.

The intent and purpose of this Part is to provide for the protection of the public health, safety and welfare of those persons in attendance at mass gatherings and of those persons who reside near or are located in proximity to the sites of mass gatherings or are directly affected by them. (1971, c. 712, s. 1; 1983, c. 891, s. 2.)

§ 130A-252. Definition of mass gathering; applicability of Part.

(a) For the purposes of this Part, "mass gathering" means a congregation or assembly of more than 5,000 people in an open space or open air for a period of more than 24 hours. A mass gathering shall include all congregations and assemblies organized or held for any purpose, but shall not include assemblies in permanent buildings or permanent structures designed or intended for use by a large number of people. To determine whether a congregation or assembly extends for more than 24 hours, the period shall begin when the people expected to attend are first permitted on the land where the congregation or assembly will be held and shall end when the people in attendance are expected to depart. To determine whether a congregation or assembly shall consist of more than 5,000 people, the number reasonably expected to attend, as determined from the promotion, advertisement and preparation for the congregation or assembly and from the attendance at prior congregations or assemblies of the same type, shall be considered.

(b) The provisions of this Part do not apply to a permanent stadium with an adjacent campground that hosts an annual event that has, within the previous five years, attracted crowds in excess of 70,000 people. The term "stadium" includes speedways and dragways. (1971, c. 712, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2; 1999-3, s. 1; 1999-171, s. 1.)

§ 130A-253. Permit required; information report; revocation of permit.

(a) No person shall organize, sponsor or hold any mass gathering unless a permit has been issued to the person by the Secretary under the provisions of this Part. A permit shall be required for each mass gathering and is not transferable.

(b) A permit may be revoked by the Secretary at any time if the Secretary finds that the mass gathering is being or has been maintained or operated in violation of this Part. A permit may be revoked upon the request of the permittee or upon abandonment of the operation. A permit will otherwise expire upon satisfactory completion of the post-gathering cleanup following the close of the mass gathering.

(c) The Secretary, upon information that a congregation or assembly of people which may constitute a mass gathering is being organized or promoted, may direct the organizer or promoter to submit within five calendar days an information report to the Department. The report shall contain the information required for an application for permit under G.S. 130A-254(b) and other information concerning the promotion, advertisement and preparation for the congregation or assembly and prior congregations or assemblies, as the Secretary deems necessary. The Secretary shall consider all available information including any report received and shall determine if the proposed congregation or assembly is a mass gathering. If the Secretary determines that a proposed congregation or assembly is a mass gathering, the Secretary shall notify the organizer or promoter to submit an application for permit at least 30 days prior to the commencement of the mass gathering. (1971, c. 712, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-254. Application for permit.

(a) Application for a permit for a mass gathering shall be made to the Secretary on a form and in a manner prescribed by the Secretary. The application shall be filed with the Secretary at least 30 days prior to the commencement of the mass gathering. A fee as prescribed by the Secretary, not to exceed one hundred dollars ($100.00), shall accompany the application.

(b) The application shall contain the following information: identification of the applicant; identification of any other person or persons responsible for organizing, sponsoring or holding the mass gathering; the location of the proposed mass gathering; the estimated maximum number of persons reasonably expected to be in attendance at any time; the date or dates and the hours during which the mass gathering is to be conducted; and a statement as to the total time period involved.

(c) The application shall be accompanied by an outline map of the area to be used, to approximate scale, showing the location of all proposed and existing privies or toilets; lavatory and bathing facilities; all water supply sources including lakes, ponds, streams, wells and storage tanks; all areas of assemblage; all camping areas; all food service areas; all garbage and refuse storage and disposal areas; all entrances and exits to public highways; and emergency ingress and egress roads.

(d) The application shall be accompanied by additional plans, reports and information required by the Secretary as necessary to carry out the provisions of this Part.

(e) A charge shall be levied by the Secretary to cover the cost of additional services, including police, fire and medical services, provided by the State or units of local government on account of the mass gathering. The Secretary shall reimburse the State or the units of local government for the additional services upon receipt of payment. (1971, c. 712, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-255. Provisional permit; performance bond; liability insurance.

(a) Within 15 days after the receipt of the application, the Secretary shall review the application and inspect the proposed site for the mass gathering. If it is likely that the requirements of this Part and the rules of the Commission can be met by the applicant, a provisional permit shall be issued.

(b) The Secretary shall require the permittee within five days after issuance of the provisional permit to file with the Secretary a performance bond or other surety to be executed to the State in the amount of five thousand dollars ($5,000) for up to 10,000 persons and an additional one thousand dollars ($1,000) for each additional 5,000 persons or fraction reasonably estimated to attend the mass gathering. The bond shall be conditioned on full compliance with this Part and the rules of the Commission and shall be forfeitable upon noncompliance and a showing by the Secretary of injury, damage or other loss to the State or local governmental agencies caused by the noncompliance.

(c) The permittee shall in addition file satisfactory evidence of public liability and property damage insurance in an amount determined by the Secretary to be reasonable, not to exceed one million dollars ($1,000,000) in amount, in relation to the risks and hazards involved in the proposed mass gathering. (1971, c. 712, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-256. Issuance of permit; revocation; forfeiture of bond; cancellation.

(a) If, upon inspection by the Secretary five days prior to the starting date of the mass gathering, or earlier upon request of the permittee, the required facilities are found to be in place, satisfactory arrangements are found to have been made for required services, the charge for additional services levied in accordance with G.S. 130A-254(e) has been paid and other applicable provisions of this Part and the rules of the Commission are found to have been met, the Secretary shall issue a permit for the mass gathering. If, upon inspection, the facilities, arrangements or other provisions are not satisfactory, the provisional permit shall be revoked and no permit shall be issued.

(b) Upon revocation of either the provisional permit or the permit, the permittee shall immediately announce cancellation of the mass gathering in as effective a manner as is reasonably possible including, but not limited to, the use or whatever methods were used for advertising or promoting the mass gathering.

(c) If the provisional permit or the permit is revoked prior to or during the mass gathering, the Secretary may order the permittee to install facilities and make arrangements necessary to accommodate persons who may nevertheless attend or be present at the mass gathering despite its cancellation and to restore the site to a safe and sanitary condition. In the event the permittee fails to comply with the order of the Secretary, the Secretary may immediately proceed to install facilities and make other arrangements and provisions for cleanup as may be minimally required in the interest of public health and safety, utilizing any State and local funds and resources as may be available.

(d) If the Secretary installs facilities or makes arrangements or provisions for cleanup pursuant to subsection (c), the Secretary may apply to a court of competent jurisdiction prior to or within 60 days after the action to order forfeiture of the permittee's performance bond or surety for violation of this Part or the rules of the Commission. The court may order that the proceeds shall be applied to the extent necessary to reimburse State and local governmental agencies for expenditures made pursuant to the action taken by the Secretary upon the permittee's failure to comply with the order. Any excess proceeds shall be returned to the insurer of the bond or to the surety after deducting court costs. (1971, c. 712, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-257. Rules of the Commission.

For the protection of the public health, safety and welfare of those attending mass gatherings and of other persons who may be affected by mass gatherings, the Commission shall adopt rules to carry out the provisions of this Part and to establish requirements for the provision of facilities and services at mass gatherings. The rules shall include, but not be limited to, the establishment of requirements as follows:

(1) General requirements relating to minimum size of activity area including camping and parking space, distance of activity area from dwellings, distance from public water supplies and watersheds and an adequate command post for use by personnel of health, law-enforcement and other governmental agencies;

§ 130A-258. Local ordinances not abrogated.

Nothing in this Part shall be construed to limit the authority of units of local government to adopt ordinances regulating, but not prohibiting, congregations and assemblies not covered by this Part. (1971, c. 712, s. 1; 1983, c. 891, s. 2.)

As used in this Article, the term “public swimming pool” means any structure, chamber, or tank containing an artificial body of water used by the public for swimming, diving, wading, recreation, or therapy, together with buildings, appurtenances, and equipment used in connection with the body of water, regardless of whether a fee is charged for its use. The term includes municipal, school, hotel, motel, apartment, boarding house, athletic club, or other membership facility pools and spas. This Article does not apply to a private pool serving a single family dwelling and used only by the residents of the dwelling and their guests. This Article also does not apply to therapeutic pools used in physical therapy programs operated by medical facilities licensed by the Department or operated by a licensed physical therapist, nor to therapeutic chambers drained, cleaned, and refilled after each individual use. (1989, c. 577, s. 1; 1997-443, s. 11A.80.)

§ 130A-281. Operation permit required.

No public swimming pool may be opened for use unless the owner or operator has obtained an operation permit issued by the Department pursuant to rules adopted under G.S. 130A-282. (1989, c. 577, s. 1.)

§ 130A-282. Commission to adopt rules; exception.

(a) Rules Required. — For protection of the public health and safety, the Commission shall adopt and the Department shall enforce rules concerning the construction and operation of public swimming pools. The Commission shall classify public swimming pools on the basis of size, usage, type, or any other appropriate factor and shall adopt requirements for each classification. The rules shall include requirements for:

(1) Submission and review of plans prior to construction.
(2) Application, review, expiration, renewal, and revocation or suspension of an operating permit.
(3) Inspection.
(4) Design and construction including materials, depth and other dimensions, and standards for the abatement of suction hazards.
(5) Operation and safety including water source, water quality and testing, fencing, water treatment, chemical storage, toilet and bath facilities, measures to ensure the personal cleanliness of bathers, safety equipment and other safety measures, and sewage and other wastewater disposal.

(b) Exception. — Public swimming pools constructed or remodeled prior to May 1, 1993, that do not meet specific design and construction requirements of the rules for public swimming pools adopted by the Commission shall not be required to comply with design and construction requirements other than requirements related to the abatement of suction hazards. Public swimming pools constructed or remodeled prior to May 1, 1993, shall comply with all other rules for public swimming pools adopted by the Commission.

(c) No single drain, single suction outlet public swimming pools less than 18 inches deep shall be allowed to operate. (1989, c. 577, s. 1; 1993, c. 215, s. 1; 1993 (Reg. Sess., 1994), c. 732, s. 1.)

Licensed physicians, as well as physician assistants and nurse practitioners working under the supervision of a licensed physician, who perform tattooing within the normal course of their professional practice are exempt from the requirements of this Part.

(c) Application. — To obtain a tattooing permit, a person must apply to the Department. Upon receipt of the application, the Department, acting through the local health department, shall inspect the premises, instruments, utensils, equipment, and procedures of the applicant to determine whether the applicant meets the requirements for a tattooing permit set by the Commission. If the applicant meets these requirements, the Department shall issue a permit to the applicant. A permit is valid for one year and must be renewed annually by applying to the Department for a permit renewal.

(d) Violations. — The Department may deny an application for a tattooing permit if an applicant does not meet the requirements set by the Commission for the permit. The Department may suspend, revoke, or refuse to renew a permit if it finds that tattooing is being performed in violation of this Part. In accordance with G.S. 130A-24(a), Chapter 150B of the General Statutes, the Administrative Procedure Act, governs appeals concerning the enforcement of this Part.

(e) Limitation. — A permit issued pursuant to this Part does not authorize a person to remove a tattoo from the body of a human being. Compliance with this Part is not a bar to prosecution for a violation of G.S. 14-400. (1993 (Reg. Sess., 1994), c. 670, s. 1.)

Part 12. Decontamination Standards for Methamphetamine Sites.

§ 130A-284. Decontamination of property used for the manufacture of methamphetamine.

CASE NOTES

"Garbage" Distinguished from "Trash" and "Rubbish". — Under former G.S. 130-166.16 as it stood before 1977 revision the legislature distinguished "garbage" from "trash" and "rubbish." Lafayette Transp. Serv., Inc. v. County of Robeson, 283 N.C. 494, 196 S.E.2d 770 (1973).

Definitions Properly Adopted in Construing Authority Granted to Counties. — In construing the authority conferred upon counties to grant an exclusive franchise to collect and dispose of "garbage," the trial court did not err in adopting the definitions of "garbage," "refuse" and "solid waste" contained in former G.S. 130-166.16 as it stood before 1977 revision. Porter v. Suburban San. Serv., Inc., 283 N.C. 479, 196 S.E.2d 760 (1973).

Sanitary Landfill. — Subdivision (a)(31) cloaks the Department of Environment and Natural Resources with rulemaking authority with regard to issues of solid waste management as to how sanitary landfills are to be defined and managed. County of Durham v. North Carolina Dep't of Env't & Natural Resources, 131 N.C. App. 395, 507 S.E.2d 310 (1998).

Solid Waste. — Agency committed an error of law in its decision that a cigarette manufacturer's byproduct from its initial processing of the tobacco leaf, consisting of stems, scraps and dust, which it stored and later used to manufacture reconstituted tobacco, used in the production of its product, was not solid waste, under G.S. 130A-290(35) was an error of law. R.J. Reynolds Tobacco Co. v. N.C. Dep't of Env't & Natural Res., 148 N.C. App. 610, 560 S.E.2d 163, 2002 N.C. App. LEXIS 51 (2002), cert. denied, 355 N.C. 493, 564 S.E.2d 44 (2002).

Definition of solid waste in G.S. 130A-290(35) is broader than the federal definition of the same term in 42 U.S.C.S. § 6903(27). R.J. Reynolds Tobacco Co. v. N.C. Dep't of Env't & Natural Res., 148 N.C. App. 610, 560 S.E.2d 163, 2002 N.C. App. LEXIS 51 (2002), cert. denied, 355 N.C. 493, 564 S.E.2d 44 (2002).

OPINIONS OF ATTORNEY GENERAL

Dumping Waste Within Three Miles of Seashore Is Prohibited. — North Carolina General Statutes specifically prohibit the dumping of waste materials such as bags of medical refuse, and other forms of ocean dumping or the introduction of other pollutants in coastal waters if the waste materials are dumped within three miles of the Atlantic seashore. See opinion of the Attorney General to Lieutenant Governor Robert B. Jordan, III, 58 N.C.A.G. 57 (1988).

Part 2. Solid and Hazardous Waste Management.

§ 130A-291. Division of Waste Management.

(a) For the purpose of promoting and preserving an environment that is conducive to public health and welfare, and preventing the creation of nuisances and the depletion of our natural resources, the Department shall maintain a Division of Waste Management to promote sanitary processing, treatment, disposal, and statewide management of solid waste and the greatest possible recycling and recovery of resources, and the Department shall employ and retain qualified personnel as may be necessary to effect such purposes. It is the purpose and intent of the State to be and remain cognizant not only of its responsibility to authorize and establish a statewide solid waste management program, but also of its responsibility to monitor and supervise, through the Department, the activities and operations of units of local government implementing a permitted solid waste management facility serving a specified geographic area in accordance with a solid waste management plan.

(b) In furtherance of this purpose and intent, it is hereby determined and declared that it is necessary for the health and welfare of the inhabitants of the State that solid waste management facilities permitted hereunder and serving a specified geographic area shall be used by public or private owners or occupants of all lands, buildings, and premises within the geographic area, and a unit of local government may, by ordinance, require that all solid waste generated within the geographic area and placed in the waste stream for disposal, shall be delivered to the permitted solid waste management facility or facilities serving the geographic area. Actions taken pursuant to this Article shall be deemed to be acts of the sovereign power of the State of North Carolina, and to the extent reasonably necessary to achieve the purposes of this section, a unit of local government may displace competition with public service for solid waste management and disposal. It is further determined and declared that no person, firm, corporation, association or entity within the geographic area shall engage in any activities which would be competitive with this purpose or with ordinances, rules adopted pursuant to the authority granted herein. (1969, c. 899; 1973, c. 476, s. 128; 1975, c. 311, s. 3; 1977, 2nd Sess., c. 1216; 1983, c. 795, ss. 2, 8.1; c. 891, s. 2; 1987, c. 574, s. 1; 1989, c. 727, s. 144; 1989 (Reg. Moratorium on New Landfills from August 1, 2006, through August 1, 2007. — The preamble to Session Laws 2006-244, provides: "Whereas, North Carolina has experienced severe problems from widespread flooding during the past five years; and

"Whereas, large areas of the State have also experienced severe drought conditions during the past five years; and

"Whereas, groundwater is the source of drinking water for approximately half the population of the State; and

"Whereas, depletion of certain large groundwater aquifers in the State has been documented in recent years; and

"Whereas, protection and enhancement of water quality in the State's rivers and coastal estuaries is the declared public policy of the State; and

"Whereas, North Carolina is home to many rare and endangered species of plants and animals; and

"Whereas, the State has established many parks, natural areas, and wildlife refuges to protect habitats for migrating birds and other species; and

"Whereas, many fragile ecosystems exist in the State which are in need of further study and protection; and

"Whereas, the State recognizes that ecosystems transcend state borders, and that changes affecting the State's water, air, natural habitats, and scenic resources also have impacts outside the State; and

"Whereas, it is the policy of the State to ensure the continued public enjoyment of the natural attractions of the State; and

"Whereas, improperly sited, designed, or operated landfills have the potential to cause serious environmental damage, including groundwater contamination; and

"Whereas, it is essential that the State study the siting, design, and operational requirements for landfills for the disposal of solid waste in areas susceptible to flooding from natural disasters, areas with high water tables, and other environmentally sensitive areas in order to protect public health and the environment; and

"Whereas, it is critical to the protection of public health and the environment to adequately staff the State solid waste program to review permit applications, ensure compliance with State solid waste management laws and rules, and provide technical assistance on solid waste management issues; and

"Whereas, economic and other factors may cause landfills to be concentrated in minority and low-income communities in the State; and

"Whereas, minority and low-income communities may be at particularly high risk for potential threats to human health and the environment from the siting of landfills in these areas; and

"Whereas, it is the policy of the State to promote methods of solid waste management that are alternatives to disposal in landfills;"

Session Laws 2006-244, s. 1 provides: "Definitions. — The definitions set forth in G.S. 130A-290 apply throughout this act."

Session Laws 2006-244, s. 2, provides: "Moratorium Established. — There is hereby established a moratorium on consideration of applications for a permit and on the issuance of permits for new landfills in the State. The purposes of this moratorium are to allow the State to study solid waste disposal issues in order to protect public health and the environment. The Department of Environment and Natural Resources shall not consider a permit application nor issue a permit for a new landfill for the disposal of construction or demolition waste, municipal solid waste, or industrial solid waste for a period beginning on 1 August 2006 and ending on 1 August 2007."

Session Laws 2006-244, s. 3, provides: "Exceptions. — The moratorium established by Section 2 of this act shall not prohibit consideration of an application for or issuance of:

"(1) An amendment, modification, or other change to a permit for a landfill issued on or before 1 June 2006.

"(2) A permit for a horizontal or vertical expansion of the landfill permitted on or before 1 June 2006.

"(3) A permit to construct a new landfill within the facility boundary identified in the facility plan of a landfill permitted on or before 1 June 2006.

OPINIONS OF ATTORNEY GENERAL

Governor does not have authority to issue moratorium on granting of permits for hazardous waste facilities in this State. See opinion of Attorney General to Mr. Tom Karnoski, Hazardous Waste Treatment Commission, 55 N.C.A.G. 73 (1986).

§ 130A-291.1. Septage management program; permit fees.

(a) The Department shall establish and administer a septage management program in accordance with the provisions of this section.

(b) For the protection of the public health, the Commission shall adopt rules governing the management of septage. The rules shall include, but are not limited to, criteria for the sanitary management of septage, including standards for the transportation, storage, treatment, and disposal of septage; operator registration and training; the issuance, suspension, and revocation of permits; and procedures for the payment of annual fees.

(c) No septage management firm shall commence or continue operation that does not have a permit issued by the Department. The permit shall be issued only when the septage management firm satisfies all of the requirements of the rules adopted by the Commission. A septage management firm that commences operation without first having obtained a permit shall cease to operate until the firm obtains a permit under this section and shall pay an initial annual fee equal to twice the amount of the annual fee that would otherwise be applicable under subsection (e) of this section.

(d) Septage shall be treated and disposed only at a wastewater system that has been approved by the Department under rules adopted by the Commission or by the Environmental Management Commission or at a site that is permitted by the Department under this section. A permit shall be issued only if the site satisfies all of the requirements of the rules adopted by the Commission.

(e) A septage management firm that operates one pumper truck shall pay an annual fee of five hundred fifty dollars ($550.00) to the Department. A septage management firm that operates two or more pumper trucks shall pay an annual fee of eight hundred dollars ($800.00) to the Department.

(e1) An individual who operates a septage treatment or disposal facility but who does not engage in the business of pumping, transporting, or disposing of septage shall pay an annual fee of two hundred dollars ($200.00).

(e2) A properly completed application for a permit and the annual fee under this section are due by 1 January of each year. The Department shall mail a notice of the annual fees to each permitted septage management firm and each individual who operates a septage treatment or disposal facility prior to 1 November of each calendar year. A late fee in the amount equal to fifty percent (50%) of the annual permit fee under this section shall be submitted when a properly completed application and annual permit fee are not submitted by 1 January following the 1 November notice. The clear proceeds of civil penalties collected pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(e3) The Septage Management Account is established as a nonreverting account within the Department. Fees collected under this section shall be placed in the Septage Management Account and shall be applied only to the costs of the septage management program.

(e4) Permits for new septage management firm operators and permits for septage management firm operators that have not operated a septage management firm in the 24 months immediately preceding the submittal of an application shall be considered probationary for 12 months. The Department may revoke any probationary permit of a firm or an individual that violates any provision of this section, G.S. 130A-291.2, G.S. 130A-291.3, or any rule adopted under these sections. If the Department revokes a probationary permit issued to a firm or individual, the Department shall not issue another permit to that firm or individual, and the firm or individual may not engage in any septage management activity for a period of 12 months.

(e5) The Department shall provide technical and regulatory assistance to permit applicants and permit holders. Assistance may include, but is not limited to, taking soil samples on proposed and permitted septage land application sites and providing required training to permit applicants and permit holders.

(f) All wastewater systems designed to discharge effluent to the surface waters may accept, treat, and dispose septage from permitted septage management firms, unless acceptance of the septage would constitute a violation of the permit conditions of the wastewater system. The wastewater system may charge a reasonable fee for acceptance, treatment, and disposal of septage based on a fee schedule that takes into account septage composition and quantity and that is consistent with other charges for use of that system.

(g) Production of a crop in accordance with an approved nutrient management plan on land that is permitted as a septage land application site is a bona fide farm purpose under G.S. 153A-340.

(h) The Department shall inspect each septage land application site at least twice a year and shall inspect the records associated with each septage land application site at least annually. The Department shall inspect each pump truck used for septage management at least once every two years.

(i) The Department shall approve innovative or alternative septage treatment or storage methods that are demonstrated to protect the public health and the environment.

(j) Septage generated by the operation of a wastewater system permitted under Article 11 of this Chapter may be managed as provided in this section and may be land applied at a septage land application site permitted under this section. The wastewater shall be removed often enough to prevent the temporary domestic wastewater holding tank from overflowing. The owner or lessee of a temporary construction trailer shall contract with a registered septage management firm or registered portable toilet sanitation firm for the removal of domestic waste. § 130A-292. Conveyance of land used for commercial hazardous waste disposal facility to the State.

(a) No land may be used for a commercial hazardous waste disposal facility until fee simple title to the land has been conveyed to this State. In consideration for the conveyance, the State shall enter into a lease agreement with the grantor for a term equal to the estimated life of the facility in which the State will be the lessor and the grantor the lessee. The lease agreement shall specify that for an annual rent of fifty dollars ($50.00), the lessee shall be allowed to use the land for the development and operation of a hazardous waste disposal facility. The lease agreement shall provide that the lessor or any person authorized by the lessor shall at all times have the right to enter without a search warrant or permission of the lessee upon any and all parts of the premises for monitoring, inspection and all other purposes necessary to carry out the provisions of this Article. The lessee shall remain fully liable for all damages, losses, personal injury or property damage which may result or arise out of the lessee's operation of the facility, and for compliance with regulatory requirements concerning insurance, bonding for closure and post-closure costs, monitoring and other financial or health and safety requirements as required by applicable law and rules. The State, as lessor, shall be immune from liability except as otherwise provided by statute. The lease shall be transferable with the written consent of the lessor and the consent will not be unreasonably withheld. In the case of a transfer of the lease, the transferee shall be subject to all terms and conditions that the State deems necessary to ensure compliance with applicable laws and rules. If the lessee or any successor in interest fails in any material respect to comply with any applicable law, rule or permit condition, or with any term or condition of the lease, the State may terminate the lease after giving the lessee written notice specifically describing the failure to comply and upon providing the lessee a reasonable time to comply. If the lessee does not effect compliance within the reasonable time allowed, the State may reenter and take possession of the premises.

(b) Notwithstanding the termination of the lease by either the lessee or the lessor for any reason, the lessee shall remain liable for, and be obligated to perform, all acts necessary or required by law, rule, permit condition or the lease for the permanent closure of the site until the site has either been permanently closed or until a substituted operator has been secured and has assumed the obligations of the lessee.

(c) In the event of changes in laws or rules applicable to the facility which make continued operation by the lessee impossible or economically infeasible, the lessee shall have the right to terminate the lease upon giving the State reasonable notice of not less than six months, in which case the lessor shall have the right to secure a substitute lessee and operator.

(d) In the event of termination of the lease by the lessor as provided in subsection (a) of this section, or by the lessee as provided in subsection (c) of this section, the lessee shall be paid the fair market value of any improvements made to the leased premises less the costs to the lessor resulting from termination of the lease and securing a substitute lessee and operator. However, the lessor shall have no obligation to secure a substitute lessee or operator and may require the lessee to permanently close the facility. (1981, c. 704, s. 5; 1983, c. 891, s. 2; 1989, c. 168, s. 12.)

§ 130A-293. Local ordinances prohibiting hazardous waste facilities invalid; petition to preempt local ordinance.

Notwithstanding any authority granted to counties, municipalities, or other local authorities to adopt local ordinances, including but not limited to those imposing taxes, fees, or charges or regulating health, environment, or land use, any local ordinance that prohibits or has the effect of prohibiting the establishment or operation of a hazardous waste facility that the Secretary has preempted pursuant to subsections (b) through (f) of this section, shall be invalid to the extent necessary to effectuate the purposes of this Chapter. To this end, all provisions of special, local, or private acts or resolutions are repealed that:

(1) Prohibit the transportation, treatment, storage, or disposal of hazardous waste within any county, city, or other political subdivision.

(2) Prohibit the siting of a hazardous waste facility within any county, city, or other political subdivision.

(3) Place any restriction or condition not placed by this Article upon the transportation, treatment, storage, or disposal of hazardous waste, or upon the siting of a hazardous waste facility within any county, city, or other political subdivision.

(4) In any manner are in conflict or inconsistent with the provisions of this Article.

(a1) No special, local, or private act or resolution enacted or taking effect hereafter may be construed to modify, amend, or repeal any portion of this Article unless it expressly provides for such by specific references to the appropriate section of this Article. Further to this end, all provisions of local ordinances, including those regulating land use, adopted by counties, municipalities, or other local authorities that prohibit or have the effect of prohibiting the establishment or operation of a hazardous waste facility are invalidated to the extent preempted by the Secretary pursuant to this section.

(b) When a hazardous waste facility would be prevented from construction or operation by a county, municipal, or other local ordinance, the operator of the proposed facility may petition the Secretary to review the matter. After receipt of a petition, the Secretary shall hold a hearing in accordance with the procedures in subsection (c) of this section and shall determine whether or to what extent to preempt the local ordinance to allow for the establishment and operation of the facility.

(c) When a petition described in subsection (b) of this section has been filed with the Secretary, the Secretary shall hold a public hearing to consider the petition. The public hearing shall be held in the affected locality within 60 days after receipt of the petition by the Secretary. The Secretary shall give notice of the public hearing by:

(1) Publication in a newspaper or newspapers having general circulation in the county or counties where the facility is or is to be located or operated, once a week for three consecutive weeks, the first notice appearing at least 30 days prior to the scheduled date of the hearing; and

(2) First class mail to persons who have requested notice. The Secretary shall maintain a mailing list of persons who request notice in advance of the hearing pursuant to this section. Notice by mail shall be complete upon deposit of a copy of the notice in a post-paid wrapper addressed to the person to be notified at the address that appears on the mailing list maintained by the Board, in a post office or official depository under the exclusive care and custody of the United States Postal Service.

(c1) Any interested person may appear before the Secretary at the hearing to offer testimony. In addition to testimony before the Secretary, any interested person may submit written evidence to the Secretary for the Secretary's consideration. At least 20 days shall be allowed for receipt of written comment following the hearing.

(d) A local zoning or land-use ordinance is presumed to be valid and enforceable to the extent the zoning or land-use ordinance imposes requirements, restrictions, or conditions that are generally applicable to development, including, but not limited to, setback, buffer, and stormwater requirements, unless the Secretary makes a finding of fact to the contrary. The Secretary shall determine whether or to what extent to preempt local ordinances so as to allow for the establishment and operation of the facility no later than 60 days after conclusion of the hearing. The Secretary shall preempt a local ordinance only if the Secretary makes all of the following findings:

(1) That there is a local ordinance that would prohibit or have the effect of prohibiting the establishment or operation of a hazardous waste facility.
(2) That the proposed facility is needed in order to establish adequate capability to meet the current or projected hazardous waste management needs of this State or to comply with the terms of any interstate agreement for the management of hazardous waste to which the State is a party and therefore serves the interests of the citizens of the State as a whole.
(3) That all legally required State and federal permits or approvals have been issued by the appropriate State and federal agencies or that all State and federal permit requirements have been satisfied and that the permits or approvals have been denied or withheld only because of the local ordinance.
(4) That local citizens and elected officials have had adequate opportunity to participate in the siting process.
(5) That the construction and operation of the facility will not pose an unreasonable health or environmental risk to the surrounding locality and that the facility operator has taken or consented to take reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with applicable local ordinances.

(d1) If the Secretary does not make all of the findings under subsection (d) of this section, the Secretary shall not preempt the challenged local ordinance. The Secretary's decision shall be in writing and shall identify the evidence submitted to the Secretary plus any additional evidence used in arriving at the decision.

(e) The decision of the Secretary shall be final unless a party to the action files a written appeal under Article 4 of Chapter 150B of the General Statutes, as modified by G.S. 7A-29 and this section, within 30 days of the date of the decision. The record on appeal shall consist of all materials and information submitted to or considered by the Secretary, the Secretary's written decision, a complete transcript of the hearing, all written material presented to the Secretary regarding the location of the facility, the specific findings required by subsection (d) of this section, and any minority positions on the specific findings required by subsection (d) of this section. The scope of judicial review shall be that the court may affirm the decision of the Secretary, or may remand the matter for further proceedings, or may reverse or modify the decision if the substantial rights of the parties may have been prejudiced because the agency findings, inferences, conclusions, or decisions are:

(1) In violation of constitutional provisions;
(2) In excess of the statutory authority or jurisdiction of the agency;
(3) Made upon unlawful procedure;
(4) Affected by other error of law;
(5) Unsupported by substantial evidence admissible under G.S. 150B-29(a) or G.S. 150B-30 in view of the entire record as submitted; or

(6) Arbitrary or capricious.

(e1) If the court reverses or modifies the decision of the agency, the judge shall set out in writing, which writing shall become part of the record, the reasons for the reversal or modification.

(f) In computing any period of time prescribed or allowed by this procedure, the provisions of Rule 6(a) of the Rules of Civil Procedure, G.S. 1A-1, shall apply.

(g) Repealed by Session Laws 1989, c. 168, s. 13. (1981, c. 704, s. 5; 1983, s. 891, s. 2; 1983 (Reg. Sess., 1984), c. 973, ss. 3-5; 1987, c. 827, s. 249; 1987 (Reg. Sess., 1988), c. 993, s. 28; c. 1082, s. 13; 1989, c. 168, s. 13; 1993, c. 501, s. 13; 2001-474, s. 17; 2007-107, s. 1.10(a).)

Editor's Note. — Session Laws 2007-107, s. 1.10(b), provides: "The Office of the Governor shall seek the advice of units of local government to determine if the criteria that the Secretary of Environment and Natural Resources considers in determining whether or to what extent to preempt local ordinances pursuant to G.S. 130A-293, as amended by subsection (a) of this section, should be further amended. The Office of the Governor shall report its findings and recommendations, including any legislative proposals to the Environmental Review Commission on or before 1 March 2008."

Session Laws 2007-107, s. 6.2, contains a severability clause.

OPINIONS OF ATTORNEY GENERAL

A city or county cannot enact an ordinance which prohibits the establishment of a hazardous waste facility within its city or county limits. See opinion of Attorney General to O.W. Strickland, Head, Solid & Hazardous Waste Management Branch, Environmental Health Section, 49 N.C.A.G. 178 (1980), rendered under former G.S. 130-166.16 et seq.

Governor does not have authority to issue moratorium on granting of permits for hazardous waste facilities in this State. See opinion of Attorney General to Mr. Tom Karnoski, Hazardous Waste Treatment Commission, 55 N.C.A.G. 73 (1986).

§ 130A-294. Solid waste management program.

(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

(1) Develop a comprehensive program for implementation of safe and sanitary practices for management of solid waste;

(2) Advise, consult, cooperate and contract with other State agencies, units of local government, the federal government, industries and individuals in the formulation and carrying out of a solid waste management program;

(3) Develop and adopt rules to establish standards for qualification as a "recycling, reduction or resource recovering facility" or as "recycling, reduction or resource recovering equipment" for the purpose of special tax classifications or treatment, and to certify as qualifying those applicants which meet the established standards. The standards shall be developed to qualify only those facilities and equipment exclusively used in the actual waste recycling, reduction or resource recovering process and shall exclude any incidental or supportive facilities and equipment;

(4)a. Develop a permit system governing the establishment and operation of solid waste management facilities. A landfill with a disposal area of ½ acre or less for the on-site disposal of land clearing and inert debris is exempt from the permit requirement of this section and shall be governed by G.S. 130A-301.1. The Department shall not approve an application for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill, excluding demolition landfills as defined in the rules of the Commission, except as provided in subdivisions (3) and (4) of subsection (b1) of this section. No permit shall be granted for a solid waste management facility having discharges that are point sources until the Department has referred the complete plans and specifications to the Environmental Management Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. If the applicant is a unit of local government, and has not submitted a solid waste management plan that has been approved by the Department pursuant to G.S. 130A-309.09A(b), the Department may deny a permit for a sanitary landfill or a facility that disposes of solid waste by incineration, unless the Commission has not adopted rules pursuant to G.S. 130A-309.29 for local solid waste management plans. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans that will be required for the applicant to obtain a permit.

b. Repealed by Session Laws 2007-550, s. 1(a), effective August 1, 2007.

c. The Department shall deny an application for a permit for a solid waste management facility if the Department finds that:

1. Construction or operation of the proposed facility would be inconsistent with or violate rules adopted by the Commission.
2. Construction or operation of the proposed facility would result in a violation of water quality standards adopted by the Environmental Management Commission pursuant to G.S. 143-214.1 for waters, as defined in G.S. 143-213.
3. Construction or operation of the facility would result in significant damage to ecological systems, natural resources, cultural sites, recreation areas, or historic sites of more than local significance. These areas include, but are not limited to, national or State parks or forests; wilderness areas; historic sites; recreation areas; segments of the natural and scenic rivers system; wildlife refuges, preserves, and management areas; areas that provide habitat for threatened or endangered species; primary nursery areas and critical fisheries habitat designated by the Marine Fisheries Commission; and Outstanding Resource Waters designated by the Environmental Management Commission.
4. Construction or operation of the proposed facility would substantially limit or threaten access to or use of public trust waters or public lands.
5. The proposed facility would be located in a natural hazard area, including a floodplain, a landslide hazard area, or an area subject to storm surge or excessive seismic activity, such that the facility will present a risk to public health or safety.
6. There is a practical alternative that would accomplish the purposes of the proposed facility with less adverse impact on public resources, considering engineering requirements and economic costs.

7. The cumulative impacts of the proposed facility and other facilities in the area of the proposed facility would violate the criteria set forth in sub-sub-subdivisions 2. through 5. of this sub-subdivision.
8. Construction or operation of the proposed facility would be inconsistent with the State solid waste management policy and goals as set out in G.S. 130A-309.04 and with the State solid waste management plan developed as provided in G.S. 130A-309.07.
9. The cumulative impact of the proposed facility, when considered in relation to other similar impacts of facilities located or proposed in the community, would have a disproportionate adverse impact on a minority or low-income community protected by Title VI of the federal Civil Rights Act of 1964.

(4a) Repealed by Session Laws 2007-550, s. 1(a), effective August 1, 2007.

(5) Repealed by Session Laws 1983, c. 795, s. 3.

(5a) Designate a geographic area within which the collection, transportation, storage and disposal of all solid waste generated within said area shall be accomplished in accordance with a solid waste management plan. Such designation may be made only after the Department has received a request from the unit or units of local government having jurisdiction within said geographic area that such designation be made and after receipt by the Department of a solid waste management plan which shall include:

a. The existing and projected population for such area;
b. The quantities of solid waste generated and estimated to be generated in such area;
c. The availability of sanitary landfill sites and the environmental impact of continued landfill of solid waste on surface and subsurface waters;
d. The method of solid waste disposal to be utilized and the energy or material which shall be recovered from the waste; and
e. Such other data that the Department may reasonably require.

(5b) Authorize units of local government to require by ordinance, that all solid waste generated within the designated geographic area that is placed in the waste stream for disposal be collected, transported, stored and disposed of at a permitted solid waste management facility or facilities serving such area. The provisions of such ordinance shall not be construed to prohibit the source separation of materials from solid waste prior to collection of such solid waste for disposal, or prohibit collectors of solid waste from recycling materials or limit access to such materials as an incident to collection of such solid waste; provided such prohibitions do not authorize the construction and operation of a resource recovery facility unless specifically permitted pursuant to an approved solid waste management plan. If a private solid waste landfill shall be substantially affected by such ordinance then the unit of local government adopting the ordinance shall be required to give the operator of the affected landfill at least two years written notice prior to the effective date of the proposed ordinance.

(5c) Except for the authority to designate a geographic area to be serviced by a solid waste management facility, delegate authority and responsibility to units of local government to perform all or a portion of a solid waste management program within the jurisdictional area of the unit of local government; provided that no authority over or control of the operations or properties of one local government shall be delegated to any other local government.

(5d) Require that an annual report of the implementation of the solid waste management plan within the designated geographic area be filed with the Department.

(6) Charge and collect fees from operators of hazardous waste disposal facilities. The fees shall be used to establish a fund sufficient for each individual facility to defray the anticipated costs to the State for monitoring and care of the facility after the termination of the period during which the facility operator is required by applicable State and federal statutes, regulations or rules to remain responsible for post-closure monitoring and care. In establishing the fees, consideration shall be given to the size of the facility, the nature of the hazardous waste and the projected life of the facility.

(7) Establish and collect annual fees from generators and transporters of hazardous waste, and from storage, treatment, and disposal facilities regulated under this Article as provided in G.S. 130A-294.1.

(a1) A permit for a solid waste management facility may be transferred only with the approval of the Department.

(b) The Commission shall adopt and the Department shall enforce rules to implement a comprehensive statewide solid waste management program. The rules shall be consistent with applicable State and federal law; and shall be designed to protect the public health, safety, and welfare; preserve the environment; and provide for the greatest possible conservation of cultural and natural resources. Rules for the establishment, location, operation, maintenance, use, discontinuance, recordation, post-closure care of solid waste management facilities also shall be based upon recognized public health practices and procedures, including applicable epidemiological research and studies; hydrogeological research and studies; sanitary engineering research and studies; and current technological development in equipment and methods. The rules shall not apply to the management of solid waste that is generated by an individual or individual family or household unit on the individual's property and is disposed of on the individual's property.

(b1)(1) For purposes of this subsection and subdivision (4) of subsection (a) of this section, a "substantial amendment" means either:
- a. An increase of ten percent (10%) or more in:
  - 1. The population of the geographic area to be served by the sanitary landfill;
  - 2. The quantity of solid waste to be disposed of in the sanitary landfill; or
  - 3. The geographic area to be served by the sanitary landfill.
- b. A change in the categories of solid waste to be disposed of in the sanitary landfill or any other change to the application for a permit or to the permit for a sanitary landfill that the Commission or the Department determines to be substantial.

(2) A person who intends to apply for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill shall obtain, prior to applying for a permit, a franchise for the operation of the sanitary landfill from each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located. A local government may adopt a franchise ordinance under G.S. 153A-136 or G.S. 160A-319. A franchise granted for a sanitary landfill shall include all of the following:
- a. A statement of the population to be served, including a description of the geographic area.
- b. A description of the volume and characteristics of the waste stream.

c. A projection of the useful life of the sanitary landfill.

d. An explanation of how the franchise will be consistent with the jurisdiction's solid waste management plan required under G.S. 130A-309.09A, including provisions for waste reduction, reuse, and recycling.

e. The procedures to be followed for governmental oversight and regulation of the fees and rates to be charged by facilities subject to the franchise for waste generated in the jurisdiction of the franchising entity.

f. A facility plan for the sanitary landfill that shall include the boundaries of the proposed facility, proposed development of the facility site in five-year operational phases, the boundaries of all waste disposal units, final elevations and capacity of all waste disposal units, the amount of waste to be received per day in tons, the total waste disposal capacity of the sanitary landfill in tons, a description of environmental controls, and a description of any other waste management activities to be conducted at the facility. In addition, the facility plan shall show the proposed location of soil borrow areas, leachate facilities, and all other facilities and infrastructure, including ingress and egress to the facility.

(2a) A local government may elect to award a preliminary franchise. If a local government elects to award a preliminary franchise, the preliminary franchise shall contain, at a minimum, all of the information described in sub-subdivisions a. through e. of subdivision (2) of this subsection plus a general description of the proposed sanitary landfill, including the approximate number of acres required for the proposed sanitary landfill and its appurtenances and a description of any other solid waste management activities that are to be conducted at the site.

(3) Prior to the award of a franchise for the construction or operation of a sanitary landfill, the board of commissioners of the county or counties in which the sanitary landfill is proposed to be located or is located or, if the sanitary landfill is proposed to be located or is located in a city, the governing board of the city shall conduct a public hearing. The board of commissioners of the county or counties in which the sanitary landfill is proposed to be located or is located or, if the sanitary landfill is proposed to be located or is located in a city, the governing board of the city shall provide at least 30 days' notice to the public of the public hearing. The notice shall include a summary of all the information required to be included in the franchise, and shall specify the procedure to be followed at the public hearing. The applicant for the franchise shall provide a copy of the application for the franchise that includes all of the information required to be included in the franchise, to the public library closest to the proposed sanitary landfill site to be made available for inspection and copying by the public.

(4) An applicant for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill shall request each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located to issue a determination as to whether the local government has in effect a franchise, zoning, subdivision, or land-use planning ordinance applicable to the sanitary landfill and whether the proposed sanitary landfill, or the existing sanitary landfill as it would be operated under the renewed or substantially amended permit, would be consistent with the applicable ordinances. The request to the local government shall be accompanied by a copy of the permit application and shall be delivered to the clerk of the local government

personally or by certified mail. In order to serve as a basis for a determination that an application for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill is consistent with a zoning, subdivision, or land-use planning ordinance, an ordinance or zoning classification applicable to the real property designated in the permit application shall have been in effect not less than 90 days prior to the date the request for a determination of consistency is delivered to the clerk of the local government. The determination shall be verified or supported by affidavit signed by the chief administrative officer, the chief administrative officer's designee, clerk, or other official designated by the local government to make the determination and, if the local government states that the sanitary landfill as it would be operated under the new, renewed, or substantially amended permit is inconsistent with a franchise, zoning, subdivision, or land-use planning ordinance, shall include a copy of the ordinance and the specific reasons for the determination of inconsistency. A copy of the determination shall be provided to the applicant when the determination is submitted to the Department. The Department shall not act upon an application for a permit under this section until it has received a determination from each local government requested to make a determination by the applicant; provided that if a local government fails to submit a determination to the Department as provided by this subsection within 15 days after receipt of the request, the Department shall proceed to consider the permit application without regard to a franchise, local zoning, subdivision, and land-use planning ordinances. Unless the local government makes a subsequent determination of consistency with all ordinances cited in the determination or the sanitary landfill as it would be operated under the new, renewed, or substantially amended permit is determined by a court of competent jurisdiction to be consistent with the cited ordinances, the Department shall attach as a condition of the permit a requirement that the applicant, prior to construction or operation of the sanitary landfill under the permit, comply with all lawfully adopted local ordinances cited in the determination that apply to the sanitary landfill. This subsection shall not be construed to affect the validity of any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance or to affect the responsibility of any person to comply with any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance. This subsection shall not be construed to limit any opportunity a local government may have to comment on a permit application under any other law or rule. This subsection shall not apply to any facility with respect to which local ordinances are subject to review under either G.S. 104E-6.2 or G.S. 130A-293.

(5) As used in this subdivision, "coal-fired generating unit" and "investor-owned public utility" have the same meaning as in G.S. 143-215.107D(a). Notwithstanding subdivisions (a)(4), (b1)(3), or (b1)(4) of this section, no franchise shall be required for a sanitary landfill used only to dispose of waste generated by a coal-fired generating unit that is owned or operated by an investor-owned utility subject to the requirements of G.S. 143-215.107D.

(b2) The Department shall require an applicant for a permit or a permit holder under this Article to satisfy the Department that the applicant or permit holder, and any parent, subsidiary, or other affiliate of the applicant, permit holder, or parent, including any joint venturer with a direct or indirect interest in the applicant, permit holder, or parent:

(1) Is financially qualified to carry out the activity for which the permit is required. An applicant for a permit and permit holders for solid waste management facilities that are not hazardous waste facilities shall establish financial responsibility as required by G.S. 130A-295.2. An applicant for a permit and permit holders for hazardous waste facilities shall establish financial responsibility as required by G.S. 130A-295.04.

(2) Has substantially complied with the requirements applicable to any activity in which the applicant or permit holder, or a parent, subsidiary, or other affiliate of the applicant, permit holder, or parent, or a joint venturer with a direct or indirect interest in the applicant has previously engaged and has been in substantial compliance with federal and state laws, regulations, and rules for the protection of the environment as provided in G.S. 130A-295.3.

(b3) An applicant for a permit or a permit holder under this Article shall satisfy the Department that the applicant has met the requirements of subsection (b2) of this section before the Department is required to otherwise review the application.

(c) The Commission shall adopt and the Department shall enforce rules governing the management of hazardous waste. These rules shall establish a complete and integrated regulatory scheme in the area of hazardous waste management, implement this Part, and shall:

(1) Establish criteria for hazardous waste, identify the characteristics of hazardous waste, and list particular hazardous waste.

(1a) Establish criteria for hazardous constituents, identify the characteristics of hazardous constituents, and list particular hazardous constituents.

(2) Require record keeping and reporting by generators and transporters of hazardous waste and owners and operators of hazardous waste facilities.

(3) Require proper labeling of hazardous waste containers.

(4) Require use of appropriate containers for hazardous waste.

(5) Require maintenance of a manifest system to assure that all hazardous waste is designated for treatment, storage or disposal at a hazardous waste facility to which a permit has been issued.

(6) Require proper transportation of hazardous waste.

(7) Develop treatment storage and disposal standards of performance and techniques to be used by hazardous waste facilities.

(8) Develop standards regarding location, design, ownership and construction of hazardous waste facilities; provided, however, that no hazardous waste disposal facility or polychlorinated biphenyl disposal facility shall be located within 25 miles of any other hazardous waste disposal facility or polychlorinated biphenyl disposal facility.

(9) Require plans to minimize unanticipated damage from treatment, storage or disposal of hazardous waste; and a plan or plans providing for the establishment and/or operation of one or more hazardous waste facilities in the absence of adequate approved hazardous waste facilities established or operated by any person within the State.

(10) Require proper maintenance and operation of hazardous waste facilities, including requirements for ownership by any person or the State, require demonstration of financial responsibility in accordance with this section and G.S. 130A-295.04, provide for training of personnel, and provide for continuity of operation and procedures for establishing and maintaining hazardous waste facilities.

(11) Require owners or operators of hazardous waste facilities to monitor the facilities.

(12) Authorize or require inspection or copying of records required to be kept by owners or operators.

(13) Provide for collection and analysis of hazardous waste samples and samples of hazardous waste containers and labels from generators and transporters and from owners and operators of hazardous waste facilities.

(14) Develop a permit system governing the establishment and operation of hazardous waste facilities.

(15) Develop additional requirements as necessary for the effective management of hazardous waste.

(16) Require the operator of the hazardous waste disposal facility to maintain adequate insurance to cover foreseeable claims arising from the operation of the facility. The Department shall determine what constitutes an adequate amount of insurance.

(17) Require the bottom of a hazardous waste disposal facility to be at least 10 feet above the seasonal high water table and more when necessary to protect the public health and the environment.

(18) Require the operator of a hazardous waste disposal facility to make monthly reports to the board of county commissioners of the county in which the facility is located on the kinds and amounts of hazardous wastes in the facility.

(d) The Commission is authorized to adopt and the Department is authorized to enforce rules where appropriate for public participation in the consideration, development, revision, implementation and enforcement of any permit rule, guideline, information or program under this Article.

(e) Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.

(f) Within 10 days of receiving an application for a permit or for an amendment to an existing permit for a hazardous waste facility, the Department shall notify the clerk of the board of commissioners of the county or counties in which the facility is proposed to be located or is located and, if the facility is proposed to be located or is located within a city, the clerk of the governing board of the city, that the application has been filed, and shall file a copy of the application with the clerk. Prior to the issuance of a permit or an amendment of an existing permit the Secretary or the Secretary's designee shall conduct a public hearing in the county, or in one of the counties in which the hazardous waste facility is proposed to be located or is located. The Secretary or the Secretary's designee shall give notice of the hearing, and the public hearing shall be in accordance with applicable federal regulations adopted pursuant to RCRA and with Chapter 150B of the General Statutes. Where the provisions of the federal regulations and Chapter 150B of the General Statutes are inconsistent, the federal regulations shall apply.

(g) The Commission shall develop and adopt standards for permitting of hazardous waste facilities. Such standards shall be developed with, and provide for, public participation; shall be incorporated into rules; shall be consistent with all applicable federal and State law, including statutes, regulations and rules; shall be developed and revised in light of the best available scientific data; and shall be based on consideration of at least the following factors:

(1) Hydrological and geological factors, including flood plains, depth to water table, groundwater travel time, soil pH, soil cation exchange capacity, soil composition and permeability, cavernous bedrock, seismic activity, slope, mines, and climate;

(2) Environmental and public health factors, including air quality, quality of surface and groundwater, and proximity to public water supply watersheds;

(3) Natural and cultural resources, including wetlands, gamelands, endangered species habitats, proximity to parks, forests, wilderness areas, nature preserves, and historic sites;
(4) Local land uses;
(5) Transportation factors, including proximity to waste generators, route safety, and method of transportation;
(6) Aesthetic factors, including the visibility, appearance, and noise level of the facility;
(7) Availability and reliability of public utilities; and
(8) Availability of emergency response personnel and equipment.

(h) Rules adopted by the Commission shall be subject to the following requirements:
(1) Repealed by Session Laws 1989, c. 168, s. 20.
(2) Hazardous waste shall be treated prior to disposal in North Carolina. The Commission shall determine the extent of waste treatment required before hazardous waste can be disposed of in a hazardous waste disposal facility.
(3) Any hazardous waste disposal facility hereafter constructed in this State shall meet, at the minimum, the standards of construction imposed by federal regulations adopted under the RCRA at the time the permit is issued.
(4) No hazardous waste disposal facility or polychlorinated biphenyl disposal facility shall be located within 25 miles of any other hazardous waste disposal facility or polychlorinated biphenyl disposal facility.

(10) Prevention, reduction, recycling, and detoxification of hazardous wastes should be encouraged and promoted. Hazardous waste disposal facilities and polychlorinated biphenyl disposal facilities shall be detoxified as soon as technology which is economically feasible is available and sufficient money is available without additional appropriation.

(i) The Department shall develop a comprehensive hazardous waste management plan for the State and shall revise the plan on or before 1 July of even-numbered years. The Department shall report to the Environmental Review Commission on or before 1 October of each year on the implementation of the comprehensive hazardous waste management plan. The report shall include an evaluation of how well the State and private parties are managing and cleaning up hazardous waste. The report shall also include recommendations to the Governor, State agencies, and the General Assembly on ways to: improve waste management; reduce the amount of waste generated; maximize resource recovery, reuse, and conservation; and minimize the amount of hazardous waste which must be disposed of.

(j) Repealed by Session Laws 2007-107, s. 1.1(e), effective October 1, 2007.

(k) Each person who generates hazardous waste who is required to pay a fee under G.S. 130A-294.1, and each operator of a hazardous waste treatment facility which treats waste generated on-site who is required to pay a fee under G.S. 130A-294.1, shall submit to the Department at the time such fees are due, a written description of any program to minimize or reduce the volume and quantity or toxicity of such waste.

(*l*) Disposal of solid waste in or upon water in a manner that results in solid waste entering waters or lands of the State is unlawful. Nothing herein shall be interpreted to affect disposal of solid waste in a permitted landfill.

(m) Demolition debris consisting of used asphalt or used asphalt mixed with dirt, sand, gravel, rock, concrete, or similar nonhazardous material may be used as fill and need not be disposed of in a permitted landfill or solid waste disposal facility. Such demolition debris may not be placed in the waters of the State or at or below the seasonal high water table.

CASE NOTES

Decision of the North Carolina Department of Environment and Natural Resources Division of Waste Management was not arbitrary or capricious because it articulated the factors that were considered and how those factors were weighed relative to each other before deciding to issue a permit allowing construction of a multi-state solid waste landfill; while county residents who challenged the issuance of that permit argued effectively that more thorough review or different weighing of factors would have been reasonable, the court could not find that the Department's process failed to indicate any course of reasoning and the exercise of judgment. Anson County Citizens Against Chem. Toxins in Underground Storage v. N.C. Dep't of Env't & Natural Res., 167 N.C. App. 341, 606 S.E.2d 350, 2004 N.C. App. LEXIS 2171 (2004).

Since G.S. 130A-294(b2) did not contain specific factors that had to be considered before the North Carolina Department of Environment and Natural Resources Division of Waste Management could issue a permit, the statute granted broad discretion to the Department to determine what factors to consider; because a Department employee testified that he considered at least seven specific criteria, such as the Department's experience with the permitee company, whether and how any violations were resolved, whether out-of-state violations would have violated North Carolina regulations, and the nature and duration of any violations, the Department properly exercised its broad discretion to determine that the permitee company showed compliance with environmental regulations and the Department properly ruled against county residents who challenged the Department's decision to issue a permit allowing construction of a multi-state solid waste landfill in the residents' county. Anson County Citizens Against Chem. Toxins in Underground Storage v. N.C. Dep't of Env't & Natural Res., 167 N.C. App. 341, 606 S.E.2d 350, 2004 N.C. App. LEXIS 2171 (2004).

County was liable to landowner for temporary taking of easement across county's landfill where regulations were promulgated under this section requiring that the facility be secured by means of gates, chains, berms, fences, and other security measures to prevent unauthorized entry. Tolbert v. County of Caldwell, 121 N.C. App. 653, 468 S.E.2d 504 (1996).

Franchise for Operation. — County that began a permitting process for a proposed landfill by submitting its site plan application on December 4, 1992, prior to the effective date of G.S. 294(b1)(3), was not required to secure a franchise for operation of the landfill pursuant to that subsection. County of Wake v. N.C. Dep't of Env't & Natural Res., 155 N.C. App. 225, 573 S.E.2d 572, 2002 N.C. App. LEXIS 1632 (2002), cert. dismissed, 357 N.C. 62, 579 S.E.2d 387 (2003).

Town Was Equitably Estopped from Challenging a Landfill Site Application. — Because of its actions in approving a proposed landfill site, before ultimately withdrawing its approval of the landfill site before ultimately withdrawing a neighboring town to the site was equitably estopped from challenging a county's application for a facility permit. OPINIONS OF ATTORNEY GENERAL

Governor does not have authority to issue moratorium on granting of permits for hazardous waste facilities in this State. See opinion of Attorney General to Mr. Tom Karnoski, Hazardous Waste Treatment Commission, 55 N.C.A.G. 73 (1986).

As to North Carolina prohibition of the dumping of waste materials such as bags of medical refuse, especially that which may be hazardous or infectious, into the Atlantic Ocean, the authority of North Carolina with respect to dumping beyond three miles in the ocean which results in wastes entering State waters or being deposited on the State shores and the extent State law applies to such events and what departments are responsible for enforcing such laws. See opinion of Attorney General to Mr. Robert B. Jordan, III, Lieutenant Governor, 58 N.C.A.G. 57 (1988).

§ 130A-294.1. Fees applicable to generators and transporters of hazardous waste, and to hazardous waste storage, treatment, and disposal facilities.

(a) It is the intent of the General Assembly that the fee system established by this section is solely to provide funding in addition to federal and State appropriations to support the State's hazardous waste management program.

(b) Funds collected pursuant to this section shall be used for personnel and other resources necessary to:

(1) Provide a high level of technical assistance and waste minimization effort for the hazardous waste management program;
(2) Provide timely review of permit applications;
(3) Insure that permit decisions are made on a sound technical basis and that permit decisions incorporate all conditions necessary to accomplish the purposes of this Part;
(4) Improve monitoring and compliance of the hazardous waste management program;
(5) Increase the frequency of inspections;
(6) Provide chemical, biological, toxicological, and analytical support for the hazardous waste management program; and
(7) Provide resources for emergency response to imminent hazards associated with the hazardous waste management program.

(c) It is the intent of the General Assembly that the total funds collected per year pursuant to this section not exceed thirty percent (30%) of the total funds budgeted from all sources for the hazardous waste management program. This subsection shall not be construed to limit the obligation of any person to pay any fee imposed by this section.

(d) The Hazardous Waste Management Account is established as a nonreverting account within the Department. All fees collected under this section shall be credited to the Account and shall be used for the purposes listed in subsection (b).

(e) A person who generates either one kilogram or more of any acute hazardous waste as listed in 40 C.F.R. § 261.30(d) or § 261.33(e) as revised 1 July 1987, or 1000 kilograms or more of hazardous waste, in any calendar month during the year beginning 1 July and ending 30 June shall pay an annual fee of one thousand dollars ($1,000).

(f) A person who generates 100 kilograms or more of hazardous waste in any calendar month during the year beginning 1 July and ending 30 June but less than 1000 kilograms of hazardous waste in each calendar month during that year shall pay an annual fee of one hundred twenty-five dollars ($125.00).

(g) A person who generates one kilogram or more of acute hazardous waste or 1000 kilograms or more of hazardous waste in any calendar month during the calendar year shall pay, in addition to any fee under subsections (e) and (f) of this section, a tonnage fee of fifty cents ($0.50) per ton or any part thereof of hazardous waste generated during that year up to a maximum of 25,000 tons.

(h) A person who generates less than one kilogram of acute hazardous waste and less than 100 kilograms of hazardous waste in each calendar month during the year beginning 1 July and ending 30 June shall not be liable for payment of a fee under subsections (e) and (f) of this section for that year.

(i) Hazardous waste generated as a result of any type of remedial action or by collection by a local government of hazardous waste from households shall not be subject to a tonnage fee under subsections (g) and (l) of this section.

(j) A person who transports hazardous waste shall pay an annual fee of six hundred dollars ($600.00).

(k) A storage, treatment, or disposal facility shall pay an annual activity fee of one thousand two hundred dollars ($1,200) for each activity.

(*l*) A commercial hazardous waste storage, treatment, or disposal facility shall pay annually, in addition to the fees applicable to all hazardous waste storage, treatment, or disposal facilities, a single tonnage charge of one dollar and seventy-five cents ($1.75) per ton or any part thereof of hazardous waste stored, treated, or disposed of at the facility. A manufacturing facility that receives hazardous waste generated from the use of a product typical of its manufacturing process for the purpose of recycling is exempt from this tonnage charge. A facility must have a permit issued under this Article which includes the recycling activity and specifies the type and amount of waste allowed to be received from off-site for recycling.

(m) An applicant for a permit for a hazardous waste storage, treatment, or disposal facility that proposes to operate as a commercial facility shall pay an application fee for each proposed activity as follows:

(1) Storage facility	$10,000;

(p) The Department shall make an annual report on or before 1 October to the General Assembly and its Fiscal Research Division on the cost of the hazardous waste management program. The report shall include, but is not limited to, beginning fund balance, fees collected under this section, anticipated revenue from all sources, total expenditures by activities and categories for the hazardous waste management program, ending fund balance, any recommended adjustments in the annual and tonnage fees which may be necessary to assure the continued availability of funds sufficient to pay the State's share of the cost of the hazardous waste management program, and any other information requested by the General Assembly. In recommending adjustments in annual and tonnage fees, the Department may propose fees for hazardous waste generators, and for hazardous waste treatment facilities which treat waste generated on-site, which are designed to encourage reductions in the volume or quantity and toxicity of hazardous waste. § 130A-295. Additional requirements for hazardous waste facilities.

(a) An applicant for a permit for a hazardous waste facility shall satisfy the Department that:

(1) Any hazardous waste facility constructed or operated by the applicant, or any parent or subsidiary corporation if the applicant is a corporation, has been operated in accordance, with sound waste management practices and in substantial compliance with federal and state laws, regulations and rules; and

(2) The applicant, or any parent or subsidiary corporation if the applicant is a corporation, is financially qualified to operate the proposed hazardous waste facility.

(b) An applicant for a permit for a hazardous waste facility shall satisfy the Department that he has met the requirements of subsection (a) of this section before the Department is required to otherwise review the application. In order to continue to hold a permit under this Chapter, a permittee must remain financially qualified and must provide any information requested by the Department to demonstrate that he continues to be financially qualified.

(c) No permit for any new commercial hazardous waste treatment, storage, or disposal facility shall be issued or become effective, and no permit for a commercial hazardous waste treatment, storage, or disposal facility shall be modified until the applicant has satisfied the Department that such facility is needed to meet the current or projected hazardous waste management needs of this State or to comply with the terms of any interstate agreement for the management of hazardous waste to which the State is a party. The Commission shall adopt rules to implement this subsection.

(d) At least 120 days prior to submitting an application, an applicant for a permit for a hazardous waste facility shall provide to the county in which the facility is located, to any municipality with planning jurisdiction over the site of the facility, and to all emergency response agencies that have a role under the contingency plan for the facility all of the following information:

(1) Information on the nature and type of operations to occur at the facility.

(2) Identification of the properties of the hazardous waste to be managed at the facility.

(3) A copy of the draft contingency plan for the facility that includes the proposed role for each local government and each emergency response agency that received information under this subsection.

(4) Information on the hazardous waste locations within the facility.

(e) Within 60 days of receiving the information, each local government and emergency response agency that receives information under subsection (d) of this section shall respond to the applicant in writing as to the adequacy of the contingency plan and the availability and adequacy of its resources and equipment to respond to an emergency at the facility that results in a release of hazardous waste or hazardous waste constituents into the environment according to the role set forth for the local government or emergency response agency under the contingency plan.

(f) An applicant for a permit for a hazardous waste facility shall include documentation that each local government and emergency response agency received the information required under subsection (d) of this section, the written responses the applicant received under subsection (e) of this section, and verification by each that its resources and equipment are available and adequate to respond to an emergency at the facility in accordance with its role as set forth in the contingency plan. If the applicant does not receive a timely verification from a local government or emergency response agency notified under subsection (d) of this section, the Department shall verify the adequacy of resources and equipment for emergency response during the course of review of the permit application, taking into account any contracts entered into by the applicant for such emergency response resources.

(g) At each two-year interval after a permit for a hazardous waste facility is issued, the permit holder shall verify that the resources and equipment of each local government and emergency response agency are available and adequate to respond to an emergency at the facility in accordance with its role as set forth in the contingency plan and shall submit this verification to the Department. (1981, c. 704, s. 7; 1983, c. 891, s. 2; 1983 (Reg. Sess., 1984), c. 973, s. 8; 1987, § 461, s. 3; 1989, c. 168, s. 24; 2007-107, s. 1.2(a).)

Editor's Note. — Session Laws 2007-107, s. 1.2(b), provides, in part: "An applicant shall provide the information required under G.S. 130A-295(d), and enacted by this section, as it relates to an application pending on the date this section becomes effective within 30 days after this section becomes effective."

Session Laws 2007-107, s. 6.2, contains a severability clause.

§ 130A-295.01. Additional requirement for commercial hazardous waste facilities.

(a) As used in this section:

(1) "Commercial hazardous waste facility" means any hazardous waste facility that accepts hazardous waste from the general public or from another person for a fee, but does not include any facility owned or operated by a generator of hazardous waste solely for his own use, and does not include any facility owned by the State or by any agency or subdivision thereof solely for the management of hazardous waste generated by agencies or subdivisions of the State.

(2) "New", when used in connection with "facility", refers to a planned or proposed facility, or a facility that has not been placed in operation, but does not include facilities that have commenced operations as of 22 June 1987, including facilities operated under interim status.

(3) "Modified", when used in connection with "permit", means any change in any permit in force on or after 22 June 1987 that would either expand the scope of permitted operations, or extend the expiration date of the permit, or otherwise constitute a Class 2 or Class 3 modification of the permit as defined in 40 Code of Federal Regulations § 270.41 (1 July 2006).

(4) "7Q10 conditions", when used in connection with "surface water," refers to the minimum average flow for a period of seven consecutive days that has an average occurrence of once in 10 years as referenced in 15 NCAC 2B.0206(a)(3) as adopted 1 February 1976.

(b) No permit for any new commercial hazardous waste facility shall be issued or become effective, and no permit for a commercial hazardous waste facility shall be modified, until the applicant has satisfied the Department that such facility meets, in addition to all other applicable requirements, the following requirements:

(1) The facility shall not discharge directly a hazardous or toxic substance into a surface water that is upstream from a public drinking water supply intake in North Carolina, unless there is a dilution factor of 1000 or greater at the point of discharge into the surface water under 7Q10 conditions.

(2) The facility shall not discharge indirectly through a publicly owned treatment works (POTW) a hazardous or toxic substance into a surface water that is upstream from a public drinking water supply

intake in North Carolina, unless there is a dilution factor of 1000 or greater, irrespective of any dilution occurring in a wastewater treatment plant, at the point of discharge into the surface water under 7Q10 conditions.

(c) The Department shall not issue a permit for a commercial hazardous waste facility for a period of more than five years. A permit holder for a commercial hazardous waste facility who intends to apply for renewal of the permit shall submit an application for the renewal of the permit at least one year before the permit expires unless the Department approves a shorter period of time.

(d) The owner or operator of a commercial hazardous waste facility shall maintain a record of information at an off-site location that identifies the generators of the waste and the quantity, type, location, and hazards of the waste at the facility and shall make this information available in a form and manner to be determined by the Department, accessible to the Department, to the county in which the facility is located, to any municipality with planning jurisdiction over the site of the facility, and to emergency response agencies that have a role under the contingency plan for the facility.

(e)(1) Within 10 days of filing an application for a permit for a commercial hazardous waste facility, the applicant shall notify every person who resides or owns property located within one-fourth mile of any property boundary of the facility that the application has been filed. The notice shall be by mail to residents and by certified mail to property owners, or by any other means approved by the Department, shall be in a form approved by the Department, and shall include all of the following:

a. The location of the facility.
b. A description of the facility.
c. The hazardous and nonhazardous wastes that are to be received and processed at the facility.
d. A description of the emergency response plan for the facility.

(2) The permit holder for a commercial hazardous waste facility shall publish a notice that includes the information set out in subdivision (1) of this subsection annually beginning one year after the permit is issued. The notice shall be published in a form and manner approved by the Department in a newspaper of general circulation in the community where the facility is located.

(3) The permit holder for a commercial hazardous waste facility shall provide the information set out in subdivision (1) of this subsection by mail to the persons described in subdivision (1) of this subsection at the midpoint of the period for which the permit is issued.

(4) Each commercial hazardous waste facility applicant and permit holder shall provide documentation to demonstrate to the Department that the requirements set out in subdivisions (1), (2), and (3) of this subsection have been met.

(f) No later than 31 January of each year, the owner or operator of a commercial hazardous waste facility shall report to the Department any increase or decrease in the number of sensitive land uses and any increase or decrease in estimated population density based on information provided by the local government that has planning jurisdiction over the site on which the facility is located that occurred during the previous calendar year in the area located within one-fourth mile of any property boundary of the facility. Changes shall be recorded in the operating record of the facility. As used in this subsection, "sensitive land use" includes residential housing, places of assembly, places of worship, schools, day care providers, and hospitals. Sensitive land use does not include retail businesses.

(g) The owner or operator of a commercial hazardous waste facility shall provide a security and surveillance system at the facility 24 hours a day, seven days a week in order to continuously monitor site conditions and to control entry. The security and surveillance system shall be capable of promptly detecting unauthorized access to the facility; monitoring conditions; identifying operator errors; and detecting any discharge that could directly or indirectly cause a fire, explosion, or release of hazardous waste or hazardous waste constituents into the environment or threaten human health. The requirements of this subsection may be satisfied either by employing trained facility personnel or by providing an electronic security and surveillance system which may include television, motion detectors, heat-sensing equipment, combustible gas monitors, or any combination of these, as approved by the Department.

(h) The operator of a commercial hazardous waste facility shall install an on-site wind monitor approved by the Department. The wind monitor required shall be located so that the real-time wind direction can be determined from a remote location in the event of a release of hazardous waste or hazardous waste constituents into the environment. (1987, c. 437, s. 1; 2007-107, ss. 1.3(a), 1.4(a), 1.5(a), 1.6(a), 1.7(a), 1.9(a), 2.1(b); 2007-495, s. 15(a)-(e).)

Editor's Note. — Session Laws 1987, c. 437, which enacted this section, in s. 2 provided: "The provisions of this act are severable. If the Administrator of the United States Environmental Protection Agency concludes; pursuant to the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, as amended, 42 U.S.C. § 6926; and Title 40, Part 271, Code of Federal Regulations G.S. 271.22 and .23, or in accordance with other applicable law and regulations; that any provision of this act will result in the withdrawal of approval of the North Carolina hazardous waste program, such provision is void. The Secretary, his designee, or other State official shall, upon receipt of notice of a decision by the Administrator that any provision of this act will result in withdrawal of program approval, certify to the Secretary of State that such provision is void. In the event that any provision of this act is voided pursuant to this section, it shall be revived only upon a subsequent reversal by the Administrator of his decision based on his determination that such provision is not in conflict with Environmental Protection Agency requirements for State program approval, or upon a reversal of the Administrator's initial decision by administrative or judicial review. The voiding of any provision of this act shall not affect other provisions of the act which can be given effect without the voided provision."

Session Laws 2007-107, s. 5.3(b), provides: "The University of North Carolina may study the emission and transport of pollutants at fires at commercial hazardous waste facilities, as defined in G.S. 130A-295.01, and may study the human health and economic impacts of fires at commercial hazardous waste facilities."

Session Laws 2007-107, s. 6.2 contains a severability clause.

§ 130A-295.02. Resident inspectors required at commercial hazardous waste facilities; recovery of costs for same.

(a) The Division shall employ full-time resident inspectors for each commercial hazardous waste facility located within the State. Such inspectors shall be employed and assigned so that at least one inspector is on duty at all times during which any component of the facility is in operation, is undergoing any maintenance or repair, or is undergoing any test or calibration. Resident inspectors shall be assigned to commercial hazardous waste management facilities so as to protect the public health and the environment, to monitor all aspects of the operation of such facilities, and to assure compliance with all laws and rules administered by the Division and by any other division of the Department. Such inspectors may also enforce laws or rules administered by any other agency of the State pursuant to an appropriate memorandum of agreement entered into by the Secretary and the chief administrative officer of such agency. The Division may assign additional resident inspectors to a facility depending upon the quantity and toxicity of waste managed at a facility, diversity of types of waste managed at the facility, complexity of management technologies utilized at the facility, the range of components which are included at the facility, operating history of the facility, and other factors relative to the need for on-site inspection and enforcement capabilities. The Division, in consultation with other divisions of the Department, shall define the duties of each resident inspector and shall determine whether additional resident inspectors are needed at a particular facility to meet the purposes of this section.

(b) The Division shall establish requirements pertaining to education, experience, and training for resident inspectors so as to assure that such inspectors are fully qualified to serve the purposes of this section. The Division shall provide its resident inspectors with such training, equipment, facilities, and supplies as may be necessary to fulfill the purposes of this section.

(c) As a condition of its permit, the owner or operator of each commercial hazardous waste facility located within the State shall provide and maintain such appropriate and secure offices and laboratory facilities as the Department may require for the use of the resident inspectors required by this section.

(d) Resident inspectors assigned to a commercial hazardous waste facility shall have unrestricted access to all operational areas of such facility at all times. For the protection of resident inspectors and the public, the provisions of G.S. 143-215.107(f) shall not apply to commercial hazardous waste facilities to which a resident inspector is assigned.

(e) No commercial hazardous waste facility shall be operated, undergo any maintenance or repair, or undergo any testing or calibration unless an inspector employed by the Division is present at the facility.

(f) The requirements of this section are intended to enhance the ability of the Department to protect the public health and the environment by providing the Department with the authority and resources necessary to maintain a rigorous inspection and enforcement program at commercial hazardous waste management facilities. The requirements of this section are intended to be supplementary to other requirements imposed on hazardous waste facilities. This section shall not be construed to relieve either the owner or the operator of any such facility or the Department from any other requirement of law or to require any unnecessary duplication of reporting or monitoring requirements.

(g) For the purpose of enforcing the laws and rules enacted or adopted for the protection of the public health and the environment, resident inspectors employed pursuant to this section may be commissioned as special peace officers as provided in G.S. 113-28.1. The provisions of Article 1A of Chapter 113 of the General Statutes shall apply to resident inspectors commissioned as special peace officers pursuant to this subsection.

(h) The Department shall determine the full cost of the employment and assignment of resident inspectors at each commercial hazardous waste facility located within the State. Such costs shall include, but are not limited to, costs incurred for salaries, benefits, travel, training, equipment, supplies, telecommunication and data transmission, offices and other facilities other than those provided by the owner or operator, and administrative expenses. The Department shall establish and revise as necessary a schedule of fees to be assessed on the users of each such facility to recover the actual cost of the resident inspector program at that facility. The operator of each such facility shall serve as the collection agent for such fees, shall account to the Department on a monthly basis for all fees collected, and shall deposit with the Department all funds collected pursuant to this section within 15 days following the last day of the month in which such fees are collected. Fees collected under this section shall be credited to the General Fund as nontax revenue.

(i) The Division shall establish and revise as necessary a program for assigning resident inspectors to commercial hazardous waste facilities so that scheduled rotation or equivalent oversight procedures ensure that each resident inspector will maintain objectivity.

(j) For purposes of this subsection, special purpose commercial hazardous waste facilities include: a facility that manages limited quantities of hazardous waste; a facility that limits its hazardous waste management activities to reclamation or recycling, including energy or materials recovery or a facility that stores hazardous waste primarily for use at such facilities; or a facility that is determined to be low risk under rules adopted by the Commission pursuant to this subsection. The Commission shall adopt rules to determine whether a commercial hazardous waste facility is a special purpose commercial hazardous waste facility and to establish classifications of special purpose commercial hazardous waste facilities. The rules to determine whether a commercial hazardous waste facility is a special purpose commercial hazardous waste facility and to establish classifications of special purpose commercial hazardous waste facilities shall be based on factors including, but not limited to, the size of the facility, the type of treatment or storage being performed, the nature and volume of waste being treated or stored, the uniformity, similarity, or lack of diversity of the waste streams, the predictability of the nature of the waste streams and their treatability, whether the facility utilizes automated monitoring or safety devices that adequately perform functions that would otherwise be performed by a resident inspector, the fact that reclamation or recycling is being performed at the facility, and the compliance history of the facility and its operator. Based on the foregoing factors and any increase or decrease in the number of sensitive land uses over time or in estimated population density over time reported pursuant to G.S. 130A-295.01(f), rules adopted pursuant to this subsection shall establish times and frequencies for the presence of a resident inspector on less than a full-time basis at special purpose commercial hazardous waste facilities and specify a minimum number of additional inspections at special purpose hazardous waste facilities.

Special purpose commercial hazardous waste facilities that utilize hazardous waste as a fuel source shall be inspected a minimum of 40 hours per week, unless compliance data for these facilities can be electronically monitored and recorded off-site by the Department. The Department, considering the benefits provided by electronic monitoring, shall determine the number of hours of on-site inspection required at these facilities. The Department shall maintain records of all inspections at special purpose commercial hazardous waste facilities. Such records shall contain sufficient detail and shall be arranged in a readily understandable format so as to facilitate determination at any time as to whether the special purpose commercial hazardous waste facility is in compliance with the requirements of this subsection and of rules adopted pursuant to this subsection. Notwithstanding any other provision of this section, special purpose commercial hazardous waste facilities shall be subject to inspection at all times during which the facility is in operation, undergoing any maintenance or repair, or undergoing any test or calibration.

(k) For purposes of this section, a facility that utilizes hazardous waste as a fuel or that has used hazardous waste as a fuel within the preceding calendar year, and that is an affiliate of and adjacent or contiguous to a commercial hazardous waste facility, shall be subject to inspection as a special purpose commercial hazardous waste facility under subsection (j) of this section as if the facility that utilizes hazardous waste as a fuel were a part of the commercial hazardous waste facility.

(*l*) As used in this section, the words “affiliate”, “parent”, and “subsidiary” have the same meaning as in 17 Code of Federal Regulations § 240.12b-2 (1 April 1990 Edition).

(m) The Department shall report annually on or before 1 October to the Environmental Review Commission on the implementation of the resident inspectors program. (1989 (Reg. Sess., 1990), c. 1082, s. 1; 1991, c. 20, s. 2; c. 403, s. 4; c. 450, s. 2; 1993, c. 511, s. 1; c. 513, s. 2(b); c. 553, s. 41; 1995, c. 327, s. 1; 2006-79, s. 16; 2007-107, s. 1.5(b); 2009-570, s. 16.)

Editor's Note. — The reference in subsection (j) to G.S. 130A-295.01(f) had been a reference to G.S. 130A-295.01(e), which was subsequently recodified as G.S. 130A-295.01(f) by Session Laws 2007-495, s. 15(d). The reference in subsection (j) has been changed to "G.S. 130A-295.01(f)" at the direction of the Revisor of Statutes.

Session Laws 2007-107, s. 6.2 contains a severability clause.

Effect of Amendments. — Session Laws 2009-570, s. 16, effective August 28, 2009, in subsection (j), substituted "waste facilities" for "waste" at the end of the first paragraph and deleted the former second paragraph which read: "during such times as the facility is subject to inspection."

§ 130A-295.03. Additional requirement for hazardous waste disposal facilities; hazardous waste to be placed in containers.

(a) For purposes of this section, the term "container" means any portable device into which waste is placed for storage, transportation, treatment, disposal, or other handling, and includes the first enclosure which encompasses the waste.

(b) All hazardous waste shall be placed in containers for disposal, except as the Commission shall provide for by rule. The Commission shall adopt standards for the design and construction of containers for disposal. Standards for containers may vary for different types of waste. The standards for disposal containers may supplement or duplicate any of the performance or engineering standards for hazardous waste disposal facilities required under State or federal law; however, the performance or engineering standards for hazardous waste disposal facilities are separate and cumulative, and the performance or engineering standards for hazardous waste disposal facilities and containers may not substitute for or replace one another. (1991, c. 450, s. 1; c. 761, s. 22.)

§ 130A-295.04. Financial responsibility requirements for applicants for a permit and permit holders for hazardous waste facilities.

(a) In addition to any other financial responsibility requirements for solid waste management facilities under this Part, the applicant for a permit or a permit holder for a hazardous waste facility shall establish financial assurance that will ensure that sufficient funds are available for facility closure, post-closure maintenance and monitoring, any corrective action that the Department may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences, even if the applicant or permit holder becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State.

(b) To establish sufficient availability of funds under this section, the applicant for a permit or a permit holder for a hazardous waste facility may use insurance, financial tests, third-party guarantees by persons who can pass the financial test, guarantees by corporate parents who can pass the financial test, irrevocable letters of credit, trusts, surety bonds, or any other financial device, or any combination of the foregoing, shown to provide protection equivalent to the financial protection that would be provided by insurance if insurance were the only mechanism used.

(c) The applicant for a permit or a permit holder for a hazardous waste facility, and any parent, subsidiary, or other affiliate of the applicant, permit holder, or parent, including any joint venturer with a direct or indirect interest in the applicant, permit holder, or parent, shall be a guarantor of payment for closure, post-closure maintenance and monitoring, any corrective action that the Department may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences arising from the operation of the hazardous waste facility.

(d) In addition to any other financial assurance requirements for hazardous waste management facilities under this section, an applicant for a permit or a permit holder for a commercial hazardous waste facility shall establish financial assurance that will ensure that sufficient funds are available for corrective action and for off-site screening for potential migration of contaminants in the event of a release of hazardous waste or hazardous waste constituents into the environment in an amount approved by the Department. The applicant for a permit or a permit holder may not use a financial test or captive insurance to establish financial assurance under this subsection.

(e) The Department may require an applicant for a permit for a hazardous waste facility to provide cost estimates for facility closure, post-closure maintenance and monitoring, and any corrective action that the Department may require to the Department. The Department may require an applicant for a permit for a commercial hazardous waste facility to provide cost estimates for off-site screening for potential migration of contaminants in the event of a release of hazardous waste or hazardous waste constituents into the environment.

(f) Assets used to meet the financial assurance requirements of this section shall be in a form that will allow the Department to readily access funds for the purposes set out in this section. Assets used to meet financial assurance requirements of this section shall not be accessible to the permit holder except as approved by the Department.

(g) The Department may provide a copy of any filing that an applicant for a permit or a permit holder for a hazardous waste facility submits to the Department to meet the financial responsibility requirements under this section to the State Treasurer. The State Treasurer shall review the filing and provide the Department with a written opinion as to the adequacy of the filing to meet the purposes of this section, including any recommended changes.

(h) In order to continue to hold a permit for a hazardous waste facility, a permit holder must maintain financial responsibility as required by this Part and must provide any information requested by the Department to establish that the permit holder continues to maintain financial responsibility.

(i) An applicant for a permit or a permit holder for a hazardous waste facility shall satisfy the Department that the applicant or permit holder has met the financial responsibility requirements of this Part before the Department is required to otherwise review the application.

(j) The Commission may adopt rules regarding financial responsibility in order to implement this section. (2007-107, s. 1.1(a).)

Editor's Note. — Session Laws 2007-107, s. 1.1(h), made this section effective October 1, 2007.

Session Laws 2007-107, s. 6.2, contains a severability clause.

§ 130A-295.05. Hazardous waste transfer facilities.

(a) The owner or operator of a hazardous waste transfer facility in North Carolina shall register the facility with the Department and shall obtain a hazardous waste transfer facility identification number for the facility. In order to obtain a hazardous waste transfer facility identification number for the facility, the owner or operator of the facility shall provide all of the following information to the Department at the time of registration:

(1) The location of the hazardous waste transfer facility.

(2) The name of the owner of the property on which the hazardous waste transfer facility is located.

(b) Except during transportation emergencies as determined by the Department, the temporary storage, consolidation, or commingling of hazardous waste may occur only at a hazardous waste transfer facility that has been issued a facility identification number by the Department.

(c) A hazardous waste transporter and the owner or operator of a hazardous waste transfer facility shall conduct all operations at any hazardous waste transfer facility in compliance with the requirements of 40 Code of Federal Regulations Part 263 (1 July 2006), 49 U.S.C. § 5101, et seq., and any laws, regulations, or rules enacted or adopted pursuant to these federal laws. Except as preempted under 49 U.S.C. § 5125, a hazardous waste transporter and the owner or operator of a hazardous waste transfer facility shall also conduct all operations at any hazardous waste transfer facility in compliance with all applicable State laws or rules.

(d) A hazardous waste transporter shall notify the Department, on a form prescribed by the Department, of every hazardous waste transfer facility in North Carolina that the transporter uses. A hazardous waste transporter shall retain all records that are required to be maintained for at least three years.

(e) The owner or operator of a hazardous waste transfer facility shall notify the Department, on a form prescribed by the Department, of every hazardous waste transporter that makes use of the facility. The owner or operator of a hazardous waste transfer facility shall retain all records that are required to be maintained for at least three years. (2007-107, s. 1.8(c).)

Editor's Note. — Session Laws 2007-107, s. 1.8(e) made this section effective October 1, 2007.

Session Laws 2007-107, s. 1.8(d), provides: "The Department of Environment and Natural Resources shall study the need for further regulation of hazardous waste transfer facilities, as defined in G.S. 130A-290(a)(13a), as enacted by subsection (a) of this section, including whether to require these facilities to obtain a permit under Part 2 of Article 9 of Chapter 130A of the General Statutes, pay permit fees, provide contingency plans, and demonstrate financial responsibility. The Department of Environment and Natural Resources shall report its findings and recommendations, including any legislative proposals, to the Environmental Review Commission on or before 15 February 2008."

Session Laws 2007-107, s. 6.2, contains a severability clause.

§ 130A-295.1. (See Editor's note) Limitations on permits for sanitary landfills.

Editor's Note. — G.S. 130A-295.1 was enacted as a provision in an appropriations bill (Session Laws 1985, c. 757, s. 157) and the Revisor of Statutes directed its codification and assigned it G.S. section number § 130A-295.1. Session Laws 1985, c. 757, s. 210 provided: "Except for statutory changes and other provisions that are clearly intended to have an effect beyond the 1985-87 fiscal biennium, the textual provisions of this act apply only to funds appropriated for and activities occurring during the 1985-87 fiscal biennium." The Revisor of Statutes has directed that the section now be removed as inapplicable pursuant to s. 210.

§ 130A-295.2. Financial responsibility requirements for applicants and permit holders for solid waste management facilities.

(a) As used in this section:

(1) "Financial assurance" refers to the ability of an applicant or permit holder to pay the costs of assessment and remediation in the event of a release of pollutants from a facility, closure of the facility in accordance with all applicable requirements, and post-closure monitoring and maintenance of the facility.

(2) "Financial qualification" refers to the ability of an applicant or permit holder to pay the costs of proper design, construction, operation, and maintenance of the facility.

(3) "Financial responsibility" encompasses both financial assurance and financial qualification.

(b) The Commission may adopt rules governing financial responsibility requirements for applicants for permits and for permit holders to ensure the availability of sufficient funds for the proper design, construction, operation, maintenance, closure, and post-closure monitoring and maintenance of solid waste management facilities and for any corrective action the Department may require during the active life of a facility or during the closure and post-closure periods.

(c) The Department may provide a copy of any filing that an applicant for a permit or a permit holder submits to the Department to meet the financial responsibility requirements under this section to the State Treasurer. The State Treasurer shall review the filing and provide the Department with a written opinion as to the adequacy of the filing to meet the purposes of this section, including any recommended changes.

(d) The Department may, in its sole discretion, require an applicant for a permit to construct a facility to demonstrate its financial qualification for the design, construction, operation, and maintenance of a facility. The Department may require an applicant for a permit for a solid waste management facility to provide cost estimates for site investigation; land acquisition, including financing terms and land ownership; design; construction of each five-year phase, if applicable; operation; maintenance; closure; and post-closure monitoring and maintenance of the facility to the Department. The Department may allow an applicant to demonstrate its financial qualifications for only the first five-year phase of the facility. If the Department allows an applicant for a permit to demonstrate its financial qualification for only the first five-year phase of the facility, the Department shall require the applicant or permit holder to demonstrate its financial qualification for each successive five-year phase of the facility when applying for a permit to construct each successive phase of the facility.

(e) If the Department requires an applicant for a permit or a permit holder for a solid waste management facility to demonstrate its financial qualification, the applicant or permit holder shall provide an audited, certified financial statement. An applicant who is required to demonstrate its financial qualification may do so through a combination of cash deposits, insurance, and binding loan commitments from a financial institution licensed to do business in the State and rated AAA by Standard & Poor's, Moody's Investor Service, or Fitch, Inc. If assets of a parent, subsidiary, or other affiliate of the applicant or a permit holder, or a joint venturer with a direct or indirect interest in the applicant or permit holder, are proposed to be used to demonstrate financial qualification, then the party whose assets are to be used must be designated as a joint permittee with the applicant on the permit for the facility.

(f) The applicant and permit holder for a solid waste management facility shall establish financial assurance by a method or combination of methods that will ensure that sufficient funds for closure, post-closure maintenance and monitoring, and any corrective action that the Department may require will be available during the active life of the facility, at closure, and for any post-closure period of time that the Department may require even if the applicant or permit holder becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State. Rules adopted by the Commission may allow a business entity that is an applicant for a permit or a permit holder to establish financial assurance through insurance, irrevocable letters of credit, trusts, surety bonds, or any other financial device, or any combination of the foregoing shown to provide protection equivalent to the financial protection that would be provided by insurance if insurance were the only mechanism used. Assets used to meet the financial assurance requirements of this section shall be in a form that will allow the Department to readily access funds for the purposes set out in this section. Assets used to meet financial assurance requirements of this section shall not be accessible to the permit holder except as approved by the Department.

(g) In order to continue to hold a permit under this Article, a permit holder must maintain financial responsibility and must provide any information requested by the Department to establish that the permit holder continues to maintain financial responsibility. A permit holder shall notify the Department of any significant change in the: (i) identity of any person or structure of the business entity that holds the permit for the facility; (ii) identity of any person or structure of the business entity that owns or operates the facility; or (iii) assets of the permit holder, owner, or operator of the facility. The permit holder shall notify the Department within 30 days of a significant change. A change shall be considered significant if it has the potential to affect the financial responsibility of the permit holder, owner, or operator, or if it would result in a change in the identity of the permit holder, owner, or operator for purposes of either financial responsibility or environmental compliance review. Based on its review of the changes, the Department may require the permit holder to reestablish financial responsibility and may modify or revoke a permit, or require issuance of a new permit.

(h) To meet the financial assurance requirements of this section, the owner or operator of a sanitary landfill shall establish financial assurance sufficient to cover a minimum of three million dollars ($3,000,000) in costs for potential assessment and corrective action at the facility. The Department may require financial assurance in a higher amount and may increase the amount of financial assurance required of a permit holder at any time based upon the types of waste disposed in the landfill, the projected amount of waste to be disposed in the landfill, the location of the landfill, potential receptors of releases from the landfill, and inflation. The financial assurance requirements of this subsection are in addition to the other financial responsibility requirements set out in this section.

(i) The Commission may adopt rules under which a unit of local government and a solid waste management authority created pursuant to Article 22 of Chapter 153A of the General Statutes may meet the financial responsibility requirements of this section by either a local government financial test or a capital reserve fund requirement. (2007-550, s. 5(a).)

Editor's Note. — Session Laws 2007-550, s. 5(c), made this section effective August 1, 2007, and applicable to any application for a permit for a solid waste management facility that is pending on that date.

Session Laws 2007-550, s. 19, is a severability clause.

§ 130A-295.3. Environmental compliance review requirements for applicants and permit holders.

(a) For purposes of this section, "applicant" means an applicant for a permit and a permit holder and includes the owner or operator of the facility, and, if the owner or operator is a business entity, applicant also includes: (i) the parent, subsidiary, or other affiliate of the applicant; (ii) a partner, officer, director, member, or manager of the business entity, parent, subsidiary, or other affiliate of the applicant; and (iii) any person with a direct or indirect interest in the applicant, other than a minority shareholder of a publicly traded corporation who has no involvement in management or control of the corporation or any of its parents, subsidiaries, or affiliates.

(b) The Department shall conduct an environmental compliance review of each applicant for a new permit, permit renewal, and permit amendment under this Article. The environmental compliance review shall evaluate the environmental compliance history of the applicant for a period of five years prior to the date of the application and may cover a longer period at the discretion of the Department. The environmental compliance review of an applicant may include consideration of the environmental compliance history of the parents, subsidiaries, or other affiliates of an applicant or parent that is a business entity, including any business entity or joint venturer with a direct or indirect interest in the applicant, and other facilities owned or operated by any of them. The Department shall determine the scope of the review of the environmental compliance history of the applicant, parents, subsidiaries, or other affiliates of the applicant or parent, including any business entity or joint venturer with a direct or indirect interest in the applicant, and of other facilities owned or operated by any of them. An applicant for a permit shall provide environmental compliance history information for each facility, business entity, joint venture, or other undertaking in which any of the persons listed in this subsection is or has been an owner, operator, officer, director, manager, member, or partner, or in which any of the persons listed in this subsection has had a direct or indirect interest as requested by the Department.

(c) The Department shall determine the extent to which the applicant, or a parent, subsidiary, or other affiliate of the applicant or parent, or a joint venturer with a direct or indirect interest in the applicant, has substantially complied with the requirements applicable to any activity in which any of these entities previously engaged, and has substantially complied with federal and State laws, regulations, and rules for the protection of the environment. The Department may deny an application for a permit if the applicant has a history of significant or repeated violations of statutes, rules, orders, or permit terms or conditions for the protection of the environment or for the conservation of natural resources as evidenced by civil penalty assessments, administrative or judicial compliance orders, or criminal penalties.

(d) A permit holder shall notify the Department of any significant change in its environmental compliance history or other information required by G.S. 130-295.2(g). The Department may reevaluate the environmental compliance history of a permit holder and may modify or revoke a permit or require issuance of a new permit. (2007-550, s. 6(a).)

Editor's Note. — Session Laws 2007-550, s. 6(c), made this section effective August 1, 2007, and applicable to any application for a permit for a solid waste management facility that is pending on that date.

Session Laws 2007-550, s. 19, is a severability clause.

§ 130A-295.4. Combustion products landfills.

(a) The definitions set out in G.S. 130A-290(a) apply to this section.

(b) The Department may permit a combustion products landfill to be constructed partially or entirely within areas that have been formerly used for the storage or disposal of combustion products at the same facility as the coal-fired generating unit that generates the combustion products, provided the landfill is constructed with a bottom liner system consisting of three components in accordance with this section. Of the required three components, the upper two components shall consist of two separate flexible membrane liners, with a leak detection system between the two liners. The third component shall consist of a minimum of two feet of soil underneath the bottom of those liners, with the soil having a maximum permeability of 1 x 10^{-7} centimeters per second. The flexible membrane liners shall have a minimum thickness of thirty one-thousandths of an inch (0.030″), except that liners consisting of high-density polyethylene shall be at least sixty one-thousandths of an inch (0.060″) thick. The lower flexible membrane liner shall be installed in direct and uniform contact with the compacted soil layer. The Department may approve an alternative to the soil component of the composite liner system if the Department finds, based on modeling, that the alternative liner system will provide an equivalent or greater degree of impermeability.

(c) An applicant for a permit for a combustion products landfill shall develop and provide to the Department a response plan, which shall describe the circumstances under which corrective measures are to be taken at the landfill in the event of the detection of leaks in the leak detection system between the upper two liner components at amounts exceeding an amount specified in the response plan (as expressed in average gallons per day per acre of landfill, defined as an Action Leakage Rate). The response plan shall also describe the remedial actions that the landfill is required to undertake in response to detection of leakage in amounts in excess of the Action Leakage Rate. The Department shall review the response plan as a part of the permit application for the landfill. Compliance with performance of the landfill to prevent releases of waste to the environment may be determined based on leakage rate rather than monitoring well data. (2007-550, s. 7(b).)

Editor's Note. — Session Laws 2007-550, s. 7(c), made this section effective August 1, 2007.

Session Laws 2007-550, s. 7(c), further provides in part that any permit issued for a combustion products landfill as described in Session Laws 2007-550, s. 7 shall, for purposes of Session Laws 2007-550, be considered to have been permitted on property described in a solid waste management facility permit that is in effect on August 1, 2007.

Session Laws 2007-550, s. 19, is a severability clause.

§ 130A-295.5. Traffic study required for certain solid waste management facilities.

(a) An applicant for a permit for a sanitary landfill or for a transfer station shall conduct a traffic study of the impacts of the proposed facility. The Department shall include as a condition of a permit for a sanitary landfill or for a transfer station a requirement that the permit holder mitigate adverse impacts identified by the traffic study. The study shall include all of the following at a minimum:

(1) Identification of routes from the nearest limited access highway used to access the proposed facility.

(2) Daily and hourly traffic volumes that will result along each approach route between the nearest limited access highway and the proposed facility.

(3) A map identifying land uses located along the identified approach routes, including, but not limited to, residential, commercial, industrial development, and agricultural operations. The map shall identify residences, schools, hospitals, nursing homes, and other significant buildings that front the approach routes.

(4) Identification of locations on approach routes where road conditions are inadequate to handle the increased traffic associated with the

proposed facility and a description of the mitigation measures proposed by the applicant to address the conditions.

(5) A description of the potential adverse impacts of increased traffic associated with the proposed facility and the mitigation measures proposed by the applicant to address these impacts.

(6) An analysis of the impact of any increase in freight traffic on railroads and waterways.

(b) An applicant for a permit for a sanitary landfill or for a transfer station may satisfy the requirements of subsection (a) of this section by obtaining a certification from the Division Engineer of the Department of Transportation that the proposed facility will not have a substantial impact on highway traffic. (2007-550, s. 8(a).)
